of the University  
of Maryland,  
now introduces the  
fabulous

## "CARILLON AMERICANA"

... heard for the  
first time at the  
SINGING TOWER,  
Lake Wales, Florida

The melodic beauty of a Schulmerich carillon—long familiar on the campus of the University of Maryland—is now heard in new combinations of tone colors at the renowned Singing Tower in Florida.

To bell tones of traditional majesty, the "Carillon Americana\*" adds the enchanting voices of the plucked harp and silvery celesta! The result is truly a new musical experience.

A Schulmerich carillon makes an ideal memorial gift for church, chapel, school or college. Many sizes are available. For full information, write Schulmerich Carillons, Inc., YY57 Carillon Hill, Sellersville, Pa.

## THE ALUMNI DIARY

Dear Fellow Alumni:

Most diaries contain blank pages upon which may be written events of the future as each succeeding day passes. Gazing into crystal balls is dangerous business, but since much has been said about a "new look" for the Alumni Association we will attempt to look ahead to the immediate future.

Preliminary thinking by the Alumni Policy Committee pinpoints two major objectives for the Alumni Association. The first is to establish alumni pride in the total University of Maryland. The second is a combined alumni effort of assistance to each school or college of the University to guarantee that it will be recognized as the best in its respective field. This will be accomplished in part by a much closer faculty-alumni relationship.

Supporting these broad objectives will be specific alumni activities designed to generate active participation, interest and support from alumni. Additional assistance will come from the new Field Secretary, Vic Holm, who will give across-the-board assistance to the Alumni Association while at the same time having a major concern for the organization and continuation of alumni clubs in any areas of alumni concentration. His services are available for those who are willing to give a little time to initiate geographical clubs and to see them move forward in constructive alumni service.

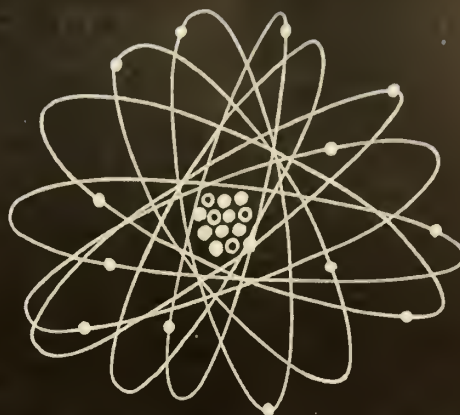

An Alumni Fund Program is being launched under the capable leadership of Dr. Albert E. Goldstein, a Past President of the University Alumni Association. An appeal has gone to all alumni for active memberships, including a subscription to *Maryland Magazine*. The results have been excellent at this point and it is hoped the idea of wholehearted alumni support will soon catch fire.

A financial reserve has been established to assure continuation of an expanded program. The University has underwritten a major share of the expanded effort. They have also re-emphasized the interdependence of the Alumni Association and the University. A journal is being sent on a quarterly basis to all alumni. Alumni may expect to hear frequently from the University and the Alumni Association. There will be more events, the anticipated establishment of alumni institutes, and strong effort to give upper classmen an awareness of the alumni organization and their future roll as active members.

Such is the broad plan from which detailed blueprints are being drawn. The University is pulling a big load. Many alumni are lending their strength to the effort. The crystal ball tells us that success lies ahead and that together the University and the Alumni Association will move to the forefront in the not too distant future IF . . . the IF in this case is the individual alumnus. The extent of your pride in the University is the determining factor. Until such time as pride generates intense loyalty and the effort which comes with it, the IF must remain. As a starting point, let's establish the pride by constructive criticism backed by a willingness to contribute in your own way to improvement and advancement. The blank pages at which we now look may well be filled with a progress report which will be the envy of generations to follow.

As ever,

David L. Brigham  
Alumni Secretary

## Atomic power in Caesar's day?

### *Certainly!*

It was there, in the ground, in the air and water. It always had been. There are no more "raw materials" today than there were when Rome ruled the world.

The only thing new is knowledge . . . knowledge of how to get at and rearrange raw materials. Every invention of modern times was "available" to Rameses, Caesar, Charlemagne.

In this sense, then, we have available *today* in existing raw materials the inventions that can make our lives longer, happier, and inconceivably easier. We need only *knowledge* to bring them into reality.

Could there possibly be a better argument for the strengthening of our *sources* of knowledge—our colleges and universities? Can we possibly deny that the welfare, progress—indeed the very *fate*—of our nation depends on the quality of knowledge generated and transmitted by these institutions of higher learning?

It is almost unbelievable that a society such as ours, which has profited so vastly from an accelerated accumulation of knowledge, should allow anything to threaten the wellsprings of our learning.

### *Yet this is the case*

The crisis that confronts our colleges today threatens to weaken seriously their ability to produce the kind of graduates who can assimilate and carry forward our rich heritage of learning.

The crisis is composed of several elements: a salary scale that is driving away from teaching the kind of mind *most qualified* to teach; overcrowded classrooms; and a mounting pressure for enrollment that will *double* by 1967.

In a very real sense our personal and national progress depends on our colleges. They *must* have our aid.

Help the colleges or universities of your choice. Help them plan for stronger faculties and expansion. The returns will be greater than you think.

If you want to know what the college crisis means to you, write for a free booklet to: HIGHER EDUCATION, Box 36, Times Square Station, New York 36, New York.

*Sponsored as a public service, in cooperation with the Council for Financial Aid to Education*

## CAMPUS NOTES

### UNIVERSITY CITATION TO GEN. YOUNG

The University presented a citation of achievement to Lieutenant General Robert N. Young upon his retirement from the United States Army at the Presidio of San Francisco, September 30, 1957.

General Young is an Arts and Sciences alumnus of the University, '22; he was an ROTC enrollee as an undergraduate and was commissioned a Second Lieutenant, U.S. Army Reserve in June of 1922. In his numerous addresses to ROTC graduates General Young often spoke of his deep appreciation for the education and training he received at the University and for the incentives it provided for his career in the armed forces.

Presenting the citation on behalf of Dr. Elkins was Major General Joseph D. Caldara, Director of Flight Safety Research, Norton Air Force Base, San Bernardino, California. General Caldara is a 1931 graduate of the University and was an ROTC student of General Young when the latter was a First Lieutenant of Infantry and on duty at Maryland as an ROTC Instructor of Military Science.

Preceding the University's presentation, Mr. Franklin Orth, Deputy Assistant Secretary of the Army, presented General Young with a scroll commemorating his distinguished roles as a wartime commander and peacetime administrator. Secretary of the Army Brucker and U. S. Army Chief of Staff General Maxwell D. Taylor, signed the scroll.

Twenty-eight hundred troops massed on the Presidio of San Francisco parade ground for the review of troops.

The citation, signed by Dr. Elkins and presented to Gen. Young by General Caldara read as follows:

*In acknowledgment* of the way in which that career has borne to resplendent realization the ideals of public service the University seeks to inculcate in all her children;

*In appreciation* of the valiant and distinguished career in the military service of the United States which in the quality of its achievement does honor to his Alma Mater;

*In recognition* of the strength of heart and clarity of mind he brought to the discharge of thirty-seven years of Army service in the years of peace and through the perils and agonies of two wars;

*In consideration* of his devotion through all these years to the University that sent him forth, in 1922, a youthful Bachelor of Arts and stalwart Lieutenant of Infantry in the United States Army Reserve;

*In remembrance* of the time, six years

Lieutenant General Robert N. Young, retiring Sixth United States Army Commander, receiving a testimonial scroll from the University of Maryland, his alma mater. The award was presented on behalf of Dr. Elkins, by Major General Joseph D. Caldara, USAF, Norton AFB, San Bernardino, California. General Caldara was one of General Young's ROTC students at the University. Also present for the happy occasion was (left) his wife, Mrs. Young, and (right) his mother, Mrs. Fanny Hempstone Young.

—U.S. ARMY PHOTOGRAPH.

thereafter, when he returned proudly to teach as Professor of Military Science and Tactics in the University of Maryland's Reserve Officers Training Corps curriculum;

*In admiration* of the accomplishment that makes him, as a Lieutenant General in the United States Army, the highest ranking officer whose military career began with Reserve Officers Training Corps, and

*In realization* of the fact that from the University of his choice came the impetus toward the Army career he so illustriously adorned and in which he so splendidly acquitted himself, I, Wilson Homer Elkins, D. Phil., Oxon., President, do indite and cause to be issued this testimonial.

General Young's service in the Army has been an illustrious one. During the first twenty years of his military service, he attended the Army schools including the Command and General Staff College at Fort Leavenworth, Kansas. Overseas tours of duty were in Puerto Rico and Hawaii.

His World War II service included an assignment as Secretary of the War Department General Staff under General George C. Marshall for seven months. He was promoted to Brigadier General and assigned to the 70th Infantry Division at Camp Adair, Oregon, in March of 1943. In September of 1944 he joined the 3d Infantry Division as Assistant Division Commander and served in that capacity during its drive through Southern France, the Vosges Mountains, the Colmar Pocket operation, and, finally, the capture of Salzburg, Austria.

In August of 1950 he attended the parachute school at Fort Benning, Georgia, and qualified as a parachutist. He then served for one year in the 82d Airborne Division.

In 1951 General Young was promoted to Major General and assigned to command the 2d Infantry Division in Korea. He remained with that unit until the summer of 1952. During this period successful attack was completed against the now famous Heartbreak Ridge hill mass.

From June, 1952 to February, 1953 he was Commandant of The Infantry School at Fort Benning, Georgia.

From February, 1953, to July 1, 1955, he was assigned to the Pentagon as Assistant Chief of Staff for Personnel (G-1), Department of the Army.

On July 1, 1955, General Young assumed command of Sixth Army at its headquarters at the Presidio.

*At left, Dr. Albert E. Goldstein, prominent Baltimore urological surgeon and newly appointed General Chairman of the Greater University of Maryland Fund, reviews the University's national alumni geographical distribution with University President Wilson H. Elkins. The annual alumni giving program is scheduled to get underway in January.*

## Alumni Giving Program Set In Motion

A national alumni annual giving program to be known as the Greater University of Maryland Fund was set in motion September 3 with the election of Dr. Albert E. Goldstein, prominent Baltimore surgeon, as its General Chairman.

In making the announcement, the University's Alumni Fund Committee set January, 1958 as the kick-off date of the annual giving program.

At the same time the Committee designated four items that will receive priority support during 1958. They include scholarships, equipment for the Student-Faculty-Alumni Center in Baltimore, special book collections for the \$1,000,000 library now nearing completion at College Park, and revenue to preserve and perpetuate University traditions.

The Committee is part of a 20-member Sponsored Resources Board created by the Board of Regents in the Spring of this year. Its members include Arthur Bell, Catonsville orthodontist; J. Gilbert Prendergast, Baltimore attorney; Joseph H. Deckman, Washington, D. C. building and supply executive; Mrs. William Krickler, College

Park home economist; and Dr. Thurston Adams, Baltimore surgeon.

Commenting on the alumni action, Dr. Elkins said, "The University of Maryland alumni are to be congratulated for their important support to the strong movement now underway to make the University one of the country's leading institutions. Dr. Goldstein and the Greater University of Maryland Fund will receive my utmost support."

Board of Regents Chairman Charles P. McCormick said that he was especially gratified on the election of Dr. Goldstein because of "his extensive experience in public service in Baltimore, which assures the fund of capable and experienced leadership."

Dr. Goldstein was Chairman of the Doctor's Committee for the \$20,000,000 drive for a medical center at Sinai Hospital in 1953 and has held positions of leadership in numerous civic campaigns.

He organized the Genito-Urinary Department at Sinai Hospital in 1920 and became a member of the University of Maryland faculty in 1921, an affiliation he held until his retirement

*(Continued on next page)*

last year. The University awarded him the honorary degree of Doctor of Science at the June, 1957 commencement in recognition of his outstanding contributions to the medical profession.

The new General Chairman of the Greater University of Maryland Fund was born in New York City in 1887. Educated in New Haven, Connecticut public schools, he later studied at the Yale University Sheffield Scientific School and in 1908, entered the Yale Medical School. He completed his medical education at the University of Maryland and was graduated in 1912.

Following his graduation, he interned at Sinai Hospital in Baltimore where he became interested in the study of genito-urinary surgery, a field in which he has become one of the country's leading medical authorities.

In 1927, he organized the Medical Department of Levindale, Hebrew Home for the Aged and Infirm. He was later made Medical Director of the institution, a position he now occupies. Dr. Goldstein was also instrumental in the establishment of the Hofferberg Urologic Research Laboratory in Baltimore of which he is now Director.

#### DR. DYKE HEADS HEALTH SERVICE

Dr. Lester M. Dyke, formerly Director of Health Services and Professor of Hygiene at the University of Illinois and Medical Director of the University Retirement System of Illinois, has been appointed Director of the University of Maryland Student Health Service.

Following two years of surgical research at the Walter Reed Army Medical Center Post-Graduate School, Dr. Dyke served for 26 years in the Army Medical Corps and retired with the rank of Colonel in 1946. In his post at the University of Illinois, Dr. Dyke served on committees for accident compensation and radiation hazards and safety.

Dr. Dyke will replace Dr. Harry A. Bishop who has been at Maryland since September, 1948.

#### STUDY OF

#### JUNIOR HIGH SCHOOL MATHEMATICS

In July, the University of Maryland received the first installment of a grant of \$66,000 from the Carnegie Corporation of New York for a three-year experimental study of Junior High School

Mathematics. The grant will be administered by the College of Education. John R. Mayor, Director of Education of the American Association for the Advancement of Science, and recently appointed Professor of Mathematics and Education (part-time) at Maryland, will serve as Director of the study. The Associate Director will be Dr. M. L. Keedy, formerly of the University of Nebraska.

Little or no attention has been given to the mathematics of grades seven and eight by mathematicians, psychologists, and other scholars since the 1923 report, sponsored by the Mathematical Association of America, entitled *The Reorganization of Mathematics in Secondary Education*. This report was widely influential and is in considerable part responsible for the junior high school mathematics courses we find in 1957. The concern of scientists about junior high school mathematics is shared by a great many mathematics teachers at this level, as well as in senior high school and college. Many believe that the mathematics curriculum, in grades seven and eight especially, is inadequate to meet modern needs. It is often stated that lack of interest in mathematics and science in senior high school and college may be due largely to unhappy experiences in junior high school mathematics.

It is proposed that the Maryland study be developed with the cooperation of junior high schools in Prince Georges and Montgomery Counties, Maryland; Arlington County, Virginia; and other school systems in Maryland. The study will be under the direction of an Advisory Committee representing the Department of Mathematics, College of Education, College of Engineering, and other interested staff members of the University of Maryland; the supervisors of mathematics in the counties named above; and additional representatives of these school systems.

The goal of the study is to prepare materials and test them in junior high school classroom situations in an attempt to determine appropriate age levels at which certain mature mathematical concepts could be appropriately taught, and whether these materials contribute more effectively to the goals of general education and to greater aptitude for and interest in the study of secondary-school mathematics and science.

During the first year of the study (and to be continued throughout the three-year period), cooperating teachers will register for Education 137 at the University. This course will treat the

mathematical background needed by the teachers and *learning theory* which would be appropriate for selection of materials, and teaching them, at the seventh and eighth grade levels. A number of units will be prepared during the first semester and tried out in junior high school classes as early as the second semester of the first year of the study. In the second semester, the lectures on mathematics and psychology will be continued, but more time of the seminar will be devoted to the preparation of materials and discussion of the experimental units. During the second semester and summer term, a syllabus for the experimental course to be taught in grade seven and at least the first semester of an eighth-grade course will be developed for use during the second year, and with needed revision during the third year, of the study.

In addition to the teaching of the experimental courses during the second and third years of the study, it is planned that the seminar will be continued on a basis similar to that in the second semester of the first year. Appropriate testing materials would be developed. Continuous revision of materials and testing would be carried on under the direction of the Advisory Committee. At the end of the study, a final report will embody report of experimentation, course materials, and recommendations. The final report and progress reports during the three years would be made available to curriculum planning groups throughout the country.

The plan of the study is somewhat similar to that of the University of Illinois Committee on School Mathematics which is concerned with the mathematics of grades nine through twelve. The proposed Maryland project will provide important support to the many current activities directed toward the improvement of instruction in mathematics including not only the Illinois program, but also those of the College Entrance Examination Board Commission on Mathematics and the Mathematical Association of America Committee on the Undergraduate Program.

#### NEW PHARMACY SCHOLARSHIPS

More than \$3,000 has been made available to the School of Pharmacy by Read's Drug Stores' Foundation, of Baltimore, to support six pharmacy freshman scholarships.

To be awarded to students on the basis of high scholastic standing and aptitude, the scholarships will cover tuition, fees and equipment.

The scholarships will make a total of

ten that will be awarded to incoming freshmen for the current year. Two are supported by the School of Pharmacy Alumni Association, and two are supported by the Maryland Pharmaceutical Association.

Read's Drug Stores' Foundation also sponsor five other pharmacy scholarships that have been available to sophomores, juniors and seniors since 1944.

The freshman scholarships were formally presented at a joint meeting of the pharmacy alumni, the Baltimore Retail Druggists Association and the Maryland Pharmaceutical Association September 19, at the Kelly Memorial Building.

#### MR. MCCORMICK HEADS CONSTELLATION FUND DRIVE

Charles P. McCormick, Chairman of the Board of Regents, served as Chairman of the industrial divisions in the Constellation Restoration Fund Drive during September. He directed the appeal to more than 14,000 individual manufacturing concerns and retailers during the 30-day campaign. Mr. McCormick is Chairman of the Board of Directors of McCormick and Co., Inc., of Baltimore.

#### CSCS CELEBRATES TEN YEARS OF SERVICE

The College of Special and Continuation Studies recently celebrated its tenth birthday. Established in July, 1947, by the Board of Regents, the College has grown from two speech classes at the Pentagon to a program which is almost world wide in extent. Program centers in Europe are to be found in Ethiopia, France, French Morocco, Germany (86 centers), Greece, Italy, Libya, the Netherlands, Norway, Saudi Arabia, Spain, Turkey, and the United Kingdom. Bases in the Far East include those in Formosa, Japan, Korea, Okinawa, and Guam. The Atlantic Program extends from Greenland to Bermuda with additional centers in Iceland, Labrador, and Newfoundland.

Maryland's off-campus opportunities do not end with the Overseas Program. Even more important to the citizens of the State are the approximately 200 credit courses offered each semester at some 40 off-campus centers throughout the State. One of these off-campus centers, the Baltimore Division of CSCS, offers over 50 courses to nearly a thousand students this semester.

In the Baltimore Division, courses are offered in the late afternoon and evening in the fields of business administration, economics, education, government and politics, geography, history,

*Pharmacy School scholarships were recently awarded ten students, eight of which are pictured here. Seated left to right: Dean Foss, Shiela Smink, June Eng, Leon Rosen. Standing left to right: Aaron Kadish, Louis Diamond, Richard Wankel, Harvey Reisenweber, William Tabak. Awardees not pictured were Lois Lee and George Weaver.*

industrial education, languages, philosophy, psychology, sociology, speech, English, and the natural and physical sciences.

Not the least of the University's services to the people of the State of Maryland are those performed by the Division of Conferences and Institutes which last year conducted more than 25 institutes. Approximately 13,000 citizens of the State participated in

conferences and institutes last year.

Special education programs, consisting of institutes, conferences, workshops and short courses, are specifically designed and conducted to meet the particular needs of the group requesting such services. Examples of these special programs include the Aviation Education Workshop and the Business Management Institute, the Governor's

*(Continued on page 20)*

*Visitor to the campus, Oct. 3, was Mr. Hermann Hagen, Mayor of Heidelberg, Germany. Mayor Hagen was the luncheon guest of Dr. Elkins and presented him with an illustrated book of Heidelberg. In turn, Dr. Elkins gave the Mayor a similar book of the Chesapeake Bay area. Dr. Elkins was the recent guest of Mayor Hagen in Heidelberg.*

43,000 spectators stand respectfully as the combined bands of Maryland and North Carolina play, "The Star Spangled Banner."

Watch those Terrapins go!

## Her Majesty Watches Maryland Take N. C., 21-7

IN THEIR WILDEST DREAMS, ALUMNI, STUDENTS AND FACULTY could not have conjured up a more satisfactory spectacle: a roaring, enthusiastic crowd of 43,000; a come-from-behind victory over a highly-regarded opponent; and a roster of dignitaries led by Her Majesty Queen Elizabeth II and His Royal Highness Prince Philip. Such was the scene October 19 at Byrd Stadium.

And the climax! If Hollywood had devised such an ending, motion picture critics everywhere would have denounced it as monumentally unrealistic. And yet, there it was: behind

SEE JOE BLAIR'S DESCRIPTION OF  
THE GAME'S ACTION ON PAGE 18.

0-7 at the half, Maryland's Terrapins overpowered North Carolina's Tarheels leaving them bruised and confused at the final score, 21-7. Then Tommy Mont's men hoisted him to their shoulders and carried him across the field to the Royal Enclosure to receive the personal congratulations of the Queen, the Prince, Dr. Elkins and the Governors of Maryland and North Carolina.

Preceded by the official host party and the Commonwealth Ambassadors, the royal party arrived at the stadium at approximately 2:10 p.m. Upon the Queen's entrance to the Royal Enclosure, Her Royal Standard was raised to a flag-pole atop the press box by a detachment of Air Force personnel assigned to the University.

The University band then moved into the stadium and, in concert with the Tarheel band, played the alma maters of both schools. The presidents of both universities presented to Her Majesty and His Royal Highness the co-captains of

*Her Majesty ascends the steps of the Royal Enclosure to the accompaniment of American cheers and the snapping of a hundred photographic exposures.*

their teams: Gene Alderton and Jack Healy, of Maryland, and Dave Reed and Buddy Payne, of North Carolina. The captains presented to Her Majesty a football autographed by members of the Maryland team and a replica of the medallion used in the pre-game toss-up. The combined hands then played, "God Save the Queen" and "The Star Spangled Banner," and the game was under way.

Seated with Her Majesty and Prince Philip were Dr. and Mrs. Elkins and family; Governor and Mrs. McKeldin and family; Governor Luther H. Hodges of North Carolina and family; and Dr. William Friday, President, Consolidated University of North Carolina, and Mrs. Friday.

Others seated in the Royal Enclosure were Dr. W. B. Aycock, Chancellor, University of North Carolina, and Mrs. Aycock; Mr. Charles P. McCormick, Chairman, Board of Regents, University of Maryland, and family; Mr. Joseph H. Deckman, President, Alumni Association, University of Maryland, and Mrs. Deckman; Howard B. Miller, President of the University's Student Government Association and his guest, Miss Lynn Needle, and various members of the Royal party.

Seated to the right of the Enclosure, were members of the Board of Regents, and their guests, Commonwealth Ambassadors and their wives. His Excellency, Sir Percy Spender, K.B.E., Q.C., and Lady Spender represented Australia. His Excellency, Sir Leslie Munro, K.C.M.G., and Lady Munro, representing New Zealand, and His Excellency, R.S.S. Gunewardene, Ambassador of Ceylon were also present. Other Ambassadors present were His Excellency Mohammed Ali and Begum Ali of Pakistan; and His Excellency W. C. du Plessis and Mrs. du Plessis from the Union of South Africa. The Chairman of British Joint Services, Sir Michael Denney and Lady Denney were also present.

Members of the Student Government Association and their guests were also seated in Box 26. In Box 24, located to the Queen's left were seated the various deans of the schools and colleges, and their families.

In commemoration of her visit, a number of gifts were presented to Her Majesty. A covered clear crystal urn with tear-drop finial, standing 14 inches high and mounted on an illuminated ebony base, was presented on behalf of the University of Maryland. Other gifts included two football-shaped music boxes for Prince Charles and Princess Anne, one playing Maryland's "Victory Song" and the other, "Maryland, My Maryland." Margaret Elkins, 11-year-old daughter of Dr. Elkins, presented a 14-inch felt football-player doll for Prince Charles and a girl doll for Princess Anne. Governor McKeldin presented four gifts: a china equestrian figure of the drummer's horse which led Her Majesty's coronation parade (created by Kathleen Wheeler, of Bethesda, Maryland); two Sioux arrows from the Southwestern Plains Crafts Center, Anandarko, Oklahoma; two bone arrow heads estimated to be more than 300 years old excavated in the area of the Magothy and Susquehanna Rivers in Maryland; miniature United States, Maryland and Great Britain flags presented in a mahogany box; and a bronze medallion, souvenir of the Diamond Jubilee of Queen Victoria.

The Kiwanis Club of Smyrna, Georgia, presented a child's football uniform, an exact replica of those worn by the Terrapin squad. Presented to Her Majesty by the Terrapin Club was a hand-crafted gold brooch set with 37 matched rubies and 10 full-cut matched diamonds.

*Presented to Her Majesty by the Terrapin Club was this special hand-crafted gold brooch set with 37 matched rubies and 10 full-cut matched diamonds.*

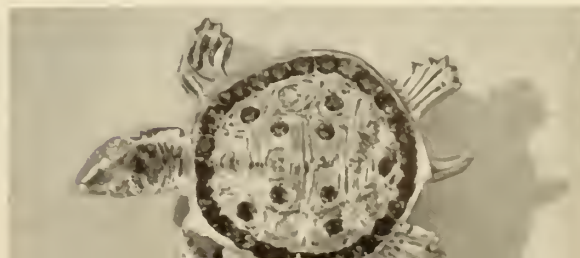

*Chatting genially at the President's pre-game reception for distinguished guests are, left to right, Governor Hodges, Governor McKeldin and Mr. McCormick.*

*Maryland's second score was made by Teddy Kershner, here shown beginning his brilliant 81-yard run toward touchdown territory.*

*This covered urn of clear crystal, with low circular base and teardrop finial, was presented to H. M. Queen Elizabeth II by the University.*

## A Parade

ALUMNI WILL REMEMBER THAT MUCH OF THE EXCITEMENT of University sports events was generated by the measured martial airs of the University Band. Although several bands perform at varying sports events through the school year, the most spectacular of all is the marching band which performs during the short football season.

Early this September, while the rest of the student body enjoyed their last two weeks of summer vacation, 131 hard-working band members worked out fancy formations and marching music in preparation for the first home game with North Carolina State.

Alumni attending that game saw an almost perfect performance of musicianship and marching formation skill. What they did not see were the rough and tumble early practice sessions which transformed a crowd of students into the precision outfit which marched and counter-marched during the State-Maryland game half-time.

Sessions began each morning at 9 o'clock when sleepy-eyed musicians assembled, dressed in blue jeans, sports shirts, straw hats and other leisure-time apparel.

Band Director Hubert P. Henderson and Assistant Director Dana Mason drilled their "troops" from a vantage point high on a football coach's tower, their voices amplified by a portable loudspeaker. Each evening music rehearsals were conducted in the Armory's band room, bringing each day's practice to a total of six hours.

The results of this "early week," as it is known, have been displayed at the North Carolina State, Wake Forest, North Carolina and Tennessee games. The intensive program of work in September transformed the blue-jeaned aggregation into the smart-looking band which represents the University in glittering fashion. This year, adding to the band's snappy appearance are new uniforms, utilizing the four colors of the University. They are basically black with red stripes on the pants, red epaulets and black high crowned hats with red plumes. The capes are red with white lining and the long, double-breasted coats have a wide cuff of red with the word "Maryland" printed on it in white. The shoes are black with white spats partially enclosing them. Gold buttons and gold bands on the hats complete the trimming.

Hard work did not stop with the end of "early week." All during the school year rehearsals are scheduled Tuesday and Thursday afternoons from 3 to 5 p.m. In addition, practice begins at 9:30 a.m. on Saturdays preceding a football game.

The faithful attendance of band members at these rehearsals makes it possible for Henderson to come up with a completely different show for every home game. Performances are repeated only at away games.

The half-time shows are the drawing board creations of Band Director Henderson, who works on them all summer long. This is Mr. Henderson's second year as Band Director. Formerly Director of Bands at Montana State University, Mr. Henderson came to Maryland by way of the University of North Carolina where he served as Assistant Director of Bands.

Appropriately enough, the North Carolina band joined the marching band of the University of Maryland in entertaining Queen Elizabeth when she visited College Park for the North Carolina game October 19. Although no special program was planned for half-time, the two bands combined to form a huge ER, the royal insignia, with a crown above it, and played "Rule Britannia."

Alumni who returned for the Homecoming festivities October 26, when Maryland and Tennessee clashed on the gridiron, must have been struck by the timeliness of the band's half-time show. The band played Maryland's fight song as it might be played around the world—in France, Germany, England, the Far East, and Argentina—and worked their routine around this theme. Because Maryland University has established centers of education for people in many parts of the world, it is quite possible that students in Tokyo sing the fight song with as much enthusiasm in Tokyo as they do in College Park.

In addition to the shows given at home, the band represents the University at one away game. This year the group travelled to Duke University October 5.

Football season will be over shortly after this article appears, but this will not mean the dissolution of the band. In addition to the marching band there is the concert band, the ROTC band, the pep band and the basketball band. The concert band of about 80 members begins rehearsals during early week and continues to rehearse on the basis of voluntary attendance every Wednesday evening during football season. During the second semester the concert band is of primary importance and the rehearsal schedule is devoted entirely to sight-reading and preparing for concerts. Two formal concerts are presented in the Coliseum, three "pop" concerts on the Mall, and a concert for the All-Maryland Band Day. In March the band will make a three-day concert tour of the State.

The ROTC band is made up of all freshman and sophomore basic ROTC students who qualify for membership in the marching band. Organized during the first week of classes in the fall semester, the ROTC band provides musical training as well as drill appropriate for military bandmen. This band plays for drills and parades according to a schedule devised by the Commandant of Cadets and the Director of Bands. The high point of the ROTC drill is the annual Military Day Review and the band takes a prominent part.

The pep band is made up of all freshmen band members plus volunteers from the upper class band members. It plays for all pep rallies and informal occasions where it is not feasible to use the regular University Marching Band.

The Basketball band is selected by the Assistant Band Director from band members who volunteer and agree to participate for the entire basketball season. This organization of 30 members wears distinctive uniforms provided by the Athletic Department and is the official band at all basketball games in the Activities Building.

Perhaps the busiest people in the band organization, in addition to Mr. Henderson, are the student officers. This year's

leaders are President Fred Froehlich, '58; Vice President Hood Geisbert, '58; Secretary Harriet Husted, '60; and Treasurer James Murphy, '59. These four students are the nucleus of the Executive Council of Band Officers which meets regularly to plan activities and formulate policy for the group.

Hard work does not go unrewarded. For faithful service in conformance with the rules outlined in the band constitution, freshmen earn a monogram, sophomores a sweater, juniors a key, and seniors are awarded a cup. Recognition also comes from membership in Tau Beta Sigma, National Band Sorority, and Kappa Kappa Psi, National Band Fraternity.

We alumni can also add our bit of recognition to this deserving group of students if only through renewed appreciation of their efforts in representing the University so well.

## The University's Program for Physical Fitness

CRITICS WITHIN AND WITHOUT THE UNITED STATES have oft repeated that American youth are physically undeveloped, that their general state of health is low and that they are physically incapable of facing the physical requirements of modern life.

There is a basis of truth, of course, in these criticisms. President Eisenhower revealed his concern by calling a President's Conference of Fitness of American Youth last summer.

In the opening address of the Conference, Vice President Nixon said:

*"We are not a nation of softies but we could become one, if proper attention is not given to the trend of our time, which is toward the invention of all sorts of gadgetry to make life easy and in so doing to reduce the opportunity for normal physical health-giving exercise."*

*"The objective of an adequate physical fitness program can be summed up in one word—participation—participation on the part of every boy and girl in America in some form of healthful recreational and physical activity."*

*"The super athlete is not our primary concern. He will take care of himself. It is the boy or girl with ordinary physical abilities who should receive the major share of our attention."*

The University's College of Physical Education, Recreation and Health is vitally concerned with this problem. The College through its Departments of Physical Education for Men and Physical Education for Women conducts a two-year required physical education program for all Freshman and Sophomore students. This, then, is a report of the organization and scope of the program, its objectives, and how students themselves feel about this required training.

So as to meet the special interests and needs for activity of students, a wide variety of classes have been organized—approximately 150 sections each semester. Some classes, particularly those in swimming, are organized on various skill levels for the beginning student as well as the advanced and more highly skilled individual.

Although every class stresses the "learning how to do," there is emphasis upon the health and fitness contribution to the welfare of the individual, the rules and strategy of games, the history and the place of each activity in our American culture as well as the international aspects of sports or dances.

The College's training facilities are impressive and include the new Cole Student Activities Building with its swimming pool, gymnasium, wrestling rooms, playing fields and classrooms and the Preinkert Field House which includes a gymnasium, swimming pool,

dance studio and playing fields for hockey, soccer, archery, and softball. Eight hard surface tennis courts are adjacent to the Activities Building and also to the Preinkert Field House. In addition, the Coliseum is used as a supplement facility to the regular physical education activity areas. Some activities, such as bowling, canoeing, fishing, and sailing are taught by University faculty in community areas that are adaptable to class instruction.

During the year 1957-58, a part of the new 18-hole golf course will be completed with final completion scheduled for June, 1958. This magnificent area will add much to the program of required physical education. It will include a driving range where specific instruction in skills will be taught and the course will be available for practice play of classes and for the recreational use of others.

The programs for men and women are organized in such a way as to meet the needs and interests of all 3,600 program-enrolled students. Every effort is made to keep the enrollment of each class at a level to make possible the best kind of learning situation for each student. Students are expected to gain a degree of proficiency in the activity, dependent upon their skill level at the beginning of the course, and they are graded, by means of skill tests upon their performance, and by written tests on their knowledge and understanding of the activity.

By and large, the programs for men and women are organized and conducted in the same way. However, it is necessary to meet the varying interest of each group and, therefore, the largest number of classes are organized for men or for women, although there is an increasing interest in co-educational activities. The separate programs are described below.

### *Required Physical Education for Men*

New facilities in the Student Activities Building now provides an opportunity for the College of Physical Education, Health and Recreation to offer sports and other physical education activities which previously have not been possible. In this way, the University can make an even greater contribution to the development of fitness, sports appreciation, as well as the present and future leisure time resources of the students of the University of Maryland.

The re-organization of the Required Physical Education Program provides a variety of experiences for each stu-

dent. As in other fields of endeavor, every effort is made to meet the interests and needs of each student. All entering Freshmen are required to complete a health examination administered by the University Health Service. Students failing to pass the health examination are enrolled in Adapted Physical Education. That is, students with marked handicaps are guided into activities in which they are capable of competing, such as archery, bowling, shuffleboard, horseshoes, or table tennis. All other students are required to enroll in and successfully complete PE 1, "Orientation to Physical Education."

The following is a description of PE 1:

PE 1. ORIENTATION TO PHYSICAL EDUCATION. This is required of all physically able students, and is a prerequisite to PE 3, 5, and 7. The purpose of this course is to give the student a better understanding and appreciation of the place of sports and physical education in the American way of life. It is designed to assess the fitness, skill level, and swimming ability of each student; introduce the student to a variety of sport skills as indicated in each of the three areas; and to acquaint the student with problems relating to such matters of personal importance as diet, training, rest, effect of strenuous exercise, the use of alcohol and tobacco, and how to lose and gain weight.

The textbook for "Orientation to Physical Education" is *Physical Education and Healthful Living* by L. M. Fraley, W. R. Johnson and B. H. Massey. Each class meets in a classroom once a week for instruction and examinations on problems in physical education and health. This is the only health instruction which every male student at the University receives other than the concomitant instruction associated with the other courses in physical education.

On the basis of the student's health examination, the student's swimming ability, level of fitness, sport skill level, and past experience, each student is guided into one course in each of the following three areas.

PE 3. DEVELOPMENTAL AND COMBATIVE ACTIVITIES  
Apparatus  
Double Tumbling and Balancing  
Individual Tumbling and Fencing

Wrestling and Track and Field  
Weight Training  
Modern Dance

PE 5. TEAM AND INDIVIDUAL SPORTS  
Softball and Basketball  
Speedball and Flickerball  
Touch Football and Volleyball  
Soccer and Volleyball  
Elementary Swimming  
Advanced Swimming  
Life Saving  
Diving  
Water Safety

PE 7. RECREATIONAL ACTIVITIES  
Archery and Bowling  
Badminton and Bait Casting  
Camping and Outdoor Activities  
Fishing  
Canoeing  
Golf  
Social Dance  
Square Dance  
Recreational Games  
Sailing

### *Physical Education for Women*

Before Registration, all entering freshmen are required to take a posture test and a classification test in swimming. If the individual is able to pass the beginners test in swimming, she is then permitted to elect another activity or she may take more advanced courses in swimming or Senior Life Saving or Water Safety Instructors.

In PE 2, Orientation Activities, required of all Freshman women, the posture test is used as a basis for much of the discussion and work in that course. There is also much attention given to the fitness of the individual. Attaining an understanding of the meaning of physical fitness and how to attain an optimum level of fitness to suit the needs of the individual are stressed. A section of the course deals with

(Continued on page 20)

JUDGE WILLIAM P. COLE, JR.

MONDAY MORNING, WHEN STUDENTS AND FACULTY walked to their first day of instruction of the 1957-58 school year, many saw National and University flags at either ends of the Armory flying at half-mast. The traditional sign of mourning was in memory of Judge William P. Cole, Jr., perhaps the best liked and respected of the University family, who died quietly 1:55 p.m., September 22 at University Hospital, Baltimore.

*"His life is an inspiration to all of us . . .*

On September 24, more than 400 persons, including Dr. Elkins, the Board of Regents who were honorary pallbearers, members of the University administrative staff and the faculty, members of the United States Court of Customs and Patent Appeals, friends and the family of Judge Cole, attended services at the Cathedral Church of the Incarnation, Baltimore. Burial was at Arlington National Cemetery.

Judge Cole enjoyed an achievement-filled career of public service. He had served in the U. S. House of Representatives, as Chairman of the University's Board of Regents, as a member of the Board of Regents of the Smithsonian Institution, and as a judge of the U. S. Court of Customs and Patent Appeals.

Dr. Elkins, commenting on Judge Cole's contribution to the University said:

"The death of Judge Cole is a great loss to the University of Maryland. As a member of the Board of Regents and the State Board of Agriculture for 26 years and its chairman for 12 years, he was more closely associated with University affairs than any other person in public light. His interest and activity were extraordinary. He gave liberally of his time and talents in establishing policies, providing guidance and encouraging every worthwhile activity.

"I think it is fair to say that Judge Cole contributed more to the welfare of the University than any other person. His life is an inspiration to all of us who are working for the advancement of a great educational institution."

Judge Cole, a 1910 graduate of the Maryland Agricultural College and a student at Maryland Law School, was forced to resign his chairmanship of the Board of Regents in June, 1956 due to poor health.

Succeeding Judge Cole as Chairman was Baltimore industrialist and civic leader, Charles P. McCormick. Reflect-

ing on the Judge's career in the public service, Mr. McCormick said:

"Judge Cole was a virtuous jurist, a wise statesman, an outstanding gentleman and a devoted chairman who served faithfully and honestly. Maryland University, especially at the end, was his life. Judge Cole took everything at Maryland personally. He was a very good friend."

The Baltimore *Evening Sun*, commenting on Judge Cole's life, said:

"William P. Cole, Jr., was no momentary flash in the headlines, quick to take fire and quick to burn out. He was of the more durable sort and, from shortly after World War I until his death yesterday, won recognition as a dedicated public servant in the best sense of the word. He did not, perhaps, achieve the top level of community influence but lived on the more stable ranks just below the top where a man can often live a more useful life than on the peaks.

"To measure the breadth of this quiet career it is necessary only to glance at its turning points. There was first the testing time of Judge Cole's generation—the first war against Germany in which he served overseas and emerged a captain; his election to Congress followed quickly and he served there for fourteen years; President Roosevelt raised him to the bench and, at his death, he was judge of the United States Court of Customs and Patent Appeals.

"Judge Cole's most satisfying experience, however, must have come from his service to the University of Maryland, his own alma mater. He was named to the Board of Regents in 1931 but, in 1944, he rose to the Chairman and hence oversaw the vast expansion which engaged the University in the dozen years just passed. His guidance during this creative, often tempestuous time was appropriately commemorated during the past year when the William

P. Cole, Jr. Student Activities Building was dedicated in his honor on the College Park campus."

Although ill and unable to attend the dedication of the William P. Cole, Jr. Student Activities Building, Judge Cole was presented with a recording of the proceedings and a written and picture story of the ceremonies. Says Mr. McCormick:

"I called on him at the (University) Hospital after the dedication and we had pictures of everything that occurred. I think the dedication picked him up for many months."

Judge Cole was born in Towson, Maryland, and was graduated from the Maryland Agricultural College, later incorporated as part of the University of Maryland. He attended the University's School of Law and was admitted to the Maryland Bar in 1912.

Following his service as a captain in the infantry during World War I, Judge Cole returned to Towson to practice law until 1926, when he was elected to the United States House of Representatives. Defeated for the 1929-30 term, he was elected again in 1930 and served in the House of Representatives continuously until 1942 when he resigned to accept an appointment as Judge of the United States Customs Court in New York.

From 1933 to 1942, Judge Cole headed a subcommittee for the Committee on Interstate and Foreign Commerce investigating the Nation's petroleum industry. He was elected speaker pro tem of the House during the 76th Congress. He was named Judge of the United States Court of Customs and Patent Appeals here in July, 1952. Judge Cole also served as a member of the Board of Regents of the Smithsonian Institution.

Judge Cole is survived by his widow. Their only son, William P. Cole, III, was killed in action in France during World War II.

*McDowell Hall, the main building of St. John's College, was intended to be the Governor's Mansion when construction was begun before the American Revolution.*

## An Earlier University

### Higher Education in Maryland before 1807

BY

FREDERICK S. DE MARR

*Assistant Dean of Men*

*The Rev. Dr. William Smith, first principal of Washington College.*

HIGHER EDUCATION IN THE STATE OF MARYLAND did not receive attention until during the American Revolution. Most of the children of the wealthy were returned to Europe, while a few pursued their advanced studies at such institutions as Princeton, Columbia and William and Mary. The first institution of collegiate rank in the State was established in 1782 when the General Assembly passed "An ACT for founding a college at Chester-town," to be known as Washington College, "in honourable and perpetual memory of his Excellency General Washington, the illustrious and virtuous commander in chief of the armies of the United States."

Two years later, the Western Shoremen, not to be outdone by their brethren across the bay, secured passage of "An ACT for founding a college on the western shore of this state, and constituting the same, together with Washington College on the eastern shore, into one university, by the name of The University of Maryland." Thus we had the establishment of St. John's College at Annapolis, an outgrowth of King William's School which was founded in 1696. This action on the part of General Assembly brings into full view a rivalry which has existed during most of Maryland's history between the Eastern and Western Shores. The preamble of

the law constituting Washington College clearly stated that the establishment of a college or university in the state had been hindered by the question of its location. They suggested however, that each shore be permitted to establish a college which afterwards could be constituted into a university through common consent. In general, this was the plan followed.

St. John's and Washington Colleges were established as separate schools each with its own Principal, faculty and Board of Visitors and Governors. Although private subscriptions were the principal source of revenue, the State did provide for an annual appropriation, to be secured by certain special taxes levied for this purpose. It is interesting to note that the 1784 act establishing St. John's and the "University of Maryland" more nearly resembles an alcoholic beverage control law, since this commodity was to provide the tax monies for their support each year.

St. John's received from the State, in addition to its charter and funds, an unfinished building in Annapolis known as "Bladen's Folly" which was originally intended to be the Governor's Mansion. This edifice was later named McDowell Hall in honor of the first Principal, Dr. John McDowell.

At a SESSION of the GENERAL ASSEMBLY of MARYLAND, begun and held at the city of ANNAPOLIS, on Monday the first of November, in the year of our Lord one thousand seven hundred and eighty-four, and ended the 22d day of January, seventeen hundred and eighty-five: The following laws were enacted.

WILLIAM PACA, Esq; Governor.

C H A P. XXXVII.

An ACT for founding a college on the western shore of this state, and constituting the same, together with Washington college on the eastern shore, into one university, by the name of The University of Maryland.

Preamble.

**W**HEREAS Institutions for the liberal education of youth in the principles of virtue, knowledge, and useful literature, are of the highest benefit to society, in order to train up and perpetuate a succession of able

*Excerpts from the Laws of Maryland, establishing the University of Maryland.*

*Hodson Hall, Washington College.  
This year, the College celebrates its 175th anniversary.*

The outstanding educator of this early period was the Reverend Dr. William Smith, the first Principal of Washington College. Smith came from Philadelphia in 1779 to become rector of Chester Parish and Principal of the Kent County School, the college's forerunner. While in Philadelphia, this cleric solicited funds from England which he used to found the College of Philadelphia, later to become the University of Pennsylvania. He served as the first Provost of this institution. Dr. Smith held honorary degrees from Aberdeen, Dublin and Oxford and in 1783 was elected Bishop of Maryland but was never consecrated. He returned to Philadelphia and was associated with the University of Pennsylvania until his death.

What ever became of the first University of Maryland? The Act of 1784 provided that each college should appoint seven visitors and governors to serve along with two faculty members as the "Convocation of the University of Maryland." The Governor was designated as Chancellor to preside over this body which would meet alternately on the Eastern and Western Shores. The convocation was charged with the responsibility of adopting by-laws which would bring uniformity in the areas of literature used by the colleges, the

conferring of degrees and university honors, and the hearing of student appeals. At no time could any of these rules infringe upon the rights of the individual colleges as granted by their charters.

No attempt was made to carry out the organization of the university until a meeting was held in Annapolis in November, 1790. Nothing was accomplished at this meeting or at the one held in the following Spring at which only the St. John's representatives appeared.

Thus the first "University of Maryland" died a natural death. Lack of interest and sectional rivalry could be listed as the major causes. Subsequent withdrawal of State financial support in 1806 was another influence. It remained for the now prospering city of Baltimore to establish a true university which would become a permanent fixture in the life of the State and its citizens.

## Maryland's Football Fortunes Zoom Following Rout of North Carolina

QUEEN ELIZABETH'S CAREFULLY PLANNED SCHEDULE at Maryland was slightly disrupted Saturday, October 19 at Byrd Stadium as the Terp football team, delirious after they rallied for a 21-7 victory over North Carolina, tossed protocol to the wind by presenting their happy coach, Tommy Mont, to Queen Elizabeth and Prince Philip.

To the red-shirted Maryland players, it was the only way to cap a great day of revenge over Jim Tatum, the former Terp coach who had persuaded many of them to come to Maryland for their education and to play football for him. The Queen and the others in the royal party had no choice but to accept their spontaneous discarding of protocol.

As a beaming and wild-eyed crowd of 43,000 stood patiently, awaiting the departure of the royal party, Mont walked up for a handshake with the Queen, climaxed a day he said, "I will revel in for the rest of my life."

Maryland, victim of several crushing breaks in the first half and trailing 7-0, roared back with its finest performance in two years under Mont.

Byrd Stadium was jumpin' with the deep-throated roars that must have brought memories to Tatum of his great teams as the Terps perked up in the second half. They overwhelmed the Tarheels with a jazzed-up offense, a brilliant defense, and spectacular touchdown productions.

Earlier, the day seemed gloomy for the Terps, with a 7-0 half-time deficit. A break gave the Tatum eleven its first score and a penalty nullified an almost inevitable tying touchdown by the Red and White just before the half ended.

But the Terps drew even in the third

quarter as they drove 38 yards for the score, with Bob Rusevlyan, who enjoyed his best day of all at quarterback sneaking over from one yard out to make it 7-6. John Fritsch then calmly put the ball squarely through the bars with a great extra point. The touchdown was set up by trickery and magnificent execution of plays, highlighted by the exciting runs of the newest sophomore sensation, Gene Verardi.

The tie was broken by Ted Kershner, who was set free by great blocks by sophomore guard Rodney Breedlove and junior halfback Bob Layman. He sped 81 yards in the fourth quarter to put the Terps in front. Again, Fritsch made the situation look more safe with another true extra point to make it 14-7. And the icing was put on the cake with a quick opening thrust up the middle from 13 yards out by sophomore fullback Jim Joyce. This capped a 67-yard drive led by the key running of Verardi and a 25-yard jaunt by senior right half Fred Hamilton.

Maryland was the positive aggressor in the second half, and once the Terps took the lead, there was no doubt as to the winner. They were alive, out-hustling the team that had gained national attention on a comeback built on hustle.

Maryland boasted countless stars in addition to the touchdown markers. They included Verardi, Rusevlyan, and Dickie Lewis, ends Ben Scotti and Ed Cooke; tackles Fred Cole and Don Healy, and most noticeable Breedlove.

For his great play in helping to upset the Tarheels, Breedlove was honored by the Associated Press as runner-up for the nation's top lineman of the week

and was named the "Player of the Week" in the Atlantic Coast Conference. Verardi, who had won Conference "Player of the Week" for his great play in the 27-0 win over Wake Forest the previous week, was again mentioned in the nominations for the honor for the second straight week.

Ted Kershner's 81-yard scoring gallop was voted International News Services's "Play of the Week" and Coach Mont's quote after the game won the Associated Press "Quote of the Week" recognition. It was simply, after asked who was great for him in the victory against Tatum: "Everyone, Everyone!"

Oct. 12, Maryland met Wake Forest's Deacons and emerged with their first win of the season, 27-0. In the second quarter, Fritsch hit Verardi with a 40-yard pass that took the Terps to the Wake Forest 18. Five plays later, Fritsch sneaked over the one-yard line for the first Maryland score.

For the second touchdown, the Terps slashed their way to a first down on the three. Fullback John Forbes hit the line for two and reached pay dirt on his second try. After receiving a pass from Bob Rusevlyan on the Deacon 19-yard line, Howie Dare faked two Deacon's out of position, found he had a clear field into the end zone, and accounted for the third touchdown.

With nine seconds remaining in the contest, Verardi added insult to injury. He ran behind Wake Forest defenders to grab a pass from Dickie Lewis on the Deacon ten-yard line and, without breaking stride, went into the end zone, making the final score, 27-0.

Fritsch who had engaged in only seven plays in previous games, con-

nected with five of 12 passes for a total of 85 yards—more yardage than any other passer had gained so far in the season. Howie Dare, starting left halfback and honorary captain for the Wake Forest game, picked up 42 yards in ten carries.

Maryland's 1956 gridiron edition opened its campaign with an exciting performance with the Nation's second ranked Texas A&M team in the Cotton Bowl in Dallas with approximately 83 million fans watching their great effort.

The Aggies were supposed to romp all over the rebuilding Red and White team of Coach Tommy Mont, but the pre-season glitter of the Aggies only helped to bolster the effort of the underdog Terrapins. As TV-Game of the Week across the nation, the College Parkers were heralded for the way they handled the fine Aggie eleven. First it was 7-0 A&M and then the Terps tied the score on a 3-yard sneak by quarterback Dickie Lewis. Late in the third period, the Aggies again moved in front, but soon were shaken as Howie Dare scored on a four yard run. With the big chance for the tie, John Fritsch had his extra point try blocked by the big star of the game for the Aggies, Jim Osborne who sneaked in from the right corner unnoticed. It looked as though the three-touchdown favorites were going to settle for the one-point victory and gladly, but a poor Terrapin punt gave them a chance from our 20-yard line. With 50 seconds remaining, they passed for a score and made what looked like a 14-13 ball game end in a 21-13 victory for former Maryland coach Paul Bryant. The Terrapin defense excelled, led by tackle Fred Cole. "The Bear" as Bryant is known, said after the game that he felt fortunate to get by the Terps and complimented Mont on the job he did for preparing the young Terp squad for his mighty Aggies. The effort was lauded by those who watched on television, especially the Terp students and fans who couldn't make the long trip to Dallas.

Then came the first home game of the season and a big and enthusiastic crowd turned out in Byrd Stadium to welcome the '57 Terps. What happened that afternoon hasn't yet been discovered and possibly never will as the Terps lost 48-13 to N. C. State, their worst defeat in thirteen years. However, the fans did see two of the nation's finest halfbacks in Dick Christy and Dick Hunter. Both, with continued State success, will be all-Americas.

Taking the road again, the Red and White once more went up against a powerhouse in Duke University, one of

State piles it on . . . . .

But for some there were compensations.

our fellow schools of the Atlantic Coast Conference who were ranked the fourth top team in the nation. As they went into the game, they found themselves three-touchdown underdogs, but came up with another great effort and held the Blue Devils of Coach Bill Murray to one score until the final seven seconds of the game. The final read 14-0, but Mont's team wasn't embarrassed as they were the previous week. They came up with great all-around play against a team that had the biggest line seen in college football in many years. The Terps missed several golden opportunities, but couldn't muster the attack needed to dent the Duke goal line. With the Blue and White leading 7-0 after an early first period score, Maryland got to the Duke 20 yard line in the second stanza but couldn't make a necessary first down to continue the drive. Again in the third quarter, the Terps were inside the 30-yard line of the Blue Devils, but again missed a first down by inches. It was in the final period that Duke put on a sustained march and scored on the final offensive play of the game. There was time for the kickoff and that was all. But it wasn't the rout that so many had predicted. And so, at this writing, the Terps were preparing for TV once more with the Wake Forest Demon Deacons visiting Byrd Stadium in the first regional telecast of the Atlantic Coast Conference. The game was seen from Baltimore through the South to Miami. It was believed after the Duke game that the Terps might be on their way to winning and with three games at home, including the visit of the Royal couple, Queen

Elizabeth and Prince Philip, the chances were good.

Outstanding players in the first games had to be co-captain Gene Alderton at center; tackles Kurt Schwarz and Fred Cole; guards Paul Tonetti and Tom Gunderman, and halfback Howie Dare. Newcomers Schwarz, Gunderman, guard Rodney Breedlove and fullbacks Jim Joyce and John Forbes caught the coaches and fans as being future stars.

A FINE HONOR WAS GIVEN UNIVERSITY OF MARYLAND athletes when the Atlantic Coast Conference Sports Writers Association named Maryland winner of its first annual sportsmanship trophy.

The trophy was presented with royal treatment as Frank Spencer, Sports Editor of the *Winston-Salem Journal* and President of the writers' organization, made the award in a pre-game ceremony before the "Queen's Game" with North Carolina. Her Majesty, Queen Elizabeth and Prince Philip watched the presentation from their special seats on the sideline. Spencer presented the trophy to Howard Miller, President of the University's Student Government Association.

The winner was selected by votes of players and officials who worked Atlantic Coast Conference football and basketball games during the 1956-57 season.

Primary consideration was the treatment host team players and fans gave visiting players. Players and officials filed reports after each game.

The trophy will rotate each year. Maryland received a permanent plaque as its award to keep.

## University's Program for Physical Fitness

*Continued from page 13*

gaining an understanding of body mechanics and how to use one's body more efficiently in daily work and play skills. Throughout the course, there is emphasis placed upon the meaning of physical education and its contribution to the total education of the individual. A final portion deals with learning some of the fundamental aspects of sports for men and especially those which are commonly found in intercollegiate athletics; learning to appreciate sports from a spectator's point of view also is one of the objectives. Every attempt is made in this course to give the student guidance in the selection of other courses which she may select to fill the requirement in physical education. The bases of this selection are her health status, her past experience, and ability in sports or dance, her own particular needs for activity and her interest in pursuing other activities.

These programs for men and women are based on the results of a project undertaken by leaders from the American Association for Health, Physical Education, and Recreation; The College Physical Education Association; and the National Association for Physical Education for College Women. The results of this conference, known as the *Washington Conference Report*, were based upon the objectives of the President's Conference on Higher Education, and were published as a guide for required physical education for men and women in the colleges and universities of the United States.

Proof of how students themselves feel about their two-year required training was revealed in an attitude study conducted in 1955. Some 153 Sophomores who had completed their physical education requirements were asked to comment honestly on the values, if any, accrued to them. A composite of all comments read something like this:

*"As a result of my experience in the two-year 'service' program, I feel that I have increased my skill in and enjoyment of physical activities; increased my use of physical activity to release tensions; become a more appreciative spectator and have become more aware of the importance of planning some part of each day*

*for recreation and/or relaxation."*

Although the foregoing appears somewhat stilted and official, it represents the honest opinions of the majority of students surveyed.

These new offerings are designed to make the following unique contribution to the total education of all college students:

1. An understanding and appreciation of the body and its movement.
2. The development of skills and knowledges in a variety of physical activities which the student can use now and in his leisure time in later life.
3. An appreciation and understanding of exercise and its role in each individual's life.
4. A provision for each student to release many of the individual tensions created by living in a complex society.
5. An informal atmosphere where students have an opportunity to know and better understand each other.

The College as a representative of the University believes that total education includes the education of the body in physical skills which lead to a richer and more meaningful life.

## Campus Notes

*Continued from page 7*

Conference on Juvenile Delinquency, the Hospital Management Institute, the Law Enforcement Institute, the Maryland Education Conference, etc. Several such conferences and institutes have become annual affairs.

The philosophy of CSCS is to serve the university-level educational needs of the people of the State and to serve those needs of adults wherever they may arise whenever no other agency exists or is willing to meet those needs. It is the policy of CSCS to entertain any request for higher educational opportunities submitted by individual citizens and/or groups of citizens of the State. The College is constantly expanding its capabilities and facilities to meet the increased requests for educational opportunities throughout the State.

### COLOR-TV CIRCUIT

The first experimental use of color television to teach an academic subject was inaugurated Oct. 15 as a scheduled undertaking of the Advisory Board on Education of the National Academy of

Sciences. The new closed-circuit color TV facility at Walter Reed Army Medical Center will be employed to teach the concepts of calculus to a group of inservice high-school teachers of mathematics and science in the Washington, D. C., area.

The color-television studio at WRAMC is exceptionally well equipped and is customarily used for medical demonstrations.

The course, which will extend throughout the academic year, will be offered by the University of Maryland as "Foundations of Analysis" (Math. 184). The faculty will award three hours of graduate credit to those who successfully complete the course of 26 televised 50-minute lectures and correlated classwork. Classrooms receiving the relayed programs will be made available at the Walter Reed Army Medical Center in Washington and at the National Institutes of Health, Bethesda.

Trail-blazing lecturer will be Dr. R. A. Good, Associate Professor of Mathematics at the University. Dr. John R. Mayor, Director of Education for the American Association for the Advancement of Science and a professional mathematician will serve as consultant in the preparation and presentation of material.

The WRAMC Television Division, under the direction of Dr. Paul W. Schafer, will serve as technical producers and consultants in the adaptation of classroom material.

In announcing the pilot program, Dr. Randall M. Whaley, Executive Director of the Advisory Board on Education, declared, "Never before has there been such an opportunity to present and evaluate televised instruction under optimum technical conditions. Together with the unique color facilities available at Walter Reed, we shall have the advice and support of a production and technical staff with unparalleled experience in the day-to-day use of live color television as an instrument of teaching."

televised lectures. These color kinescopes offer the opportunity for comparison of various techniques and are essential to evaluation of the experiment. They will later be made available to other suitably equipped institutions for further evaluation tests with student audiences.

USAF PRESENTS SCROLL OF APPRECIATION TO UNIVERSITY OF MARYLAND

Lieutenant General Emmett O'Donnell, Jr., Air Force Deputy Chief of Staff for Personnel, recently awarded the

University of Maryland a Scroll of Appreciation for its "meritorious service in providing a world-wide educational Program for military personnel on active duty." University President Dr. Wilson H. Elkins received the award in a Pentagon ceremony.

The Air Force Scroll, signed by James H. Douglas, Secretary of the Air Force, and General Nathan F. Twining, Chief of Staff, credited the foresight and courage of the University in providing college-level educational opportunities to thousands of American men and women in uniform. It further stated that "the availability of accredited and transferrable college-level work for military personnel on active duty has increased the morale and efficiency within the Air Force, thereby augmenting the retention rates of trained officers and airmen."

## ALUMNI CLUB NEWS

### BALTIMORE CLUB

Samuel L. Silber, President of the University of Maryland Alumni Club of Baltimore, met recently with the Planning Committee of the Club to arrange the group activities for the 1957-58 season.

Members of the Planning Committee are: Dr. Eugene Pessagno, Membership Chairman, Dr. Frank Slama and Dr. Sam Goldstein, Co-Chairmen of Arrangements; Miss Loraine Neel, Roster Chairman; and Dr. B. Olive Cole, Secretary of the Club.

The program for the year will feature an evening of entertainment on Thursday, November 21 at the Park Plaza Hotel, at which new members and prospective members of the Club will be honored guests. A luncheon early in January when the Board of Regents of the University of Maryland will be honored, and the Annual Meeting and election of officers, the first week in June, will be highlights of the year.

Mr. Silber's ambition as President is to increase the membership of the Club by 100%. The slogan for the year is "Every Member Get a Member."

### NEW YORK CLUB

Approximately 100 alumni of the University met in the Harvard Club, New York City, September 21, to view the University of Maryland, Texas A. and M. football game.

Attending from College Park were David L. Brigham, Director of Alumni Relations; Victor Holm, Alumni Field Secretary; George Fogg, Director of Personnel; and Jack Gywnn, Alumni Fund Director.

The meeting was sponsored by the New York Club. Co-chairmen for the event were Hal McGay and Jinnie Bennett.

### M CLUB

The University of Maryland M Club will hold its annual banquet at the Hotel Statler, Washington, on December 14. This affair is open to the public. Those men attending are encouraged to bring their wives or girl friends.

Mr. C. Robert Boucher is the Banquet Chairman. He has selected Dr. Lawrence Smallwood as his Program Director. Mr. Milton Multz is the Ticket Chairman.

The Master of Ceremonies for the evening will be the Radio and Television personality, Mr. Morrie Siegel. This gentleman brings with him a great reputation as a Toastmaster.

General Curtis E. LeMay has been selected by the M Club as its outstanding "Man of the Year." Gen. LeMay, who is Vice Chief of Staff of the U. S. Air Force, will attend the banquet to receive the Distinguished Service Award. At the same time, he will be made an honorary M Club member.

For their "Athlete of the Year" the M Club has selected the Washington Senator's outstanding left fielder, Mr. Roy Sievers. Mr. Sievers has made a great comeback in baseball and this year is the American League home run king and holder of the runs batted in title. This man will be a welcome addition to the M Club honorary list.

The banquet will also feature the installation of three living Maryland-born athletes into the Maryland State Hall of Fame. This part of the program is under the direction of Mr. Joseph Deckman. Jimmy Foxx, Lefty Grove and Homerun Baker are some of the men previously installed in the Hall of Fame.

Other awards to be given to the outstanding athletes of our school will be the *Talbot Speer Award*, the *Charles P. McCormick Award* and the *A. V. Williams-Delmarva Award*.

This banquet will also feature the inauguration of the *Bill Guckyson Award*. Bill Guckyson was one of the most outstanding athletes ever to attend the University. It will therefore be only fitting that this award be given to that individual who fits the award. Captain Bill Guckyson gave his life in defense of his country after gaining a commission at the U. S. Military Academy.

## College of AGRICULTURE

A. B. Hamilton

### DR. MALCOLM TO PRESIDENCY OF CYANAMID

On September 1st, just 23½ years to the day after he came to Cyanamid as a young scientist, Dr. Wilbur G. Malcolm, Agriculture '22, was elected the Company's fifth president. Thus he becomes chief executive officer at the very dawn of Cyanamid's second half century.

Dr. Malcolm is a scientist and administrator, with an experienced understanding of the entire area of modern marketing. As scientist, shortly after joining Cyanamid he developed a new method whereby dozens of forms of antipneumococci sera could be produced quickly and in large amounts—at a time when they were in urgent demand.

As administrator, his record is brilliant. At the age of 36 and only four years after joining Cyanamid, he became Executive Director of the Company's wholly-owned subsidiary, Lederle Laboratories, Inc. In 1944 he was elected a member of Cyanamid's Board of Directors. In 1946 he was appointed a Cyanamid Vice President and General Manager of the newly-formed Lederle Laboratories Division. In 1955 he was given staff responsibility for Company-wide sales, market development and commercialization of new products and processes. This year he was elected to the Executive Committee.

Dr. Malcolm has served as Chairman of the Commercial Development Committee, Vice Chairman of the Budget Committee, Vice Chairman of the Patents and Licenses Committee, and a member of the Finance Committee.

Among his professional affiliations are an honorary membership in the International College of Surgeons, a life membership in the New York Academy of Sciences, and membership in the American Society of Bacteriologists.

Known among his friends as "Weed", a name given him in his teens because he grew so fast, Dr. Malcolm was born in Moscow Mills, Md. He received his B.S. degree in Bacteriology, his M.S. degree, and his Ph.D. at the University of Maryland.

Dr. and Mrs. Malcolm and their two sons, Bryant and Peter, live in a 3-story stucco house overlooking the

Hudson River in Grand View-on-Hudson, N. Y., not far from the Pearl River plant where he began his career at Cyanamid.

Kenneth C. Towe, Cyanamid's fourth president and its guiding hand through the past five and one-half years of reorganization, moves up to the new post of Chairman of the Board of Directors, a position created so that his invaluable service to the Company might be continued.

### HOLDS HIGH OFFICE

Mr. P. W. Chichester, '20, was unanimously re-elected to a one-year term as Vice Chairman of the Board of Directors of the American Feed Manufacturers Association. The election took place at the annual meeting of the Board during AFMA's annual meeting in Chicago. Mr. Chichester is also Vice President of Dietrich & Gambrill in Frederick, Maryland.

### COMPLETES COURSE

Army 2d Lt. Richard J. Ponds, Jr., recently completed a four-month primary flight training course at Gary Army Air Field, Camp Gary, Texas. Lieutenant Ponds will now go to Fort Rucker, Alabama for advanced tactical training. He entered the Army in 1951.

### PARTICIPATES IN SYMPOSIUM

Dr. George M. Beal, of the Department of Agriculture Economics, participated in the tenth annual Commodity Marketing Symposium sponsored by the Chicago Board of Trade, September 4-6, 1957. Dr. Beal was one of 80 educators to be present, coming from 60 schools and 30 states.

### LAND WEEK OBSERVANCE

Everyone has a stake in our land and this year's Maryland Land Week observance, October 6-12, gave nearly everyone a chance to plan an event or activity centered around the land and related resources.

Included in the groups and organizations invited by the Land Week Committee to take part in the observance were homemakers clubs, garden clubs, FFA chapters and 4-H clubs, Farm Bureau, Grange and other rural organizations, church and religious organizations, boy scouts, sportsman, hunting, fishing, archery and rifle clubs and schools and educational organizations. To help the various groups and organizations plan a proper observance, the

Land Week committee published a booklet of suggestions for educational and entertaining activities. The booklet was prepared by Harry W. Dengler, Extension forester and a member of the Committee. Starting with 18 suggestions for homemakers clubs, Dengler compiled more than 130 suggestions for activities during Land Week. Included are such activities as developing landscape plans for schools, having exchange visits between town and country people, visits to the local source of water supply, having foresters put on a forest fire prevention and fighting program and demonstration and holding special church services relating to stewardship of the land.

#### GRADUATE RECEIVES NEWSPAPER AWARD

The Maryland Gazette was awarded the honor of being the outstanding paper of the year 1957 by the National Newspaper Promotion Association, which includes the United States and Canada. The Maryland Gazette is the oldest paper in the United States, having been published for 230 years and being founded in 1727. Mr. Talbot T. Speer, '17, is the publisher and owner of the paper. Mr. Speer's papers, totalling eight and covering the western shores of Maryland with headquarters in Annapolis, have fought continuously for sound American principles having re-celebrated this past June the "Burning of the Peggy Stewart" as a protest against the high taxes and expenditures of the Federal Government.

#### JOINS CHEMICAL COMPANY

Dr. G. Lynn Romoser, Ph.D., '54, joined the Development Department of Monsanto Chemical Company's Organic Chemicals Division at St. Louis on November 1, after having been an Assistant Professor of Nutrition in the Poultry Department at the University of Maryland since 1947.

#### BOOK OF TREES

Mr. Fred W. Besley, '92, has published a booklet containing pictures of fine old trees which are outstanding for their size. Mr. Besley, who for many years was State Forester, found many of the owners of these trees to be interested in displaying them. As a result he drew up a Noted Tree List for Maryland. The list grew and the present publication is an outgrowth of it, serving as a permanent record. Its title is *Big Tree Champions of Maryland*.

## YOU CAN JUDGE FOR YOURSELF

If you are considering a trust for the future benefit of your family, why not place some of your assets in a Living Trust with the First National Bank—while you are here to watch our performance?

The income may be paid to you or to anyone you name. You can change or end the agreement at any time. Meanwhile, it will give you an excellent opportunity to observe and judge for yourself how satisfactory such an arrangement can be.

Ask your lawyer to explain the legal requirements. One of our Trust Officers will gladly talk with you about the financial and business aspects of such a trust. We believe you will find it well worth investigating.

### GOOD NEIGHBOR PHILOSOPHY CONGRESS

Two members of the Maryland faculty participated in the Fifth Inter-American Congress of Philosophy held in Washington this summer. Dr. Leonora C. Rosenfield read a paper on *The Peripatetic Adversaries of Cartesianism in 17th Century France* and Dr. Thelma Z. Lavine, Assistant Professor of Philosophy, spoke on *The Genetic Fallacy and the Sciences of Man*. The leading Mexican philosopher, Dr. Jose Vasconcelos, was pleased to learn that his writings had been the subject of a thesis by a Maryland graduate student in Spanish, William Pugh.

### DR. CUNZ TO OHIO STATE

Dr. Dieter Cunz, for eighteen years a member of the Foreign Language Department, has gone to Ohio State University to become head of the German Department. Sabbatical leave has been granted to Dr. Alfred Bingham for research work at the National Library in Paris and to Dr. Leonora Rosenfield for the preparation of a volume of the letters of the late Morris Cohen, American philosopher.

### TWO NEW BOOKS

Dr. Michael J. Pelczar, Jr., Professor of Microbiology, is Chairman of the Committee on Bacteriological Technique of the Society of American Bacteriologists. This Committee, under his chairmanship, has written a book entitled *Manual of Microbiological Methods*, to be published September, 1957 by the McGraw-Hill Book Co., Inc., New York, N. Y.

Dr. Raymond N. Doetsch, Associate Professor of Microbiology, is one of the authors of a new text entitled *Dairy Microbiology*. The book deals with the relationship of microbiology to the dairy industry and associates the applications of microbiology to the pertinent phases of this field.

in Europe, during which he and a group of five other key reservists visited USAFE bases in Germany, France and the United Kingdom. While at the University, the Colonel majored in the biological sciences and also completed four years of ROTC training for which he was commissioned a 2nd Lt. in the Reserves. He has been in the insurance business in Baltimore since 1938.

### ALUMNI ACROSS THE NATION

John Cortland Hadder, who received his B.S. and his M.Ed. from the University, was recently awarded the Ph.D. degree in botany and plant pathology by Michigan State University.

Alfred Viola, '55, has been appointed Assistant Professor of Chemistry at Northeastern University, (Boston, Mass.) effective September 1, 1957, President Carl S. Ell announced.

Burt N. Singleton, Jr., physicist, has joined the Guided Missile Research Division, The Ramo-Wooldridge Corporation, Los Angeles, California. Mr. Singleton served as a graduate assistant and received his M.S. in physics from the University.

Dr. Frederick William Zeehman, Jr., who received his master's degree from the University of Maryland joined Miami University's faculty as Assistant

Professor of Physiology in September. He is a member of Sigma Xi honorary science fraternity. Also at Miami University is Dr. Robert J. Brady who received his Ph.D. degree this year from the University of Maryland. He has been named sanitary officer and Assistant Professor of Bacteriology.

### WHARTON IN ALL-STAR GAME

Al Wharton, who played tackle for the University's football team, participated in the annual All-Star Game against the New York Giants at Soldiers Field, Chicago, Illinois, on August 9th. During his senior year, Wharton was picked on numerous Honorable Mention All American teams. He also participated in two Sugar Bowl games and the post-season Blue-Gray classic. Academically, his major subject was history. Wharton entered the Navy in February and is now working in the Design Division of the Public Works Division at the Naval Training Center, Bainbridge, Maryland.

### THE DRAMA WING

As a service to the State of Maryland, the Department of Speech and Dramatic Art has formed a new organization known as The Drama Wing. Mr. E. Thomas Starcher is the Director. The purpose of the Drama Wing is to utilize

the problem plays of the American Theatre Wing for presentation to parents, educators, and others interested in teen-agers, so that they may gain insight into the problems of the adolescent. These plays average approximately thirty to fifty minutes in length. They are designed to be followed by a discussion period. The shock of recognition is the opening wedge in this novel form of parent education.

As this is the beginning of a new service to the State, The Drama Wing will offer only one play for the 1957-1958 season. This play "Tomorrow is a Day," was selected because it portrayed one of the more universal problems—insecurity in children. It is a play about a mother who gains new insight into the reasons behind her 15-year-old daughter's inability to believe herself capable of coping with new and frightening social situations. The play is available to groups upon request to Mr. Starcher.

**GOES TO GERMANY**

Barbara L. Fiock, '56, recently arrived in Germany for assignment as a service club director with the Army's Special Services staff in Europe. Special Service workers provide entertainment and recreation for the Armed Forces personnel. A member of Phi Kappa Phi and Kappa Delta sororities, she was formerly a commercial artist in Waco, Texas.

**NEW FACULTY APPOINTMENTS**

The Department of Music has recently appointed three new members to the faculty. Joel H. Berman, Paul Traver, and Mary Viola de Vermond take over their duties as Assistant Professor, Instructor, and part-time Instructor respectively.

Mr. Berman received a B.S. in violin from the Juilliard School of Music, an M.A. in music education, Teachers' College, Columbia University, and is now a candidate for the doctor of music degree at the University of Michigan. He is teaching string instruments, music theory, and conducts University Orchestra.

Mr. Traver directs the Men's and Women's Glee Clubs, and teaches music theory and class piano. He received a B.Mus. in piano from Catholic University of America where he was Phi Beta Kappa. He also was awarded his M.Mus. in piano and education by Catholic University and is presently a candidate for a Ph.D. degree at the same institution.

Miss de Vermond holds a B.Mus. in

#### TO JAPAN

Jerome S. Doubroff, '56, an ensign in the U. S. Navy, left San Diego August 13 bound for Japan. Ens. Doubroff will not return to this country until April, 1958.

#### EXHIBITS WORK

There was an exhibition of the work of Herman Maril, well-known American painter and Associate Professor in the Department of Art, in the auditorium of the Student Union Building from November 3rd to November 22nd. The exhibit opened with a reception to Mr. Maril on November 3rd at 2 p.m.

Although this show was not a retrospective exhibit, most of the paintings were selected from examples of the past twenty years up to the present day. Many of the works were on loan from leading museums and private collections.

Mr. Maril's work has been shown in museums and universities throughout the country, among which are: The Museum of Modern Art, Whitney Museum, Brooklyn Museum, Metropolitan Museum of Art, Baltimore Museum, the Carnegie Institute, and others. His works are in the permanent collections of: The Metropolitan Museum of Art, the Baltimore Museum, Phillip's Gallery, Corcoran Gallery, Amherst College, American University, Delaware Fine Arts Center, Bezalel Museum (Israel) and others both here and abroad.

One-man shows of his work have been held in Baltimore, Provincetown, New York, Philadelphia, Washington, D. C., Scranton, and Knoxville. He has been the recipient of many awards and honors for his work. This exhibit enabled the public to gain a greater understanding of his work by seeing examples from his early days to the present.

#### ELECTED

Dr. John Lembach, Associate Professor, has been elected Secretary-Treasurer of the National Art Education Association for 1957-1959.

#### TEACHES WORKSHOP

Mr. Wallace Amundson, an Art Department graduate, will teach an Art Education Workshop at Annapolis this fall.

ment Association for executives and supervisors engaged in activities involving management responsibilities in business and government. Training was under the supervision of nationally prominent authorities in each field.

Highlighting the first session of the conference was a technical presentation on creative thinking by Dr. Leopold Pessel of the Radio Corporation of America of Camden, New Jersey. In line with the conference theme of increasing our management know-how, Dr. Pessel, a nationally known authority in the field, spoke on "An Evaluation of the Creative Mind."

Mr. Carl E. Auvil, a top flight training specialist of the Navy Department, was the speaker at the afternoon session. In keeping with the theme of the conference, the topic of the technical presentation was "Swat Cost with Brainstorming." Small round tables were held so that all conferees had an opportunity to participate in the brainstorming demonstrations.

Sponsored by the Department of Office Techniques and Management in cooperation with the area three chapters of NOMA, the conference was attended by more than 100 office executives and managers, industrial engineers, methods and procedure analysts, and others who control organizational activities. Any manager having an interest in conducting his office activities more effectively was eligible to attend.

BECOMES MAGICIAN IN THREE MONTHS  
Richard L. Toth, '57, is now a wandering electronic's magician. He is one of six young men in the public and employee relations services of General Electric Company now demonstrating the "House of Magic" to high schools throughout the country. The purpose of this show is to interest students in careers of science and engineering. Dick is currently touring the southern states.

## College of SPECIAL AND CONTINUATION STUDIES

ADMINISTRATIVE CHANGES MADE  
Several administrative changes were effected both at College Park and in the Overseas Divisions with the beginning of the 1957-58 Academic Year. In the Heidelberg Office, Mr. Ernest

Hofer was elevated from Assistant Director to Associate Director of the European Division. Dr. Robert C. Larson, formerly associated with the Information Division, Headquarters, U.S. Army Europe, replaced Mr. Hofer as Assistant Director in charge of Publicity and Public Relations. Dr. Paul Dickson, retired U.S. Army Colonel and former Professor in the Department of Foreign Languages at West Point, has assumed new duties as Resident Dean of the University of Maryland Munich Branch.

At the College Park Office, Mr. G. Allen Sager replaced Mr. Edward F. James as Assistant to the Dean and Executive Editor of *The Marylander*. Mr. Sager was formerly Assistant Director of Education Services, Headquarters Pacific Air Forces. Mr. James went to Bermuda as a Lecturer in the University of Maryland Program. Mr. John Valois has been appointed deputy to Mr. Richard H. Stottler, Director of Institutes.

Dr. Richard W. Seltzer assumed duty as Assistant Director of the Baltimore Division. Dr. Seltzer was formerly the Director of Field Service for the Maryland State Teachers Association, Baltimore and took both his B.A. and doctorate with the University of Maryland.

In the Tokyo Office, Dr. Mason G. Daly succeeded Dr. Augustus J. Pahl as Director of the Far East Division. Dr. Daly was transferred from the Associate Directorship of the European Division when Dr. Pahl returned to the College Park campus to become Associate Dean of the Graduate School.

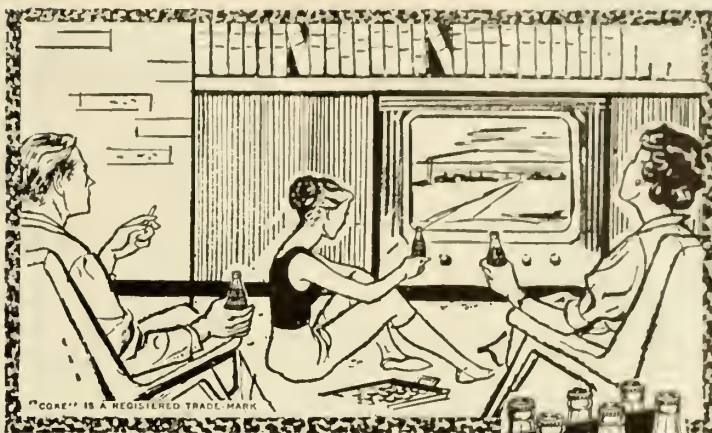

Also shifted from his former position as Lecturer in the European Division was Dr. Leslie R. Bundgaard who was appointed Assistant Director of the Far East Division.

#### THREE RECEIVE DIPLOMAS

Diplomas were recently awarded to Lt. Col. Ernest O. Ewan and Capt. Aaron D. Maier at ceremonies held at Pepperrell Air Base, Newfoundland. The diplomas were awarded by Dr. Stanley J. Drazek, Associate Dean of CSCS. Dr. R. Lee Hornbake, Dean of the Faculty, delivered the commencement address. Similar ceremonies took place in Tokyo with the awarding of a diploma to Maj. Eldeen H. Kauffman. Maj. Kauffman began his study in Germany in 1949 and subsequent work led to the Bachelor of Science degree in Military Science. The degree was conferred by Dr. Augustus J. Pahl who was then Director of the Far East Division.

## NEWS OF THE GRADUATES

Major Frank E. Loftus, Heidelberg '57, wasted no time initiating a graduate program. He has enrolled at the University of Pittsburgh as a participant in the graduate program sponsored by the United States Armed Forces Institute of Technology.

Major Harold R. Mackey, College Park '57, was the first graduate of the new Marine Corps College Degree Program which permits selected officers to complete a maximum of two semesters on a university campus in order to achieve the Baccalaureate Degree.

Colonel Wesley C. Wilson was awarded a Master's Degree at College Park in June of 1957, retired from the Army the following month and has now become a college instructor of American History at Bismarck Junior College, Bismarck, North Dakota. Colonel Wilson completed his Master's requirements on off-duty time while he was stationed at Fort Meade.

Colonel George B. Simler, College Park '48, is the new Director of Athletics at the Air Force Academy, Denver, Colorado. He was enrolled in the University of Maryland from 1946 to 1948 and captained the 1947 University of Maryland football team which played the University of Georgia to a 20-20 tie in the Gator Bowl on New Year's Day, 1948.

Mr. David K. King, Heidelberg '57, was the first dependent of a member of the Armed Forces to earn a degree in the University of Maryland's Overseas Program. Mr. King hopes to make a career for himself in the United States Foreign Service.

## DR. MICHELS VISITS EUROPEAN PROGRAM

Dr. A. Michels, internationally famed physicist from the University of Amsterdam, visited Maryland's European Program last August. Dr. Michels is making a thorough study of the United States Armed Forces Education Program in Europe to determine the feasibility of initiating a similar program for Dutch MTO Forces.

ber of the Massachusetts Board of Dental Examiners by Governor Foster Furcolo. While at the Dental School, he was a member of the Gorgas Odontological Honor Society. He has been a practicing dentist in Southbridge for 21 years.

#### LEVIN IN NEW LONDON

Jules J. Levin, '56, was recently assigned by the United States Public Health Service to the United States Coast Guard Academy in New London, Connecticut, where he and his wife and small son are now living.

#### DR. L. C. GALLEN HONORED

At a commemorative dinner held at the Baltimore Country Club on June 24, Dr. Lester C. Gallen, '28, of Baltimore, was presented a scroll testifying to his fine leadership and important personal efforts in securing the passage of the Maryland Senate Bill 61. The dinner was attended and the scroll presented by the men who had worked with Dr. Gallen in support of the legislative measure, which was passed unanimously by both the House of Delegates and the Senate. Bill 61 is a permissive law allowing professional persons and civil employees to set up trusts for the purpose of obtaining low-cost group life insurance. The School of Dentistry alumni present at the dinner were Drs. R. Kent Tongue, Jr., '43; George M. Anderson, '19; Charles E. Broadrup, '32; Arthur I. Bell, '19; Lynn Emmart, '22; Conrad L. Inman, Sr., '15; and Ernest B. Nuttall, '31. Other alumni present were Hubert H. Hubbard, '50 (Law); Dr. Karl F. Mech, '35 (Medicine); Charles D. Harris, '33 (Law); and Paul F. Due, '23 (Law). Also present were Raymond K. Tongue, D. Worthington Pearre, Ben King, Herbert H. Grymes, Elmer F. Bernhardt, Wilbur D. Preston, Jr., Dr. Howard Smith, Edward K. Gerner, William Heinekamp, Dr. Robert C. Kimberly, George L. McDowell, State Comptroller Millard F. Dawes, and Senator Thomas F. Dempsey.

Originally from New Brunswick, New Jersey, Dr. Gallen has practiced in Baltimore since his graduation. He is a member of the Gorgas Odontological Society and Omicron Kappa Upsilon.

#### 1957 GRADUATES

First Lieutenants Hubert T. Chandler, Fred H. A. Koeniger, Joe H. Miller, Jr., and Richard E. Cabana have recently graduated from the military medical orientation course at the Army Medical Service School, Fort Sam Houston, (Continued on next page)

## FOR THE THINGS of the SPIRIT . . .

The University's Chapel has a dignity and quiet charm that sets it apart from worldly things.

This beautiful building is just one of the many on the Maryland Campus containing steel fabricated by Dietrich Brothers.

Steel Fabricating

Steel Warehousing

Texas. The course is designed for newly commissioned officers, and stresses medical service in combat with emphasis on dental field training.

### ALUMNI NOTES

Dr. Robert J. Wilson, '56, is stationed at Fort Chaffee, Arkansas.

Dr. Edward Quat, '44, has practiced in Brooklyn, N. Y., since his separation from the Navy in 1946. He resides in Westport, Conn. Dr. Quat is Staff Dentist for the American Liability Insurance Co. and the International Terminal Operators, Inc. and has been affiliated with the Periodontia Department of Sydenham Hospital since 1951.

Dr. Paul M. Mitchell, '50, is practicing in Trenton, N. J. Dr. Mitchell served in the Army from 1942-1946 and was separated with the rank of Captain. His service in the Navy Dental Corps following graduation included an assignment as Regimental Dental Surgeon with the First Regiment of the First Marine Division in Korea, 1951-1952.

Dr. William L. Nufer, '51, has practiced in Danville, Va., since 1953, following a two years' assignment at Fort Meade. In World War II Dr. Nufer served for three years in the Navy. Dr. Nufer is President of the Danville Dental Society.

Dr. Gustave A. Oduber, '53, has practiced in Oranjestad, Aruba, N.W.I. since his graduation. Dr. Oduber is a founding member of the Aruba Dental Society (1954) and has been its only Secretary. He is Government Advisor for the fluoridation of the water system of Aruba and will conduct the research to determine its effects in the children from six to twelve. He is also active in promoting amateur sports in Aruba, being Vice-President of the Aruba Sport Union.

Dr. Wylie I. Smith, '12, of Clifton, N. J., practiced in that city from his graduation until his retirement in 1949. Dr. Smith is a Past President of the Passaic County Dental Society and of the Clifton Kiwanis Club. A devotee of trout fishing, he has followed his hobby in several Canadian locations and in many places up and down the Atlantic Coast.

Dr. Santiago Padilla, Jr., '51, practiced for five years in Mayaguez, P. R. before removing to Santurac in December. In 1955-56 he was President of the Mayaguez District Dental Society. Dr. Padilla is a Captain in the U. S. A. Dental Corps Reserve. He served in the Army Infantry from 1940 to 1946 and was separated as a First Lieutenant.

Dr. Normand O. Paquin, '46, is Presi-

dent of the Fall River (Mass.) Dental Society. A member of the Junior Chamber of Commerce since 1950, he was its President in 1954 and 1955. He is a charter member of the Greater Fall River Development Corporation. Since 1950 he has been the Director of the Allegro Glee Club, a group of 40 voices. Dr. Paquin served in the Army D. C. following his graduation and was separated in August, 1947 as a Captain.

Dr. Jose R. Prieto-Hernandez, '56, is assigned to the USAF Hospital at the Ramey AFB, Puerto Rico.

Dr. Seymour A. Robins (Rabinowitz) '39, has been specializing in Orthodontics since 1949, with offices in New Britain and Hartford, Conn. He received his M.S. degree from the University of Michigan in 1941. From 1942 to 1946 Dr. Robins served in the Army DC, being separated with the rank of Major.

Dr. Jarrett M. Ward, '20, has been practicing in Crisfield, Md. since 1948. He had formerly practiced in Aberdeen and Baltimore. Dr. Ward is a Past President of the Eastern Shore Dental Society (1955-56). He has been President of the Crisfield Chamber of Commerce since 1950. For two years following his graduation he was Assistant Demonstrator of Operative Dentistry at the B.C.D.S.

Dr. Edward M. Werfel, '54, is practicing in Springfield, N. J., following two years of service in the USAF at Bolling Field.

Dr. Alpha A. Williams, '97, of Columbus, Ga., retired in September, 1955 after fifty-eight years of practice. An outstanding figure in Georgia dentistry, Dr. Williams was President of the Columbus Dental Society in 1914 and of the Georgia State Dental Society in 1916-17. In 1924 he was appointed to the State Board of Dental Examiners. At eighty-one Dr. Williams still hunts quail and goes fishing.

Dr. H. Milton Cooper, '36, of Hackensack, N. J., has been specializing in Orthodontics since 1947. He is a Past President of three dental organizations: Passaic-Bergen Alumni Chapter of Alpha Omega, Bergen County Dental Society and Orthodontic Alumni Society of Columbia; he now holds the office of Vice-President of the New Jersey Society of Dentistry for Children. Dr. Cooper will be a member of the Orthodontics Staff at Fairleigh-Dickinson when that school begins instruction to upper classmen.

Dr. Donald F. Marshall, '55, began practice in Smyrna, Ga., in August, 1955.

Dr. Eugene E. Veasey, '26, of Wilmington, Del., began in 1952 to specialize in Periodontia and Oral Medicine. He is a member of the American Academy of Periodontology, Academy of Stomatology, American Academy of Dental Medicine, and the Philadelphia Periodontal Society.

Dr. Robert F. Lamb, '47, of Asbury Park, N. J., is President-Elect of the Monmouth County Dental Society. He served in the USAF from 1951 to January, 1956.

Dr. Louis R. Schilling, '27, of Hackensack, N. J., was promoted to the rank of Captain in U.S.N.R. on July 1, 1956. Dr. Schilling had practiced in Oradell, N. J., 1927-1942, but removed to Hackensack in 1945 following three years of active service in the Navy, chiefly in Trinidad, B.W.I. He was President of the Bergen County Dental Society, 1943-44, and Treasurer, 1948-52.

Dr. Morris E. Brown, '33, of Fairmont, W. Va., has contributed several papers to the *West Virginia State Dental Journal* and has presented many clinics before the West Virginia component societies. Dr. Brown has taken postgraduate courses at Michigan, Northwestern and Ohio State. He served in the Navy, 1943-46, and presently holds the rank of Commander in the U.S.N.R. Dr. Brown is Past President of the Monongahela Valley Dental Society, Community Council of Social Agencies, Lions Club, and West Virginia Society of the Sons of the American Revolution. He has also served as Secretary of the Marion County Historical Society and Historian of American Legion Post 17. He has been specializing in Oral Surgery since 1946.

Dr. Waverley C. Artz, '56, is practicing at 405 First National Bank Building, Vicksburg, Miss.

Dr. Harold R. Beecher, '55, of Hamden, Conn., is Associate Editor of the *Journal of the Connecticut State Dental Association*.

Dr. Herbert M. Weinstein, '36, of Orange, N. J., is Chairman of the New Jersey Executive Council of the United World Federalists.

Dr. Robert R. Callahan, '56, is practicing in Melbourne, Fla. Dr. Callahan served in the A.A.F., 1945-46.

Dr. Melvin C. Beaumont, '43, (November) has re-entered the armed services. Major Beaumont is stationed in Germany. He had previously practiced for nine years in Arlington, Va.

Dr. Frederick Aurbach, '41, has practiced in Wichita, Kans., since 1948. Dr. Aurbach was separated from the Army in 1945 with the rank of Major.

Dr. Robert A. George, '45, of Mt.

Airy, N. C., is President of Kiwanis. He is a Past President of the Blue Ridge Dental Society (1955) and the North Carolina Unit of the American Society of Dentistry for Children (1955). Dr. George served in the Navy, 1945-48.

Dr. Domenic C. Cimini, '51, removed last year to Warwick, R. I., after five years' practice in Pawtucket. Dr. Cimini served in the Navy, 1943-46, attaining the rank of Ensign.

Dr. Jack T. Gibson, '53, is practicing at 246 Burke Ave., Towson, Md. Dr. Gibson received his discharge from the Army, with the rank of Captain, in October.

Dr. Hunter A. Brinker, '55, is stationed at Fort Myer, Va.

Dr. James R. Childress, '53, has practiced in Anderson, S. C., since his discharge from the Navy in 1955. Dr. Childress is Secretary-Treasurer of the Anderson County Dental Society.

Dr. Carlotta A. Hawley (Mrs. Horace E. Johnston) '36, of Washington, D. C., specialized in Pedodontics and Orthodontics 1940-45, but has confined her practice to Orthodontics since 1945. She interned at the Forsyth Dental Infirmary for Children and then took a postgraduate course in Orthodontics at Harvard. Dr. Hawley is a Diplomate of the American Board of Orthodontics and a Past President of the Washington-Baltimore Society of Orthodontists (1955).

Dr. John V. Conte, '54, who entered the Army in July, 1956, is stationed at Fort Myer, Va. Following his graduation Dr. Conte served an internship and a residency at Johns Hopkins Hospital.

Dr. Don-Neil Brotman, '55, is assigned to the Walter Reed Army Medical Center.

Dr. Morton A. Brownstein, '56, is in the Navy, stationed at Quantico, Va.

Dr. Francis J. Ellison, '12, of 5301 St. Albans Way, Baltimore 12, Md., retired in 1952 after forty years of practice in Baltimore. Dr. Ellison presented several clinics before local and state societies. Since his retirement he has traveled widely in this country and in Europe and South America.

Dr. Edward J. Becker, '56, is stationed at the U.S.N.S. Treasure Island, California.

Dr. Emilio B. Catasus, '26, of Santiago de Cuba, Cuba, was President of the Collegio Estomatologico de Santiago de Cuba for three terms. He is also a Past President of Rotary. Dr. Catasus has taught English at the local high school since 1934.

Dr. Leonard B. Isbister, '53, has practiced in the Lutz Building, Bel Air, Md.

since his discharge from the Navy in 1955. During the World War, Dr. Isbister served in the Merchant Marine.

Dr. Edwin C. Barnes, '31, of Woodbury, N. J., is President of the Southern New Jersey Dental Society and Chairman of the Essay Committee of the New Jersey Dental Society.

Dr. Asher B. Carcy, '43 (March), of Selbyville, Del., entered the Army shortly after graduation and was separated June, 1946 as a Major. He has since then developed an interesting combination of professional and non-professional interests. He is a Past President of the Lions Club and served two terms on the Town Council. He is a Director of the Millsboro Home Federal Savings and Loan Association and a member of the Board of Trustees of Delaware State College.

Dr. Arthur I. Ferrante, '52, has practiced in Newark, N. J. since 1952; he has also practiced in Florham Park, N. J. since 1956. Dr. Ferrante served in the Dental Corps, USAF in the World War.

Dr. Ashur G. Chavoor, '48, of Washington, D. C., has specialized in Orthodontia since 1953. Following three years in the Army and the Air Force, Dr. Chavoor attended Columbia for two years.

There are hundreds of alumni who remember Dr. Luther W. Fetter, '31, as an Instructor in Operative Dentistry from 1931 to 1938. Dr. Fetter gave up teaching and his Baltimore practice to open an office in Elizabethtown, Pa. He is a Past President of the Rotary Club (1946) and of the Chamber of Commerce (1946). "Dutch" still finds time, as usual, for hunting and fishing.

Dr. Nicholas J. Capone, '41, of Baltimore, is Chief of Surgery, RTC Clinic, Fort Bragg, N. C. Major Capone entered the service in 1955.

Dr. Michael E. Fleming, '56, is assigned to the Anacostia NAS, Washington, D. C.

Dr. Joseph Berkeley, '43 (November) has practiced in Brooklyn, N. Y. since his discharge from the Army in 1946, with the rank of Major. Dr. Berkeley married the former Esther Hendler, who graduated from Maryland (College Park) in 1942. The Berkeleys have three children: Alan (9), Janet (6), and Linda (5).

Dr. John M. Fracasso, '54, began practice in Glastonbury, Conn., shortly after his graduation. During the World War, Dr. Fracasso served in the Navy.

Dr. Eugene M. Ganc, '39, has returned to the practice of dentistry after a three-year truancy period. Dr. Ganc served an internship at the U.S. Marine

Hospital in Boston. He practiced in Hartford, Conn. for two years. After service in the Army, 1942-44, he practiced in West Hartford, 1945-53. During the next three years he devoted himself completely to interests such as idea man for business and industry, professional feature writing, writing advertising copy, vocational guidance, etc. In July, 1956 Dr. Gane resumed the practice of dentistry in New Britain and has become convinced that dentistry is his true calling.

Dr. Nelson D. Bookstaver, '47, of Bergenfield, N. J., began specializing in Orthodontia in February. Dr. Bookstaver received his postgraduate training at Columbia.

Dr. John S. Frost, '08, of Burlington, N. C., retired in 1948. In his retirement Dr. Frost has developed an interest in the real estate business. He has motored in forty-two states and in many areas of Canada.

Dr. C. Richard Gaines, '54, began practicing at 1336 Glenwood Ave., Atlanta, Ga., after his discharge from the Army.

Dr. Frederick T. Brennan, '56, is assigned to the U.S.A.F. Hospital in Chaumont, France.

Dr. William T. Fridinger, '48, is President of the Allegany-Garrett County Dental Society. Dr. Fridinger has practiced in Cumberland, Md., since 1948. He is a member of three Boards of Directors: Y.M.C.A., Chamber of Commerce, and Community Chest; and is a Past Worshipful Master of Potomac Lodge, A.F. & A.M.

Dr. James C. Gantt, '52, transplanted Tarheel, is practicing at 1102 North Jackson St., Wilmington, Del. Dr. Gantt is Secretary of the Delaware State Dental Society.

Dr. Harold F. Bradshaw, '18, of New London, Conn., retired in 1950 because of poor health.

Dr. Samuel Friedman, '36, of Baltimore, is the Grand Chaplain of the national chapter of Sigma Epsilon Delta. He was President of the Eutaw Place Temple Brotherhood, 1949-52. Dr. Friedman gave a table clinic at the 1956 A.D.A. meeting and has given clinics at meetings of the Maryland and Tennessee Associations. He served in the Army, 1953-55, with the rank of Major.

Dr. Walter L. Garrett, '10, of Glens Falls, N. Y., is amazingly active for a man of seventy-five. Besides continuing his professional activities, he maintains a keen interest in the cultural aspects of community life. He is Vice-President and Director of the Glens

By SALLY LADIN OGDEN

Somehow at Christmas time I like to reminisce about Christmases in the rural areas, the little villages to the far north nestled away, where the nostalgic flavor of our childhood still exists. Here the snow lies blanketed against barns and houses and the path to the wood pile stands out prominently against the pure white of the snow that crunches as you walk over it. On Christmas Eve, in the quiet of the little town, the stars are so bright you feel that you can reach out and touch them. The air is clear and cold and one feels the spirit of well being.

The children are tucked away but it's a sleepless night, as the adult activities of trimming the Christmas tree, begin. The tall pine tree, which just that morning had been selected as the finest in the forest, is properly placed in the center of the living room windows. Balls of pop corn, chains of cranberries, and loops of colored papers (formed into a garland rope) along with tinsel and candles are carefully hung upon it. The gayly trimmed home-made gifts, made with tender, loving hands for young and old, are piled under the tree. Every stocking which has been hung by the fireplace is filled to the overflowing, but first there must be an apple, nuts and a paper sack of candy carefully tucked into the foot.

Christmas morning thrills and surprises start at daybreak, and soon after breakfast, relatives gather from neigh-

For  
*Maryland*

boring villages. The kitchen is filled with smells of holiday foods while the house bubbles with happiness.

Here the Christmas season has an ordained purpose. Here God fearing men and women bow their heads to the Lord as they worship in the simple churches whose spires point high into the surrounding countryside.

The Spirit of Christmas and the holidays for all of us, regardless of city or country, is a period of happiness. Unfortunately for us of the city, with our hectic way of life, we lose sight of the beauty and simplicity of a rural Christmas. Why not take time out some afternoon during the Christmas season and drive out into a village close by—you'll be happy you did.

\* \* \*

The Shopping districts of Baltimore are gay and colorful for the Holiday season and we drove out to Eastpoint, to visit the fine shops and call on John Faraclos, who together with Michael Mallis, are managers of the very fine MISCHANTON RESTAURANT in Baltimore's newest *Eastpoint Shopping Center*, where the firm is celebrating its first anniversary.

Anton Andrews and Mischa Miginsky are in charge of the kitchen and from the names Mischa and Anton the firm name MISCHANTON is fast growing into prominence in Baltimore.

This modern and cheerful restaurant, which has a continental air of charm, opened its doors in November 1956 and already has been awarded three national honors. One for superlative achievement in sanitation by Institutions Magazine; an award for architectural splendor by the Baltimore Association of Commerce, and a third

award for culinary arts by the Stewards and Caterers Club.

Mr. Mallis and Mr. Faraclas have college degrees as chemical engineer and in business management respectively, however, they are both interested in the food industry and for a number of years operated Industrial Foods Service for Bethlehem Steel Company and Sparrows Point Shipbuilding Company.

The original MISCHANTON Restaurant was opened in the Edmondson Village Shopping Center a few years ago and, although it is small, it is a popular eating house and served as a stepping stone toward expansion.

The new MISCHANTON, far away from downtown Baltimore, is ultra modern in every detail and was constructed at a cost of over a quarter of a million dollars. There are four beautifully designed rooms for dining and the decor by William O. Steinmetz and Betty Cooke of Baltimore's Tyson Street, is superb.

The Sidewalk Cafe is a gay informal dining room in which decorations are changed with the season. This room has a Parisian air, which Baltimore has not experienced, before the daring

of MISCHANTON. The Main dining room has a formal Continental atmosphere.

The room we liked best was the Fleur-de-lis Room beautifully decorated with brilliant Fleur-de-lis of Royal and Regal colors on one wall, while, to the far side of this room, which is heavily carpeted, the wall is decorated with elegant foreign travel posters and in the center of it is a large table, circled about a pillar, which holds fruits and wines—a very attractive arrangement with the flavor of old Paris.

Eighteen-Steps-Down is the Bar and Rathskeller. This room is decorated in nudes.

Wilson and Christy, of Towson, were the architects who helped build the restaurant. It was planned from the minutest detail to be "more than a

\* \* \*

Charles Street in Baltimore, as usual, is decorated in festive array and the shops are filled to the overflowing with magnificent suggestions for Christmas giving. We stopped by to call on one of Baltimore's finest furniture houses, WM. P. STEIN, INC. at 401 N. CHARLES STREET. They have a wonderful assortment of tables, mirrors and lamps, all of which would make excellent Christmas gifts. These "gifts for the home" will go on giving for many years and one can find hundreds of perfect gifts at STEIN'S.

Chests, desks and other occasional pieces in Eighteenth Century or Contemporary design can be found to fit in any home.

Their decorating shop has personalized service and there is no charge for this service in the selection of the right fabrics for draperies, upholstery, etc.

In their new location, just a few doors from their former store, you are invited to come in and browse around.

## Dentistry

*Continued from page 39*

Falls Community Concerts Association and is an active member of the local Fine Arts Club and the Operetta Club. As a student at the Baltimore Medical College, Dr. Garrett played violin in the early days of the Baltimore Symphony Orchestra. Music is his favorite avocation and he still plays the violin and the viola.

Dr. Tosh E. Elkins, '16, has been practicing in Dunbar, W. Va., since 1918. He had previously practiced in East Bank, W. Va. During his career he has participated in many areas of activity besides his professional interests. A Past President of the Kanawha Valley Dental Society (1936), Dr. Elkins was Secretary of the Dunbar Chamber of Commerce for nine years and Chairman of the Dunbar Fire Department for ten years. He is a Past Master of Dunbar Lodge, A.F. & A.M. and was its Secretary for fourteen years.

Dr. George J. Boyles, '53, is practicing at 320 Fairmont Ave., Fairmont, W. Va. Dr. Boyles served in the Army following his graduation.

Dr. Donald E. Cone, '56, is stationed at Fort Hood, Texas.

Dr. Wilbur D. Burton, '37, of Baltimore, is President of the Maryland State Board of Dental Examiners, to which he was appointed in 1953. Dr. Burton was separated from the Army with the rank of Major after four years with the Johns Hopkins Hospital Unit (118th General Hospital).

Department of Health, 1939-41. He is a Past President of the Southern Maryland Dental Society, 1951-52.

Dr. Theodore Gorfine, '44, of Cambridge, Mass., is on the Staffs of Otis General Hospital, Cambridge; Kenmore Hospital, Boston; and Central Hospital, Somerville. He has contributed two articles to *Dental Survey*. He has taken three postgraduate courses at Tufts, in prosthetics, oral surgery, and general anesthesia. Dr. Gorfine is President of the Brotherhood of Temple B'nai Brith and was for two terms Commander of the Somerville Post of Jewish War Veterans. Following his graduation he served in the Navy, 1944-46.

Dr. Harry W. Hicks, '09, of Brookline, Mass., retired in 1946. Dr. Hicks had practiced in Malden, for five years, and Boston.

Dr. Clifford J. Buckley, '22, of Bridgeport, served two terms on the Connecticut Dental Commission, 1946-56. He is a Past President of the Bridgeport Dental Association and a Fellow of the International College of Dentists (1947). He was Chairman of Arrangements for nine annual meetings of the State Association. In World War I Dr. Buckley served for two years, chiefly overseas.

Dr. Cornelius D. Hogan, '29, who practices in Burlington, N. J., has been Senior Dentist at the New Jersey State Prison Hospital, Trenton, since 1930.

Dr. Merrill C. Hills, of Hartford, Conn., is Commodore of the Duck Island Yacht Club. Dr. Hills is a Past President of the Hartford Dental Society (1948).

Dr. Morris G. Bernert, '19, of Hartford, Conn., is a prominent figure in Connecticut Masonry. He is Past Worshipful Master of Master Level Lodge (1937) and of Philosophic Lodge of Research (1946). In 1943 and 1944 he was District Deputy Grand Master of the Sixth Masonic District. Dr. Bernert is a Past President of the Hartford Dental Society (1934) and has served as Chairman of the Committees on Awards and on Membership of the State Society.

Dr. Samuel H. Hoover, '25, of Dundalk, Md., is a charter member and the first President of the Baltimore County Dental Society (1954). He was an Instructor in Exodontia and X-ray at his alma mater, 1925-28. Dr. Hoover is a charter member and Past President of the Rotary Club, former Chairman of the Zoning Appeal Board for Baltimore County, 1946-50, and Past Commodore of the Sparrows Point Yacht Club. He owns and operates the Dundalk Medical Arts Building.

Dr. James C. Johnson, '34, of Cambridge, Md., is a Past President of the Eastern Shore Dental Society (1945). Dr. Johnson operates a farm of 225 acres and, like most Eastern Shoremen, has a strong predilection for hunting, fishing, and boating.

Dr. Bernard Helitzer, '42, began practicing in Wichita, Kansas, in 1946 following his separation from the Army as a Major. He is the Editor of the *Wichita Dental Society Bulletin*. Dr. Helitzer married Elinor L. Steinberg in 1944. They have a daughter, Jacqueline, who is nine.

Dr. Donald Kaplan, '54, was separated from the USAF in October. He is now taking a postgraduate course in Orthodontics at Pennsylvania.

Dr. Earl J. Hendrickson, Gold Medal man of the Class of 1952, opened an office last summer in the Professional Building, Fort Pierce, Fla. Dr. Hendrickson received his discharge in June from the USAF after four years of service.

Dr. William L. Keefer, '52, entered the Army after graduation. On his discharge in 1954 he was commissioned a Captain in the USAF. He is presently assigned to Kindley AFB, Bermuda.

Dr. Howard C. Hester, '44, served in the Navy from 1944 to 1947. He had a general practice in Englewood, N. J., 1947-54. In 1948-49 he studied Orthodontics at Columbia. Since 1950 he has specialized in Orthodontics in Glen Ridge, N. J. Dr. Hester is Public Relations Chairman of the Essex County Dental Society (1953- ) and is Editor of the *Bulletin of the New Jersey Society of Dentistry for Children*.

Dr. Louis J. Berdon (Berdofsky), '22, of New Haven, Conn., has held the highest office in three fraternal organizations: Grand Master in the I.O.O.F., Monarch of Hejaz Grotto, M.O.V.-P.E.R., and Chancellor of the Fidelity Lodge, Knights of Pythias. He is also a member of Cosmopolitan Lodge, A.F. & A.M. Dr. Berdon has been continually active in charity projects on both local and state levels. He served in the Army Dental Corps from 1941 to 1945, and was separated with the rank of Captain.

Dr. Lawrence W. Houston, '18, of Baltimore, was a member of the Baltimore City Council, representing the Third District, 1927-31.

Dr. Arthur J. Kershaw, '32, of West Warwick, R. I., is a Past President of the Kent County Dental Society, the Rhode Island Society of Dentistry for Children and the Davis Study Club. He has presented papers and clinics in

## College of EDUCATION

M. Marjorie MacMurray

### GOLWAY JOINS KAISER ALUMINUM

Harrison C. Golway, Jr., '57, has been assigned to the training program at the Halethorpe Extrusion Works of the Kaiser Aluminum and Chemical Corporation. He holds a B.S. degree in Industrial Education and while at the University was a member of Sigma Nu fraternity.

### RUTH STANLEY ATTENDS WORKSHOP

Ruth Stanley, '55, attended the Fourth National Aviation Education Workshop at Miami University, Oxford, Ohio, last summer. More than 300 elementary, secondary and college teachers, and Civil Air Patrol senior members and cadets obtained academic credit and received many first-hand aviation experiences at the seminar.

### RECEIVE ADVANCED DEGREES

Edmond Victor Bartas, '53, William Donald Brockmeyer, '51, and Lonnie Frances Caming Carton, M.Ed. '51, received advanced degrees from the Pennsylvania State University during the summer of 1957. Mr. Bartas received an M.Ed. in art education and Mr. Brockmeyer an M.S. in meteorology. Lonnie Carton was awarded a D.Ed. in elementary education.

## College of ENGINEERING

Col. O. H. Saunders '10  
A. Lawrence Guess '51

### NEWS OF JUNE GRADUATES

Several of this year's engineering graduates have recently accepted appointments with Bendix Aviation Corporation, Radio Division, in Baltimore, Maryland. Those at Bendix include

Gordon H. Souder, George T. Behm, Thomas M. Li, David C. Shirey, George D. Wagner, Orin D. Winn, Mahmoud Fakhoury, and Norig G. Asbed. After an indoctrination period, they will be concerned with the design and development of such diversified products as radar, air traffic control systems, two-way mobile communication, automotive radio, and navigational equipment for both civilian and military application.

Charles G. Pettit IV recently reported to the Eglin Air Force Base in Florida.

John Ditman has accepted a graduate assistantship at Case Institute of Technology, Cleveland, Ohio.

### PRIVAL AT M.I.T.

Harris G. Prival, '53, is enrolled as a graduate student at Massachusetts Institute of Technology in Electrical Engineering holding a research assistantship in the Dynamic Analysis and Control Laboratory there.

### WHEATLEY CO-AUTHORS PAPER

Carl F. Wheatley, '51, recently co-authored a paper entitled "Transistor Stabilization by Diode Biasing" for the RCA Engineer. Mr. Wheatley is employed by RCA as a design engineer.

### McFALL JOINS GENERAL ELECTRIC

Russell W. McFall, '43, who joined General Electric on the Engineering Program at graduation is Manager, Engineering, Special Defense Projects Department and he is responsible for the design of all department products.

### PROF. LUDFORD STUDIES AT HARVARD

Professor G. S. S. Ludford of the Institute for Fluid Dynamics will be on sabbatical leave during 1957-58 to carry out research in the Mathematical Theory of Compressible Flow at Harvard University. His work is supported by a Sabbatical Leave Contract with the Air Force Office of Scientific Research and the Simon Guggenheim Memorial Fellowship.

### PROF. BURGERS ORGANIZES SYMPOSIUM

Professor J. M. Burgers of the Institute for Fluid Dynamics was Chairman of the Organizing Committee and a participant at the Third Symposium on Cosmical Gas Dynamics held at the Smithsonian Astrophysical Observatory, Cambridge, Massachusetts in June, 1957. He was also one of the invited speakers at the Seminar of Applied Mathematics held by the American

### GRADUATE STUDENTS PROGRESS

James H. Bramble, Research Assistant in the Institute for Fluid Dynamics has accepted a position with the General Electric Company in Cincinnati, Ohio where he will work in the computation laboratory on stress analysis problems.

Jack Norton, former graduate student in Electrical Engineering, is an engineer in IBM's Binghamton-Endicott Division in Binghamton, New York.

### MARYLAND MEN AT MARTIN

John P. Hudak, '56, is with the Martin Company in Baltimore working in the P6M Seamaster Project as an engineer doing design and development work in the Support Equipment Group. Sheldon Koellish, '54, is in charge of the technical group on instrumentation for the P6M.

J. Robert Esher, Jr., '43, has had a variety of assignments at the Martin Company including Staff Design Specialist for Circuit Analysis, Group Engineer on an automatic data processing project, and Acting Section Chief. He is now Supervisor of the Electronics Reconnaissance Subsection in the Electronics Department.

N. Elliott Felt, Jr., '50, has one of the most exciting jobs offered in today's engineering world. As Operations Manager of the Vanguard project, he is responsible for divisional activities necessary for the development of the rocket which will boost the history-making IGY satellites into their orbits.

Bastian "Buzz" Hello, '47, B-57 Project Engineer, is responsible for engineering effort including aero, stress, electronics, control and flight test.

George Wannall, '42, is a Project Engineer on air-to-surface missiles in the Orlando, Florida division. Prior to his current assignment, he was an Assistant Project Engineer on the B-57 and on the Oriole, and an expert on airframe vibration in the Dynamics Section.

William R. McCormack, '50, is in charge of the design of the airborne electronic guidance system for the Martin Company's Lacrosse surface-to-surface missile. Formerly he designed guidance systems for the Matador and other missiles, and he worked on the design of a digital data handling system.

A. Lawrence Guess, '51, a Senior Engineer, teaches "Analytical Methods for New Design" and among other things, establishes preliminary design criteria for missiles and aircraft.

systems to furnish electricity to the many electronic mechanisms. Dale Scott is the Chief Engineer of the Electrical Section at the Martin Company. His section designs the power generation and distribution systems for Martin aircraft and missiles.

Carl G. Auld, '56, who has been Lead Engineer for the design and development of test equipment for the "Bullpup" missile, is now a Staff Engineer for the Support Equipment Design Department.

#### ALUMNI ELECTIONS

S. Chester Ward, '32, member and past president of the Engineering Alumni Board, was re-elected in May, 1957, to a second term as City Councilman, District 2, College Park. He is engaged in engineering development work with Washington Gas Light Company.

Charles R. Hayleck, Jr., '43, was elected President of the Engineering Alumni Board for a one-year term last June. He is Associate Professor of Mechanical Engineering at the University.

#### EUMONT ACCEPTS POSITION

H. W. Eumont, Jr., '52, has accepted a position with the newly-formed Amoco Chemicals Corporation, subsidiary of Standard Oil of Indiana, as Assistant to the Vice President of Marketing.

#### SENDER APPOINTED CHIEF ENGINEER

Lisle H. Senger, Jr., '44, has been appointed Chief Mechanical Engineer, Construction Division, Gulf District, U. S. Corps of Engineers, Tehran, Iran. Mr. Senger was previously with the Office of the Chief of Engineers, Washington, D. C. Mrs. Senger and their children are also in Tehran.

### GRADUATES FROM ORIENTATION COURSE

Capt. John R. Gauld, Med. '55, recently was graduated from the military medical orientation course at the Army Medical Service School, Fort Sam Houston, Texas. The course, designed for newly commissioned officers, stressed medical service in combat. Capt. Gauld has received orders assigning him to Walter Reed Army Medical Center, Washington, D. C.

### FACULTY TO MARK 150TH ANNIVERSARY

Dr. William S. Stone, Dean, has recently announced plans for a Faculty Convocation to be held on Wednesday, December 18, in honor of the 150th anniversary of the granting of the charter to the School of Medicine.

This auspicious occasion will be marked by appropriate exercises and current plans are that they will take place in historic Chemical Hall and will serve to rededicate the principles and ideals of the school in the same environment in which they were created a century and a half ago.

### BULLETIN TO BE PUBLISHED SIX TIMES A YEAR

Following a recent meeting of the Editorial Board of the Bulletin of the School of Medicine it was announced through the office of the Dean that the School of Medicine will publish a condensation of the activities of the various departments of the School of Medicine during the previous year. This annual report will be published as an additional number of the Bulletin of the School of Medicine and will be included in the annual subscription price without additional cost. It is expected that the "annual report number" will constitute a newly added December number, to appear some time shortly after Christmas. The index for the year will appear also as a part of the annual report number. Scientific articles and school news will not be carried in this edition.

### NEW DEPARTMENT ORGANIZED

Dr. Gladys Wadsworth, formerly of the Department of Anatomy, has been named head of the newly organized Department of Physical Therapy. Housed in temporary quarters on the fourth floor of the Gray Laboratory, Dr. Wadsworth began the first course in physical therapy with a class of four students. With renovations of the old laboratory and classroom spaces nearly complete, the Department now begins its second year of increasing activity and service to the School of Medicine.

Extensive alterations are being made in the Bressler Research Laboratory to provide additional laboratory space and animal quarters for research. New laboratories for surgical research and enzymology have been constructed on the sixth floor for the Department of Surgery under the supervision of Dr. Robert W. Buxton, Professor of Surgery.

For the departments of Medicine and Microbiology, extensive revisions have been made on the fifth floor to provide enlarged quarters for the section of Infectious Diseases. Eight sterile cubicles, a tissue culture laboratory, enlarged animal quarters for small infected animals, monkey quarters, and a ramp connecting the Bressler Laboratory with animal quarters on the top floor of the Gray Laboratory have been built.

Other new laboratories on the fifth floor are the laboratories of the Section on Pulmonary Diseases, Dr. William S. Spicer, Director, and the Section of Endocrinology and Metabolic Diseases, Dr. Thomas Connor, Director, both of the Department of Medicine.

The Rh laboratories have been rebuilt and provided with new quarters on the fifth floor of the Bressler Building.

An unrestricted grant of \$5,000 from Wyeth, Incorporated, Philadelphia, Pennsylvania, has been awarded to Dr. Theodore E. Woodward, Professor of Medicine and Head of the Department for research in infectious diseases. Dr. Eugene Blank has been appointed a Wyeth Fellow in Medicine from January 1 to June 30, 1958 under this grant.

The lecture room on the second floor of the Bressler Laboratory was completely air-conditioned and sound proofed during the summer.

#### DR. KUMP HEADS MEDICAL SOCIETY

Dr. Albert B. Kump, class of 1938, and an outstanding Bridgeton, New Jersey physician and surgeon, was recently installed as president of the Medical Society of the State of New Jersey.

A native of Bridgeton, Dr. Kump is a second generation member of one of the State's most prominent medical families. His mother, the late Dr. Reba Lloyd, was beloved and respected by all who knew her and won high esteem in medical circles when women were first entering the field.

Dr. Kump graduated from the

STAR BAKING COMPANY, Crisfield, Md.

Bridgeton High School and the Blair Academy. He later entered Johns Hopkins University receiving his Bachelor of Science degree in 1933. After his graduation from the School of Medicine in 1938 he served an internship at the Cooper Hospital in Camden, New Jersey and then entered practice in Bridgeton. He is a member of the Bridgeton Hospital Surgical Staff and has been Chief of Obstetrics there since 1946.

Dr. Kump has been a pioneer and leader in industrial medicine, serving as plant physician for the Owens-Illinois Glass Company's Bridgeton plant since 1940. He is also active in numerous professional and lay organizations being Past President of the Cumberland County Medical Society and has served as chairman of the Subcommittee on Medical Practice of the Medical Society of New Jersey.

As a tribute for his humanitarian service to the people of Bridgeton he was awarded first honorable mention in the 1957 American Legion Citizenship Award program—one of the highest honors an individual can receive.

#### CARIBBEAN CRUISE REPORT

The response to the Medical Seminar Cruise to the Caribbean has been most gratifying to date and those wishing to

go who have not yet made reservations should delay no longer. The American Academy of General Practice will allow 15 hours of Category I Credit to those attending the lectures.

The Stockholm—a 525 foot passenger liner, the largest ever constructed at a Swedish Yard—will sail from Wilmington, North Carolina on November 30th, arriving at Havana on December 2 and Nassau on December 4; returning to Wilmington on December 6.

Among the recreational facilities aboard the Stockholm will be outdoor and indoor swimming pools, deck tennis, trap shooting, bridge tournaments, a concert orchestra, a library and a gymnasium.

Conducting the cruising classrooms will be University of Maryland School of Medicine faculty members, Dr. R. Adams Cowly, Associate Professor of thoracic surgery; Dr. Martin Helrich, Professor of Anesthesiology; Dr. John Young, Professor of Urology and head of the Division of Urology; Dr. Leonard Scherlis, Associate Professor of Medicine; and Dr. Melchijah Spragins, Associate in Pediatrics.

### MILITARY SCIENCE

#### KEMP PREPARES FOR NEW FIELD

Lt. Colonel Robert M. Kemp, '55, recently retired from the U. S. Army. He enlisted at the age of 18 in 1937 and during his 20 years service he held a variety of assignments at posts in many areas of the United States as well as in the Far East and Europe. He is presently writing his thesis for an M.A. at George Washington University. He will move to the San Francisco Bay area soon where he plans to take more graduate work for a doctorate in business administration prior to entering business.

#### CLAUNCH PROMOTED FULL COLONEL

Thomas H. Claunch, Sr., '54, has been promoted from lieutenant colonel to colonel. Col. Claunch received his commission in 1935 through the Reserve Officers Training Corps program at the University. He entered active service in January, 1941, and attended the U. S. Army Infantry School's basic officers course at Fort Benning. The 49-year-old soldier served as district transportation officer in the European

Theater during World War II, continuing in that capacity through January, 1946. He assumed his present duties at Fort Benning, Georgia in September, 1956.

#### GRADUATES

Capt. George A. Millener, Jr., '50, recently was graduated from the 31-week officer advanced course at The Infantry School, Fort Benning, Georgia. Captain Millener was instructed in the duties and responsibilities of a field grade officer. A holder of the Silver Star and the Purple Heart, he entered the Army in July, 1950.

#### SWORN IN AS CAPTAIN

Ellis F. Anderson, '56, was sworn in as a Captain in the Regular Army recently by Colonel David L. Edwards, Washington Military District chief of staff, in Washington, D. C. Anderson will continue to serve as a Reserve major on active duty status.

#### COL. HART IN JAPAN

Lieutenant Colonel Clarence Hart, '56, was recently assigned as Chief of the Supply Branch, Maintenance and Supply Division, Ordnance Office, U. S. Army Japan at Camp Zama, 35 miles southwest of Tokyo.

Colonel Hart entered the Army in June 1941 and served in Alaska with the 53rd Infantry Regiment and the 309th Ordnance Battalion until his discharge in February 1946. From November 1948, when he re-entered the Army, until 1951 he served with the Mission to Argentina. Subsequent assignments included duty with the Office of the Chief of Ordnance, Washington, D. C., and the Birmingham Ordnance District, Alabama.

After his arrival in the Far East in January, 1957 he served with the 1st Cavalry Division in Japan and Korea until his present assignment.

is to aid states in training more personnel for mental health programs and increasing research in mental health and illness.

#### MAJOR TRAVERS TRANSFERRED

Major Estelle M. Travers, '39, transferred from Korea to Fort Belvoir, Virginia. Commissioned in 1939, Major Travers is on temporary assignment in the Office of the Surgeon General of the Army to assist in a study looking toward modernization of the Army nurse's field clothing. Other assignments have included Iceland and the Pacific Theatre of Operations. While in Korea she was advisor to Lt. Col. Kim Eun Soon, Chief Army Nurse Corps, Republic of Korea.

#### NURSES PROMOTED

Verna J. Ritzmann, Mary L. Thompson, and Jean E. Weller, '54, were recently promoted to the rank of 1st Lieutenant in the Air Force Nurse Corps. They are currently serving in the 3700th USAF Hospital, Lackland Air Force Base, Texas.

#### TAKE NEW POSITIONS

Flora Hickman who was until very recently a part time nurse on the 10th floor of the University Hospital has now accepted a full time position as Industrial Nurse for Koester's Bakery.

Mrs. Fred McCrumb has accepted a position in the operating room at the University Hospital on a part time basis.

Mrs. Vera Martin, recently employed on the ninth floor of the University Hospital, has accepted a part time job with Stewart's Department Store, as an Industrial Nurse.

#### BURGEE PROMOTED

Sydney L. Burgee, Jr., '55, was recently promoted to specialist third class at Fort Richardson, Alaska, where he is assigned to the Army Dispensary.

Specialist Burgee, a pharmacist at the dispensary, entered the Army in January 1955 and completed basic training at Fort Jackson, South Carolina.

#### ANNUAL ALUMNI FROLIC

The Eleventh Annual Frolic of the Alumni Association of the School of Pharmacy was held at the Alcazar, Baltimore, November 7.

The frolic is provided by the Alumni Association early in the first semester of the school year for entertainment of the students and also to provide for the participation of fraternities, sorority, clubs and other groups of the school in competitive entertaining skits, for which prizes are awarded.

H. Nelson Warfield is President of the Alumni Association, and the committees and groups assisting were:

*Program Committee*

George Stiffman, Chairman  
Solomon Weiner, Co-Chairman

*Entertainment Committee*

James P. Cragg, Jr., Chairman, with Frank J. Slama in charge of the preparation of the skits provided by the students

*Place and Arrangement Committee*

Samuel A. Goldstein, Chairman

*Publicity Committee*

Jerome Stiffman, Chairman  
Charles Spigelmire, Co-Chairman

*Ticket Committee*

Solomon Wiener, Chairman  
Irving Cohen, Co-Chairman

Mr. Samuel Portney, First Vice-President, is general Chairman of all the Committees that function for the Annual Frolic.

**ALUMNI AID ORIENTATION EXERCISES**

The Alumni Association of the School of Pharmacy provided a luncheon for entering students and members of the faculty during orientation exercises, September 16.

The following pharmacists participated in the orientation exercises: H. Nelson Warfield, President, and Samuel Portney, First Vice-President of the Alumni Association of the School of Pharmacy; George Schmidt, President, and Joseph Cohen, Executive Secretary of the Maryland Pharmaceutical Association; Victor H. Morgenroth, President of the Baltimore Retail Druggists' Association; Stephen J. Provenza, Chairman of the Committee on Professional Relations; and Francis S. Balassone, Chief of the Division of Drug Control of the State Board of Health and also Secretary of the Maryland Board of Pharmacy.

**ALUMNI MATCH FOUNDATION GRANTS**

The American Foundation for Pharmaceutical Education, organized in 1942, and financed by gifts from manufacturers and friends in pharmacy, provides grants for graduate fellowships and teaching fellowships in pharmacy.

The Foundation also provides a grant of \$400.00 annually to a school of

pharmacy for undergraduate scholarships for qualified junior and senior students, providing the school provides a matching amount of \$400.00 for such scholarships.

For several years the Alumni Association of the School of Pharmacy has donated the matching \$400.00 for these scholarships to the School of Pharmacy of the University of Maryland. For the first semester of 1957-58 \$100.00 has been awarded to Jessie Lois Tracey, Box 200, Route 2, Reisterstown, and \$100.00 to Larry H. Pozanck, 4003 Coldspring Lane, Baltimore, with the understanding that an additional \$100.00 will be awarded to each of these students for the second semester if a superior record during the first semester is maintained.

Two full scholarships, valued at \$500.00 each in the School of Pharmacy have been provided by the Alumni Association for the session of 1957-58. The recipients were: Lois Lee, Route 5, Cumberland, Maryland, and Aaron Kadish, 292 S. Spring Court, Baltimore 13, Maryland.

## COMPLETED CAREERS

DR. S. H. WINTERBERG

Dr. Samuel H. Winterberg, associate soil chemist with the University of Tennessee Experiment Station, died June 11 of a heart attack. A native of Maryland, Dr. Winterberg graduated from the University of Maryland in 1928 and received his doctor's degree at Rutgers. Dr. Winterberg had been with the University of Tennessee since 1936, working primarily on evaluation of phosphate fertilizers and the availability of phosphates. He was widely known in this field of research.

the School of Medicine recently passed away.

#### A. D. COCKEY

Alexander D. Cockey, a 1907 graduate of the College of Engineering, died recently at his home in Mount Washington, Maryland. Burial was in Druid Ridge Cemetery. Mr. Cockey was a nationally known figure in the field of contract bonds, and he was at one time referred to as the "dean" of contract underwriters in America. He was employed by the Maryland Casualty Company from 1911 until his retirement in 1953.

#### JOSEPH THOMAS SCHNEIDER

Joseph Thomas Schneider, Ag. '53, died in an auto accident on April 5, 1957 in Kennett Square, Pennsylvania.

#### GEORGE H. RIGGS

Dr. George Henry Riggs, Med. '91, succumbed March 10 after an illness of several months. A native of Ijamsville in Frederick County, it was there that he founded Maryland's third oldest institution for nervous and mental diseases in 1896. He sold it in 1939 and continued in private practice until 1950, never taking a vacation until his retirement after the age of 80.

In addition to the successful management of his sanitarium and the accompanying and ensuing private practice, Dr. Riggs was on the executive staff of the Frederick (City) Memorial Hospital and lectured in the Nurses Training School for more than a quarter of a century. He was a former member of the Tri-State Medical Society of Maryland, Virginia and the District of Columbia, and the Clinical Society of Maryland. He was a life member of the American Medical Association, a Fellow and Life Member of the Maryland Psychiatric Society, Fellow Emeritus of the Maryland Psychiatric Association, Life Member and Fellow of the American Psychiatric Association, Life Member of the Maryland Alumni Association, Past President of the Frederick County Medical Society, of which he was a Life Member, and held Life Membership in the Medical and Chirurgical Faculty of Maryland.

#### FRANK G. STEWART

Frank Gregory Stewart, Engineering '12, died of a heart attack at his home in Washington, D. C. on September 10, 1957. He was associated with the automobile business here from its earliest days, being a founder and first president of the Automobile Old Timers. Mr. Stewart was president of the Standard Automobile Supply Co., Inc., an

organization which he set up in the early 1920s. He was a member of George Washington Post of the American Legion, the Washington Board of Trade, and the Republican Club, as well as All Souls Memorial Episcopal Church. This year he was serving as chairman of the automotive division of the United Givers Fund.

#### DR. OTIS LAWRENCE QUILLEN

Dr. Otis Lawrence Quillen of Saint Mary's, West Virginia, died at his home on April 30, 1957 following a short illness.

A native of Letart Falls, Ohio and a member of the class of 1912, he began private practice in Belleville, West Virginia and later moved to Jacksonburg, West Virginia and Belpre, Ohio before settling in Saint Mary's in 1932.

Dr. Quillen was a member of the American Medical Association, the West Virginia Medical Association and the Parkersburg Academy of Medicine. He was appointed superintendent of the West Virginia Training School in May, 1942 serving until April, 1944. For a time he had been county health officer and served in many civic organizations.

#### DR. WILLIAM WILEY CHASE

Dr. William Wiley Chase, class of 1927, and resident of Washington, D. C., died at Garfield Hospital on May 16, 1957. Dr. Chase had recently been nominated Chairman of the Department of Surgery at the new Washington Hospital Center. A trained general surgeon, he had been particularly interested in surgery of the stomach and large intestine.

A native of Baltimore and a graduate of Western Maryland College, he became a member of the resident staff of Garfield Hospital following his graduation from the University of Maryland School of Medicine. From 1942 to 1946 he served in the Army Air Force Medical Service and was chief of the surgical service in hospitals in Denver, Colorado and Omaha, Nebraska. In 1955 the honorary degree of Doctor of Science was conferred upon him by his alma mater, Western Maryland College of which he was a member of the Board of Governors.

#### DR. R. EDWARD GARRETT

Dr. R. Edward Garrett, class of 1890 and former superintendent of the Spring Grove State Psychiatric Hospital in Maryland, died on June 14, 1957. He was 89 years old.

A graduate of the Baltimore City College, Dr. Garrett served as resident physician for 5 years in the psychopathic division of the Bay View Hos-

pital (now Baltimore City Hospitals) after his graduation from medical school. He then served briefly as an Assistant Resident in surgery at the Johns Hopkins Hospital and later as Assistant Physician at the Spring Grove Hospital beginning in 1889. He served as superintendent from 1928 until 1935.

---

## SOCIAL NOTES

---

#### ENGAGEMENT

Mrs. W. C. Gourley of Sewickley, Pennsylvania, announces the engagement of her daughter Nancy Ann, a 1956 graduate of the College of Home Economics, to Mr. Alfred James Wharton who is now serving with the United States Navy. Mr. Wharton is stationed at Bainbridge, Maryland.

#### MARRIAGES

Miss Eva Altmann and Rabbi Herbert Birnbaum were married August 12 in Philadelphia, Pennsylvania. Rabbi Birnbaum is a graduate of Johns Hopkins University, received an M.A. degree from Georgetown University, and is now working for a doctorate at the University of Maryland.

Miss Julia Antrim and Mr. John H. Snyder were married September 18, 1956. Both are graduates of the University. Mr. Snyder is employed by Western Electric Company, Baltimore.

Mr. Richard Crompton, a 1953 graduate of the College of Engineering, was married to Joan Anderson August 31. Mr. Crompton was recently appointed Assistant Project Engineer with Bendix Radio Division, Bendix Aviation Corporation, Baltimore.

Jane Alice Boynton, formerly of the school of Nursing, left August 29 to drive to Denver, Colorado. From there she will fly to San Francisco to be married in Berkeley to Dr. Robert W. Day. Dr. Day is a native of Framingham, Massachusetts.

Patricia Ann Killingsworth, H.Ec. '56, and Thomas M. Lescalleet, Jr., B.P.A. '56, were married on June 13 at St. Jerome's Church in Hyattsville. They are residing in Tokyo, Japan.

#### BIRTH

Mr. and Mrs. Paul Walter, 1952 graduates of the College of Arts and Sciences, take pleasure in announcing that on August 21 a son, Harold Mark Walter, was born to them.

**She helps people find the products and services they want.** Mrs. Vonna Lou Shelton, telephone representative in Minneapolis, Minn., checks the advertisements that business men have placed in the classified directory.

PHOTOGRAPHS BY ANSEL ADAMS

## This telephone girl is a big help to businesses

When you think of a telephone woman you probably think of the operator. But there are many other women at the telephone company who do important jobs for you. And they, too, have the "Voice with a Smile."

For example, Vonna Lou Shelton handles a very necessary service in the business man's world. She is one of many women throughout the country who help different concerns plan and place their advertising in telephone directory Yellow Pages.

Friendliness, good judgment, and follow-through have won for Mrs. Shelton the confidence of business men who appreciate quick, competent service and painstaking efficiency.

Vonna Lou's life is filled with people. Among her principal off-the-job interests are her husband and Sunday School class.

She's a program chairman of a missionary society. Sparks many a fund-raising campaign. Goes to college to study piano and takes lessons to improve her golf.

Like so many folks in the telephone company, Mrs. Shelton has made a lot of friends—on her own, and on the job.

"I don't know of any other work," she says, "that would bring me so close to all my neighbors. Our customers get to think of us as their personal representatives. I like that a lot."

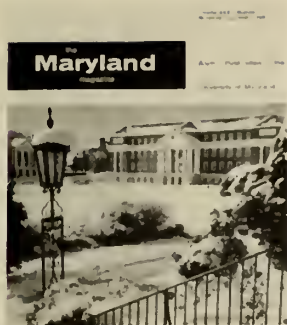

**She has a loyal following in the "younger set."** Mrs. Shelton has a way with the children of the neighborhood which inspires a faithful attendance at her class in Sunday School.

Working together to bring people together . . . **BELL TELEPHONE SYSTEM**

#### COVER:

*By the time this issue goes to press most of the furnishings, equipment and books will have been moved into the University's new Main Library building at College Park. The March-April issue of MARYLAND will give readers a photo tour of the new facility. This exceptionally fine photograph was taken after December's snow storm by Mrs. Lore Grossman, photographer for the University's Photo Laboratory.*

## THE ALUMNI DIARY

Dear Fellow Alumni:

They are few in number, for the most part unknown to each other, but possessing the common denominators of foresight, dedication and faith. Such were the men of vision who in their separate paths established the foundations and laid the cornerstones upon which grew the ivy of educational history and progress leading to a great combine of individual facilities, diversified minds, and separate schools. The birth of the University of Maryland was not an easy one. In some instances unity was hard to come by, adequate nourishment failed to reach some of the members, and some fractures healed slowly. The doctors were patient, understanding and wise. Carefully nurtured under firm hands the infant of 1920 has come of age as an institution respected around the world for the products it has produced, the research results obtained, and the service it has rendered. Such is the University of Maryland of 1958.

An Alumni Association, similar in many ways to the early University itself, stands upon a threshold. Alumni of divergent professional interest, separate academic backgrounds and often unrelated experiences have discovered a common goal. Backed by a University-supported Office of Alumni Affairs, Office of University Relations, and an Office for Endowment and Development, the Alumni Association looks ahead to many unified and productive years. Across the years and across the country, graduates join in the pride of complete accreditation, accomplishment in research, athletic success, plant development, faculty achievement, and the reflected credit of fellow alumni who have climbed the competitive ladder to fame.

Recent highlights have been the launching of a Greater University of Maryland Fund, headed by a Past President of the Alumni Association; strong and successful programs by alumni clubs in Baltimore, Cumberland and New York; development of a long-range policy program in which the University and the Association are full fledged partners; and the almost certain realization of increased alumni memberships, more scholarships, more alumni clubs, and a Student Union building for the Baltimore campus in the not too distant future.

The goal ahead is an even greater University with full appreciation of two points—the State of Maryland has provided at least 40% of the financial need toward the average graduate's education, and on the average a college degree is worth \$100,000 more in lifetime earning power than only a high school diploma. Repayment is anticipated in the form of increased alumni participation to assist the total University in her forward momentum and to assure an ever increasing number of young people the same opportunity we as alumni have enjoyed. Together we go forward!

As ever,

DAVID L. BRIGHAM  
*Director of Alumni Relations*

# Perhaps it's later than you think!

Your son. His eager young mind is on football now. But soon, in high school, he'll be grappling with Science, and English and History. Then, almost before you know it, you and he will be trying to decide on where he'll go to college.

*Will you be too late?*

At this very moment our colleges and universities are facing a crisis. Despite all their efforts to meet the challenge of growing pressure for applications, they are hampered by lack of funds. That pressure will continue and increase. The number of boys and girls who want to go to college—and will be qualified to go to college—is expected to *double* in 10 years.

Meanwhile the needed expansion is far more than a matter of adding classrooms, laboratories and dormitory space. There must be a corresponding increase in faculty strength. The profession of college teaching must attract and hold more first-rate minds.

This problem vitally affects not only students and their parents but business and industry as well. There is a pressing need for scientists—for teachers and civic leaders—for business administrators and home-makers—who have learned to think well and choose wisely. They are and will continue to be the backbone of our strength as a nation.

Freedom needs educated people. In this country, those who *lead* are those who *know*. Help the colleges or universities of your choice—now!

If you want to know what the college crisis means to you, send for the free booklet, "The Closing College Door," to: Box 36, Times Square Station, New York 36, New York.

*Sponsored as a public service, in cooperation with the Council for Financial Aid to Education*

## CAMPUS NOTES

### "MISS EDITH" FROTHINGHAM RETIRES AFTER 36 YEARS OF UNIVERSITY SERVICE

Miss Edith M. Frothingham, affectionately known to many faculty, staff, and students as "Miss Edith," recently retired after 36 years service to the University. From October 1, 1921, until her retirement, Miss Frothingham worked as a secretary, bookkeeper, and for many years as Administrative Assistant to the Director of Finance and Business. At various times she handled all personnel records, maintained financial records of intercollegiate athletics, and maintained student activities funds.

Born in Laurel, Miss Frothingham graduated from Laurel High School in 1907. Following her graduation from business school a year later, she went to work in Washington, D. C., as a secretary and bookkeeper, working in this capacity for several firms in Washington and Laurel until 1921.

Miss Frothingham lives with her three sisters at 327 Prince George St., Laurel. Miss Alma Frothingham is Administrative Assistant to the Dean of the College of Education at the University and Mrs. Claudia Frank is employed by the Business Office. The third sister, Miss Alice Frothingham recently retired from long federal service.

### PLUMMER NAMED DIRECTOR OF PROCUREMENT AND SUPPLY

Clayton R. Plummer, Purchasing Agent and Supervisor of Stores at the University of Tennessee, Knoxville, for the past 11 years, has been appointed Director of Procurement and Supply for the University.

Plummer succeeds George W. Warren who was recently appointed Director of Purchasing of Baltimore City.

A native of Laconia, New Hampshire, Mr. Plummer was educated in New Hampshire public schools.

He holds a B.S. degree in architecture from the University of New Hampshire and a Master's degree in education from Springfield College, Springfield (Mass.).

Before entering the purchasing field, Plummer was an Assistant Professor on the staff of the University of Tennessee Department of Mechanical Engineering.

He is a Past President of the Purchasing Agents Association of East Tennessee, an affiliate of the National Association of Purchasing Agents. He has also served as a regional chairman of the National Association of Educational Buyers.

Plummer is married and has three children.

### BUST OF GLENN L. MARTIN IS DEDICATED

A bust of the late Glenn L. Martin was presented to the University by The Martin Company, October 14 at the Glenn L. Martin Institute of Technology.

The bust was sculptured by Marcello Storelli, of Baltimore, and will be displayed permanently in the rotunda of the Mathematics Building.

Dr. Elkins accepted the gift on behalf of the University from William B. Bergen, Executive Vice President of the aircraft company.

The Glenn L. Martin Institute of Technology is made up of eight buildings and houses the entire College of

Engineering together with many of the academic and research departments of the College of Arts and Sciences.

Formal dedication of the Institute took place in March, 1955, although construction had been carried on previously over a period of six years.

Guests attending the ceremony included The Martin Company officials, and University administrative officers, deans, department heads, faculty and students.

In his address accepting the bust for the College of Engineering, Dr. Fred-eric T. Mavis, Dean, outlined outstanding events in Mr. Martin's career and remarked:

"Many of us here (and I am one) did not know Mr. Martin when he was

alive. Yet everyone who sets foot on this campus can see his influence; everyone who looks skyward can share his aim. He was a pioneer in aviation, an air ace, a builder of aircraft, a benefactor of mankind.

"Mr. Marcello Storelli, the sculptor, has wrought in the strong bust that we unveil today, something more than the work of his skilled hands. He has given us a fresh opportunity to look to our horizons which, in one way or another, are highlighted by the spirit of Glenn L. Martin."

Representing the Martin Company were:

William B. Bergen, Executive Vice President; Daniel W. Sicmon, Vice President-Industrial Editor; Albert L. Varrieur, Vice President and General Manager; Herman Pusin, Director-Baltimore Engineering Division; John Hollyday, Director of Personnel; John H. Pond, Manager-Education; Ray Wilburn, Executive Development Administration; Joseph M. Rowland, Corporate Director, Information Service; Clarence W. Miles, General Counsel; and Marcello Storelli, Sculptor.

Representing the University were:

Mr. Charles P. McCormick, Chairman, Board of Regents; Mr. Harry H. Nuttle, Board of Regents; Dr. Thomas B. Symons, Board of Regents; Dr. Wilson H. Elkins, President of the University; Dr. Albin O. Kuhn, Assistant to the President; Mr. Alvin E. Cormeny, Assistant to the President for Endowment and Development; Dr. R. Lee Hornbake, Dean of the Faculty; Dr. Ronald Bamford, Dean of the Graduate School; Dr. Frederic T. Mavis, Dean of the College of Engineering; Dr. Leon P. Smith, Dean of the College of Arts and Sciences; Mr. Robert J. McCartney, Director, Office of University Relations; Prof. Russell B. Allen, Acting Head of Civil Engineering; Prof. John L. Bryan, Head of Fire Protection Curriculum; Prof. George F. Corcoran, Chairman of Electrical Engineering; Dr. Nathan L. Drake, Head of the Chemistry Department; Dr. Wilbert J. Huff, Chairman of Chemical Engineering; Dr. Stanley B. Jackson, Head of the Mathematics Department; Prof. A. W. Sherwood, Acting Head of Aeronautical Engineering; Dr. John S. Toll, Head of the Physics Department; Dr. John E. Younger, Chairman of Mechanical Engineering; Mr. Robert C. Byrus, Director of Fire Service Extension; Mr. Donald S. Gross, Director of Wind Tunnel; Dr. Monroe H. Martin, Director of Fluid Dynamics Institute; Mr. J. D. Ramer, Librarian, Engineering and Physical Sciences Library.

*A recent acquisition of the library, scarce, back issues of the MUSIC SUPERVISORS JOURNAL, is here being examined by Mrs. Isabella Hayes, Librarian; Professor Homer Ulrich, Head of the Department; and Professor Rose Marie Grentzer of the Department of Music.*

#### SPEECH THERAPY RECORDER DUBBED "SPEAKNIK"

A new type of tape recorder for use in speech therapy has been developed by the University's speech and hearing science division.

The new recorder "talks" to the patient, giving him a planned lesson which he may practice over and over again on the same machine.

Dubbed "Speaknik" by the speech science research staff, the recorder becomes the patient's "satellite" repeating speech signals that guide the patient in recording his own voice without necessary supervision by a speech therapist.

When a patient has finished recording, he may play the tape back and listen to his own speech signal and compare it to the original given through the machine. Without erasing the therapist's lesson, the student may erase his practice and begin again.

Dr. Hendricks, director of the project reports that, "an additional 50 percent of practice time can be provided through use of this machine in the treatment of speech disorders of articulation, voice, and aphasia, resulting from brain damage.

Dr. Hendricks stated that although the dual channel recording principle involved in this tape recorder is not new "the application of this principle to speech and hearing therapy has not yet been fully realized. Principle innovations by the research team have been

simplification of recording controls so that the machine can be used by untrained personnel, and the preparation of lesson plans for all kinds of patients."

Willing guinea pigs in the research project have been foreign students attending the University who have made use of the machine in correcting their foreign accent.

Development of the tape recorder was made possible by a grant of \$15,000 to the University by the Department of Health, Education and Welfare in June of this year.

#### FLUORIDATION EFFECT ON BALTIMORE CHILDREN UNDER STUDY

The first study of the effectiveness, economic value and benefit to children resulting from the fluoridation of Baltimore drinking water has entered its second phase at the School of Dentistry.

Since 1952, when the fluoridation process was first used in the city, researchers, under the direction of Dr. Donald E. Shay, Professor of Microbiology, have examined more than 500 children between the ages of five and twelve for the extent of caries, or decay in the teeth of each child.

"This particular group of children was chosen because it is at this age that caries involvement usually begins. Additionally, this group had not had the advantage of drinking fluoridated water

*(Continued on next page)*

## Campus Notes

*Continued from page 5*

since birth," Dr. Shay said.

He pointed out, "The information gained from these examinations forms the basis for a comparison with phase two of the problem."

The second part of the investigation involves the examination of more than 500 additional children between the ages of five and twelve.

Goals of the two-phase research problem include a tabulation of the teeth prone to decay, the incident of decay involvement in these particular teeth and also the frequency of location of decay.

"In carrying out our research goals, we shall be able to place fluoridation value on a dollars and cents basis," he declared.

Taxpayers of Baltimore city have been paying approximately \$75,000 a year, or 10¢ per capita, since 1952, for the fluoridation process, according to the Council on Dental Health of the Maryland State Dental Association.

### FOURTEEN PHARMACY STUDENTS AWARDED SCHOLARSHIPS

Fourteen students at the University's School of Pharmacy are the recent recipients of scholarships.

The Read's Drug Stores' Foundation, Inc., has awarded scholarships to six School of Pharmacy students. Originated in 1944, these scholarships are made available to sophomore, junior or senior students with superior scholastic averages and financial need. Three of the six students receiving awards are sophomores. They are Albert H. Warfield, Morton D. Richman, and Martin C. Shargel, all of Baltimore. Two juniors, Melvin Chaiet and Sorell L. Schwartz, both of Baltimore, also received Read Scholarships. The sixth scholarship was awarded to Senior Class President Jay R. Brinsfield, of Rhodesdale, Md.

The University Alumni Association has awarded a scholarship to Murray C. Spear, a junior from Baltimore. Two scholarships were given by the Alumni Association of the School of Pharmacy to Jessie L. Tracey, a sophomore from Reisterstown and Larry H. Pozanek, a junior from Baltimore. Originated in 1954 by the School of Pharmacy Alumni Association, the scholarships are available to sophomores, juniors, or seniors with outstanding scholarship and a financial need.

The American Foundation for Phar-

maceutical Education has awarded scholarships to Baltimore students Harry Bass and Marvin Saiontz. They received the scholarships on the basis of their superior "B" academic average.

Ronald Goldner of Baltimore has been awarded a scholarship to the School of Pharmacy by the Carroll Chemical Company. Originated in 1956, the scholarship is granted to a sophomore with a superior academic average during his freshman year and a financial need.

The Noxzema Foundation has awarded scholarships to two Baltimore students. The recipients are William Theodore Clinger and Michael B. Rodell. Originated in 1952, the Noxzema Foundation scholarships are awarded to undergraduates on the basis of educational qualifications.

*Miss Anna Urban (left) is shown as she presents a gift to Miss Kate White marking Miss White's 40th Anniversary as Assistant Librarian at the University Library.*

### PHI BETA KAPPA ASSOCIATION AWARDS SCHOLARSHIP

John W. Dorsey, Jr., of Sharpsburg, has been awarded a scholarship sponsored by the Phi Beta Kappa Association of the University.

Mr. Dorsey, a senior, majoring in Economics, has been active in many campus activities and is currently serving as President of the Men's League. He is also a member of the Student Life Committee, Secretary of Omicron Delta Kappa, men's honorary fraternity, and has a seat on the Executive Council of the Student Government Association. In addition, Mr. Dorsey is a pledge of Phi Sigma Kappa fraternity.

The scholarship, which Mr. Dorsey received, is offered by Phi Beta Kappa

members officially connected with the University of Maryland. It is awarded to that student who, at the end of his junior year, has attained the highest cumulative scholastic average and whose basic course program has been in liberal studies. Awarded this year for the first time, the scholarship carries a grant of \$250.

The award presentation is a part of the Phi Beta Kappa Association's efforts to bring a chapter of the leading scholastic honorary to the University of Maryland campus.

### APPLICATIONS OPEN FOR ALPHA LAMBDA DELTA FELLOWSHIP

The National Council of Alpha Lambda Delta will award the Alice Crocker Lloyd Fellowship for graduate study for use during the 1958-1959 academic year. Any member of Alpha Lambda Delta graduating in 1956, 1957 or 1958 who has maintained the scholastic average (3.5) throughout her college career is eligible. About 40 girls from the University are eligible to receive this fellowship. They will be in competition with members of Alpha Lambda Delta from the 79 chapters throughout the nation.

The applicants will be judged on (1) scholastic record, (2) recommendations submitted, (3) the soundness of the applicant's project and purpose, and (4) to some extent on need. Interested Alpha Lambda Delta members who are eligible for this award should discuss the matter of applying for the fellowship with Miss Julia Billings, Assistant Dean of Women and advisor to the Alpha Lambda Delta chapter at the University. Application blanks and information sheets may be obtained from the Dean of Women's office or directly from the National Fellowship Chairman.

Six years ago, in 1951, Marilyn Langford, a graduate of the University won the Alice Crocker Lloyd Fellowship.

### PHS GRANTS TO UNIVERSITY TOTAL \$255,867

A report issued by the National Institutes of Health listing research grants has revealed that the University was awarded a total of \$255,867 by the Public Health Service during the months of July and August, 1957.

The School of Medicine received \$146,070 for studies in the area of pediatrics, medicine, neurology, pharmacology, neurophysiology, bio-chemistry, obstetrics and gynecology, physiology, surgery and anatomy.

*(Continued on page 23)*

# Explanation of Fund Operation Received Enthusiastically

Explanation of the operation and management of the Greater University of Maryland Fund received enthusiastic acceptance by the Fund's Board of Governors at their first organizational meeting held December 10 at the Sheraton-Belvedere Hotel, Baltimore.

A demonstration outline of the functions and responsibilities of the Fund's volunteer officers was presented to the Board and four soon-to-be mailed promotional publications and an organizational handbook were distributed for their inspection and discussion.

Dr. Albert E. Goldstein, Chairman of the Fund, expressed his personal gratification for the interest displayed by the members of the Board and by University personnel who have accepted key responsibility in this year's program. Dr. Goldstein reviewed the background organization of the Fund and re-stated its four major objectives and the importance of each to the University:

- support the project for furnishing the planned Baltimore Student-Faculty-Alumni Center;
- sponsor the inauguration of scholarships to attract the better students to the University;
- purchase special collections for the completed Main Library on the College Park campus;
- maintain a Heritage Fund to preserve University traditions in a changing era.

Dr. Elkins told the large assemblage that the Greater University of Maryland Fund will play a vital role in the continuing growth of the University. He stressed the need for additional private funds to supplement monies received from the State Legislature and from the various income sources of the University. Dr. Elkins said the University is actively encouraging the growth of a strong faculty, providing the installation of first-class library facilities and setting higher academic goals for its students.

Intelligent guidance and sound financial support are essential to the University's continued development of quality and stature, Dr. Elkins added. "The Greater University of Maryland Fund," he concluded, "is not just another fund raising effort. Rather it is part of a broad program to make the University greater than ever. I am very gratified at the enthusiastic response of outstanding alumni who have volunteered to serve in this fund."

#### EDITOR'S NOTE

The following account reports high altitude rocket experiments conducted by the University of Maryland, Upper Atmosphere Group, aboard the U.S.S. *Launcher* off the Virginia Capes. It is written by Professor S. F. Singer, Department of Physics and is reproduced here because it presents in a lucid and imaginative manner information indicative of the vital work being carried on by the University in this area.

The University's newest rocket, the Oriole, is a one and a half stage, solid propellant rocket. It was conceived by Dr. Singer and designed by Richard T. Bettinger, graduate research assistant. Feasibility calculations were performed by Jyri Kork, graduate research assistant and construction was by F. Smith and H. Kriegsmann.

Col. Louis J. Poudre is administrative assistant to Dr. Singer for all government research projects, responsible for logistics and administration.

The Oriole, carrying a payload of one-half pound has an altitude of 500,000 feet. Its total weight is 22 pounds.

The Oriole and a modified Terrapin will be used for the University of Maryland Antarctic Experiments planned for 1958-59.

## Upper Atmosphere Group Fires Oriole and Terrapin Rockets In Shipboard Tests

#### SUMMARY

This operation is the first part of a proposed Antarctic rocket program and was designed to test out shipboard operations, as well as new rockets and new experiments. The rockets fired were three Terrapins and three Orioles. They are small, low cost but reach high altitudes. For example, the Oriole rocket, designed and built at the University of Maryland, weighs only about 20 pounds, is finless, can reach 100 miles.

The experiments were designed to produce artificial meteors with shaped charges; to investigate chemical reactions of nitric oxide; and to study temperatures and winds in the ionosphere with nitric oxide and sodium vapor.

All rocket firings were successful. Experiments were partially successful and are being analyzed.

#### LAUNCHING OPERATIONS

During the past few days we have completed an operation for firing very small high altitude rockets, some newly designed, from shipboard in order to learn new results about the properties of the outer atmosphere. This operation also acts as a sea trial for future rocket launchings from Navy ships to be conducted next year in the Antarctic.

There are three purposes involved in the operation: 1) to test out the feasibility of firing small rockets from ships; 2) to test out the new rockets as to their altitude capability and successful firing; and 3) to try out some new experiments for the upper atmosphere.

Because of bad weather we have had to break off operations after only one night of firing, October 29, but resumed

*Graduate Assistant Richard T. Bettinger illustrates the proportional size of the Oriole rocket.*

*Adjusting the firing mechanism for the Oriole launcher. The launcher originally built for firing the Terrapin rocket was adapted for use by the Oriole.*

again November 4-5. During one night we fired five additional rockets—two were Terrapins and three Orioles.

We can give an enthusiastic affirmative answer to question number one, namely that the feasibility of firing these rockets from shipboard has been proved to our complete satisfaction. The firings were coordinated by the Commander of Destroyer Squadron 6, Commodore G. G. Palmer and the men and officers of his flagship U.S.S. *Cone*, destroyer, but were conducted from our launching ship appropriately named the U.S.S. *Launcher* YV-2 a converted LSM under commanding officer Lt. C. R. Derrickson and his officers and men.

The operations were carried out under very difficult boundary conditions. They had to be done in twilight or at night with completely clear sky conditions so that optical observations of the rocket and of the experiments at high altitudes was possible from the ground. In addition it was necessary for the firing area to be clear of ships so as to reduce the danger of damage of an impacting rocket from its already minute value to practically zero. The U.S.S. *Cone* ran interference and requested passing ships to divert their course slightly during the firing operation. But since twilight lasts for about 30 minutes, it can be seen that it takes a combination of happy circumstances of clear skies, no ships in the area and relatively calm seas to effect a firing.

We found that the ship's company was extremely alert and interested in the experiments; they acted as optical observers and helped in many other ways, for example, in the installation of the rocket launcher on the deck and in preparing the rockets for firing, assembling of fins, etc. On the whole, the rocket operation also acted to boost the morale of the ship's company and the whole relationship was a very pleasant one, for all concerned.

Some positive results were obtained as follows:

We feel that we can prepare on an average of 20 rockets a day for firing with about three men. The handling efficiency

is such that rockets can be fired as close together as five minutes using the same launcher. And finally, a rocket can be loaded on the launcher and fired on command in something like 10 to 20 seconds. This fact is important for catching such rare unpredictable events as solar flares which must be observed with rockets flying above the ionosphere.

The shipboard operations with our small rockets can be considered to have been proved successful. All rockets functioned as expected. The preparation time was very short and comparable to land operations. In some respects shipboard operations were found to be easier since competent technical assistance was available at all times. We found, for example, that the *set-up time* to fire one Terrapin was 20 minutes, the set-up time for an Oriole about five minutes, i.e., that they could be fired at very close intervals and at short notice. For example, in one night's operation we fired five rockets—two Terrapins and three Orioles—and could have fired considerably more if rockets had been available.

#### DIFFICULTIES ENCOUNTERED

Some disadvantages were discovered and these may have influenced adversely the scientific results of the operation. In the first place only three days notice was given for commencing the operation. We received word on Wednesday evening to report aboard ship on the following Monday morning. In the meantime we had to prepare payloads and, in the case of the Oriole, some rocket components, and we had to plan and set up ground stations at two places along the coast. As a result, some of the preparation of payloads was handicapped. Another adverse factor was ship traffic in the Norfolk area. We missed many opportunities for making firings due to ships in the vicinity of the launch ship. It is expected, however, that the range safety problem will not

*Dr. Singer and Dick Bettinger assemble the last stage of an Oriole rocket. Note plastic foam cube to protect tip of rocket against damage before firing.*

*Setting up one of the two optical ground stations; this one located near the top of Cape Charles, Virginia. Left to right: Fred Hess, Laboratory technician; Dr. and Mrs. Hans Griem; Gilbert Bentley, laboratory technician and Robert Wentworth, graduate research assistant.*

exist for operations far away from the coast but unfortunately under the terms set up for this particular operation, it was not possible to go beyond about 20 miles from the coast.

Another adverse factor was weather. Since the optical observations had to be done with very clear sky, we had to interrupt our operation after only one night out and resume operations again the following week. Even then the weather was poor with intermittent haziness and partial cloud cover. Also the moon had come up and affected our ability to observe faint light emissions.

Nevertheless, in view of the urgency of getting our rockets tested in for shipboard firings, we decided to sacrifice some of the scientific results in order to complete our operation within the shortest feasible time.

#### ROCKET PERFORMANCE

Two types of rockets were fired: The Oriole Rocket and the Terrapin High Altitude Research Rocket.

The Terrapins, which were designed and built by Republic Aviation Corporation for the Upper Atmosphere Research Program at the University of Maryland, are designed for this operation to carry artificial meteor experiments and chemical bombs which are ejected into space at an altitude of over 400,000 feet and photographed from ground monitoring stations. Important data about the composition of the high atmosphere and such physical conditions of space such as temperature, winds and turbulence are expected to be obtained from these firings.

The first Terrapin rocket was fired on October 29; its performance just from ground observation lived up to all expectations and its altitude is estimated to be over 400,000 feet. This particular rocket carried shaped charges and a bottle of high pressure nitric-oxide gas. While the shaped charges were not observed to go off, the high pressure bottle was exploded successfully at the highest altitude and produced a faint whitish glow in the night sky. This glow came from chemical reactions between the nitric-oxide and atomic oxygen which is thought to be present at this high altitude since the sun's rays break up the normal oxygen molecules into atoms.

Two additional Terrapins were fired November 4-5.

Accompanying the Maryland scientists aboard ship was the Project Engineer for the Terrapin rocket, Republic Aviation, Mr. Morris Roth. He directed the installation of the rocket and the fusing and arming of the explosive circuits.

The Oriole rocket was test fired for the first time. It is a high altitude rocket of completely new basic design. Its cost is minimal and so is its weight, about 25 pounds. This vehicle was designed and constructed entirely at the University of Maryland. The indications are that it reached its design altitude of over 500,000 feet.

#### DISCUSSION OF EXPERIMENTS

Of the rockets fired, one Terrapin carried a sodium payload, two Terrapins carried a nitric oxide and shaped charge payload, and three Orioles carried a flash bomb.

All scientific results are based on optical observations. All firings must, therefore, be carried out in clear weather and in the absence of moon light or other disturbing illumination. Two elaborate optical ground stations were set up along the Virginia coast, at Wallops Island and near Cape Charles. They included special cameras with associated optical filters (interference filters), photometer of the photoelectric type, high resolution interferometer (Fabry-Perot) and sodium absorption cell. The latter two are very refined optical instruments which were used specifically for the sodium experiments.

The sodium experiments are based on a suggestion by Pro-

fessor D. R. Bates of Belfast, Ireland and were pioneered by the A. F. Cambridge Research Center. In our adaptation we use the Terrapin, a two-stage solid propellant rocket, based on the Navy Deacon and the Army T-55 rocket. All sodium experiments must be done in twilight. The time interval is strictly limited, of the order of 25 minutes and corresponds to the sun below the horizon but illuminating the interval between 10 and 60 miles. The sodium vapor cloud produced by our specially designed sodium bomb glows by scattered sunlight. From this glow one can determine the temperature of the upper atmosphere and from the motion of the cloud and its diffusion the winds and turbulence existing in the ionosphere.

The nitric oxide experiments were also pioneered by the Air Force. Chemical reactions of the nitric oxide give rise to a luminous cloud. This energy is stored in the form of dissociated oxygen and represents absorption of solar energy during the day. As a result of this stored energy, the nitric oxide will emit a glow visible from the ground. We were interested in determining the amount of light put out and the motion and diffusion of the cloud in order to determine winds.

The flash bomb firings serve to pin-point the height of the rocket by accurate triangulation.

The artificial meteor experiment is an attempt to produce for the first time artificial meteors by means of metallic jets from shaped charges. This experiment was suggested by Professor F. Zwicky of C.I.T. This experiment may tell what happens when high-speed particles travel through the atmosphere. It should give information on their heating up, vaporization and disappearance, as well as other factors of interest in connection with the upper atmosphere. We must record the brightness and velocity of the meteor particles but this can be very difficult because of their faintness. Therefore, it is especially essential here to supplement the data by visual observations, the eye being much more sensitive than film.

#### RECOMMENDATIONS

During the course of the shipboard operation the possibility was discussed of making additional launchings on the same ship, the U.S.S. *Launcher*, next January or February, in the vicinity of Guantánamo Bay, Cuba. The ship will then be operating in conjunction with Operation Springboard, an annual training exercise, but would be available for these rocket firings. This suggestion came from Com Dcs Ron 6, Capt. G. G. Palmer and the ship's captain. Lt. C. R. Derrickson. The new captain of the ship, Lt. H. H. Schleuning, Jr., who was aboard and who will be taking over command later this month also concurred with this suggestion. The advantages would be as follows: Practically no ship traffic and therefore firing at will, completely clear sky day and night and calm sea conditions.

This should give a possibility of testing out the Oriole rocket in more detail, both for optical and for telemetering experiments. We will also investigate the possibility of mounting our cameras to the Mark-25 radar which is used in connection with the Mark-37 fire control director on the accompanying destroyer. This procedure should give us pictures which are only slightly inferior to pictures taken from a ground station on land.

The following facts were ascertained regarding logistics: The U.S.S. *Launcher* will be operating under the Commander Caribbean Sea Frontier. The rockets can be loaded aboard before departure in early January. The instrumentation party from the University of Maryland with instrument heads can be flown from Washington to Guantánamo Bay via a Navy logistic aircraft, a service which runs every few days.

*The winner's smile belongs to Miss Peggy Wolfe, this year's Homecoming Queen. Riding in state around the stadium, she is flanked on the left by Mr. Fred Besley, '92, the University's oldest alumni present, and on the right by Mr. Clifton E. Fuller, '96, Maryland's first football quarterback. Miss Wolfe is a transfer student from the University of Oklahoma, and a member of Alpha Epsilon Phi sorority.*

## Homecoming Festivities Keep Alumni Stepping

ALUMNI AND THEIR FAMILIES RETURNED to the College Park campus October 26 for a round of Homecoming festivities which included a golf driving contest, Homecoming Chapel Service, a luncheon, the Tennessee-Maryland football game and an after-the-game reception in the Student Union and the Homecoming Dance.

One weary but obviously pleased alumnus, after completing the full schedule of events, said to a fellow alumnus, "Each year these Homecomings seem to involve more things to do and events to see. Either I've got to speed up or Dave Brigham's got to slow down!"

Although clouded by a 16-0 loss to the Volunteers of Tennessee, most alumni attended each scheduled event starting with the first annual Golf Driving Contest staged at the University's new driving range. For his top drive of 259 yards, winner Ray Bellamy, Arts and Sciences '55, was presented

with a trophy. Placing second was Del Beman, driving 246 yards; third place went to Joseph Deckman, '31, President of the Alumni Association, driving 226 yards. A second trophy was presented to Miss Esther Reid, Home Economics '56, for the longest drive in competition with coed alumni. Her drive measured 179 yards.

Following the parade of floats sponsored by the various campus organizations, Miss Peggy Wolfe was crowned this year's Homecoming Queen. Miss Wolfe was accompanied in her grand tour around the stadium by Fred Besley, '92, the oldest alumnus present, and by Clifton E. Fuller, '96, Maryland's first football quarterback. Miss Wolfe is a transfer student from the University of Oklahoma and a member of Alpha Epsilon Phi sorority.

After the game, alumni were guests of the University at a reception in the Student Union Building. By attending were able to miss much of the traffic

the reception, alumni and their families congestion caused by the all-at-once departure from the Stadium area of some 26,000 fans.

In the evening, students, faculty and alumni flocked to the Homecoming Dance featuring the music of Charlie Barnet and the vocal harmonies of the Crew Cuts. Attendance was estimated at 2,000. At intermission, trophies were presented to winners of the float and house decoration contests. Based on originality of design and the overall effect, house decoration winners were: Sigma Kappa, first place; Alpha Epsilon Phi, second place; Delta Gamma, third place. Sigma Kappa used the theme "Maryland Goes to the Orange Bowl".

Float contest winners were: Sigma Alpha Mu, first place; Delta Sigma Phi, second place; and Alpha Tau Omega, third place. The SAM theme was "Fifty United States."

*Principal dedication speaker,  
William Dwight.*

## New Journalism Building Dedicated

THE UNIVERSITY'S NEW \$350,000 JOURNALISM BUILDING was dedicated November 23 in the presence of top University and State administrative officers and distinguished members of the newspaper and public relations professions.

In the principal address, William Dwight, President of the American Newspaper Publishers Association, explained the need for better trained and educated newspaper people to accurately report news of "bewildering developments that are occurring in our lives."

Speaking at the ceremonies held in the Rotary Room of the Dining Hall and presided over by Dr. J. Freeman Pyle, Dean of the College of Business and Public Administration, were: Dr. Elkins, presenting salutation and welcome; the Honorable Theodore R. McKeldin, presenting commendation from the State; the Honorable Louis L. Goldstein, President of the Maryland State Senate, bringing greetings from the Senate; the Honorable Daniel B. Brewster, Vice-Chairman

of the Judiciary Committee, Maryland State House of Delegates, bringing greetings from the House of Delegates; Mr. Charles P. McCormick, Chairman of the Board of Regents, bringing greetings from the Board; and Mr. Benjamin L. Williams, Manager of the Public Relations Division, Van Sant, Dugdale and Co., Inc., presenting commendation from the professionals in public relations in the State.

Two well-known journalists presented commendation from the Maryland State Press Association. They were Mr. Oscar Morris, President of the Association; and Mr. E. M. Jackson, Jr., Chairman of the Association's Journalism Education Committee.

A buffet luncheon was served in an adjacent dining room. All persons attending the ceremony were guests of the University at the Virginia-Maryland game in Byrd Stadium. Inclement weather necessitated the transfer of guests in buses to Byrd Stadium.

*Rain-soaked special dedication guests and bench warmers watch the Terrapins batter Virginia, 19-0.*

*Student editors of The Diamondback learn page make-up techniques in the Rockville plant that prints the student newspaper.*

*A well-equipped laboratory increases the value and effectiveness of instruction in photography.*

*Dr. Carter Bryan instructing students in newspaper writing and editing techniques.*

*Typical of the Department's many successful graduates is Ejner James Johnson (left) shown handing copy to James Mullikin, Assistant City Editor of the Baltimore News-Post.*

After describing the free press' role in reporting and interpreting news of this heavily scientific age, Governor McKeldin concluded his remarks, stating:

"Here is a building dedicated to the cause of knowledge and enlightenment—not only for those who will study here—but for the readers of the journals and the listeners to the broadcasts prepared by tomorrow's journalists who will have learned their professions here.

"Let us then dedicate this building also to that lasting peace for which the whole world yearns, the accomplishment of which must come—not from secret documents molding in padlocked drawers—but from the exposition of the lie and the dissemination of the fact—a prime function of the writer and broadcaster of news and comment—common today in the lands where freedom reigns—universal, we dare to hope in a coming day of dignity for all mankind."

Mr. Dwight, in his address, said that the dedication was "a memorable occasion in the fields of education and journalism in the United States and it is happening at a time of extraordinary import to all of us.

"The newspapermen of today—and certainly of tomorrow—must have the intellectual equipment to comprehend the bewildering developments that are occurring in our lives. And this intellectual equipment should be fortified by a

NEWSPAPERMEN ARE CONCERNED, HE SAID, THAT MANY GOVERNMENTAL AGENCIES ARE WITHHOLDING INFORMATION TO WHICH THE public is entitled.

"The struggle for newspapermen to have full access to the news at all levels of government is never ending. The desire on the part of too many public officials, both elected and appointed, for secrecy presents a continuing challenge to newspaper people everywhere in the country. This state of the bureaucratic mind is not a creation of the present administration or of its immediate predecessors. It has been a reality as far back as 1789 when George Washington was President of the United States and the Congress passed the Housekeeping Act. That Act is still the law of the land. It was originally established to set up a cache for public records. But it didn't take some people long to discover that it could be developed into a handy haven for hiding public information."

Bringing this point close to home, Mr. Dwight cited an incident occurring in Lexington Park.

"Right here in Maryland a few weeks ago, in Lexington Park in St. Mary's County, there was an incident that involved freedom of the press. A weekly newspaper publisher was indicted after he published critical opinions on the appointment of two property review boards for handling

broad cultural background, such as only an institution like the University of Maryland can provide."

Mr. Dwight made particular reference to the Russian satellite:

"When Sputnik sheds the heavy political and military implications of its existence, it shoots into the blue realm of scientific glory, a thrilling tribute to the men, of any nationality, who have at last broken the chains of earth and found a path that heads for the stars.

"That this generation has found the force to defy gravity is a fact so exciting as to overwhelm the motions of fear and disappointment stemming from its Russian birth.

"Should we concentrate on the satellite or on the missile? Does Sputnik have a military value that at the moment puts us in a weakened position? Have we lost face with other peoples of the world? These are some of the questions to which a bewildered American public wants the answers. Only men and women of intellectual capacity and with a solid educational training in liberal arts and the sciences can perform the role so necessary, of communicating these facts and ideas to the American people. We need men and women of professional stature in American journalism. There is a great opportunity for people of this calibre—opportunity for the material and spiritual satisfactions of life."

road condemnation cases there. Fortunately the indictment was dismissed by a chief judge of the Circuit Court. But the implications of this case are frightening. It can happen in this county or in any county in the land. Public officials, elected or appointed, are servants of the people at all times. They are accountable to the people they serve. There is no justification for secrecy. Nor have they any right to forbid fair comment."

Mr. Dwight concluded his remarks with the following:

"Newspapers stand in greater need than ever of trained minds to meet the demands of a reading public that is itself better educated than ever before, with more time to see the country and world and to think about what is going on. They must meet an ever-widening public interest, report a rapidly expanding variety of public activity, serve a nation to whom the world is looking for leadership.

"This Department of Journalism at the University of Maryland with the modern tools that such a fine building offers, located close by Washington, can perform distinguished service for the American people by training men and women to be dedicated newspaper people."

Mr. Dwight is publisher of the Holyoke (Mass.) *Transcript Telegram* and the Greenfield (Mass.) *Recorder-Gazette*.

FOR THE COLLEGE GRADUATE OF THIS DECADE THE WORLD IN which he must make his living is "cold" no longer. In fact, it is quite warm and friendly and, for engineering graduates and other professional elite the climate is devilishly hot.

Recruiters from big and small firms range the campus December through March listening, cajoling and explaining in the counter-part of a national talent search for the better student. And the soon-to-graduate student conducts an aggressive search of his own in an attempt to find the right job in which he can "grow," "put his training to best use," "find rock-ribbed security."

In the vortex of this whirlpool of searchers stands the steady center of the University's Placement Service—dispensing detailed job information, patiently counseling, scheduling interviews—attempting to place a multitude of right men and women in the right jobs.

The Service is actually a network of departmental faculty and student representatives with Mr. Lewis M. Knebel, Assistant Dean of Men at the administration helm as Placement Service Director. Each Department Head appoints a faculty representative who, in turn, appoints a student representative. These volunteer persons receive bulletins and announcements regarding placement opportunities and recruiting schedules and dispense such information to interested students. Volunteer representatives serve on special committees especially in connection with Career Week and, in addition, are charged with the responsibility of publicizing the activities of the Placement Service.

More than 300 major national companies visit the University each year seeking college graduates for their training programs and for a variety of employment. Such companies as du Pont, General Electric, Westinghouse, U. S. Steel, Bethlehem Steel, RCA Victor are listed among these. In addition, many local companies come to the University: West Virginia Pulp and Paper Company of Luke, Maryland, Vitro Corporation of Silver Spring, Black and Decker Company of Baltimore, and Johns Hopkins Applied Physics Laboratory of Silver Spring.

December through March recruiting visits are scheduled as industrial talent prospectors range the campus in a search for the better student. The Glenn L. Martin technology group is the happiest of their hunting grounds. In greatest demand (as might be suspected) are engineers—mechanical, electrical, chemical and civil engineers heading the list. Students who will graduate as mechanical engineers are usually signed up a year in advance. Next in demand are accountants, physicists and chemists.

And for alumni who remember first job starting salaries of \$20 a week and less here's the average starting salaries of new graduates: engineers, \$475 a month; industrial management majors, \$450 a month; other business majors, \$400 a month; accountants, \$440 a month; agriculture majors, \$375 a month; and graduates of the liberal arts, \$375 a month.

According to Mr. Knebel, most women graduates of the University work for a while after graduation. Most are not career-minded, however. Many work to support their husbands who are seeking higher degrees. The typical Maryland co-ed has, as her chief "career objective," marriage and the responsibility of home and family.

INTO THIS SEEMINGLY PROSPEROUS SCENE, A SMALL GRAY cloud has moved across the horizon. This year, about a dozen companies have cancelled recruiting visits to the campus as a result of a slight recession in areas in which they operate. In addition, many of the companies which will have representatives on the campus this winter have indicated that they will be hiring less manpower. Professional and arm-chair economists can decide for themselves whether this would indicate a trend toward economic "readjustment" or "recession." In the last three years all but a few members of each graduating class have been hired within a month of their graduation.

## Placement Service Serves Students, Alumni in a Buyer's Market

*Mr. Knebel passes the good word to a brand new job seeker.*

Although the Placement Service is engaged in a number of special activities, it operates under four guiding objectives:

1) To advise students on career opportunities and to provide resource material on jobs available. This particular objective is carried out by personal consultation, career forums, and/or use of resource materials in the placement library. The Director helps students with their problems of career selection, field and company selection, job opportunity location, letter writing, and resumé preparation. The information

*Recruiters are anxious to tell June graduates of opportunities in their companies.*

library contains data on individual companies, jobs available, and materials on various business and career fields classified by location, by type of business or industry, by career, and, alphabetically, by company.

2) The Office acts as a mediary between employers and students seeking employment by scheduling on-campus recruiting interviews and by setting up a register of students available for employment and referring jobs to them. Every day jobs leads are transmitted to the Placement Office by telephone or by personal visit. The leads are sent promptly to all qualified people on the register.

3) Part-time jobs are provided for those students who need work experience before graduation. These may be part-time jobs during school or full-time summer jobs. A file of available part-time and summer jobs is kept in the Placement Office at all times. In addition, two summer job forums are held, one before and one after Easter.

Alumni have a special interest in the Placement Service. The act of graduation does not remove a graduate from placement benefits. Upon request, an alumnus may register his name and job objective with the Service thereby assuring him of transmittal of job leads as they pertain to his interests

and as they are received in the Service office. Although most leads concern the graduating senior, requests to fill executive positions at \$10,000 a year and above are received.

ONE OF THE MOST IMPORTANT FUNCTIONS OF THE PLACEMENT Office is the yearly advent of Career Week, composed of special interest forums. These forums are open to sophomores, juniors, and seniors and are of particular value to those who have not yet decided upon a definite career. Career Week is an attempt to bring to the campus outstanding leaders in major areas to describe the present conditions of several industries and special advice for the student-soon-to-be-a-job-seeker.

Career Week this year included several interesting speakers and discussions. A forum "Opportunities for Graduates in Business" presented a panel of speakers to discuss the fields of transportation, marketing, personnel, accounting, banking, and public relations. A forum for engineering students was concerned with the proper way to apply for a job and a sample interview was set up. Mr. Jesse Krajovic, College Relations Director of The Martin Company directed the discussion. As part of the program Mr. Krajovic reviewed sample application letters written by a number of students and conducted the mock interview. This meeting was open to students from the entire University.

A forum for Home Economics majors featured Mrs. Elizabeth Collins, Instructor, as the moderator for a panel of speakers discussing the extension service, research and graduate degree work, utilities, fashions, and advertising.

An "Opportunities in Agricultural Fields" forum considered the subjects of research, poultry industries, commercial selling, extension, careers in federal employment, and foreign service in Agriculture.

Other forums scheduled included "Opportunities for the Liberally Educated Student," "Opportunities in Education," and forums concerning the biological sciences, the physical sciences, and a forum concerning jobs for college women.

*Miss Flora M. Street, Supervisor of the Obstetrical Floor, University Hospital, represents that large number of women graduates who have achieved important success in their chosen careers. A 1938 graduate of the School of Nursing, Miss Street served during World War II as a Captain in the U. S. Army Nurse Corps. She is the new Vice President of the University's Alumni Association.*

*Mrs. Thomas Mont, wife of the Terrapins head football coach, is a dedicated mother. She attended the University 1941-43 and resumed her studies soon after her children reached school age. Mrs. Mont is a senior in the College of Arts and Sciences, majoring in sociology. Pictured here with their mother is Stephen, 10; Jeffrey, 8; and Danny, 7. Mrs. Mont represents those women graduates who have assumed the career task of maintaining a home and raising a family.*

## Launching A College

### The Establishment of the Maryland Agricultural College

BY  
FREDERICK S. DEMARR  
*Assistant Dean of Men*

ALTHOUGH THE MARYLAND AGRICULTURAL COLLEGE was chartered by the General Assembly in 1856, its doors were not opened to receive students until September, 1859. The first two years were consumed by the job of selling the necessary amount of stock in order to comply with the terms of the state charter. After this it was necessary for the new Board of Trustees to select a faculty and provide facilities for the student body. Each of these major tasks contributed to the three year delay.

Perhaps the most pressing problem was that of the facilities. There was in existence on the new campus (Ross Borough Farm), the old inn building, two frame dwellings, a barn and other minor farm buildings. These structures, valued at approximately \$14,000, would accommodate a portion of the faculty and the farm laborers, but certainly would not provide necessary classroom and dormitory space for the students. On August 24, 1858 the cornerstone of the first college building was laid. This structure, known as the Barracks, cost \$5,300. It was five stories in height and contained 15 classrooms and offices on the first two floors and a total of 51 chambers for students on the other three floors.

The first faculty consisted of four members, viz., George C. Shaffer, Professor of Agriculture; H. D. Gough, Professor of Mathematics; Batista Lorino, Professor of Languages; and Benjamin Hallowell, Professor of Philosophy. Professor Hallowell was selected as the first President of the Faculty. This title was employed until 1867, apparently to better distinguish the institution's head from the president of its Board of Trustees.

Born in 1799 near Germantown, Pennsylvania, Professor Hallowell came to Olney, Montgomery County, Maryland in 1819 to teach in a private school. It was here that he met a young lady whom he later married in the Sandy Spring Meeting House. In 1824 he opened a private school in Alexandria, Virginia. While in Alexandria, he founded the Alexandria Water Company and the Alexandria Lyceum. While conducting his school, Hallowell also served as Professor of Chemistry in the medical department of Columbian College, now The George Washington University.

While in search for members of the new faculty, a trustee of the Maryland Agricultural College contacted Professor Hallowell and asked his views on what should be the location, objects and aims of the new institution. In the *Autobiography of Benjamin Hallowell* it is stated

I had desired for over thirty years to be connected with an educational establishment in which the muscles would be trained simultaneously with the intellect, in the various

mechanical industries, and agricultural and horticultural pursuits, budding, grafting, and training fruit trees, vines, and shrubbery, the propagation of flowers, etc., on which the vast amount of waste energies that I had witnessed among boys, especially, which were the occasion of nearly all the rudeness and disorder, might be advantageously and pleasantly employed under skilled direction.

Hallowell was unanimously elected as President and this fact was publicized in the college bulletin several weeks before he himself had heard of the selection. After conferring with the trustees' head, Charles Benedict Calvert, Professor Hallowell accepted. He assumed his office in mid-October, about six weeks after the opening of school. The other three members of the faculty had apparently been awaiting his arrival, since all matters of administration and organization had been left untouched by them. Professor Hallowell pursued his new duties with great zeal; however a break in his already frail health caused him to resign in early 1860, after but a few months as President.

The first commencement exercises were held in 1862 when Thomas Franklin and Wm. B. Sands received their diplomas. Two more students, Charles Baltimore Calvert, son of the President of the Board of Trustees, and W. B. Todd, graduated in 1863. The Class of 1864 included David Hall, Edwin Hall, L. Roberts and Franklin Waters. Because of the Civil War and the hard times thereafter, there were no graduations until that of Francis A. Soper in 1871.

The shortage of student personnel during the Civil War meant that the Maryland Agricultural College was going to have financial difficulties. The General Assembly designated the school as recipient of the land-grant funds under the terms of the Morrill Act of 1862. Even this was not enough. In 1866 the Trustees appealed to the legislature for aid. As a result, the state took over a one-half interest in the College and also 12 seats on the 17-member Board of Trustees.

There was a great turn-over in the office of President, as well as the student body. The Reverend J. W. Scott succeeded Hallowell in 1860, followed by Professor Colby, 1860-61; Professor Henry Onderdonk, 1861-64; and Professor N. B. Worthington, 1864-67. In 1867-68 Professor C. L. C. Minor was the first to hold the title, President of the College. He was followed by Admiral Franklin Buchanan, 1868-69 and Professor Samuel Register, 1869-73.

The fact that the College was able to overcome financial difficulty and keep its doors open during the formative years, although many of her older sister institutions were closed during this period of civil strife, is a monument to the early faculty and trustees. Better times were ahead.

*The man with the happy smile is Cyro Leal de Oliveira Mendes, a lawyer from Sao Paulo, Brazil. He is a graduate student in the College of Business and Public Administration, where he is studying economics and accounting. Mr. Mendes will continue his law practice in Brazil after a two-year stay at the University.*

*Mrs. Safiningrat Soedjono is a student in Home Economics. As a housewife from Bandung, Indonesia, she is interested in learning the latest, most scientific methods used in American homes. She plans eventually to return to Indonesia and to put into practice in her own home what she has learned here.*

*Shading his eyes from the sun is Julio Blanco, who obviously finds Maryland sunshine as bright as that of Santa Clara, Cuba, his home. He is a freshman in engineering and hopes to earn a master's degree before returning home.*

*Mr. Ohn Maung, from Pinyin Burma, has the hopeful look of the student who wants to prove conditions in his native country. A graduate student in Plant Pathology, Ohn will return home when his studies are completed to become a teacher in an agricultural college.*

## Foreign Students Give Campus International Flavor

ENROLLED IN THE UNIVERSITY THIS YEAR are nearly three hundred foreign students from countries all over the world. They come from Asia, from Europe, from Latin America, from Canada: north, south, east, and west, are all represented on the University's College Park campus.

All new students find their first experience with University life an exciting and bewildering affair, but for the foreign student, these feelings are intensified. Everything is doubly strange, doubly exciting, doubly bewildering. For undergraduates with no previous university experience, there are times when the new way of life seems almost completely overwhelming.

On hand to help out during this period of adjustment is Professor Furman A. Bridgers, Foreign Student Adviser. The students flock to his office, requesting help in registration, in finding housing, in understanding immigration regulations. The office is busy almost constantly especially during the two weeks before classes start. Professor Bridgers runs his office with limited assistance: it is his responsibility to interview each student, phone for housing arrangements, and see that each student receives all the help possible in adjusting to community and University life.

Within the community there are several organizations offering their services to the foreign student. Recently, for example, the Progress Club of College Park, the Society of Friends of College Park, and the Foreign Student Service Council of Washington arranged for foreign students to be the dinner guests of American families September 13, 14, and 15 (a Friday, Saturday and Sunday). Experiences such

as these express the American sense of hospitality and are helpful to foreign students trying to become familiar with American customs.

The dinner invitations were part of an Orientation Weekend for foreign students, conducted the weekend before September registration. Undergraduates were required to attend the activities of Orientation Weekend and graduate students were welcome to attend if they wished. On Friday, September 13, classification tests were given to determine whether special instruction in English would be necessary. Based on the results of these tests, students may be required to take Foreign Language 1—instruction in English taught as a foreign language. Some 35 students are now enrolled in the course. Speech 3 may also be taken if a student wants to reduce his foreign accent, and much personal attention is given those who take the course.

Friday evening following the examinations, the first social event of the year took place for foreign students, with the annual Welcome Party. They gathered in the Student Union for an evening of square dancing, called by Mr. Edward Gordon of Michigan Park Hills, Hyattsville. The affair was a wonderful success.

One of the outstanding events of the year for foreign students is Foreign Student Day. Sponsored by the Foreign Student Council of Greater Washington, it was held this year on October 25. Thirty students from the University and Professor Bridgers were guests for the evening of Mrs. Walter Lippman, at her home on Woodley Road, N. W. Throughout the day, the students were guests of the Cosmos Club,

Soedjono is pictured with Professor Bridgers in his office where he is discussing immigration regulations.

Christodoulos Doudoudis, from Thessaloniki, Greece, is a first-year student in mechanical engineering. Although an M.E. degree seems a long way in the future, Chris would like to return home eventually to work for a firm of engineers.

The young man pictured here is a first-year engineering student from Havana, Cuba. Lorenzo Exposito hopes to return to Cuba after his graduation.

the National Geographic Society, the American Security and Trust Co., The Acacia Life Insurance Co., and the United States Department of Commerce. The various programs were designed to introduce the foreign students to the business, educational, cultural and social life of the Nation's Capital.

Miss Bahieh E. Mousa, a junior in the College of Arts and Sciences and a native of Jordan, met President Eisenhower at White House ceremonies as a representative of the foreign students from the University.

Judging from the news items in *The International Newsletter*, a mimeographed publication issued occasionally by Professor Bridgers, there is no lack of social life during the school year. Community programs and campus events sponsored by the International Club provide many opportunities for students of all lands to get together for recreation. In addition to its extensive social program, the International Club plays an important role in the cultural life of the University by bringing to the campus speakers from various embassies and government agencies in Washington, as well as sponsoring debates and panel discussions.

Despite the assistance given the foreign students, problems arise which the American boy or girl never has to worry about. For example, a student visa does not allow its holder to seek employment without permission of the Immigration Service. If he should be here without sufficient funds, a complicated procedure must take place before he can take part-time work. In many countries there is a restriction on the number of dollars one can purchase, so the possibility of running short of funds is very real. At the end of a year a student must renew his stay, again through a process of filling out application forms for Immigration examination.

Housing, too, may be a problem, especially if the student wishes to cook. Many of the students want a room with cooking facilities, a combination which is hard to find. The cooking facilities are important to them because they like to be able to prepare meals as they would in their native coun-

tries. A check over the list of addresses of foreign students indicates that many of them move around a bit before they finally get settled.

The majority of foreign students are on student visas. They come here to study and eventually return home again: they are non-immigrant. Most of them come here on their own initiative at their own expense. Statistics for the United States as a whole indicate that of the 40,000 foreign students, 62% receive no aid for schooling. A limited number have Fulbright grants which pay for travel expenses. Some receive Smith-Mundt Grants which pay all expenses. Broken down into percentages, 28.5% receive assistance from private institutions, 4.8% have scholarships from their own government, and 4.7% receive scholarship aid from the United States government.

At the University, as is the case in most American universities, the majority of foreign students enrolled come from Asian countries. The largest number of foreign students representing a single country are Nationalist Chinese, with India in second place. In all, over fifty countries are represented. The most popular departments of study are physics, chemistry, geography, botany, sociology, business administration, physical education, and child study.

Of course everyone wants to know for what particular reasons these students choose the University of Maryland. Some of them are children of diplomats or representatives of international organizations who are stationed in Washington. Others have heard of the work of a particular professor in the field in which they study, and they come here to work with him. News of excellent departmental educational programs travels far and wide.

Still others are here because alumni of the University, living in many parts of the world, have recommended Maryland. Praise of the alma mater has so impressed bright young students that they come here on the word of one of its graduates.

## Great Season Predicted for Millikan's Men

WITH A TEAM THAT HAS MORE POTENTIAL than any he has had, Terrapin Coach H. A. "Bud" Millikan sets sail on his eighth year at Maryland with a sparkle in his eye but also with tongue in cheek. The 1957-58 season promises to be one that will find some fine "big" boys on the court for the Terps. Also on the credit side is the return of eight lettermen, including four from last year's starting five and a real hustler and ball hawk who has returned from the service. But still Millikan has the usual problem, a big "if."

There has been a great deal of excitement and anxiety created around the College Park campus that this would be the finest basketball team in Maryland history and would be one that will bring the University national recognition. And it is known throughout the basketball coaching fraternity that Millikan is one of the best. Yes, there is a great deal of potential and experience, but some of the "if" stems from the fact that the big boys on whom everybody is looking to in order to help make this an outstanding team are sophomores—Al Bunge, six feet, eight and one-half inches; Bob McDonald, six feet, seven inches; and Charles McNeil, six feet, six inches. The other part of the "if" is Millikan's real good big man Bunge. Late this spring, the highly touted Bunge, who had a great freshman year and naturally caused a lot of joy, contacted colitis. His recovery has been slow, but in early drills he has come along and should be ready for a fine season. Just when he will be at full strength and be the value to the team that Millikan knows he will be is a thought that cannot be answered. Only time will tell.

Regardless of this necessary tongue in cheek factor, it has been quite some time since a Maryland team has had such an outstanding nucleus with which

to work in some terrific sophomores. Returning from last season's starting five are seniors Nick Davis, John Nacincik, Perry Moore, and junior Jim Halleck. Other fine lettermen substitutes of last year back as juniors are Bill Murphy and Doc Weingarten. Add to that these terrific basketball players; Tom "Skinny" Young, a great floor man and ball-hawk who returns for his senior year following a hitch in the service; Gene Danko, the highly touted soph of last season who injured his ankle the second game of the season and didn't see action until the final three games; soph Jerry Bechtle, a high school All-American; soph Jerry Shanahan who was highly sought after and was a big star for the frosh last winter; and soph Pete Kruker, one of the keenest competitors on the team.

Davis, Nacincik, and Halleck lead the returnees in scoring. Davis had 330, Nacincik 311, and Halleck 309, an indication of the balance of the scoring on the team. Halleck, along with Moore, is a tremendous rebounder. It is encouraging to think they will get such fine help from Bunge, McNeil, and McDonald. Bunge led the frosh in scoring and rebounding. He averaged 17.2 points a game with his 241 points. He was followed by Shanahan with 235 points and a 16.8 mark. McNeil was the other double figure frosh with 205 points and a 14.7 average. The Terp frosh of last season, winning 12 and losing two, hit the 100 or better point total five times and were in the 90 column four times. No other Maryland team, freshman or varsity, ever hit the 100 mark.

While speaking of the outlook, we cannot overlook the defensive strength that characterizes a Maryland team. Millikan's teams always have been one of the nation's top teams on defense and he has led the conference in this

department all seven years he has been coaching here. There is no question that he has one of the top defensive basketball coaching minds in the game. His players are extremely well schooled in defensive skills. This season will be no exception.

So the early prospects for the Red and White are good. "If" the credits can cancel out the debits then Maryland, the team that took national champion North Carolina into a double overtime last year before losing 65-61, could reach its highest pinnacle in its basketball history.

*Here comes John Nacincik!*

# A Sportswriter's Estimate of Tommy Mont and the 1957 Terrapins

RATHER THAN REHASH A LOT OF OLD statistics and give alumni a game-by-game review of the past football season, I am reprinting here in its entirety a column written by Al Costello, staff reporter for the Baltimore *News-Post*. Mr. Costello says everything we want to say—and more. See for yourself.

The heat was terrific; the humidity a smothering blanket, and maybe the man was suffering from some kind of rash when he said, ungrammatically but with rude emphasis:

"They ain't got it and Mont ain't got it."

It was a dog-day, was last September 14. It wasn't fit weather for beast or football player. But there, down in Byrd Stadium, College Park, were the fledgling 1957 Maryland Terps, going through their last full scrimmage under game conditions prior to opening the season one week later against mighty Texas A & M in likewise-searing Dallas.

The players were sweat-drenched. They pushed and tugged on the football with dutiful persistence rather than with the enthusiastic vigor a squad is expected to show just one week before the opener. Try as they did, the boys were dragging with a listlessness that should have been alarming.

And it was alarming to the ungrammatical but outspoken alumnus, who was carefully avoiding the blazing sun in a patch of shade high up in the stadium, where any stray breath of breeze would have to reach. But there wasn't any shade or breeze for Coach Tommy Mont and his boys.

They had to "sweat out" both the immediate heat of the weather and the guaranteed "heat" that was sure to come from alumni, "M" Club, Terrapin Club and other agencies close to the university, if another season, like the 2-7-1 record of 1956 resulted. Especially Mont.

This is to say, as an opinion only, that Mont and his Terps have come a long way since that hot September day of pre-season practice. It is also an opinion, too, that the man who allowed as how "they ain't got it and Mont ain't got it" was dead wrong and, it is imagined, that as a red-hot alumnus, he

must be glad of it, now that the coolness of November has replaced the fiery breath of September.

As the Terps closed with Virginia, they stood a respectable 5-5 in a season that could have been another disastrous one. They started out with three losses in a row and came back to win five of the next seven. The teams that beat the Terps, Texas A & M, N. C. State, Duke, Tennessee and Clemson have lost only 7 games among them.

As early as the second game, when the Terps lost to N. C. State by a horrendous 48-13 score, there were grumblings and under currents of talk that did not compliment Mont. At one stage, an assistant coach, a Mont man and loyal to the core, was asked if he would take over if Mont stepped down or was replaced in the near future.

The assistant did not hesitate to let the questioner know exactly how Mont's staff felt. "I wouldn't take over under any circumstances and I am sure none of the other coaches would," he answered with finality.

Through it all Mont said little and worked hard. Eventually his green juniors and sophs began to absorb his teachings. One by one they began to replace veterans and the soundness of Mont's coaching began to show up as the Terps grew tougher and tougher on defense.

The conclusions that would have to be drawn are almost obvious. The opinion now is almost unanimous that Mont and his Terps have survived their most perilous hours; that Mont has proved he is a good, sound football coach; that the fires of competition have singed him only slightly and that he is very much smarter for it; and that, with excellent material coming along, before very long, possibly by 1958, Mont and Maryland will be back up there in a photo finish with the country's best for top honors, just as the Terps were in the best days of Jim Tatum.

With all his trials and tribulations, Mont has grimly stuck to a disheartening task with patience, dignity, diligence and GUTS. And apparently has whipped it.

*Stand-out Ed Cooke, senior end for the Terps this year—a fine receiver, good blocker and top defensive man. Winner of the first Guckeyson Award this year.*

*Rodney Breedlove, sophomore guard—one of the finest prospects at the University in many a year. Breedlove will be a man to watch in 1958.*

## News from the Clubs

Ed Cooke expresses his thanks for Guckeyson award.

### M CLUB AWARDS

Winner of the first John William Guckeyson Memorial Award presented by the "M" Club is outstanding Maryland athlete, Ed Cooke. The award was made along with several others at the Club's annual banquet staged this year December 14 at the Hotel Statler, Washington. Presentation was made by C. Robert Boucher, General Chairman of the banquet.

Captain Bill Guckeyson who gave his life in the defense of his country was one of the finest athletes ever to attend the University.

First recipient of this award, Ed Cooke, is a 21 year old senior from Norfolk. Standing six feet, four inches, and weighing 235 pounds, he was described at the beginning of the football season as "one of the Terps' finest end prospects since the early 50's when the Red and White had such lanky stalwarts as Pete Augsburg and Lloyd Colter-yahn." In addition to his football prowess, Cooke is also a track star. During spring football practice, Ed participates full time with the track team. He was the indoor and outdoor shot-put champion in the ACC for the second consecutive year, setting a new school and ACC dual meet mark with a toss of 53 feet, one and one half inches in the Virginia meet. He also throws the discus and the javelin and won all three events in the Virginia meet. His track ability is also useful on the football field where he outruns some of the

backs. He is a fine defensive player, hard to get around, and his speed, size, and exceptional ability to pass make him a dangerous target.

A number of additional awards were presented. The Chales P. McCormick Award went this year to James R. Kappler, lacrosse player. Presentation was made by William W. Larash, First Vice President of the Club. The Talbot T. Speer Award was made to Alva B. Grim, Maryland track star; presentation was by Joseph Deckman, President of the University's Alumni Association. Howard ("Howie") B. Dare, Jr., football standout, received the annual A. V. Williams Award presented by Mr. Williams, President of the Williams Construction Company.

Honorary M Club memberships, presented by George Knepley, President of the Club, were awarded to Herbert H. Goodman, John W. Miller, General Curtis E. LeMay and Roy Howard Sievers.

Edmund T. Daley, District Attorney for the District of Columbia, presented State of Maryland, Hall of Fame Awards to Charles E. Keller, Jacob M. Slagle, Theodore E. Straus and to Dr. Milton M. Whitehurst (in memoriam) received by his niece, Mrs. Camelia Whitehurst Kreiger.

All-American Awards for lacrosse were presented to James R. Kappler and Ernest J. Betz. Coach Al Heagy accepted for the absent Kappler. Presentations were made by Mr. Deckman.

The Outstanding Athlete Award was presented by William W. Cobey, University Director of Athletics, to Roy Edward Sievers, the Washington Senators brilliant first baseman.

Ill and unable to accept the Club's Distinguished Service Award, General LeMay was represented by Major General Joseph F. Carroll, Chief of Security Division, USAF. Presentation was made by Dr. Elkins. General Carroll told the gathering he has special pride in the University for the reason that the largest AFROTC is located there.

Following the formal presentations, Mr. Boucher expressed the Club's appreciation for the excellent work performed by Toastmaster Morrie Siegel and Dr. W. Lawrence Smallwood, Program Director.

### BALTIMORE CLUB

About 230 alumni attended the Presidents' Reception at the Park Plaza Hotel, November 21. The party was given by the Baltimore Club of the University of Maryland Alumni Association to introduce its members to Dr.

Wilson H. Elkins, President of the University; Joseph Deckman, President of the General Alumni Council; and Sam Silber, President of the Baltimore Alumni Club.

*Pictured as she receives a plaque in recognition of years of devoted service to the New York Alumni Club and the General Alumni Association is Miss Sarah Morris, past Vice President of the General Alumni Council. Shown with her are Mr. Joseph Deckman (left), Past President of the M Club and now President of the Alumni Association, and Mr. David Brigham, currently a member of the Alumni Council and Secretary-Treasurer of the Alumni Association. The presentation took place at a banquet held December 10 at the Harvard Club in New York City.*

### ALUMNI CLUB OF GREATER NEW YORK

Tuesday, December 10, was a big night for University of Maryland Alumni in the New York area. Sixty-eight alumni had sent in reservations for the banquet held at the Harvard Club, but the subway strike and traffic tie-up threatened to reduce the number to a handful. In spite of the traffic problems, the final count showed that 75 people had come.

After dinner, Toastmaster Pete Eireman introduced Dave Brigham, Director of Alumni Relations for the University. Dave presented a plaque to Miss Sarah Morris from the Alumni Association in appreciation of her many years of devoted service to the Alumni Association and the New York Alumni Club. He told of Miss Morris's service as Vice President of the Alumni Council and as President of the New York Club, as well as her contributions to the success of "Charlie Keller Day" and her tireless efforts in behalf of the

Newly elected officers of the Alumni Club of Greater New York are pictured left to right: Norman Thater, Treasurer; Dr. Irving Schein, Vice President; Hal McGay, President, and Ginnie Bennet, Secretary.

New York Club. Toastmaster Eireman presented Miss Morris with a corsage of white orchids from the New York Club.

Eireman then presented a slate of new officers suggested by the nominating committee. Unanimously elected were Hal McGay, President; Dr. Irving Schein, Vice President; Ginnie Bennett, Secretary, and Norman Thater, Treasurer.

After President McGay took over the chair, he introduced Joseph Deckman, President of the General Alumni Council, as main speaker of the evening. Mr. Deckman briefly told some of the history and tradition of the State of Maryland and its University adding that "the University of Maryland has some ivy of its own to be proud of." Mr. Deckman went on to discuss the University's academic standing and the program which has been set up for the University's future. In outlining the unified efforts of the Alumni Association and the University administration, Mr. Deckman told of weekly meetings of The Directors of Alumni Relations and University Relations with Presidential Assistant A. F. Cormeny to discuss plans and problems of the new Greater University of Maryland Fund program. Purposes and objectives associated with this program, as enumerated by Mr. Deckman, are: development of a basic pride in the University by the alumni, making each school in the University the best in its field, active membership of interested alumni in strong enthusiastic alumni clubs, and closer faculty-alumni relations.

President McGay then introduced Bob Ward of the University's football coaching staff. Ward commented on the bright future of Maryland's football team next year, and reassured the members of the firm and sensible basis on which the University's entire athletic program is built. Next Mr. Ward showed and commented on a color movie of the Maryland-North Carolina football game including highlights of the visit of Queen Elizabeth to Byrd Stadium.

The meeting was adjourned and the members retired to the lounge. At this point Mr. Eireman once more called for the attention of those assembled and read two telegrams of congratulation addressed to Miss Morris, one from her employer, Matthew O'Brien, and one from Betty Mac O'Brien who is now a student at the University. The chuckle of the evening came when Mr. Eireman misread the telegram from Betty Mae, who is Miss Morris' godchild, and called her instead, Miss Morris' grandchild.

## Campus Notes

(Continued from page 6)

Other grants supporting research on the Baltimore campus including \$1,282 went to the School of Dentistry and \$6,785 went to the school of Pharmacy.

A total of \$101,730 in research grants was awarded to faculty members on the University's College Park campus. The funds are supporting investigations in poultry, botany, chemistry, entomology, zoology and psychology.

### UNIVERSITY AGAIN HOST FOR SCIENCE FOUNDATION SUMMER INSTITUTE

The National Science Foundation has named the University as one of 99 host institutions for the 1958 teaching-training programs for high school teachers in biology, chemistry, general science and physics.

Associate Professor Joshua R. C. Brown, of the Department of Zoology, has been appointed to head up the program.

Approximately 5,000 high school and 250 college teachers of science and mathematics will benefit during the summer of 1958 from these programs sponsored by the National Science Foundation at 108 summer institutes in 104 educational institutions. Awards of the grants total \$5,340,000.

"The summer-institutes program of the Foundation is in step with current plans for strengthening the training of scientists in the United States," said Dr. Acan T. Waterman, Director of the Foundation.

"Good science teachers are apt to be the first to stimulate an interest in science among our young people in secondary schools. But if instruction is not stimulating, and contains outdated concepts, it tends to weaken youths' motivations toward science careers. Foundation-supported summer institutes provide opportunities for thousands of hard-pressed high school science teachers to learn at first hand the rapidly advancing developments in today's science, mathematics, and engineering."

The Foundation grants to each summer institute, including the University of Maryland, will cover costs of tuition and other fees for a specified number of teachers—from 20 to 100, the average size to be approximately 50. Most institutes will pay stipends directly to participating teachers at a maximum rate of \$75 per week. Additional allowances for dependents to a maximum of four and for travel are provided.

Dr. Brown said today that he would accept inquiries and applications from high school teachers of Maryland, District of Columbia, and surrounding states immediately. He advised that they be addressed:

Dr. Joshua R. C. Brown,  
Department of Zoology,  
University of Maryland  
College Park, Maryland.

### 1950 TV SCRIPT AWARD COMPETITION OPENS

The Department of Speech announces the opening of the 1958 Victor Frenkil TV Script Award competition for students enrolled in colleges and universities offering courses in radio and/or television.

Entries should be sent to George F. Batka, Director, Radio-Television Department, Department of Speech, University of Maryland at College Park. The winner will be notified by mail and public notice will be made through the pages of *Variety* and *Broadcasting-Telecasting* magazines on or about March 25, 1958.

Entries must be original, not previously produced, dramatic scripts, one hour in length. One entry per person only. All entries must be submitted in standard two-column television script form. Entrants should refrain from

(Continued on next page)

using unusually complex production elements. Entries must be received by March 15, 1958. One prize of \$500 will be awarded the author of the best adjudged script.

Entries will be judged on the basis of universality of theme and originality of content. Board of judges will be two faculty members from the University of Maryland and one each from the executive or production departments of stations WJZ-TV, WBAL-TV, and WMAR-TV, Baltimore, Maryland. Decision of the judges will be final and no judges will comment on scripts.

Entrants who wish their scripts returned should enclose an envelope and return postage with their manuscripts. Although all manuscripts will receive careful handling, the committee cannot assume responsibility for any script or original material submitted with a script.

The University of Maryland Speech Department reserves first production rights on the prize-winning script. All subsequent production rights become the property of the author.

### Mr. McCormick Heads 1958 Heart Fund Campaign

Mr. Charles P. McCormick, Chairman of the Board of Regents and leading Baltimore industrialist, has been named National Chairman of the 1958 Heart Fund Campaign. The campaign is to be conducted throughout the country during February for support of research, education and community service of the Association, its affiliates and chapters.

In accepting the appointment, Mr. McCormick, Board Chairman of the McCormick Company, world's largest producers of spices, tea and extracts, said:

"This campaign will mark the tenth anniversary of the American Heart Association as a national voluntary health agency, and as the spearheading force in the fight against diseases of the heart and circulation.

"At a time when our attention has been urgently directed to the need for research in other fields of science, I am sure the American people will be more generous than ever before in support of heart research. We have come to understand that only through expanded heart research can we obtain the knowledge so vitally needed to overcome this most serious threat to the nation's health—an enemy that is responsible for more than 800,000 deaths each year, or about 54 per cent of all deaths.

"The accomplishments of research

during the past ten years have taught us that there is indeed 'new hope for hearts' and that a gift now to the Heart Fund is an investment in the future—our children's future and our own."

Mr. McCormick pointed out that the 1958 campaign will reach its high point and climax with a nationwide door-to-door collection on Heart Sunday, February 23, with more than 1,500,000 Heart Fund volunteers participating. A special solicitation of local business establishments in communities throughout the country, known as "Heart Day for Business," is planned for February 4.

---

### Fund Operation

*(Continued from page 7)*

---

Those attending represented approximately 17,500 alumni across the country. They were:

H. Edmund Semler, Mr. and Mrs. Paul Mullinix, Mrs. Mildred Jones, Mr. and Mrs. Paul Nystrom, Clayton Reynolds, J. E. DeKowzan, Morris Fedder, Eugene J. Magnani, Miss Jean Magnani, Virginia Conley, Mrs. Bessie Arnurius, Mr. and Mrs. Nelson Bohn, Bernard Smith, Charles B. Koons, Mr. and Mrs. Donald Jackson, Miss Helen V. Kramer, Thomas Beam, A. G. van Reuth, J. J. Krajovic, Dr. William H. Triplett, Mr. and Mrs. Frank Block, L. M. Silvester, J. W. Belcher, F. O. Mitchell, Mr. and Mrs. William C. Strasser, Mr. and Mrs. Holmes Hawkins, Dr. and Mrs. H. S. Rubinstein, Dr. and Mrs. Henry V. Davis, Mr. and Mrs. William E. Brown, Mr. and Mrs. Philip Kync, Mr. and Mrs. S. ### NATIONAL JUDGES

Roscoe Whipp, '42, Associate County Agent, Rockville, received the thrill of a life time when the Maryland 4-H Dairy Cattle Judging Team which he coached won the National Contest at Waterloo, Iowa, in competition with representatives from 32 states.

The Maryland team scored 1918 points to win, followed closely by Michigan with 1912 points, with third place going to Washington. Maryland teams for a number of years have won this national contest and represented the United States in the international judging contest held each summer in England.

Membership on the Maryland team was won by the four young people through years of training and in judging competition at local, county, state, and regional contests. The team was composed of youths of families long identified with the dairy industry. They were Jerry Ensor, 19, of Forest Hill, Harford County, who placed third in the entire contest; Roberta Messer, 16, Gaithersburg, Montgomery County; James Ray Hill, 19, Woodbine, Howard County; and Howard Stiles, 20, of Mount Airy, Frederick County.

### MARKET ANALYST

Charles Harris, '57, is Assistant Market Analyst for the American Cyanamid Company and is located at 30 Rockefeller Plaza, N. Y.

### HOOPES HONORED

Herbert Hoopes, '30, was honored by his many friends at the Annual Meeting in Frederick for his two terms as head of the Maryland State Grange.

### HEADS U. N. MISSION

Roger Burdette, '33, has returned to Lima, Peru as Acting Head of the Food and Agriculture Mission of the United Nations. Burdette and his family spent 5 years in Chile where he was in charge of marketing work for FAO. Their daughter, Natalie, is a sophomore at Maryland in Business Administration.

### JUDGES ARGENTINE CATTLE

J. Homer Remsberg, Past President of the Maryland Alumni Association and noted Holstein breeder of Middletown, Maryland, judged cattle at Argentina's

world-famous Rosario Show last summer. Judging cattle in South America is becoming a habit for Homer. For three successive years, 1952-1954, he officiated at the Chilean National Holstein Show. In 1955 and 1956 he judged cattle in Columbia. It proves the old statement, "A good man is always in demand."

**SMITH CIVIC LEADER**  
Verlin W. Smith, '42, Oakton, Virginia has combined his professional and civic interests to improve soil conditions in his county. As head of the farm sales department of the Francis Powell Hill Realty Company he became interested in rural zoning and planning problems. Working with the County Agricultural Agent they were successful in having the Soil Conservation Service study their soil problem. Smith also serves as a member of Fairfax County Zoning Appeals Board.

**SEEDING IN SAUDI ARABIA**  
The most recent activities of Dr. J. Richard King, Ph.D. 1935, is given publicity in an article in the September, 1957 Southern Seedsman. Dr. King is on leave from Louisiana State University to head a U. S. Air Force experiment in Agriculture at the Dhahran Airfield in Saudi Arabia. The purpose of the project, which will ultimately cover 100 acres of the once barren sandy plain, is to supply fresh vegetables and fruits for the isolated base without the expense of flying them in from hundreds of miles away and as a morale builder among the air base personnel. As an extra dividend, modern farming methods will be demonstrated in an ancient land. During World War II, Dr. King helped develop a project for raising fresh vegetables for our troops on Guadalcanal.

**ALLARD TO HAITI**  
Howard F. Allard, B.S. 1936, M.S. Botany 1937, his wife and two children are currently on three months' leave in this country after spending several years in Agriculture with the I.C.A. in Peru. They are awaiting reassignment to Port-au-Prince, Haiti.  
Dr. Robert E. Jones, M.S. 1940, Ph.D. Botany 1942, is now President of the NORKEM Corporation of Yakima, Washington. Dr. Jones and his associates are suppliers of agricultural chemicals for extensive farming operation in the Yakima area.

Among recent visitors in College Park were Dr. E. C. Pierce, Ph.D. Botany 1942, his wife and two children.

BALTIMORE

Serving this area since 1919

"Cliff," who is plant physiologist, and his two partners, annually grow several hundred acres of potatoes and strawberries on their farms at Cochecton, Ohio.

#### OCTOGENARIAN FLOWER WINNER

It will be of interest to alumni that Dr. J. B. S. Norton, Professor Emeritus of Botany, and his wife recently received the best in show award for a dahlia that was entered in the Hyattsville Horticultural Club show. Dr. Norton is a charter member of the club that was organized in 1917. He was retired from the University in 1942 at the age of 70.

#### SMOOT TO FORT DIETRICH

Dr. John J. Smoot, B.S. 1942, M.S. 1948, Ph.D. Botany 1951, has recently accepted a position as plant pathologist with the U. S. Department of Agriculture, Agricultural Marketing Service. He will be stationed at Orlando, Florida. Since receiving his Ph.D., he has been working as a plant pathologist at Fort Dietrich, Frederick, Maryland.

### College of ARTS AND SCIENCES

*Lois Eld Ernest*

#### PROFESSORS PRESENT PAPERS

Dr. Ellis R. Lippincott, Professor of Chemistry, presented papers at two international meetings last summer. One was at the meeting of the European Spectroscopy Society at Freiburg, Germany; the other, at the International Symposium on Hydrogen Bonding in Ljubljana, Yugoslavia. Dr. Lippincott also attended the meeting of the International Congress of Pure and Applied Chemistry in Paris before returning to the United States.

Dr. William J. Bailey, Research Professor of Chemistry, with Charles N. Bird, presented a paper at the Division of Organic Chemistry of the American Chemical Society in New York, September 1957. With William G. Carpenter and Matthew Hermes, Dr. Bailey also presented a paper at the meeting of the Division of Polymer Chemistry.

Dr. Wilkins Reeve, Professor of Chemistry, presented a paper at the Division of Analytical Chemistry of the American Chemical Society in New York at the September meeting.

#### DR. BROWN AT CALIFORNIA

Dr. George M. Brown, Associate Professor of Chemistry, is at the California Institute of Technology for research during his sabbatical year.

#### NEW FACULTY MEMBER

Dr. Alfred C. Boyd, Jr. has joined the faculty as Assistant Professor of Chemistry. He received his degree from Purdue University in June 1957.

#### DRS. PARKER AND LARENAS VISIT DR. WHITE

Dr. C. A. Parker of the Admiralty Materials Laboratory, Holton-Heath, Poole, Dorset, England was a recent visitor to Dr. Charles E. White, Professor of Chemistry. Dr. Parker is interested in fluorescence analysis and in trace analysis.

On October 3 Dr. White had as a visitor Dr. Arquidamo A. Larenas of the Universidad Central, Quito, Ecuador, South America. Dr. Larenas, who speaks no English, was accompanied by his daughter who acted as interpreter while he and Dr. White discussed fluorescence and trace analysis.

#### NOTES FROM THE DEPARTMENT OF ENGLISH

Harold J. Herman, '52, has returned to the University of Maryland as an instructor in the Department of English. Since 1952, Mr. Herman has been a graduate student and part-time teacher of English at the University of Pennsylvania in Philadelphia.

Paul W. Whitney, 51, has been appointed instructor in the Department of English. Since 1951, Mr. Whitney has studied at the University of Chicago and the University of Pennsylvania, and has taught English at Temple University in Philadelphia and at Westminster College in New Wilmington, Pennsylvania.

Dr. Cecil R. Ball, M.A. '34, Associate Professor of English and a member of the Maryland faculty since 1932, has returned to the College Park campus from two years of teaching in the University's program for military personnel in Europe. Dr. Ball taught Maryland classes in France and Germany.

Dr. Minerva Martin, Instructor in English since 1945, is teaching this year in the University's junior college for military dependents in Munich, Germany.

#### DR. SUTTON JOINS FACULTY

Dr. Paul Sutton, Jr., has been appointed Instructor in Philosophy for 1957-58.

He replaces Dr. W. E. Schlaretzki, who is serving as Visiting Professor of Philosophy at the University of Illinois for the current year. Dr. Sutton comes to the University from Washington-Jefferson College, Pennsylvania.

### ELECTED SECRETARY-TREASURER

Dr. Lucius Garvin, Head of the Department of Philosophy, was recently elected Secretary-Treasurer of the American Philosophical Association. He is also serving currently as Program Chairman of the Annual meeting of the American Society for Aesthetics, held in Washington, D. C. from October 25-27.

### DR. LEED NAMED DEPUTY DIRECTOR

Dr. Russell E. Leed is the new Deputy Director for the Production Division of the Atomic Energy Commission's Oak Ridge Operations. A native of Denver, Pennsylvania, Dr. Leed received his bachelor of science degree in chemistry from Franklin and Marshall College. He continued his graduate work while teaching at the University of Maryland, and received his master's and doctor's degrees in physical chemistry from the University.

Dr. Leed succeeds Charles A. Keller who recently was named Director of the Production Division. As Deputy Director, Dr. Leed shares responsibility for the Commission's production programs at Oak Ridge; Paducah, Kentucky; and Portsmouth, Ohio.

He first became associated with the atomic energy program in 1950 as a research participant associated with the homogeneous reactor project at Oak Ridge National Laboratory. He joined the Commission as a chemist in 1951, and was Assistant Chief of the Plant Operations Branch when promoted to his current position.

### MR. ERBE ELECTED PRESIDENT

Mr. T. H. Erbe, '36, of the T. H. Erbe Company, has recently been elected President of the Chartered Life Underwriter Chapter of the Travelers Insurance Company, Hartford, Connecticut, one of the largest life insurance companies in the nation.

While at the University, Mr. Erbe was a member of Phi Delta Theta social fraternity and Omicron Delta Kappa honorary leadership fraternity and he is now a member of the Merchants Club, the Mt. Washington Club and is Past President of the Optimist Club of Roland Park.

Mr. Erbe has been in the insurance business for 20 years and has given many lectures before civic groups and medical associations. "Chartered Life Underwriter" is a professional degree awarded only to those who pass rigid examinations and meet stipulated requirements of performing insurance service to the community.

#### DR. HARRISON TO OXFORD

Dr. Arthur P. Harrison, who received his B.S. 1948, M.S. 1950, and Ph.D. 1952, in Bacteriology, has recently left for Oxford University, England, where he will study under Professor Sir Cyril Hinshelwood. Sir Hinshelwood was the 1956 recipient of the Nobel prize in Chemistry. Dr. Harrison, since graduating from Maryland, has been on the staff of the Biology Department at Vanderbilt University.

#### SPEECH DEPARTMENT SPONSORS FORUM

The Speech Department and the Calvert Debate Club sponsored a Forum on Monday, October 21, from 4 to 5:30 p.m. in the Student Union Auditorium.

The topic for discussion concerned the "Right-to-Work" labor laws and the important issues involved in the 1957-58 intercollegiate debate proposition: "Resolved: That the Requirement of Membership in a Labor Organization as a Condition of Employment Should Be Illegal."

Featured speakers were Mr. Arthur Irwin, Staff Attorney of the U. S. Chamber of Commerce, and Mr. Jack Barbash, Director of the Research and Education Department of the Industrial Union Department of the AFL-CIO. Both speakers were among the more informed experts on this phase of labor problems.

Morris Rogers, President of the Calvert Debate Club opened the Forum and Miss Dorothy West, Club member, introduced the speakers and served as moderator. The Forum consisted of short speeches by these authorities and a question-answer period for the audience. All interested persons were invited to attend.

#### MUSIC FACULTY PUBLICATIONS

Dr. Bryce Jordan, co-author (with Homer Ulrich, Head of the Department) has written a *Student Manual for Music: A Design for Listening*. The manual is to accompany the textbook recently published by Dr. Ulrich, *Music: A Design for Listening*.

Professor Rose Marie Grentzer is the author of a major article on music education throughout the world in the new edition of the *Encyclopedia Americana*. She is also the editor of a new basic series of music books for the elementary school, to be published by the C. C. Birchard Company. Professor Grentzer is curriculum consultant in music for a course of study being written for the Washington, D. C. public schools' elementary music program and curriculum consultant to the music committee which is writing a course of study for elementary school music in Baltimore County. She recently presented a lecture-demonstration to graduate students at the Eastman School of Music, University of Rochester. During the summer she gave six lecture-demonstrations at the University of Wisconsin's Summer Workshop in Music Education. On October 17 she gave the elementary music demonstration for the annual meeting of the Maryland Music Education Association in Baltimore.

### STRAUSBAUGH ELECTED PRESIDENT

At its annual meeting October 10th at the Emerson Hotel in Baltimore, Professor Warren L. Strausbaugh, Chairman of the Department of Speech and Dramatic Art, was elected President of the Maryland Society for Crippled Children and Adults. For the past year Professor Strausbaugh has been serving as its Vice-President.

### PARTICIPATE IN LEADERSHIP CLINIC

Mrs. Hester Beall Provenson, Assistant Professor of Speech and Dramatic Art, participated in a Leadership Clinic at the National Convention of the General Federation of Women's Clubs at the Statler Hotel, October 8.

The Moderator of the Leadership Clinic was Mrs. John L. Whitehurst, former member of the University of Maryland Board of Regents.

The other participants were Dr. Albert S. Croft, Department of Speech, University of Oklahoma, and Mrs. Henry M. Robert, Jr., Past President of the General Daughters of the American Revolution.

### ROSS ADDRESSES MEETING

Dr. Sherman Ross, Professor of Psychology, presented an address on "Psychopharmacology" to the Research and Development Section of the American Drug Manufacturer's Association at its meetings on October 8-9 in Rye, New York. Dr. Ross has recently returned

to the campus from a period of service as Assistant Chief, Psychopharmacology Service Center, National Institute of Mental Health, where he helped found and establish this Center.

#### ACTIVITIES IN THE DEPARTMENT OF HISTORY

The Department of History is one of the busiest and most active on the campus. There are 25 full-time teachers, of whom 5 are full Professors, 2 are Associate Professors, 8 are Assistant Professors, and 10 are Instructors. The Department is responsible for the instruction of approximately 2,700 undergraduate students and 43 graduate students. Its course offerings embrace a wide field of subjects in American History, European History and certain special areas as Latin America, Mexico, Canada, the British Empire, the Far East, Southeast Asia, and the Middle East. Expansion of our courses to embrace the Middle East started this year. After a careful search, we invited Dr. Helen Rivlin from the Harvard Middle East Institute to assume the position. She is a Ph.D. of Oxford University but did her undergraduate work at Rochester and took her M.A. at Radcliffe. The introduction of courses on the Middle East should attract considerable interest. The offerings embrace both undergraduate and graduate courses.

The Department has a very active chapter of Phi Alpha Theta, the national honorary history fraternity. Speakers of prominence are presented at its monthly meetings, which are always well attended. In addition, the University was host to a regional conference in connection with the sesquicentennial celebration and another one is scheduled for the spring of 1958. Dr. Richard H. Bauer has served as a member of its National Council for several years and has continuously acted as advisor to the local chapter.

Members of the instructional staff have a very active program of research under way which promises to result in a continuing output of publications during the coming few years. Recognition of this fact was given by the Committee on Research and Publication, which awarded monetary grants to 5 members of the Department in 1956-57 and for this current year grants have been made to 6 members. Several of the research projects will be submitted for publication during the coming year. In this connection, special mention should be made of the projects of Dr. Wilhelmina Jashemski, who was the recipient of grants from the University

and the American Philosophical Society and who was given sabbatical leave during the second semester of 1956-57. Dr. Jashemski is making a significant study of Roman gardens. In connection with her projects, she spent her sabbatical leave doing archaeological research in Greece, Asia Minor, and Pompeii. Another result of the trip was the making of approximately 3,500 slides, which doubtless constitute the finest collection in their subject matter. These are of much value in connection with teaching her classes on the campus.

In addition to the University research grants, special recognition has come to several members of the staff in connection with their work. Associate Professor Donald C. Gordon has been a Fulbright scholar in Australia for the past year and will return to the campus for the coming second semester. Assistant Professor David Sparks is currently on sabbatical leave and is the holder of a Social Science Research Council grant, which has enabled him to work in Huntington Library (California) in connection with his projected biography of General Henry Wager Halleck. Assistant Professor Roland Stromberg has been given a grant by the Rockefeller Foundation to do research on the general problem of collective security.

During the past year, members of the Department have completed and McGraw-Hill Book Company has published a textbook entitled *American Civilization*. The book was several years in the making. Thirteen members of the staff have contributed chapters but the final job of editing and rewriting was completed by Drs. Gewehr, Gordon, Sparks, and Stromberg. This book represents a new approach to the problem of American History at the college level by presenting only basic ideas, institutions, developments, and American contributions. The text was published in May, 1957 and has been well received.

Professor Horace S. Merrill has a new book in the Library of American Biography (Little, Brown and Company, 1957). It is titled *Bourbon Leader: Grover Cleveland and the Democratic Party*. In addition, Dr. Merrill contributed "The Supreme Court and Economic Policy, 1877-1914" in the revised edition of *Problems in American History*, edited by R. W. Leopold and Arthur Link (Prentice-Hall, 1957).

In addition to their campus teaching duties, the History staff has carried a major responsibility in connection with the off-campus and overseas programs.

## College of BUSINESS AND PUBLIC ADMINISTRATION

Egbert F. Tingley

### TRAINING IN INDIANA

Army Private Philip N. Steel, Jr., '56, is receiving on-the-job training in finance under the Reserve Forces Act program at Fort Benjamin Harrison, Indiana. Steel received basic combat training at Fort Knox, Kentucky.

He was employed by the Swiss Jewel Company and the Herman D. Steel Company, Philadelphia, before entering the Army. While at the University, he was a member of Alpha Epsilon Pi fraternity.

### ATTENDS INTERNATIONAL SEMINAR

Each summer the American Friends Service Committee organizes International Seminars, for students. These seminars take place overseas as well as in this country. The theme of this year's seminar was: "An interdependent world: The effect of national conditions in international actions."

This summer, Abraham I. Salomé, a Dutch graduate student in the Department of Geography, participated in the seminar held in Sedonia, Arizona. Here, in the beautiful Oak Creek Canyon, 30 students from 18 different countries met, in August, for four weeks. Most of the foreign students had been at American universities for one year.

After introductions by specialists, in their fields, the topic was discussed from the anthropological, the political, the economical and the ethical point of view. The general conclusion was that the world situation, at the present, is far from desirable. American participants and, to a lesser degree, the West Europeans thought the threat of Russian Communism the main cause of world tension. The seminar members from Asia and Africa, however, emphasized the fact that hunger and discrimination are the root of all problems occurring at the present.

Besides the general discussion topic other problems were discussed: for instance, the education systems, as found in the different countries. During the so-called nationality evenings the students introduced their country to the group. Several interesting trips in the area were made. Old Indian cliff dwell-

ings, the ghost town of Jerome, the Grand Canyon of the Colorado and the Hopi villages (where the Hopi snake dance took place) were visited. Informal discussions and recreational activities contributed also greatly to the success of the seminar.

The International problems were not solved by the group, but they all went home, or back to their universities, with the feeling of having learned something about each other, each other's countries, the United States and Arizona.

#### GUEST SPEAKER AT CONFERENCE

A guest speaker for the second day of the ninth annual Office Management Conference held at the University October 24, 25, and 26 was Miss Phyllis Brown.

Miss Brown, currently Editor in the Associate Membership Division of the Research Institute of America, is an expert in problems of human relations on the job. Business managers, ranging from supervisors to company presidents, take her advice on such questions as how to encourage the discouraged employee, how to correct a subordinate, how to handle a woman employee. One of her most famous reports, "How to Handle Women," has proved of enormous help to supervisors and personnel directors throughout the country.

Miss Brown spoke on "Dealing with People Effectively" with particular reference to women employees. After the technical presentation, the Conferees had an opportunity to discuss cases related to the subject in small round tables which were followed by a summary of various viewpoints by Miss Brown at the close of the session.

Under the general chairmanship of Dr. Arthur S. Patrick, the Conference was sponsored by the University's College of Business and Public Administration in cooperation with the Area Three Chapters of the National Office Management Association.

#### DR. COLLINS IS

#### PHARMACIST-DENTIST-PHYSICIAN

Dr. Clarence E. Collins, '97, of Crisfield, Md., is probably the only alumnus who possesses certificates issued by the

State Boards for three professions: Pharmacy, Dentistry and Medicine. Born in Laurel, Del., in 1872, Dr. Collins attended the National College of Pharmacy and passed the Maryland Board of Pharmacy in 1895. In 1897 he received the D.D.S. degree from the University of Maryland. For two years he practiced in Crisfield. From 1899 to 1902 he was a Demonstrator on the Faculty of his alma mater. In 1902 he received the M.D. degree from the University of Maryland and began the practice of medicine in Crisfield, where he still practices at the age of eighty-five. Dr. Collins has been part-time Health Officer of Crisfield since 1910. From 1928 to 1946 he was associated with the U.S.P.H.S. Since 1940 he has been associated with the Veterans Administration. He was President of the Chamber of Commerce (1912-24), President of the Red Cross of Somerset County (1920-32), and a member of the City Council (1914-18). In 1934, Dr. Collins began his research with the aloe vera plant which his son found growing wild in the Florida Everglades. He discovered that juice from the plant's leaves contains valuable therapeutic elements. After long experimentation Dr. Collins made an ointment (Alovera) that is now used extensively in the treatment of all kinds of burns, especially those resulting from overexposure to x-rays and radium.

#### MACKAY PAST MAINE PRESIDENT

Dr. George W. MacKay, '00, who, at the age of eighty-one, practices in Millinocket, Me., was President of the Maine Dental Society in 1916-17. A Fellow of the American College of Dentists (1938), Dr. MacKay was a member of the Maine Board of Dental Examiners for ten years. He began practice in Millinocket following his graduation.

#### HARPIN: DENTISTRY AND MUSIC

Dr. Adelard Harpin, '98, of Worcester, Mass., has been a dental truant of the first order. Besides his professional interests, he has participated to a very impressive extent in civic activities and in the field of music. For twelve years he was Commissioner of Parks and Recreation of Worcester; he also served for twelve years as a Trustee of the Worcester Trade High School. Dr. Harpin has sung in all the principal cities of the United States and Canada. For a half century he was a Choir Director in the churches of Worcester. He achieved wide recognition in musical circles by his work as organizer

MARTIN IS PAST RHODE ISLAND PRESIDENT

Dr. Henry A. Martin, B.C.D.S., '05, was President of the Rhode Island State Dental Society in 1925-26. A native of Newport, he has practiced in that city since his graduation. Dr. Martin was Vice-President of the Newport Dental Society for ten years and was Grand Knight of his Knights of Columbus council in 1913. He has supplemented his important professional activities by participating also in important local civic activities: member of the Planning Board for ten years, member of the Board of Tax Assessors for five years, Chairman of the Board of Tax Appeals for four years, and Dental Inspector, Board of Health for thirty-eight years.

PAST GRAND MASTER OF S.E.D.

FRATERNITY

Dr. Daniel D. Schwartz, '36, who practices in Paterson and Little Falls, N. J., is the immediate Past National Grand Master of Sigma Epsilon Delta fraternity. He had been Master of the New Jersey Graduate Chapter in 1948. Dr. Schwartz has also served as Chancellor of the Knights of Pythias, President of the Passaic County Council for the Improvement of School Health Services, President of the Paterson Club Leaders, President of the New Jersey Club Leaders Association, and President of the United Jersey Verein. During the World War Dr. Schwartz was in the Army Air Force, 1943-46, and was separated with the rank of Captain.

ENGLANDER CONNECTICUT STATE

PRESIDENT

Dr. Jesse J. Englander, '32, of Bridgeport, is President of the Connecticut State Dental Association (1957-58). Dr. Englander is a Past President of the Bridgeport Dental Association (1943-44) and the Probus Civic Club (1946-47). In 1946 he was elected National President of Probus. He served on the Board of Governors of the State Association from 1950 to 1955. He has made a fine contribution in the field of dental literature as Editor of the *Journal of the Connecticut State Dental Association* (1945-50) and of the *New England Dental Journal*, (1950-51). Dr. Englander is a member of Alpha Omega, Omicron Kappa Upsilon, and Gorgas Odontological Society.

Dr. Robert H. Brotman, '22, of Baltimore, has pioneered in the use of ultrasonics in dentistry. He is the official investigator for the use of Cavitation in Maryland. At the 1956 meeting for the Maryland State Dental Association he gave a clinic on the uses of ultrasonics in preparations. Throughout his career Dr. Brotman has been an important contributor in the field of lay education. He has contributed articles for the lay reader to several national magazines, and his *Let's Look at Your Teeth* has achieved wide distribution. The list of high offices held by Dr. Brotman reflects a large sphere of interests: President of the Baltimore Alumni Chapter of Alpha Omega, President of the Ritchie Civic Club, Noble Grand of the I.O.O.F., Chairman of the A.Z.A. organizations in the Fifth District, and Chairman of the Beth Jacob School and Center. Dr. Brotman is the father of Dr. I. Norton Brotman, '36, and the brother of the late Dr. A. Alfred Brotman, '41.

#### SPOON ON BOWMAN GRAY FACULTY

Dr. Riley E. Spoon, Jr., '43, (March), of Winston Salem, N. C., has served since 1946 as Instructor in Dentistry at the Bowman Gray School of Medicine. Dr. Spoon is Past President of the Second District Dental Society and of the District Officers Conference of the North Carolina Dental Society. He has presented papers and clinics before North Carolina local, district and state meetings. Dr. Spoon served in the Army Dental Corps, 1943-46.

#### CLENDENIN PAST PRESIDENT OF D. C. SOCIETY

Dr. George B. Clendenin, '29, of Bethesda, Md., is a Past President of the District of Columbia Dental Society, Past Master of his Masonic lodge, and Past President of the Bethesda Rotary Club. Dr. Clendenin is a Fellow of the American College of Dentists and a member of the Maryland State Board of Dental Examiners.

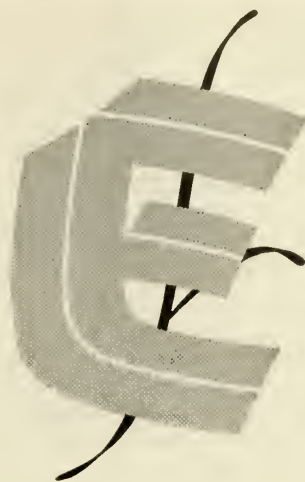

#### PAST NORTH CAROLINA PRESIDENT

Dr. Linus M. Edwards, '07, of Durham, N. C., was President of the North Carolina Dental Society, 1934-35. Dr. Edwards is a fellow of the American College of Dentists.

#### MCGRAIL COMBINES TWO CAREERS

Dr. Clement J. McGrail, '23, of New Haven, Conn., is undoubtedly one of the most businesslike men in the dental profession. He also must be one of

OPEN THURSDAY EVENINGS

BY HAZEL HATCH GOFF

If the recent visit of Queen Elizabeth to our country gave you the yen to travel—or if (like us) you just don't like cold weather and long for the sunny climes—then this is the time to vacation in the many, many playgrounds of the south—or of the world!

A friend of ours—each year—takes one of these exciting “guided tours” arranged in detail for you by the travel bureaus—no reservations to make—no luggage to wear you out—absolutely no worries—and she loves it.

For  
**Maryland**

Sometimes just a business trip or a long weekend can break the monotony of a winter in the north and be an uplift in helping sustain us until spring arrives again with all of the beauty of new life and growth to Maryland.

Now, if your fancy is captured by a travel folder from abroad, as one of the ever increasing number of travelers to Europe, and no limit to your itinerary—if time and money are no object, there are hundreds of tours to choose from.

Traveling Europe in 1958 you might be interested in the Ski Jumping and World Championships to be held in Finland in March; the famous Bicycle Races in France in July; Tulip Time in the Netherlands in May; the Irish Derby (for racing fans) in June; Opera, Concerts, etc. when the City of Munich celebrates its 800th Anniversary; Ice Hockey in Norway; and it seems (from the folders) that every country is holding a Festival of something or other to attract the tourist to their land in 1958.

Then there are the famous night spots, the magnificent cathedrals, the wonderful beaches — natural playgrounds with gayety planned for you; celebrated promenades; gracious hospitality at fabulous hostelrys and, of course, choicest foods.

But, to get back to America, the advertisements vie with one another to tell us where one can find the most elaborate hotels, the most luxuriously appointed resorts, the most exotic foods, the most restful or the gayest of clubs.

Wherever we go there'll be music, and music lovers are always happy to find a Chickering piano for they know that means the very finest in piano making.

KRANZ WILLIS MUSIC at 327 NORTH CHARLES STREET, is one of the most famous names on the street, Maryland's largest and best stocked music store. One of the most valuable aids to the customer is John Jacobs with 40 years experience in the sheet music department and well qualified to help you in selecting the right music for your particular needs.

The piano department carries a full line of grands, spinettes and consoles to fit every need, plus a consulting service to help you and advise you concerning care and upkeep or technical problems. The department is under the managership of Denny Shaw, who for many years was a consulting engineer to several piano manufacturers and a master craftsman piano technician.

methods, as President of McCormick & Company, has been named National Chairman of the 1958 Heart Fund Campaign. The campaign is to be conducted throughout the country during February for the support of research, education and community service of the association.

The oft-quoted remark, "Give a busy man the EXTRA JOB and it will be well done" is rightly true in the case of Mr. McCormick, and because he gives of himself so generously, he will have full support of his co-workers.

\* \* \* \* \*

Another campaign which will require our efforts during the coming month is the 1958 March of Dimes which officially opened on January 2, marking the twentieth year in which the public has joined with the National Foundation for Infantile Paralysis to fight polio and its after-effects.

Former U. S. Senator George L. Radcliffe, is chairman of the March of Dimes in Maryland.

Outlining this year's campaign, Mr. Radcliffe says that "We must face more than one challenge this year, and all of them are of vital importance. Our slogan for 1958, "Help Them Live Again," tells its own story of the 90,000 polio victims on

crutches, in braces, in wheelchairs and in iron lungs."

He points out that there are still 37,000,000 Americans in the polio age group who have not yet been protected from paralytic polio by Salk vaccinations, and that March of Dimes funds will also be used this year for the rehabilitation of polio victims and for research into science and medicine.

Other March of Dimes programs include the National Foundation's epidemic and emergency service, which makes available equipment and medical personnel to stricken areas, and its program of research, which finances scientific investigation into the cause and treatment of paralytic polio through grants to laboratories and medical schools throughout the nation.

The 1958 March of Dimes continues through January 31.

the staffs of the Illinois Institute of Technology, Nebraska State Teachers College, North Dakota State College, and the University of Nebraska. During the year just past he served as a consultant to high school teachers of mathematics and science in the state of Nebraska, in the Science Teaching Improvement Program, which is an activity of the American Association for the Advancement of Science. In addition to his duties with the Junior High School Mathematics Research Study, he teaches courses in mathematics in the University of Maryland mathematics department, and will work with student teachers in the areas of mathematics and science.

Dr. Keedy's appointment brings him to the land of his ancestors. His grandfather emigrated, as a boy, to Nebraska, from Keedysville, Maryland. Dr. Keedy indicates that he has not yet visited that small Maryland town, but that he intends to do so when the pressures of becoming oriented ease a bit.

### JACOBSEN JOINS INDUSTRIAL EDUCATION STAFF

Dr. Eckhard Jacobsen recently joined the Industrial Education Department's staff with a rank of Associate Professor. Dr. Jacobsen earned his doctor of philosophy degree at the University of Connecticut. His undergraduate work was done at the State Teachers College, Oswego, New York.

Dr. Jacobsen's major responsibilities include courses in drafting and design. Prior to his coming to the University, he taught at the State Teachers College at Fitchburg, Massachusetts. Dr. Jacobsen comes to his new position with a rich background in teacher education, public school work, and industrial experience.

Dr. Jacobsen is married and has four children.

### DR. PATRICK APPOINTED

Dr. Arthur S. Patrick has been appointed as State Chairman for Maryland for the national organization, Future Business Leaders of America. Mrs. Jane H. O'Neill of the College of Business and Public Administration has been appointed as Associate Chairman.

The FBLA is actively sponsored by the United Business Education Association which is a department of the National Education Association and colleges in the 48 states, District of Columbia, Hawaii, and Cuba. These chapters are organized by states and individual possessions into State Chapters of FBLA who have their own state

officers and conduct state conventions each spring.

The Maryland State Chapter of FBLA will hold their first annual convention on the University of Maryland campus, April 25 and 26, 1958.

The purposes of FBLA are to develop competent business leaders, strengthen the confidence of young men and women in themselves and their work, create more interest and understanding in the intelligent choice of business occupations, participate in worthy undertakings for the improvement of business in the community, encourage and practice thrift, improve and establish standards for entrance into business occupations, and finally, to encourage improvement in scholarship, develop character, train for useful citizenship, and foster patriotism.

Each local and state chapter conducts a program whereby recognition is given these young people for outstanding leadership, scholarship, and citizenship.

#### LEMBACH TEACHES WORKSHOP

Professor John Lembach is now teaching an art education workshop for elementary school teachers of Baltimore and vicinity every Wednesday evening from 7 to 9 p.m. at the Howard Senior High School.

#### DR. HYMES LECTURES

Dr. James L. Hymes, Jr., Chairman of the Childhood Education Department spoke to the following groups:

- Oct. 3—Baltimore Association for Pre-school Education
- Oct. 22—Radnor Township, Pa. Public Schools
- Oct 28—Potomac Association of Cooperative Teachers
- Oct. 31—Maryland State Conference of Pupil Personnel Workers
- Nov. 1—Founders Day, Mills College of Education
- Nov. 14—Montgomery County A.C.E.
- Nov. 16—Tidewater Pre-school Association and Peninsula Mental Health Association, Hampton, Virginia

#### LEADER AT SEMINAR

Mrs. Margaret A. Stant, Assistant Professor of the Childhood Education Department, was a leader of a seminar on kindergarten teaching at a workshop at Blue Ridge Summit, Pa.

DR. MALEY IS CONSULTANT

Dr. Donald Maley was a speaker and consultant at the Fayette County Teachers' Institute held on September 27 at Connellsville, Pennsylvania. Dr. Maley spoke on the topic "How Can Industrial Arts and Vocational Education Teachers Do a Creditable Job of Teaching a Class with Students of Various Levels of Ability?" This marks the third straight year that Dr. Maley has appeared before similar groups in various parts of Pennsylvania. This year's talk was highlighted with an effective array of visual aids developed especially for the topic.

DRS. HUFF AND REID ATTEND SCHOOL

Dr. Wilbert J. Huff and Dr. Luther J. Reid attended the One Day School for Chemical Engineering Teachers held Friday, October 18, 1957 at the Daniel Boone Hotel in Charleston, West Virginia under the auspices of the American Institute of Chemical Engineers. The topic of the school was Modern Ammonia Synthesis. The session included a plant inspection trip to the E. I. du Pont de Nemours and Company ammonia plant at Belle, West Virginia.

EARNs ADVANCED DEGREE

Mr. Harry E. Hughes, Jr., B.S.M.E., '51, was recently awarded an M.S.M.E. by Lehigh University. He received the degree during the 79th Founder's Day exercises of Lehigh University held October, 1957 in Packer Memorial Church on the University campus.

DEAN MAVIS CO-AUTHORS PAPER

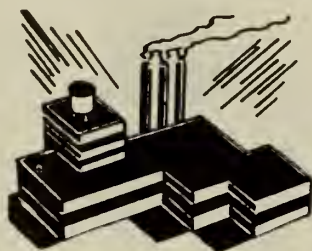

A paper on destructive impulse loading of reinforced concrete beams by Dean F. T. Mavis and Dr. M. J. Greaves, published in the September *Journal* of the American Concrete Institute reports an extensive study by the authors of the resistance of structural elements to heavy blast forces and destructive impulse loads. The research has also been summarized in a sound motion picture.

ment of fuses and other weapon components at the Naval Ordnance Laboratory, has received many commendations and been granted a number of patents for his designs. He also holds the Navy Distinguished Civilian Service Award.

FIRE SERVICE EXTENSION

The scope of activities of the Fire Service Extension Department of the College of Engineering in the field of the control and reduction of fire losses has recently increased in tempo. This is by means of an intensification of a program to conduct short courses concerned with fire prevention and fire protection at selected locations throughout Maryland. One such was held at New Windsor in September and another at Cambridge in October. The attendance and interest in this type activity serves to emphasize that this public service program of the University renders a worthwhile service in the field of humanitarian fire safety.

COMMITTEE MEETS AT MARYLAND

The University was the scene of a meeting of national import in the field of fire safety November 5-8, 1957. This was the meeting of the Committee on Rural Fire Protection of the National Fire Protection Association. Included on the agenda was consideration of standards of primary concern and application to rural fire safety. The present trends in de-centralization of industry and population has greatly increased the significance of the fire problems in other than urban areas. This committee under the Chairmanship of Mr. Robert C. Byrus, Director of the Fire Service Extension Department brought to the campus representatives from approximately twenty states, representing industry, educational institutions, insurance groups, and the fire service. This committee functions in both a technical advisory and educational capacity in active cooperation with the Department of Agriculture.

PROFESSOR SCHULTZ-GRUNOW LECTURES

Professor F. Schultz-Grunow of the Institute of Applied Mathematics in the Technical University of Aachen lectured on Friday afternoon, October 11, at the University on the topic "On Mechanisms Producing Longitudinal Waves in Boundary Layers". The lecture was held at 3 p.m. in Room 315 of the Mathematics Building under the auspices of the Institute for Fluid Dynamics and Applied Mathematics.

The lecture was a sequel to his paper on the same topic presented before the 12th Congress for Theoretical and Applied Mechanics in Brussels, 1956 and is related closely to research on boundary layer transition initiated several years ago at the University of Maryland by Dr. Theodore Theodorsen and carried on by Professors F. Hama and J. R. Weske of the Institute for Fluid Dynamics and Applied Mathematics.

Professor F. Schultz-Grunow holds the Chair of Theoretical and Applied Mechanics and is the Director of the Institute for Applied Mechanics at the Technical University of Aachen (West Germany's largest Technical University), received his scientific training at Munich and Goettingen. He was a member of the research staff of Professor Prandtl's Institute for Fluid Dynamics Research and ranks among the outstanding representatives of the Prandtl School of Aerodynamics Research.

He is a prominent scientific figure in Germany and throughout Europe as one of the younger leaders of the (German) Society for Applied Mathematics and Mechanics (GAMM).

Professor Schultz-Grunow also is a Fellow of the Institute of the Aeronautical Sciences.

### BAILEY DOING GRADUATE WORK

William R. Bailey, M.E. '50, is doing graduate work in Economics at the University of Pennsylvania. Since graduation he worked for four years with the Brown Instrument Division of Minneapolis-Honeywell in Philadelphia; two years as a Naval Reservist at Norfolk during the Korean affair; one year with a small consulting firm and recently he has been research engineer with the Lukens Steel Company. He writes: "Both engineering and life have been good to me: I married a Philadelphia girl in 1951 and we now have a four month old boy."

### DR. LONG ELECTED SECRETARY

Dr. Ralph H. Long, Jr., of the Mechanical Engineering Department was recently elected Secretary of the Washington Section of the American Society of Mechanical Engineers. Assistant Professor Harold D. Cather was appointed Chairman of the Student Affairs Committee for the Section.

### DR. GEE APPOINTED

Dr. Edwin A. Gee, Ph.D. 1948, Chemical Engineering, of E. I. duPont de Nemours & Company, Pigments De-

partment, has been advanced from his important technical supervisory responsibilities to Assistant Director of Sales.

**DR. HUFF TO PRESIDENT'S CONFERENCE**

Dr. Wilbert J. Huff, Chairman of the Department of Chemical Engineering, was an invited delegate to President Eisenhower's Conference on Technical Research and Distribution for the Benefit of Small Business. This conference met in Washington, September 23-25, inclusive. The impact of engineering and applied science upon business has been explosive. The conference explored ways and means for extending to the small organization the benefits, hitherto available chiefly to large business. Dr. Huff has had extensive experience in industrial research and consultation.

**DR. RALSTON RETIRES**

Dr. Oliver C. Ralston, a member of the University's Advisory Committee on Metallurgy in the Department of Chemical Engineering retired October 1st from his duties as Chief Metallurgist in the United States Bureau of Mines. His associates and friends tendered him a farewell reception on September 19th at the Hotel Burlington in Washington, D. C. Among the many attending was Dr. Huff.

**ATTEND SYMPOSIUM**

Dr. Wilbert J. Huff, Chairman, and Dr. Luther J. Reid, Assistant Professor of the Department of Chemical Engineering were invited by the E. I. du Pont de Nemours and Company to attend an educational symposium on the catalytic synthesis and large scale manufacture of ammonia held Friday, October 18th, at Charleston, West Virginia.

**J. H. RUMBAUGH RETURNS**

Jeffrey H. Rumbaugh, B.S. in Electrical Engineering, 1957, has returned to the University as Instructor in Electrical Engineering.

**NESLINE TEACHES AT M.I.T.**

Frederick W. Nesline, B.S. in Electrical Engineering, 1951, received the Ph.D. from Yale in 1956. At present he is an Assistant Professor of Electrical Engineering at the Massachusetts Institute of Technology.

**PETTIT REPORTS TO EGLIN**

Charles G. Pettit IV, B.S. in Electrical Engineering, 1957, recently reported to the Eglin Air Force Base in Florida. Mr. Pettit was commissioned into the Air Force at the June commencement.

### CAPT. LUCE RETIRES

Capt. Robert F. Luce, who retired July 1, 1957, taught surveying in the Civil Engineering Department for the past 9 years. He received his B.S. degree in Engineering from the Sheffield Scientific School, Yale University in 1910. He served in various technical and administrative capacities with the U. S. Coast and Geodetic Survey from 1910 to 1947 when he went on inactive status with a rank equivalent to Captain in the Navy. Capt. Luce is a U. S. Licensed Marine Officer, Master, Unlimited, on any ocean. He lives at 3130 Wisconsin Avenue, Washington, D. C. "Smooth sailing" Captain.

### TWO JOIN STAFF

Two new instructors, Messrs. Robert L. Pumphrey and Raymond J. Krizek, joined the staff of the Department of Civil Engineering on Sept. 1, 1957. Mr. Pumphrey received a B.S. degree in Civil Engineering at the University of Maryland in 1953. Prior to coming to Maryland he worked with the U. S. Geological Survey, Thiablot Aircraft Co., and the Washington District of the Corps of Engineers. In 1954 and 1955 he served as a lieutenant in the U. S. Air Force at Bolling Field. Mr. Pumphrey is married and has one daughter. He lives at 3032 Gumwood Drive, University Hills, Maryland. Mr. Krizek received a B.E. degree in Civil Engineering at Johns Hopkins University in 1954. He worked for the J. E. Greiner Co., Glenn L. Martin Co., and the Baltimore District of the Corps of Engineers and served in the Army at Ft. Belvoir, Va., from 1955 to 1957. Mr. Krizek is single and lives at 9115 49th Ave., College Park, Md.

### DR. BLACKBURN EMPLOYED BY STATE

Dr. J. B. Blackburn, Department of Civil Engineering, was employed by the Maryland State Roads Commission this past summer. His work involved the design of experiments for studies of problems related to highway design.

### CONSULTANT ON FOUNDATION PROBLEMS

E. S. Barber, Department of Civil Engineering, worked as consultant to the U. S. Bureau of Public Roads on foundation problems this past summer. He made several inspection trips to Louisiana, North Dakota, Minnesota, Iowa and Missouri to advise on design of foundations for Interstate Highways.

### CIVIL ENGINEERING ALUMNI

Gerald L. Longanecker, '54, 7604 23rd Ave., Hyattsville, Md., is working for

the Nuclear-Products Division, ACF Industries in Washington, D. C.

Fedon Dimitriadis, '57, is working for the Louisiana State Department of Health in New Orleans. His address is P. O. Box 630.

John Pavlides, '57, is now serving in the Navy with the C.E.C. Corps, District Public Works Office, Charleston, South Carolina.

Paul Manoukian, '57, is serving in the Army with the Unit Signal Survey Team at Ft. Meade, Md.

Emeriek Toth, '57, is now working with the U. S. Geological Survey at College Park, Md. This past summer he toured Europe.

Bob Mathey, '51, 5309 38th Ave., Hyattsville, Md., is with the Bureau of Standards, Washington, D. C.

Russell H. Davis, '57, was scheduled to complete eight weeks of basic combat training September 28 under the Reserve Forces Act program at Fort Knox, Ky. He previously worked as a civil engineer for the J. E. Greiner Co.

### College of

## HOME ECONOMICS

*Mrs. June Wilbur*

### NEW FACULTY MEMBERS

New members of the faculty are Mrs. Norma Compton in Textiles and Clothing, Marjorie Jones in Practical Art, Helen Stephens in Home Management, Dr. Virginia Sidwell and Mrs. Iva Hammell in Foods and Nutrition.

### PROFESSOR CROW ON CIVIL DEFENSE COUNCIL

Professor Jane Crow, President of the Maryland Home Economics Association, is representing the Home Economics Associations in Civil Defense Region 2 on the Women's Civil Defense Council. Region 2 includes Delaware, Washington, D. C., Pennsylvania, Kentucky, Ohio, Virginia, West Virginia and Maryland. Miss Crow is also on the National Organizing Committee for the International Congress of Home Economics meeting in the United States in 1958.

Other faculty members who are active participants in the Maryland Home Economics Association at the present time are Faye Mitchell who is Treasurer, June Wilbur who is Chairman of Consumer Interests and Ruth Parker who is Co-Chairman of Membership Promotion.

### MISS HODGSON EXHIBITS ART WORK

Miss Eleanor Hodgson of the Department of Practical Art has recently had exhibits of her work shown at the Chicago Institute of Art with the Midwest Designer-Craftsman Exhibit and at the Smithsonian Institution with the Washington, D. C. Kiln Club Exhibit. During the past year she completed work for a master of fine arts degree from Cranbrook Academy of Art.

### RECEIVES ACHIEVEMENT AWARD

Mrs. Richard E. Coss, formerly Betty Schmidt and a graduate of the College of Home Economics, received the American Gas Association Home Service Achievement Award during the annual convention of the American Gas Association in St. Louis, Missouri, on October 8. The award, sponsored by *McCall's* magazine, included a bronze plaque and \$200.00. Mrs. Coss received the award for outstanding public service to Hagerstown homemakers.

## School of LAW

*Dr. G. Kenneth Reiblich*

### ANNUAL BANQUET AND ELECTION

The annual banquet of the Law School Alumni Association will be held on Saturday evening, March 29, 1958, at 7 p.m. at the Sheraton Belvedere Hotel in Baltimore. As usual, invited guests of honor will include the United States Senators for Maryland, federal judges, Governor Theodore R. McKeldin, Judges of the Court of Appeals of Maryland, the Attorney General of Maryland, the United States District Attorney for Maryland (our out-going President Leon H. A. Pierson of the Class of 1923), and President Elkins. Members of the graduating class of the Law School are also invited as guests, and honors and awards will be presented by Dean Roger Howell.

The annual election of officers will be held on this occasion, and the Nominating Committee, appointed by President Leon H. A. Pierson, has presented to the Secretary the following list of officials for the year 1957-58:

President—Benjamin Rosenstock,  
Esq., '25—Frederick

First Vice-President—Hon. Emory  
H. Niles, '25—Baltimore

Second Vice-President—Hon. Layman  
J. Redden, '34—Denton

## The Nominating Committee:

Honorable Stanford I. Hoff, '34—  
Chairman

Honorable J. Harold Grady, '42

Frederick W. Invernizzi, Esq., '35

Herbert L. Cohen, Esq., '48

Frederick J. Green, Jr., Esq., '48

Any additional nominations are re-  
quired under the Constitution to be sub-  
mitted by petition signed by ten mem-  
bers and delivered to the Secretary at  
the School of Law at least 30 days  
prior to the date of the banquet.

Each year the annual banquet and  
business meeting is the chief function  
of the Law School Alumni, and we feel  
it offers a fine opportunity to renew old  
acquaintances and have an enjoyable  
social evening together. In 1958, the  
five-year classes of 1953, 1948, 1943,  
and each fifth year theretofore will  
have special tables reserved for their  
special every-fifth-year reunion and we  
trust that these classes will begin early  
to plan for a good attendance to enjoy  
the affair and welcome the graduating  
class.

## ALUMNI SCHOLARSHIP FUND—FIFTH ANNUAL DRIVE

The Fifth Annual Scholarship Fund  
Drive will be conducted by a special  
letter from the Scholarship Committee  
to all Law School Alumni, and personal  
contact through area and class repre-  
sentatives beginning in late 1957 and  
running to June, 1958. This practice of  
having an annual drive was begun five  
years ago in response to a growing  
recognition that an expanding scholar-  
ship program was a desirable, if not

necessary, part of maintaining the highest standing of the School among other A-grade law schools of the country and a belief that many of our alumni would like to make this a part of their annual giving. To date, it has resulted in donations sufficient to support the award of 23 scholarships over the last four school years and the gradual growth of a sustaining fund amounting to a little over \$8,000. The results of the Fourth Drive in 1956-57 show about 300 contributors and total receipts of \$4,638, a substantial increase over the average of the first three drives. We trust that the Fifth Drive will continue this forward movement.

#### HORNEY NAMED APPELLATE JUDGE

Judge William R. Horney, LL.B. '23, is the newest judge on Maryland's highest court. He was elevated by Gov. Theodore McKeldin from the Circuit Court to the Court of Appeals, filling the vacancy caused by the retirement of Judge Stephen R. Collins. Judge Horney will represent the First Appellate Circuit—all of the Eastern Shore—on the five-member court until next November when he must stand for election to a full 15-year term.

With the appointment, Associate Judge J. DeWeese Carter will be moved to the chief judgeship of the second circuit. Recommendations for a new associate judge for this circuit are being made. Chief contender is Thomas J. Keating, Jr., a practicing attorney of Centreville, Maryland, a graduate of the University's Law School.

#### SOWERS DIRECTS PUBLIC RELATIONS

William R. Sowers was recently appointed Director of Public Relations of Coastal Foods Company.

## School of MEDICINE

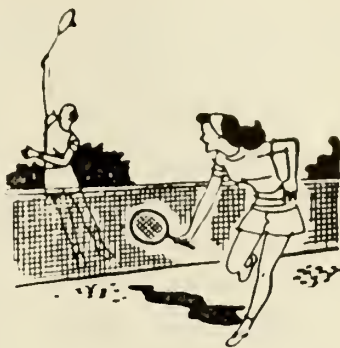

*Dr. John Wagner*

#### CHAIRMAN OF HOSPITAL DRIVE

Dr. M. E. Strobel, of Reisterstown, Maryland, is serving as chairman of the Professional Division of the Carroll County General Hospital Fund Campaign for the Reisterstown-Glyndon area.

the United States Public Health Service, National Institute of Health. This instrument will be used for cancer research and other research projects jointly with the Departments of Pathology and Microbiology.

Dr. Frank H. J. Figge, Professor of Anatomy and Head of the Department has announced receipt of the following research grants:

\$10,000 for leukemia research, Dr. Figge, (N.I.H. National Cancer Institute)

\$10,000 for research in the therapeutic effects of Porphyrins. Dr. Figge. (N.I.H. National Cancer Institute)

\$5,000 for research on Neurosecretions. Dr. Theodore F. Leveque. (N.I.H. National Institute of Neurological Diseases and Blindness)

\$5,000 for research on the anatomy of the lung. Dr. Vernon Krahl. (Renewal)

\$5,000 for research on dynamics of amniotic fluid and maternal foetal exchange. Dr. Robert E. McClafferty. (Renewal)

Dr. Roger H. Davidheiser was recently awarded the Ph.D degree in Anatomy. His thesis was entitled "Studies on Enzymatic Porphyrin Biosynthesis in Horderian Glands and other Tissues of Mice." Dr. Davidheiser will remain in the Department of Anatomy as Research Fellow and Instructor in Anatomy.

#### DEPARTMENT OF PHARMACOLOGY

The following papers were delivered this fall by members of the Department of Pharmacology at the John Jacob Abel Centennial Meeting of the Society of Pharmacology and Experimental Therapeutics at Johns Hopkins University:

"Estimation of Vinamar and Fluomar in Blood," Ruth Musser, Chung Park and John C. Krantz, Jr;

"Studies on the Pharmacological Action of a New Series of Antispasmodics," Harold Bryant and John C. Krantz, Jr.; "Studies on the Vasodepressor Action of 8-Aminotheophylline," Raymond M. Burgison, John Hensela and John C. Krantz, Jr.;

"Pharmacology of Hexafluoro-diethyl-ether," Alfred Ling, Edward B. Truitt and John C. Krantz, Jr.;

"The Clinical Use of Hexafluoro-ethyl-ether in the Treatment of Mental Illness," A. Kurland, A. Esquibet and John C. Krantz, Jr.

A \$25,000 grant from the United States Navy has been received for studies in toxicology, Dr. Krantz.

A \$25,000 grant from the United State Public Health Service, N.I.H., for studies on the pharmacology of alcohol

has been awarded to Dr. Edward B. Truitt.

Dr. Raymond M. Burgison has been awarded a \$5,000 grant for studies on hypotensive agents by the Brayton Pharmaceutical Company, Chattanooga, Tennessee for 1957-1958.

#### DEPARTMENT OF PHYSIOLOGY

Dr. William H. Amberson, Professor of Physiology and Head of the Department, has returned from a sabbatical leave January 1 during which he conducted research at the Marine Biological Laboratories, Woods Hole, Massachusetts, and wrote a new college textbook titled, "Outline of Vertebrate Physiology."

Dr. John White and Miss Sylvia Himmelfarb have been awarded a three year grant of \$8,780 per year by the United States Public Health Service, N.I.H., for research in muscle physiology.

Richard H. Glasser was recently awarded the Ph.D degree in Physiology. He has been appointed Instructor in Physiology at the University of North Carolina School of Medicine.

Dr. Dietrich C. Smith, Associate Dean and Dr. Frederick P. Ferguson, Professor of Physiology have been awarded a \$64,000 grant from the United States Public Health Service, N.I.H., to run for four years, for research on the effects of predecompression stress upon water and electrolyte distribution and renal function.

The following papers were delivered at the Meeting of the American Physiological Society at Iowa City, Iowa:

"Crystallization and Properties of Delta Protein, a New Fibrous Protein," John White and Sylvia Himmelfarb; and "Hypokalemia and Respiratory Alkalosis in Anesthetized Dogs during Acute Decompression Stress," Deitrich C. Smith and Frederick P. Ferguson.

Dr. Irwin, class of 1912, whose life typifies that of the country doctor, was recently honored for his 44 years of service to his home community, Eureka, North Carolina.

Dr. Irwin, also a leader in education, was honored by the dedication of a portrait which will be hung in the lobby of the Eureka school.

A graduate of Davidson College and the University of Maryland School of Medicine, Dr. Irwin served his internship at the University Hospital. He later began practice in Charlotte, North Carolina prior to his coming to Eureka. His one desire was said to practice in a rural community close to nature and humanity.

## College of MILITARY SCIENCE

EDWARD M. DOWNEY APPOINTED

The appointment of Edward M. Downey, '52, to the public relations staff has been announced by J. Walter Thompson Company in Chicago.

Mr. Downey is a native of College Park. He served as a 1st Lieutenant in the United States Air Force. Prior to joining the J. Walter Thompson staff, Downey was Director, Chicago Division of Jack Morton Productions.

MAJOR HARRY A. SOMMER CITED BY  
ARMY

Major Harry A. Sommer, '57, has been presented the Certificate of Achievement in recognition of outstanding performance of duty as Assistant Quartermaster, Headquarters V Corps, from June 28, 1954 to January 14, 1957, and as Quartermaster, Headquarters V Corps from January 15, 1957, to May 19, 1957 in Frankfurt, Germany.

His citation read in part "His initiative, aggressiveness and devotion to duty set an example for all members of his organization. Major Sommer, through superior performance of duty, reflects great credit upon himself and the United States Army."

The presentation was made at Fort Leavenworth, Kansas where the Major is attending the three months Associate Course given by the USA CGSC (U. S. Army Command and General Staff College).

During his Army career, Major Sommer has served with the 34th Infantry Division in Europe (January to October, 1942); Korea with the 78th QM Base Depot (July, 1948 to July, 1949); and the Tokyo QM Depot, Tokyo, Japan (July, 1949 to June, 1950).

Following his graduation from the Associate Course in December, the Major will resume his duties as S-4 with Headquarters U. S. A. Military District South Dakota, 210 East 10th Street, Sioux Falls, South Dakota.

BRANDEL JOINS RENSSELAER FACULTY

Major Ralph E. Brandel, '54, is a new member of the faculty in Naval ROTC at Rensselaer Polytechnic Institute, Troy, New York. Major Brandel is to instruct the Marine Science subjects and will be public information officer on the staff of Captain Ernest W. Longton, USN, Commanding Officer of the unit.

Coming to Rensselaer after completing the nine months Amphibious Warfare course at Marine Corps School, Quantico, Virginia, Major Brandel had been with the 1st Marine Division for 30 months, first in Korea and later at Camp Pendleton, California, where he was an engineer officer and operations officer for the 1st Engineer Battalion. He was Reserve Facilities Officer at Marine Corps Headquarters, Washington, for three years and in that post was in charge of the Corps' reserve facilities throughout the world. Prior to that Major Brandel was with the 2nd Marine Division at Camp Lejeune, North Carolina, and before that served overseas for 27 months, seeing duty on 37 Pacific islands in the closing part of World War II and after the end of hostilities. He attended Ohio State and Notre Dame universities, leaving college in 1942 to join the Marines as a private. He was commissioned an officer in 1944. Major Brandel completed his college work for the bachelor's degree at the University in 1954. He is a native of Coshocton, Ohio.

## School of NURSING

*Mrs. Selma Kleckner*

NOTES FROM THE ALUMNI

Miss Annette Leaf, '44, is now residing in San Francisco, California.

Peggy Lewis Moore, '52, is now living in Syracuse, New York. Her husband is associated with the New York State Publishers Association.

Mrs. Esther Garrett Cox, '42, states that she and her husband are now completing a two-year tour of Guam. This being their second tour of Guam, they are able to appreciate the many changes and improvements that have taken place since 1947.

## School of PHARMACY

*Dr. Norman J. Doorenbos*

PHARMACY SCHOOL GRADUATES  
RECEIVE FACULTY APPOINTMENTS

The following graduates of the School of Pharmacy have received new faculty

appointments:

Dr. George P. Hager, Dean of the College of Pharmacy, University of Minnesota.

Dr. LeRoy C. Keagle, President and Dean of the New England College of Pharmacy.

Dr. John Autian, Assistant Professor of Pharmacy in the College of Pharmacy, University of Michigan.

Dr. John J. Sciarra, Assistant Professor of Pharmaceutical Chemistry in the School of Pharmacy, St. John's University.

#### MISS GITTINGER TO PRESENT PAPER AT PAN AMERICAN MEETING

Miss Georgianna Simmons Gittinger, Instructor in Pharmacology, expects to attend the Fourth Pan American Congress of Pharmacy and Biochemistry, which will convene in Washington, D. C., November 3-9, 1957. Miss Gittinger will present a paper in the Section on History of Pharmacy. She is also a member of the Ladies' Committee on Entertainment and Tours.

This will be her first opportunity to attend a Congress, although she was a member of each of the three preceding ones, at Havana, at Lima, Peru, and at Sao Paulo, Brazil. She presented papers in absentia at Lima and at Sao Paulo.

Miss Gittinger has many Latin American connections, and has visited in some of the countries south of the Rio Grande. She has published brief, in-

formal papers on themes dealing with the history of Pharmacy and of Medicine as developed in Latin America; and is an Honorary Member of the Peruvian Society of the History of Medicine. She has also published translations from the Spanish, and numerous book reviews of Latin American studies in History of Medicine and allied sciences.

#### DR. B. F. ALLEN ATTENDS ELI LILLY SEMINAR

Dr. Benjamin F. Allen, Associate Professor of Pharmacy, represented the School of Pharmacy at the second industrial seminar sponsored by Eli Lilly and Company in Indianapolis during the week of August 25-30, 1957.

Unique in the industry, the industrial seminar was introduced by Lilly in 1955 to acquaint educators with new developments in the fast-moving pharmaceutical manufacturing field.

Eighty-four educators, including delegates from Canada and Puerto Rico, spent five days in attending lectures by Lilly scientists and executives on research, development, control, production, and marketing, and in touring the Lilly laboratories. Among the subjects of greatest current interest to the group was the development of a new vaccine to curb the expected epidemic of Asian influenza.

#### ENTERS SECOND PHASE OF TRAINING

Army Private Howard R. Schiff, '56, recently began the second phase of six months active military training under the Reserve Forces Act program at Fort Sam Houston, Texas.

Schiff is receiving eight weeks of medical training at the Fort's Brooke Army Medical Center, which will be followed by six weeks of advanced unit training. The 22-year-old soldier was formerly a pharmacist at Read Drug & Chemical Company.

#### DR. DUNNING HONORED

Dr. H. A. B. Dunning, '97, was honored at a dinner on his eightieth birthday, held at the Sheraton-Belvedere Hotel, on October 24. He is a former Professor of Chemistry, Department of Pharmacy, and is Chairman of the Board of Directors of Hynson, Westcott and Dunning, Baltimore pharmaceutical manufacturer. He is the recipient of pharmacy's highest award, the Remington Honor Medal. He also received the first honor award made by the Alumni Association of the University's School of Pharmacy.

## PHYSICAL EDUCATION RECREATION and HEALTH

*Dr. Theron A. Tompkins*

### DR. MOHR ATTENDS MEETING

Dr. Dorothy R. Mohr, Professor of Physical Education, attended the meeting of the Maryland Association for Health, Physical Education, and Recreation on Friday, October 11, at the Edmondson High School, Baltimore, where she acted as Panel Moderator for the Girls Physical Education Section Meeting.

Dr. Mohr will attend the Fall Conference of the Eastern District Association of Physical Education for College Women to be held at Buck Hill Falls, Pennsylvania from November 1 through November 3. She will speak at the Sunday morning meeting of this conference.

Dr. Mohr is conducting research on volleyball testing for junior and senior high school girls in two Montgomery County schools. She is also conducting research on Physical Fitness Testing for college women, using major and non-major classes at the University.

### DR. BERGMAN DELIVERS TALK

Dr. Rita E. Bergman gave a talk "The Contribution of the Helicopter to Mass Transportation", on August 7 at the National Aviation Education Workshop held at Miami University, Oxford, Ohio.

### TEACHERS ATTEND MEETING

The following teachers attended the Physical Education, Recreation, and Health Section Meeting of the Maryland Teachers' Association in Baltimore on Friday, October 11: Dean L. M. Fraley, Dr. B. H. Husman, Dr. Dorothy R. Mohr, Dr. Dorothy F. Deach, Mr. Harold Freeman, Mr. Jack Lowder, and Dr. Ellen Harvey.

### PHYSICAL THERAPISTS MEET

Dr. Gladys E. Wadsworth, Educational Administrator of the Physical Therapy curriculum, College of Physical Education, Recreation, and Health, attended a meeting of the Council of Physical Therapy School Directors of the American Physical Therapy Association in Bandera, Texas October 28, through October 30, 1957. The entire program was devoted to Physical Therapy Education and included group discussions of the responsibility of the teacher to the profession, development of teachers who are able and willing to accept this

responsibility, the relation of the Physical Therapy curriculum to the pattern of University education, and challenges for the future.

#### OUTDOOR EDUCATION WORKSHOP

A state wide Teacher Training Workshop in Outdoor Education was held at Camp Greentop, Catoctin Mountain Park, Thurmont, Maryland, October 7-9. Sponsored by the Maryland State Department of Education and the Outdoor Education Project of the American Association for Health, Physical Education and Recreation, the Workshop was co-chaired by Mr. Herbert Steiner, Supervisor of Physical Education and Recreation for the state and a graduate student at the University of Maryland, and by Dr. Warren Evans, Supervisor of Physical Education for Frederick County, a graduate of the College of Physical Education, Recreation and Health.

Approximately 100 persons attended and were divided into three sections for working purposes, to experiment under the guidance of specialists and consultants, in the three areas of shooting, fishing and nature interpretation. Additional special sessions were held on audio-visual aids, on insect and plant collecting, on nature crafts, and on resource materials.

Teachers, principals, supervisors and administrators were present representing the public and private institutions of the state. Dr. Ellen Harvey served on the planning group and was in attendance as were Dr. Lester Fraley, Dean, Dr. Burris Husman, Mr. Harold Freeman, Mr. Jack Lowder, and Miss Koy Freundsuh, all of the College of Physical Education, Recreation and Health of the University.

#### DR. HARVEY PARTICIPATES ON PANEL

Dr. Harvey, Recreation Coordinator of the College of Physical Education, Recreation & Health, recently participated on a panel before the Third Annual Meeting of the Maryland Public Health Association, October 4th. Subject — "Our Senior Population" (Recreation).

#### NATIONAL CONFERENCE

A National Conference on Recreation for the Mentally Ill was held November 17-20 at the Hotel Woodner in Washington, D. C., sponsored by the American Association for Health, Physical Education and Recreation. Dr. Ellen Harvey has been asked to attend as has a graduate student, Robert Bing, who is minoring in recreation.

at Catholic University in Washington. Mr. and Mrs. Otis B. Altman of Sylvania, Georgia, announce the engagement of their daughter, Linda Frances, to Dr. Walter L. Widdowson of Westover, Maryland. Dr. Widdowson attended the University of Georgia School of Veterinary Medicine.

Mr. and Mrs. William Bertram Hanauer have announced the engagement of their daughter, Elizabeth, to Mr. Adolph Murray Brueckmann, BPA '55. Miss Hanauer was also graduated from the University.

Mr. and Mrs. James McSherry Shriver have announced the engagement of their daughter, Mary Madeline, to Mr. Haswell Franklin. Mr. Franklin, a graduate of Gilman School and Johns Hopkins University, is a student at the University of Maryland School of Law.

#### WEDDINGS

Miss Mary Clara Turner married Lt. Richard Bland on Saturday, November 2, in St. John's Church, Clinton, Maryland. Lt. Bland is a 1954 graduate of the University's College of Arts and Sciences and of the University of Virginia Law School.

Miss Eleanor Ann Crezee married Mr. Gerald Albert Haddaway on Saturday, October 19 in Silver Spring, Maryland. Mrs. Haddaway is a 1954 graduate of the University's College of Arts and Sciences and she was a member of Gamma Phi Beta while at the University.

Miss Judith Gordon Warrenfeltz became the bride of Lt. Jabez Loane on Saturday, October 26 in Hagerstown, Maryland. Mr. Loane is a 1956 graduate of the University's School of Law.

The former Miss Sarah Katherine Venable's marriage to Mr. Judson Rawlings Wood of Germantown, is announced by her parents, Mr. and Mrs. Arthur Frank Venable of Damascus, Virginia. Her husband is presently a student at the University's School of Law.

A wedding September 22 united Miss Verena Belle Voll of Utica, South Dakota and Dr. Charles Milton Linthicum, a graduate of the University's School of Medicine. The couple left on a wedding trip to Puerto Rico. They will be at home in Linthicum Heights, where the bridegroom has his practice.

Miss Kathryn Louise Mudd, daughter of Mr. and Mrs. John Mudd of Pomfret, Maryland, became the bride of Richard Earl Farrall, Jr., son of Mr. and Mrs. Richard Farrall, Sr. of Waldorf, in St. Joseph's Catholic Church on September 14. Mr. Farrall who is

presently employed by the Federal Government in Washington, graduated from La Plata High School and thereafter attended Maryland University. Mr. and Mrs. Farrall are making their home in Washington, D. C.

Mrs. Roberta Settle Barlow, Nursing '57, was married in August, 1957. She is now living in Albuquerque, New Mexico.

Dr. Michael C. Meyers, Dentistry '54, and Dr. Barbara E. Seifert, Dentistry, '54, were married in Baltimore on April 27.

Dr. Francis J. Kihn, Dentistry '56, married Adrienne T. Batchelor of Baltimore on November 17, 1956.

Dr. Joseph P. Cappuccio, Dentistry '46, of Baltimore, married Rocella Bentley of Baltimore on July 27.

#### BIRTHS

Marilyn and Stanford Berman, Engineering '50, announce the birth of a son, Scott Mitchell on August 2, 1957.

The School of Nursing alumni announce births of many of their graduates: Mr. and Mrs. Bruce D. Ferrell, a daughter, Julia Elizabeth, on April 19, 1957. Mrs. Ferrell was Margaret Boyes Coulter, '55. Mr. and Mrs. David Jude Jones, a daughter, Sheldon Elizabeth, on May 15, 1957. Mrs. Jones was Katherine Sheldon Ferrell, '55. Mr. and Mrs. Edward Bronson Harrison Staley, a daughter, Dorothea Ruth, on May 22, 1957. Mrs. Staley was Margaret Helen Marshall, '54. Mr. and Mrs. Richard V. Nathanson, a daughter, Judith Marsha, on May 29, 1957. Mrs. Nathanson was Joyce Beverly Udell, '53. Mr. and Mrs. David N. Bates, a son, Daniel Duane, on June 4, 1957. Mrs. Bates was Evelyn Baxter, '50. Mr. and Mrs. Andres J. Bittner, a son, John Lawrence, on June 20, 1957. Mrs. Bittner was Margaret Ann Walter, '49. Mr. and Mrs. Roland O. Richardson, a son, Roland Emmett, on June 20, 1957. Mrs. Richardson was Mildred Merlene MacKinzie, '54. Mr. and Mrs. Isaac S. Banks, a son, Isaac Smith, Jr., on July 18, 1957. Mrs. Banks was Freda Beatrice Parker, '56. Mr. and Mrs. Frank B. Smith, Jr., a daughter, Catherine Ann, on July 24, 1957. Mrs. Smith was Catherine Jacqueline Adkins, '52.

Dr. and Mrs. Murray Storch, Dentistry '41, of Passaic, N. J., announce the birth of a son, Michael David, on April 21.

Dr. and Mrs. Lino E. Rodriguez, Dentistry '52, announce the birth of a daughter, Nivia Lizzette, on March 4.

Dr. and Mrs. Jules J. Levin, Dentistry '56, announce the birth of a son, Roger Philip, in June, 1956. Dr. Levin is in the U.S.P.H.S., assigned to the U. S. Coast Guard Academy in New London, Conn.

## COMPLETED CAREERS

GLEN D. BROWN

The morning of November 8, 1957 brought to a close an illustrious career of one of Maryland's best known

educators. Glen D. Brown had been called to his last class. There were no sounds of class bells, tramping of students' feet, rustling of papers or shuffling of chairs. The only noise was that of a hospital in the early dawn of another day.

It was destined to be a day of deep regret for the many who knew Glen Brown. A friend and servant of mankind had been called away. His name spelled success and attainment for those he had encouraged and stimulated to get an education. His name was symbolic with industrial education for the thousands of students who passed his way.

Education was his chosen professional area, but in the last analysis, his chief interest was in people. His greatest satisfaction came from seeing people grow in stature and develop into persons of quality and leadership.

Mr. Brown was a builder of humanity. People and their qualities were the substances with which he daily worked and was so skillful in molding, and shaping. He leaves behind no monumental buildings, bridges, or skyscrapers as might an engineer. Instead, he leaves us with a legacy of people, of human attainment that towers above man's material accomplishments.

Sixty-six years ago in Howard County, Indiana, Glen David Brown was born in a log cabin. He was educated in the public schools of Howard, Fulton and Miami Counties in Indiana. He received his A. B. degree in 1916 from the Indiana State Teachers College, Terre Haute; and his M. A. from the University of Indiana.

In his early educational career in the public schools of Indiana Mr. Brown served in the following capacities: public school teacher, instructor of industrial arts, and social sciences, high school principal, supervisor of industrial arts, supervisor of pre-vocational education, director of vocational education, and assistant city superintendent of schools.

Since coming to Maryland in 1931, Mr. Brown held the following positions: supervisor of part-time education, Baltimore City; principal, Boy's Advanced Occupational School, Baltimore City; Professor and Head of Industrial Education Department, University of Maryland; State Administrator, National Youth Administration; Part-time Supervisor, Trade and Industrial Education, Maryland State Department of Education and Acting State Director of Vocational Education; Assistant State Director for Vocational Education and

State Supervisor of Trade and Industrial Education; State Supervisor of Adult Education, and Director of the Baltimore Division of the University of Maryland Off-campus Course Center.

Since 1954 Mr. Brown served the University of Maryland in the capacity of Professor of Industrial Education.

As an indication of the esteem with which he was held by the student body a testimonial dinner was held in his honor in the Spring of 1956. Distinguished educators and students from Maryland and nearby areas traveled to College Park this night to pay tribute to a man they loved and respected. Here again people gathered to pay honor to a man who believed in people and who was a builder of people.

Amid the handicaps of diminishing sight and a serious diabetic condition Mr. Brown continued to teach and advise students at the College Park campus and at the Baltimore Center. The rigors of travel and class schedules were diminished by a love to be with people and in particular, students. His office was rarely empty of people seeking advice. There was no statement of office hours on his door, for every hour was an office hour for anyone who needed help.

Glen D. Brown gave generously of himself and all he possessed. His heritage to mankind is rich in its contribution through education. No greater task can be allotted any man than the development of the human resources, and this has been the lot of Glen D. Brown, distinguished educator and friend to man.

Mr. Brown is survived by his wife, Mrs. Suzette Wilcutts Brown, who resides at 4608 Calvert Road, College Park; a daughter, Mrs. Mary Ellen Feagins; and two sons, Glen David, Jr., and Joseph Edward.

## WEBSTER C. TALL

Webster C. Tall, LL.B. '13, died October 23 in Lutherville, Maryland. He had been ill since last August. He is survived by a wife and a son. Mr. Tall was an insurance lawyer, a member of the Eastern Shore Society, active in Republican politics, and a member of the First Baptist Church in Baltimore.

## MRS. IVORY REITER SMITH

Mrs. Ivory Reiter Smith, Nursing '52, was suddenly stricken with a severe case of chicken pox in August, 1957. Following the onset of this disease was the complication of an overwhelming viral pneumonia which precipitated congestive heart failure and caused her

death. Mrs. Smith was the mother of a fifteen months old daughter, Lisa Loraine. Her daughter will remain with her father Dr. Milledge G. Smith, who is in general practice and surgery in Brunswick, Georgia.

## DR. CLEMENT A. ZERDESKY

Dr. Clement A. Zerdesky, Dentistry '28, expired June 3, 1957 due to cancer of the pancreas. Dr. Zerdesky was ill for six months and had two operations performed, but all in vain. He suffered severely and weighed about 80 pounds when he died.

## DR. EPPRIGHT

Dr. C. Dennis Eppright, '06 (B. C. D. S.), of Mission, Texas, died on May 9. Dr. Eppright had practiced in San Antonio and Manor before going to Mission in 1917. Dr. Eppright was widely known throughout the Rio Grande Valley for his half century of capable service in his profession.

## DR. M. M. SCHWARTZ

Dr. Max Morton Schwartz, '23, of Jersey City, N. J., died on January 30, 1957. Dr. Schwartz was a member of Alpha Omega and the Gorgas Odontological Society.

## DR. MICHAEL VARIPATIS

Dr. Michael Steven Varipatis, '39, of Baltimore, died on April 17. Born January 13, 1917 in Clarksburg, W. Va., Dr. Varipatis received his pre-dental training at the School of Dentistry. Following an internship at the Baltimore City Hospitals, he practiced in Essex, Md., for a year before entering the Army. Dr. Varipatis served from September, 1941 until his discharge as a Major in April, 1946, with 18 months in the European Theatre. On his return to practice, he was made Chief of Oral Surgery and Anesthesiology of the Dental Clinic, Baltimore City Hospitals. He was a member of Psi Omega. His survivors include his wife, Mrs. Stella Klosterides Varipatis, and three sons: Stephen, Basil, and John Varipatis.

## DR. PRESTON MCCLAIN

Dr. Preston Le Roy McClain, '27, of Baltimore, died on May 25. Born in Tyaskin, Md., September 30, 1903, Dr. McClain entered Maryland from Bar Harbor, Me. He was a member of Xi Psi Phi. Dr. McClain is survived by his wife, Mrs. Helen L. McClain, and a daughter, Carol Dee McClain.

DR. A. E. HENNEN

Dr. Albert Earl Hennen, '08 (B.C. D.S.), of Wheeling, W. Va., died on May 24. Dr. Hennen was a Past President of the Wheeling District Dental Society. Born in Palatine, W. Va., on August 21, 1882, Dr. Hennen had practiced in Wheeling during his entire career. He was a member of Psi Omega and Theta Nu Epsilon. His survivors include his wife, Mrs. Florence Kirkland Hennen; a son, Earl; and two daughters: Mrs. Atwood Haning and Mrs. Lee North.

DR. J. H. HOFFMAN

Dr. J. Henry Hoffman, '91, of Baltimore, died on July 22. Dr. Hoffman practiced in Baltimore till his retirement in 1927. During the period of his retirement from professional activities Dr. Hoffman conducted an antiques store on North Howard St. and became a well-known figure in that field. He was the brother of the late Dr. Charles S. Hoffman of the B.C.D.S. Class of 1878.

DR. A. P. LAURESKA

Dr. Anthony P. Laureska, '31, of Baltimore, Md., died on July 26. Dr. Laureska came to Maryland from Seranton, Pa., where he attended St. Thomas College. He was a member of the Gorgas Odontological Society and Theta Nu Epsilon. His survivors include his wife, Mrs. Dorothy Woolford Laureska; a son, Timothy A.; and two sisters: Mrs. Frank Reiley and Mrs. William Duncan.

DR. GEORGE H. HAGUE

Dr. George Henry Hague, '05, of Elizabeth, N. J., died on March 10, 1957. Dr. Hague was a member of Xi Psi Phi.

DR. E. A. O'DONNELL

Dr. Edward A. O'Donnell, '03, of Gardner, Mass., died on April 25, 1955.

DR. CHRISTOPHER RYAN

Dr. Christopher A. Ryan, '19, of Piedmont, W. Va., died on September 8. Dr. Ryan was a member of Psi Omega and the Gorgas Odontological Society. He served several terms as Secretary-Treasurer of the Potomac Valley Dental Society. His survivors include three sisters: Miss Mary Ryan and Miss Katie Ryan, of Piedmont, and Mrs. James A. Welsh, of Westernport, Md.; and a brother, John T. Ryan, of Pittsburgh.

Dr. Howard C. Yerger III, '47, of Ridgewood, N. J., was killed in an airplane crash on August 21. The plane, with two other occupants, was caught in a sudden storm and plunged into the ocean near Keansburg, N. J. Born in Bellefonte, Pa., on May 4, 1918, Dr. Yerger received his B.A. degree from Pennsylvania State College in 1942. During World War II he served in the Medical Department of the Army, 1942-44. In 1953 he was commissioned in the Army Dental Corps and assigned to the Second Armored Division, stationed at Mainz, Germany. He was a member of Phi Kappa Sigma and Psi Omega fraternities. An active participant in several aspects of community activity, Dr. Yerger was a member of the Ridgewood Committee for Fluoridation, a director of the Fair-

lawn Boys Club, Dental Chairman of the Regional Civil Defense organization, Concert Chairman of the Orpheus Glee Club, and a Past President of the Fairlawn Choral Society. Surviving are his wife, Mrs. Jeanne Delier Yerger; three children: Howard C., Susan, and Robert Michael; and his parents, Mr. and Mrs. Howard C. Yerger, of Wayne Township.

## DR. JAMES DELANEY

Dr. James Delaney, '04, of Rocky Mount, N. C., died on August 15, 1956, his seventy-sixth birthday. Dr. Delaney had practiced up to a few days before his death. Born in Warsaw on August 15, 1880, Dr. Delaney attended Wake Forest College before entering Maryland. He had practiced in Warsaw and in Salisbury before removing to Rocky Mount in 1938. Dr. Delaney was a member of Psi Omega.

Dr. Benjamin A. Dabrowski, '40, of Baltimore, died on April 28, 1957. Born in Baltimore on January 18, 1910, Dr. Dabrowski attended Baltimore City College and received his A.B. degree from Johns Hopkins University in 1932. On his graduation from Maryland in 1940, he was awarded the University Gold Medal for Scholarship, an honor certificate (Magna Cum Laude), the Alexander H. Paterson Medal (for excellence in prosthetics), and membership in Omicron Kappa Upsilon. In 1940 he was appointed a Fellow at his Alma Mater; in 1941 an Instructor; and, in 1952, Associate Professor of Oral Roentgenology. Dr. Dabrowski presented clinics and papers at meetings in several states. In his senior year he was President of his Class and Treasurer of Psi Omega. Dr. Dabrowski is survived by his wife, Mrs. Ann Gurbelski Dabrowski; two children, Bernard A. and Carla Ann Dabrowski; and two sisters, Mrs. Josephine Jagielski and Mrs. Pearl Spedden. On the morning of the funeral, the School was closed to permit the Faculty and the students to pay tribute to their highly regarded and greatly respected associate and teacher.

## DR. BURT IDE

Dr. Burt Ide, '02, of Baltimore, died on August 26. Born in Bradford, N. Y., on March 11, 1876, Dr. Ide practiced in Lockport, N. Y., before he opened his office in Baltimore in 1913. He served on the Faculty of his alma mater from 1920 to 1947. In 1924 he became Professor of Operative Dentistry and in 1947, Professor Emeritus of Operative Dentistry. Dr. Ide was the University Gold Medal man of his class, and in his career he fulfilled the promise indicated by his achieving that award. He was President of the Maryland State Dental Association, 1923-24, and in 1929 he was honored by being the first dentist appointed to the Maryland State Board of Health. Dr. Ide was a Fellow of the American College of Dentists and a member of Xi Psi Phi, Gorgas Odontological Society and Omicron Kappa Upsilon. He was a charter member of the Baltimore Lions Club and the Torch Club. Dr. Ide was a member of the group, representing the School and the Alumni Association, that founded the *Journal of the B. C. D. S.* Dr. Ide is survived by his wife, Mrs. Mary Frederick Ide, and a daughter, Mrs. Paul Johnson. His brother, Dr. Ira C. Ide, of the Class of 1903, died in 1953.

DR. B. S. WELLS

Dr. Benjamin Sargent Wells, '14, of Baltimore, Md., died on August 19. A native of Keyser, W. Va., Dr. Wells received his predental training at St. John's College. He rendered a long and important term of service as a member of the Faculty of his alma mater in various capacities: as Head of the Prosthetics Clinic, the first Instructor in Roentgenology, the first Instructor in Biology, and, since 1930, Instructor in Crown and Bridge. Dr. Wells was President of the Baltimore City Dental Society (1935-36), President of the Maryland State Dental Association (1949-50), and President of the National Alumni Association. He was also a Fellow of the American College of Dentists, a charter member and Grand Master of the Oriole Chapter of Psi Omega, and a member of Omicron Kappa Upsilon and the Gorgas Odontological Society. Dr. Wells is survived by his wife, Mrs. Thelma Everngam Wells; his mother, Mrs. Margaret B. Wells; a brother, Dr. George E. Wells; a daughter, Mrs. Martha Meekins; and a son, Dr. B. Sargent Wells, Jr., of Salisbury, Md., who is a member of the Class of 1950.

DR. H. H. STREETT

Dr. H. Hayward Streett, '99, of Baltimore, Md., died on July 27. Born in Rocks, Md., on September 9, 1876, Dr. Streett was an outstanding leader in four areas of activity in Maryland dentistry: practice, education, organization and medico-dental relations. He was Associate Professor of Prosthetics on the Faculty of the Baltimore College of Dental Surgery, 1910-1916. From 1920 till his retirement in 1946 he was Chief of Dental Service of the Johns Hopkins Hospital. He was Past President of the Baltimore City Dental Society and of the Maryland State Dental Association (1913-14). A Fellow of the American College of Dentists, Dr. Streett was a charter member of Oriole Chapter of Psi Omega and a member of Omicron Kappa Upsilon. He presented papers and clinics before meetings of the A. D. A., the Maryland State Association and the Baltimore City Society. At the fortieth reunion of the Class of 1914, held in June, 1954, he was made an honorary member of the Class in recognition of his "splendid services as a teacher" and his "many fine contributions to his profession on both the local and national levels." Dr. Streett is survived by a son, Dr. H. Baldwin Streett, and a sister, Mrs. Walter C. Michael, of Roanoke, Va.

## THE HERITAGE

The University of Maryland is a great University with a rich and historic past. In the course of its 150 years of life, the School of Medicine was founded in 1807 to become the fifth oldest in the United States; the School of Law in 1813 to become the fifth oldest in the United States; the School of Pharmacy in 1831 to become the third such school founded in this country; the first School of Dentistry in the world founded in 1840; the third oldest College of Agriculture in the Western Hemisphere, founded in 1856. The University can also boast of a College of Engineering almost 100 years old and a School of Nursing more than 75 years old. The first experimental work in the field of agriculture in the Western Hemisphere is also part of the Alumni heritage.

## THE PRESENT

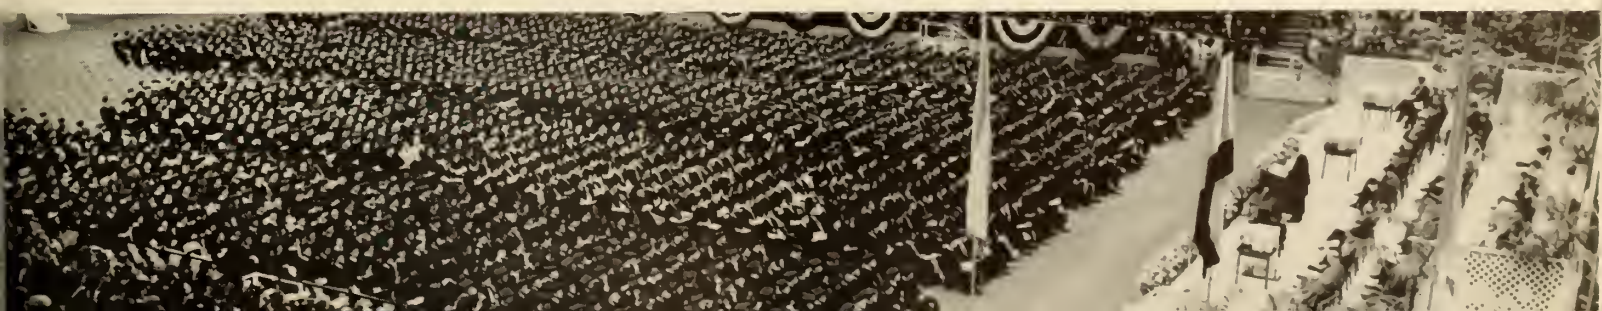

Today, the University is comprised of 15 fully-accredited graduate and undergraduate schools and colleges serving approximately 40,000 students and operating on campuses located at College Park and Baltimore and at some 200 overseas centers around the world. The University's physical plant is comprised of some 130 buildings valued at \$90,000,000. Approximately 2,000 administrative and faculty personnel make up the various teaching, research and service staffs. The annual average operating budget is \$30,000,000.

## THE ALUMNI

Some 30,000 living alumni of the University form a large reservoir of support for the University. They reflect credit upon the University through their varied accomplishments and, joined together by a bond of common experience, exhibit a loyalty and pride in the University and assist morally, financially and with their time and talents in the building of a cohesive Alumni Association and a greater University of Maryland.

## THE FUTURE

An 100 percent increase in student enrollment is anticipated for 1972. Exceptional expansion of both College Park and Baltimore physical plants is expected under a ten-year plan. Your Alumni Association is anticipating an 100 percent increase in alumni membership and participation and an 100 percent increase in alumni accomplishment. In a very great sense, the future of the University depends upon you!

## ALUMNI SPRING REUNIONS

### LACROSSE AND BARBECUE

*Saturday, April 12, 1958*

#### AT THE COLLEGE PARK CAMPUS

##### *The Schedule*

11 A.M.—12 Noon	Alumni Barbecue Luncheon In Student Union Picnic Area
12 Noon	Lacrosse with Washington & Lee
2:30 P.M.	Alumni-Varsity Football Game Byrd Stadium

<i>Ticket Prices For Lacrosse and Football Contests Are</i>	} \$1.50 for reserved seat; \$1.25 general admission; \$ .50 for students (Elementary and High School)
---	---

4:45 P.M.—5:45 P.M.	Alumni College Business Meetings (Agriculture, Arts & Sciences, Business & Public Adm., Education & Engineering) Student Union Building
6 P.M.	Buffet Supper, Class Reunions and Alumni Program in Dining Hall

SPECIAL FEATURES OF THE DAY INCLUDE THE UNIVERSITY OF MARYLAND BAND  
THE WORLD RENOWNED AIR FORCE DRUM AND BUGLE CORPS  
50 GREAT FOOTBALL ALUMNI—PROFESSIONAL STARS AND ALL-AMERICANS

*Make checks payable to M CLUB and forward today to:*  
Athletic Office, Box 295, College Park, Md.

# COVER:

Maryland seemed to be headed toward its greatest basketball season when they toppled tough North Carolina, 74-61. For some interesting photographs of facial expressions of Coaches Millikan and McGuire, see pages 15 and 16.

### FEATURES

- 2 Alumni Diary
- 4 Campus Notes
- 6 The Age of Education—An Address by Dr. Elkins
- 10 'Flying Follies' Cheer U.S. Servicemen Abroad
- 15 Alvin L. Aubinoe Appointed to Board of Regents
- 15 Dr. Kuhn Appointed Executive Vice President
- 16 15,000 Fans Watch Millikan Out-Gesture McGuire
- 18 Fund Completes First Month of Operation
- 20 Twenty-Four Lettermen Return to Spring Football Drills
- 22 News from the Clubs

THE article describing the new Main Library at College Park was omitted from this issue at press time for the reason that the date for the dedication of the facility has been advanced from March 25 to May 3. An article covering the dedication ceremonies and a complete description of the new library will be carried in the May-June issue.

# THE ALUMNI DIARY

Dear Fellow Alumni:

Like Spring we are breaking out all over. Fortunately, it is in a rash of alumni activity. Immediately ahead is the Alumni-Varsity Football Game which is combined with class reunions at College Park. The big date is April 12 and highlights include a tour of the new library, an alumni barbecue at 11 a. m., Lacrosse at noon, the football game at 2:30 p. m. and school business meetings, a buffet supper and class reunions in the evening.

Our diary has something to say about progress on the Greater University Fund and the alumni leadership and financial support being provided. Notations have also been made of the activation of alumni clubs and of plans for Commencement Week celebrations in Baltimore.

Well up on the ladder of satisfaction must be found two actions of recent date. Both concern the General Alumni Council and their efforts to discover alumni needs and to do something about them. Deans of the colleges have met in conference with Presidents of school and college Alumni Associations and Alumni Clubs. Together they have discussed successes and failures, accomplishments and short-comings. These efforts have resulted in a new understanding and, to some extent, in new directions and new targets.

At the same time the Alumni Policy Committee has recalled an old saying to the effect that, "We cannot do everything at once, but we can do something at once." The General Alumni Council has adopted three basic concepts for alumni effort. First, the welfare of the total University is to be the prime interest. Second, the alumni will undertake only those programs in which a helpful interest is expected and will avoid any efforts which might conflict with University policy. Third, the alumni effort will be of a progressive and flexible nature to meet the ever changing development of the University.

The alumni effort without attempting to go into detail seeks to embrace in an organized manner all available alumni loyalty. The search is on for the catalyst which will spark alumni effort, harness the complete alumni potential of energy and dedication to the end that alumni themselves may be a major factor in carrying the University to her full potential of greatness.

To each of us a question . . . what is the role of the alumnus in this new effort? Each must answer that question in accordance with his own particular interest. Perhaps he will assist in organizing an alumni club or in support of the Greater University Fund. Maybe he will direct an outstanding young student to the University or send in an item of news for the alumni publication. Maybe he will enter a subscription to *Maryland Magazine* for a fellow alumnus, a prospective student or his high school library. Possibly a rare book will be sent for the Library or a scholarship will be established as a memorial. We cannot say or know exactly what each of us will do at this time. The real encouragement comes from the fact that we are thinking. We are looking for a way and we will find a way. Some day every alumnus will be able to say, "I am still an important part of my University."

As ever,

DAVID L. BRIGHAM,  
*Alumni Secretary*

If you want to know more about what the college crisis means to you, send for the free booklet "The Closing College Door" to: Box 36, Times Square Station, New York 36, N. Y.

This could be  
the college your child  
wants to enter in 1967.

It could be any college in the country in another ten years. Or every college, for that matter. It's a sobering thought.

### *Farfetched?*

Not in the least. The blessing of a growing population has brought with it a serious threat to our cherished system of higher education. College classrooms and laboratories are already alarmingly overcrowded by mounting enrollments. Admissions authorities see no letup . . . in fact, expect to have twice as many applicants clamoring at the gates by 1967. Even more critical is the fact that faculty salaries remain pathetically inadequate, and qualified people, dedicated but discouraged, are seeking greener fields, elsewhere.

If this trend continues, the time will come when our colleges will be less able to produce thinking, well-informed graduates. When that happens, American education will face a sad day. And so will our children, our country, our way of life.

But this threat doesn't have to become a reality. You can do your part to keep our system on a sound footing.

### *How?*

By helping the colleges or universities of your choice. With your aid, they can assure us continued progress in science, in business, in statesmanship, in the better things of life . . . for us, and for our children.

## CAMPUS NOTES

NOVEL PUBLISHED BY  
DR. FRANK GOODWYN

*The Black Bull*, a novel by Dr. Frank Goodwyn, Professor of Spanish at the University, has recently been published by Doubleday and Co., Inc. The scene is Texas, the sweeping grazing lands of the cattle country. In this wide setting the forces of man and nature are pitted against each other in a life and death struggle. The magnificent black bull and a solitary man confront each other in the wilderness, "the land that God forgot," and the outcome of their final meeting brings the book to a smashing—and surprising—climax.

Dr. Goodwyn has written his story in a style which is particularly suitable to the area where it takes place. Unhurriedly, gently, almost musically, the tale unfolds, quickening in pace almost as the heartbeats of the people must have quickened at the sight of the black bull. The descriptions of the physical setting flow smoothly, bringing to the reader a vivid picture of the monotonous land, little relieved by changes in elevation. Life in this rolling country is much like the scenery—changing little from day to day, inspiring peace and comfort rather than high ambition.

Against this background a man, Robelin Alegria, tracks the black bull relentlessly. Again and again the bull evades his rope to continue his wanderings deeper into the wilderness. Robelin draws near many times only to be thwarted by the almost human intelligence of the mighty animal. While he wears out horse after horse in his relentless search, a group of men less brave than he wait in the background to see the outcome of the battle.

At the home ranch Josefa, too, is waiting—waiting for Robelin to return

home and marry her. He does not turn his thoughts to her, and the comforts that a home and family would bring him seem as nothing compared to the thrill of the chase. He is more happy than not to leave the society of men, and of the one woman who would bind him with the "chain of customs."

But Eugenio feels differently: happily would he return home if Josefa were his. Happy-go-lucky Eugenio could ask nothing finer than to have Josefa for a wife and many children around the home.

But the black bull holds the attention of all. He becomes an almost supernatural figure as he continues to evade the efforts of the best roper of the ranch and his companions. Tales told around the campfire soon grow into a legend, inspiring terror in the hearts of the listeners.

It is here, where man and nature still live close together, that the two meet most dramatically. This is a story of human beings, animals, and all of nature revealed as they interact with each other. For city dwellers, the book brings a fresh breeze straight from the Gulf of Mexico.

The background for the book came from Dr. Goodwyn's experience as a cowboy on the King Ranch and from extended folklore research.

DR. TRIPLETT HONORED  
AT TESTIMONIAL DINNER

Dr. William H. Triplett, Executive Director of the University of Maryland School of Medicine Alumni Association, was honored February 11 by friends, alumni and associates at a testimonial dinner at the L'Hirondelle Club.

Participating in the ceremony were Dr. James A. McClung, Dr. Charles

Dr. William H. Triplett

Reid Edwards, General Milton A. Reckord and Dr. Austin Wood.

A scroll commemorating the occasion was presented to Dr. Triplett by Dr. John C. Krantz, Jr.

Dr. Triplett was born in Upper Glade, West Virginia, in 1887 and was graduated from the Baltimore Medical College in 1911. He joined the staff of the West Virginia Miners' Hospital in McKendree and later practiced general and industrial medicine in a Mingo County mining community.

Following a service tradition of his family dating back to the Revolutionary War, Dr. Triplett served in World War I as a medical officer. Discharged in 1919, he practiced medicine in Baltimore (Md.) and became a member of the University of Maryland medical faculty.

During World War II, Dr. Triplett

served as a surgeon in the 19th Infantry. He was discharged with the rank of colonel.

Dr. Triplett has participated in University of Maryland alumni work since 1945. He is Past President of both the Medical Alumni Association and the Alumni Club of Baltimore and a Past Vice President of the General Alumni Association.

The testimonial dinner committee was headed by Dr. Albert E. Goldstein. Its members included Dr. John C. Krantz, Jr., Medical School Dean Dr. William S. Stone, Dr. John A. Wagner and Dr. Austin Wood.

Guests of honor included Mrs. Triplett, University President Wilson H. Elkins, Mr. and Mrs. Robert C. Garland and Mrs. Margaret Giannini.

#### NEWS OF SCHOLARSHIP, FELLOWSHIP OPPORTUNITIES

Recent graduates from the College of Business and Public Administration take note:

Nearly \$50,000 in scholarships and advances-in-aid is available to outstanding students admitted to the Harvard Business School for the term beginning September 10, 1958. Private individuals, foundations and business firms have made the awards possible through twenty-one individual scholarships or fellowships, ranging in value up to \$5,000 for the two years of the program.

Four of these awards are unrestricted, and require no course prerequisites as preparation. They will be awarded to outstanding students entering the two-year course leading to the degree of Master in Business Administration.

Of particular interest to Maryland graduates are the Bankers Trust Company Fellowship of \$3,000 and the James Talcott Fund Fellowship.

The Bankers Trust Company Fellowship, with one half of it allocated for each of two years, has been made available by the Bankers Trust Company of New York for an outstanding student preparing for the financial field.

The James Talcott Fund Fellowship, provided by the James Talcott Fund of New York is an award of \$1,250 for a first-year student who intends to enter the field of finance.

#### DR. MAC TO PAKISTAN

Dr. H. Patterson Mac will leave this country February 1 to establish a department of anatomy in a new school of medicine being organized in Karachi, Pakistan.

(Continued on page 23)

Barry Wiseman of the University of Maryland talks with Meade Alcorn, Chairman of the Republican National Committee and Ruth Hagy after their appearance on the nationwide telecast of Ruth Hagy's College News Conference Sunday, January 12, over American Broadcasting Company network.

In response to Wiseman's questions, Alcorn predicted Republican control of the House of Representatives after the next election and charged that Adlai Stevenson made very little contribution to the pre-Nato meeting planning.

Each Sunday College News Conference presents outstanding university students in interviews with leading public figures. The program has won awards for public service, stimulating interest in current affairs and newsmaking. Ruth Hagy is producer and moderator.

Officer Candidate L. W. Whitaker, right, top man in his class of 600, receives his commission from Lt. Gen. M. B. Twining, Commandant, Marine Corps Schools, Quantico, Virginia, during exercises held Dec. 14. Lt. Whitaker, with a 96.61 average, topped the list of the largest Officer Candidate Class to have undergone training at Marine Corps Schools since the inception of Training and Test Regiment. Lt. Whitaker is a 1957 graduate of the College of Business and Public Administration. As a student he was a member of Kappa Alpha fraternity, the Terrapin Ski Club and Treasurer of the Maryland Flying Association.

IT IS GOOD TO SEE THAT SO MANY OF YOU HAVE WEATHERED the snow and the rigors of the new Academic Probation Plan. Immediately following examinations and during registration rumors were spreading so rapidly that some of us (who depend upon students for a living) began to wonder if there really would be a shortage of faculty and staff at College Park. The registration lines relieved our fears to some extent, but it was not until all of the returns were in that we could relax and enjoy the comforts of an "alarming" increase in enrollment.

And, so, we are again in the business of developing a quantity of quality, and that is likely to be our role for some years to come. The latest figures show that compared with the second semester of 1957 the enrollment has increased 6.7 percent, with the full time undergraduates increasing from 7,730 to 8,231. This is a drop from the first semester, but conforms to the normal pattern. The most encouraging feature is the number of graduate students, showing a percentage increase of approximately 8 percent. We dare to hope that a substantial part of this increase is in education, and that a few are in mathematics and physics; otherwise, science may get us to the moon without any assurance of a safe return.

The University is engaged in education at many other locations. The five professional schools in Baltimore do not

change as rapidly as the undergraduate campus, but with additional facilities some expansion can be anticipated. The off campus program in Maryland, Washington, D. C., and throughout the world is a service unequalled by any other university and one which truly has been called an educational phenomenon.

Certainly, the University is still in business and education is booming. The need and demand for trained men and women with a sound education continues to grow. The faith of the people in education is evident wherever one goes and in whatever one reads. They are convinced that personal success depends upon education, and there is general acceptance of a recent statement that "education is vital to the survival of freedom, perhaps even to the survival of mankind."<sup>1</sup>

Recent developments in the scientific field have sharpened the interest in education. Suddenly we have become aware of educational progress in other parts of the world, particularly Russia. Charges and counter statements have been made about the American system of education; we are told that better preparation must be given to more people if the world is to be saved from destruction. It is indeed a sad commentary on our society that we must be faced with pos-

<sup>1</sup> Statement by Lloyd B. Odum, President of Atlas Corporation, quoted in *NEA Journal*, February, 1958.

## The Age of Education

AN ADDRESS BY DR. WILSON H. ELKINS, PRESIDENT OF THE UNIVERSITY

PRESENTED AT THE CONVOCATION OF STUDENTS AND FACULTY

FEBRUARY 28, 1958

sible annihilation before recognizing education as the primary factor in making this country the greatest on earth. Through education we have remained free, prosperous and progressive. We have led the nations of the world in the development of human resources. Progress in the arts and the sciences along with technological advancement may be attributed, in a very large measure, to a broad educational program. If there is some reason to identify this period in history with science, the atom, jet transportation, or outer space; surely there is much more reason to call it the age of education, for underlying science, atomic fusion, jet planes and satellites is education. Coupled with morality, education is the hope of the world.

In such an age it is no wonder that a high school diploma is rapidly becoming the common denominator and that a larger percentage of high school graduates are applying for admission to colleges and universities. This movement within an increasing population is creating conditions on our campuses which demand attention by students, faculty and parents, and the general understanding of all of the people.

THE ACADEMIC PROBATION PLAN OF THE UNIVERSITY IS DIRECTLY in point. It was developed to provide standards that would enable qualified students to achieve their aims in a State institution with a liberal admission policy. In essence,

the Plan purposes to give every student a fair chance to achieve the minimum requirement for graduation within a reasonable period of time. Allowances have been made for freshmen, and a probation period is provided for all who seem to show any promise. The administration of it will require constant and careful attention and, in all probability, the need for changes will be indicated. The general requirements, however, are not unreasonable, and if a large number of students are eliminated it will be due to lack of ability, preparation or application. It is intended to separate the qualified from the unqualified.

It may be helpful to review and analyze the results of the first semester. Before giving any figures I should emphasize that 91 percent of the undergraduate students who enrolled in the fall were eligible to return without benefit of petition. Some of the 9 percent who were ineligible were readmitted, and I hope that if they are not here this morning they are in their rooms studying. A substantial number of those who were denied readmission were "trial" students, but we must wait a detailed analysis before classifying failures. We do know that, in general, those who entered the University with an adequate background and a good record have made satisfactory progress.

During the first semester more than 10,000 students were in attendance at College Park. Of this number 8,579 were

full-time undergraduates. At the end of the term the casualty list included 772 students—9 percent of the undergraduate enrollment—and of this number 692 were dismissed for failing 50 percent or more academic credits. All first term freshmen who passed at least three academic credits were reinstated automatically—a total of 113—and the Petition Board readmitted 58 others—making a grand total of 171. To put it another way, 601 out of 772 dismissals were not permitted to register for the second semester, or approximately 7 percent of the full-time undergraduate enrollment.

The University is neither proud nor apologetic of this record. Higher requirements for a more heterogeneous group of students will inevitably produce an increased percentage of failures. But this is the negative side of the picture which, unfortunately, makes the headlines. On the positive side is the vast majority who were encouraged to work harder and whose education will be more meaningful.

In the record of the past semester and in the interviews which have followed, there are several points worthy of comment. In the first place, there are considerably more casualties because of the ruling which provides dismissal for failing 50 percent of the academic credits. The removal of basic ROTC and required Physical Education from the academic ledger has obviously increased the mortality. In the second place, there are many who have been placed on probation and who are now required to make a 1.5 or 1.75 average depending upon classification. While this is not an unreasonable average, it is considerably above past performances by probationers and requires hard work on the part of the student with average ability.

THE DIRECTOR OF ADMISSIONS HAS TOLD ME THAT IN HIS opinion, based on numerous interviews, that many students and especially freshmen miscalculate the amount of time to do a satisfactory job in college. It comes as a shock that four hours of study each day is a minimum requirement for the average student. It is a shock because our society, of which the educational system is a part, has not demanded enough of its youth. This is not the fault of education alone but it is inherent in a society which, seemingly, could afford to neglect the full development of its potentials and which, only recently, has begun to realize the value of intellectual accomplishment.

Another part of the Probation Plan (which is the heart of it) that will affect most students at a later date, or affect a good many, is the junior standing requirement. This is related to the average required for graduation, and University officials predict that it may be a difficult hurdle for those who do not plan carefully. If there is any indication that you may have difficulty attaining a "C" average by the end of the fourth or fifth semester which in essence is the junior standing requirement, I urge you to study the regulations carefully and to consult your advisor or dean for clarification. In view of the number of students who were placed on probation for failing more than 35 percent of their academic credits, this requirement can hardly be over-emphasized.

A full discussion of standards demands some mention of the quality of instruction. If the University has an obligation to require a high level of performance by students, it cannot escape an obligation to demand an efficient performance by faculty and staff. We must guard against a tendency to lay blame for all failures on the students and to assume that the percentage of failures will remain the same regardless of the teaching and guidance efforts. I am convinced that any objective study of the University would conclude that there is room for improvements in all areas—even in the

President's Office. It is a matter of regret that in our universities some of the most experienced and able faculty members avoid teaching freshmen and that there is a noticeable lack of in-service training and supervision. In my judgment, the academic profession has suffered because of a failure to identify, recognize and reward good teaching as much as it has rewarded productive scholarship. This faculty cannot afford to neglect the need for systematic supervision and appraisal of instruction. In addition to fulfilling an obligation to the students, it would strengthen the position of the University in its relations with the general public and in its request to the State officials and the General Assembly for additional funds. Some progress has been made toward this end, but much more can and should be undertaken department by department.

Some of the foregoing comments may seem to indicate that the University is attempting to discourage increasing enrollments. This is not the case. Plans for the future include facilities which will accommodate twice as many students as are enrolled today, and a thorough study is being made by a special committee to determine as accurately as possible the direction the University should take to provide educational opportunity in Maryland. The Board of Regents, administration and faculty are committed to a policy which recognizes that education should be made available to all qualified students, and it is obvious that the public institutions will be called upon to serve an increasing proportion of high school graduates.

The problem is to maintain quality within a group of varied abilities and interests. With this in mind, the University will analyze the performance of all students, and especially those who are admitted with questionable records. Although a highly selective admissions policy would not be in keeping with the nature of this institution, officials of the University should consider seriously any recommendations from the faculty that are based on dependable studies.

IN AN AGE WHICH ACCENTS EDUCATION, THERE IS AN AWESOME responsibility on all individuals, agencies and institutions involved. The elementary and secondary schools are called upon to reconsider their programs, to identify and encourage all who have the capacity to pursue higher learning, and to give more attention—perhaps more time—to the subjects which are most important in preparation for college. As they undertake this assignment, the general public should be told in a loud, clear voice that well prepared teachers of mathematics and science cannot be obtained under present conditions and that it might be well to copy the Russian method of relieving the teacher shortage—by placing the teacher near the top of the social and economic ladder. The public should also be told that unless there is a marked change in the attitude toward teaching no amount of scholarships for students with unusual aptitudes for science and mathematics will produce a great many more scientists. The public should also recognize clearly the importance of other subjects, particularly the proper use of English, as a preparation for the study of anything, including mathematics and science.

In the rush of all of the people for at least a high school education, the public schools and colleges have failed, I think, to educate the parents on the criteria for success in college. In addition to quantitative requirements for high school graduation, there are the important factors of intellectual capacity, grades, and initiative. As parents think with their children about plans for the future they should look at the whole picture and be guided by reason based on experience. A college education is not the only kind of education beyond

high school, and it should be undertaken only after adequate preparation. Otherwise, the course may lead to failure and frustration and may be a handicap instead of an asset in preparing for a career.

Another question which is of interest to parents and students is the cost of higher education. Recently several articles have appeared advocating that the students be required to pay a substantial part, if not all, of the cost of instruction in publicly supported colleges and universities. This position can hardly be reconciled with the accepted philosophy of education and the present clamor for more highly trained men and women. It is a throwback to the days when education was a class privilege. Today there is general acceptance of the philosophy that higher education should be available to all who have ability, ambition and initiative, and that this nation will prosper in proportion to a determination to fulfill its educational objective.

It is significant, however, that both the individual and society profit from higher education, and it is not unreasonable therefore to ask the individual to pay a fraction of the cost. This should be considered as an investment and also as an indication of good faith and serious purpose. The problem of paying part of the cost and, in many cases, board and room, lies not so much in limited income as in our set of values. The simple truth is that a majority of the people do not include education in their budgets and in their financial plans, although they admit its importance. This neglect denies education to some and handicaps others who have to spend too much time working to pay expenses. Furthermore, it brings about agitation for more and more assistance by the state and federal governments to help those who might have helped themselves. There is a need for scholarships and grants to help deserving students, but there is a real danger in the movement to provide a higher education to every capable student without regard to the responsibility of the home and the initiative of the individual.

At the University of Maryland, the resident undergraduate pays (on the average) about one third of the cost of instruction, exclusive of capital outlay. It is not news to many of you that over one-half of the students work part-time to help pay expenses, and the need for scholarships and grants seems to be increasing. All of these facts were considered when the Board of Regents approved a modest increase of \$10.00 per term effective next September. This was done reluctantly to offset a small part of the increasing costs, with the hope that it would not discourage the deserving student. It is necessary during inflationary periods to increase costs of other services, which are self supporting, but I can assure you that the present Regents and the administration are committed to a policy that will keep the State University accessible to all who can take advantage of its facilities.

IT SEEMS TO ME THAT UNIVERSITY STUDENTS ALL OVER THE country are more purposeful and are devoting more time to academic achievement than they did a few years ago. As a higher premium is placed on the cultivated mind and competition gets keener for admission to college, all activities on our campuses will be subjected to a sterner test in the light of the individual's welfare. I am not alarmed by editorials commenting on the so-called "apathy" of today's students because they do not attend "pep rallies" more than once during a season, or fail to respond to the call to arms when "Rock and Roll" entertainers are disapproved by a faculty committee. I would like to think that this so-called apathy is not a lack of spirit but a sign of maturity or perhaps that

the students have more important things to do.

The spirit of any organization is important, but sometimes there is a tendency to mistake spirits for spirit. The soul of any organization is that intangible quality which supports the central purpose, and the spirit manifests itself in many ways. When the aims and ideals of an institution are at stake, the spirit is strong. Evidence of enthusiastic loyalty was apparent when we were honored by the Queen of England, an occasion which demanded the full cooperation of the entire University community. It was a day long to be remembered for extraordinary effort and exemplary conduct. There have been other noteworthy contributions to the common welfare, and perhaps it is not out of place to single out student leadership and active participation in the orientation of new students. The University will continue to encourage student participation to the extent that it is reasonable and practicable, and I urge you to participate in the activities regulated by your Student Government Association and in Student Government itself.

Now, in a moment of relaxation, you may ask, "What about football?" You may recall that I said some time ago that we should strive for a balanced program. Soon after this statement, one of the coaches in the Conference sent word that his team would help to take care of our problem. Sure enough it did and we lost seven, won two, and tied one. Some of the alumni expressed their feeling that we had gotten a little too far over on the losing side and that maybe the President ought to have an examination for balance. Fortunately, we achieved some balance last season, and a good many people returned to the fold after the North Carolina game. One critic showed an unusual and amazing sense of fairness by admitting that he had been too hasty in his denunciations. Anyway, we are now in the middle with a lot of fans sitting on the fence waiting to see which way we will go. I hear indirectly that our prospects are pretty good for next fall, but I'm not going to call on Coach Mont to testify at this time. He might prefer to relinquish his time to our basketball coach, Bud Millikan, who has had some trying times on the "Tobacco Trail." In any event, Coach Mont may wisely defer a prediction of football until the grades are all recorded at the end of this term. The voice of the faculty is heard in the land of the Terrapin.

The University of Maryland, with its manifold activities, is a part of a gigantic experiment in the education of people. Notwithstanding the questions that have been raised in recent weeks, this experiment has been the envy of the enlightened nations and the objective has been studied seriously by those who would surpass our accomplishments. It cannot be denied that mistakes have been made and that we need to examine some of our practices. But, above all, there is a need to rededicate ourselves to the proposition that universal education, properly planned and adequately supported, is the only means by which we can attain the ideals of democracy.

The universities and colleges have a solemn obligation to use their resources in such a way that the age of education will result in the advancement of civilization. This is the ultimate aim of teaching, research, and service. Each individual has an obligation to contribute in accordance with his talents. With all of our mechanization and automation, the individual remains the source and the object of all progress. It is imperative, therefore, that educational institutions maintain the kinds of programs that will encourage high intellectual achievement. This is our common role at the University of Maryland.

## 'Flying Follies' Cheer U.S. Servicemen Abroad

The Flying Follies, a home-grown variety show aimed at lifting the spirits of American servicemen stationed at isolated bases in Iceland, Scotland, the Azores and Bermuda, was on tour 19 days, December 19-January 6, travelled in excess of 10,000 miles, and presented 17 performances, two television shows and one radio show.

OVER THE CHRISTMAS HOLIDAYS AN ENTERTAINMENT TEAM of University student and faculty personnel flew the flight of the snow bird to Iceland and Scotland, then assumed a southerly course to the Azores, dropped in for a spot of tea at Bermuda and headed back to domestic and mundane Washington, D. C.

This was neither a CSCS inspection tour, nor Dave Brigham establishing alumni clubs on foreign shores. It was a voluntary, derring do attempt to spread some American-

type sunshine to U. S. servicemen stationed in far-off bases during the most traditional and sentimental of all holidays.

If foot-stomping and whistling officers and men were not enough proof, letters and citations received since the troupe's return, assured "The Flying Follies" of mission accomplished.

Landing at Goose Bay, Labrador, in preparation for the flight across the northern Atlantic, to Iceland, "The first thing I saw in the lobby of the airport," says Jil Vasilyk, Assistant to Show Director James Byrd, "was a large sign reading, 'University of Maryland Extension School.' Except for the Azores, similar signs were displayed at our every stop.

"Iceland, I remember," continues Jil, "had only four hours of daylight. We landed at approximately 7:30 in the morning in the pitch black and we saw no daylight for the rest of that day. We were so exhausted we went directly through customs, ate breakfast and went to bed. We performed for our first audience that night. My chief recollection of Ice-

## SHOW PROGRAM

### Act I

OPENING CHORUS .....	Entire Company
COMEDY ROUTINE .....	Richard David, Master of Ceremonies
VOCAL .....	Lucille Jamison, operatic soprano, singing "One Kiss"
BATON .....	Nancy Nystrom, Harriett Husted, Dorothy McCarty
SONG AND DANCE .....	Connie Cornell and Carol Isaacson with the Men's Chorus
DANCE DUET .....	Karen Devey and Joseph Warfield, dancing to the rhythms of "Steam Heat"
VOCAL .....	De Estye Graumann, singing "Fascination," "Mademoiselle de Paris" and "Tres Magnifique"
CHORUS .....	Girls in evening gowns
MUSICAL MELODIES .....	James Owens, John Hite and Russell Beall
ACT I FINALE .....	Entire Company

### Intermission

### Act II

OPENING CHORUS .....	Entire Company in Calypso costume, Lucille Jamison, solo.
MONOLOGY .....	Clare Wooten
LONDON NUMBER .....	Entire Company in raincoats costume with umbrellas Peggy Ann Stanifer singing a vocal solo, "Foggy Day in London Town"
VOCAL .....	Betsy Clute, singing "Blue Prelude," "My Man"

### Finale

MONOLOGY .....	Laura Morton, "'Twas the Night Before Christmas"
CHORUS .....	Entire Company, singing "The Christmas Song"
VOCAL .....	Jackie Dean
BATON .....	Nancy Nystrom, Harriett Husted and Dorothy McCarty, using flaming batons
CHORUS .....	Entire Company, singing "Sleigh Bells"

### CAST

Clare Wooten, Arts and Sciences  
 Lucille Jamison, Education  
 Connie Cornell, Drama  
 Carol Isaacson, Speech  
 Nancy Nystrom, Nursing  
 Jackie Dean, Drama  
 Margie Foster, Education  
 Dorothy McCarty, Arts and Sciences  
 Karen Devey, Practical Art  
 Peggy Ann Stanifer, Speech  
 Betty Ann Clute, Drama  
 Pat Rouleau, Drama  
 Jil Vasilyk, Music  
 De Estye Graumann, Music  
 Harriett Husted, Physical Education  
 Dick David, Business and Public Administration  
 Joe Warfield, Education  
 Morris Hardy, Music  
 Ken Reck, Music  
 Harvey Beavers, Pre-Dental  
 Steve Hoffman, Arts and Sciences  
 Dennis Werber, Arts and Sciences  
 Russell Beall, Music  
 Jim Owens, Arts and Sciences  
 John Hite, Arts and Sciences

Properly dressed with parka and parachute, cast member waits out the flight to Iceland by filing her nails.

Show Director, James Byrd chats with Air Force officer assigned to troupe.

Opening number in Iceland.

*At the Robert Burns Museum*

*Members of the 'Flying Follies' struggle for footing in the face of fierce Icelandic gales.*

*Cycling in Bermuda*

*Sub-zero weather didn't bother this open jacketed tiller.*

*Rehearsing on Bermuda sands*

*Seeking directions in the Portuguese Azores*

*Home again with gifts for family and friends*

*Barefoot Azorians watch the 'Follies' last show*

land was that the wind blew constantly.

"During our stint in Iceland, we were flown north to the 'H Sites,' military outposts, one of which was located approximately 14 miles below the Arctic Circle. I don't think that any of the audiences we played to on tour were as appreciative as the men who manned these posts."

Jim Byrd, as Director of the "Follies" carrying the burden of responsibility for the welfare of the 16 girls and 10 boys who made the trip, remembers with a chill when, "on the morning we arrived in Iceland I was talking with the Special Services officer and he told me that the following day we were going to take a trip to an H Site and he said would I please divide the company into two groups as evenly as possible so that in case one plane didn't make it, the remaining group could still do the show."

Connie Cornell, a drama major, saw Iceland from another perspective. "I thought we'd be traveling in dog sleds, skis and snow shoes and living in cold Quonset huts. Instead, we found ourselves quartered in a lovely hotel with private bath and maid service, and treated just beautifully."

"When we returned to the United States, we realized that the only Eskimos in Iceland got there the same way we did: on a tourist visa!" added Al Danegger, Head of the University Photographic Laboratory and official photographer for the Follies. All of the excellent photographs accompanying this article were taken by Mr. Danegger, many under extreme conditions.

To Nancy Nystrom, student in the School of Nursing and one of the three batonists in the show, Icelandic University with its five language requirement, geyser-heated swimming pool and rigid entrance examinations, was of special interest.

"In Iceland," she recalls, "two groups of people stood out as unusual: children and policemen. Children for their healthy appearance and their natural beauty, and policemen for their extreme height, intelligence and courtesy."

JACKIE DEAN, A DRAMA MAJOR AND VOCAL SOLOIST IN THE show, remembers the side trip to Rakevik and the special instruction in Icelandic customs given her by Mr. Goodmanson, of the U. S. Information Agency.

"Mr. Goodmanson did a wonderful job explaining that the Icelandic people are a proud people with a right to be proud," added Mr. Danegger. "They are a country of a great many accomplishments. They are half the size of Silver Spring and yet operate a major university and a national theater. They have a fine fair, a symphony orchestra, they operate a big airline around the country. All this by a nation of 150,000 people."

When the troupe ate their meals in the service dining halls, the girls, by prior agreement, would each sit at a separate table to have an opportunity to talk with as many personnel as possible. Service officers reported that it was the custom of most of the professional troupes to sit by themselves and to not fraternize widely with the general personnel.

From Iceland, the Follies paid a surprise not-on-the-itinerary visit to Scotland.

"When we were going through customs," reports Mr. Byrd, "all personnel seeking treatment at the base hospital

were requested to go through first. Of the 26 members of the company, 13 went through the line for the hospital and when the thirteenth person had passed through, the customs man said to me, 'Please do not permit any of these people to die over here, there's too much red tape involved!'"

Scotland presented the first opportunity for shopping. Shop owners were reported to be very anxious to please and not disappointed when no sale was made. Most purchasers trusted to the rigid honesty of the Scots in knowing the correct rates of monetary exchange.

Highlight of their Scottish excursion was a tour through the handsome countryside and a visit to the now legendary Brigadoon, the Robert Burns Cottage, and Colleen Castle, the home of President Eisenhower in Scotland.

On the 12-hour flight to the Azores, the pilot flew his plane directly across Wales, the English Channel and the coast of France, arriving at the islands that night. Miss Nystrom was presented with a cake commemorating her birthday, prepared for her by the former chef for the late President Roosevelt.

"The last night we were in the Azores," recalls Mr. Byrd, we gave a performance for the Portuguese people in their own theater. This was our sixth show. We were ready to depart and the plane was waiting for us and as it turned out, we were very pleased to have remained there for an hour or two more. At the end of our performance our five-man orchestra surprised the audience by playing the Portuguese National Anthem which they had only learned that day. Then our company sang the Star-Spangled Banner. It was a most touching moment and really I think one of the most exciting moments of our tour.

"Very few of the people in that audience, if any, understood English. Through an interpreter, our MC, Dick David learned to make the program announcements in Portuguese. It helped make our audience more receptive, certainly, and we felt the performance was one of the more successful of the tour.

"The Commander of the Portuguese Air Force came backstage after the show and presented the cast with Portuguese Air Force officer 'wings' and announced through his interpreter that we were now honorary officers."

AFTER THE AZORES, THE TROUPE DEPARTED FOR THEIR LAST stop. Bermuda, 18 miles away. Arrival in "sunny Bermuda" was accompanied by a pouring rain and the coldest spell recorded there in 35 years. Three days later, the Follies departed for home.

Along the tour, theaters were not always available or practicable and shows were presented with little or no variation in hospital dormitories and on airport runways. All members of the company had special praises for the manner in which Captain Quentin Teevin, of the Legal Department, U. S. Air Force, discharged his responsibilities as tour escort officer.

The tour was made possible by the Military Air Transport Service, through the person of Major Richard F. Jennings, Special Services officer. Major Jennings asked Mr. Byrd last spring if he would be willing to attempt to organize another tour to follow up the one made in 1956.

"Of special importance to us through the entire trip," Miss Nystrom says, "was the central fact that we were representative of the University of Maryland. As we proceeded from country to country we were aware that our audiences would remember us, certainly, but that they would remember far longer the University of Maryland and our conduct and the manner in which we entertained."

# Alvin L. Aubinoe Appointed to Board of Regents

THE MARYLAND SENATE CONFIRMED the nomination of Mr. Alvin L. Aubinoe to the Board of Regents in action taken February 24. Mr. Aubinoe was appointed by Governor Theodore R. McKeldin to fill out the term of the late Judge William P. Cole, Jr., which expires June 1, 1958.

A background of student and alumni interest and activity preceded Mr. Aubinoe's appointment to the Board. He is a 1926 graduate of the University, holding a degree in engineering. As an alumnus, he has had an interest in developments occurring within the University. The football team receives enthusiastic support from Mr. Aubinoe, who is a Past President of the Terrapin Club.

Born in Washington, D. C. on February 12, 1903, Mr. Aubinoe attended local schools. Since his graduation from the University he has become widely known in his profession as a builder, architect, and developer. In addition, he has also found time to establish a considerable reputation as a civic leader. He is a member of Beta Kappa Chapter of Kappa Alpha Fraternity; the Court of Honor, Wood Province, Kappa Alpha Order; Treasurer of the Beta Kappa Corporation; President of Fraternity Housing Corporation, Kappa Alpha Order; Past National President of Alpha Delta Sigma

Mr. Aubinoe

Fraternity; Past President of the Home Building Association of Metropolitan Washington; Director of Home Builders Association of Metropolitan Washington; Director of the Federal City Council; Director of National Metropolitan Bank of Washington; member of the Board of Trustees of the United Community Services of Washington; and Director, Washington Board of Trade. He is a recent Presidential appointee to the Civil War Centennial Commission and a member of the Drafting Committee of D. C. Housing Code.

One might imagine that Mr. Aubinoe's civic activities would occupy his entire time, but such is not the case. He is President of Alvin L. Aubinoe, Inc.; Aubinoe Construction Company; Wildwood Investment Corporation; The Allandott, Inc.; the Washington and Lee Apartments, Inc.; Parkside Apartments, Inc.; DuPont Plaza, Inc.; Treasurer of Hardware, Inc. and principal partner in the architectural firm of Aubinoe, Edwards and Beery.

There are many apartment buildings, office buildings, industrial structures, hotels, and homes on the Washington-Maryland-Virginia landscape which testify to the progressive outlook of the Aubinoe firms. Among structures recently erected here, Mr. Aubinoe is the architect of the National Radio Institute, 3939 Wisconsin Avenue, Washington, D. C. and architect and builder of Home Builders Association of Metropolitan Washington, 2101 K Street, N. W., Washington, D. C.

In addition to civic and business activities, Mr. Aubinoe devotes a considerable part of his time in working for his church. He is a member of Bethesda Presbyterian Church where he serves as Trustee and President of the Board of Deacons.

Mr. Aubinoe maintains a permanent residence in Bethesda, Maryland and in the summer, at Rehoboth, Delaware.

## Dr. Kuhn Appointed Executive Vice President

DR. ALBIN O. KUHN, AGRICULTURE '38, has been appointed Executive Vice President of the University, Dr. Elkins has announced. Dr. Kuhn formerly served as Assistant to the President.

As Executive Vice President, Dr. Kuhn will be directly responsible to the President and will act for the President as the need arises. He will concentrate to some extent on the programs of the Professional Schools in Baltimore, the University Hospital, Agriculture, Finance and Business, and Plant Maintenance and Operation. Dr. Kuhn will maintain a regular schedule at the Baltimore office located in the Bressler Building.

Dr. Kuhn was born at Woodbine, Carroll County, in 1916 and reared on a dairy farm near Lisbon. He attended Lisbon Elementary and High School,

Dr. Kuhn

graduating from the latter in 1933.

He received a Bachelor of Science degree in Agriculture, and was graduated with first honors. Taking graduate training at both the University of Maryland and the University of Wisconsin, Dr. Kuhn received his Master of Science and Doctor of Philosophy degrees from the University of Maryland.

As a teacher, Dr. Kuhn served in the Agronomy Department, as an instructor, an Assistant Professor and Associate Professor from 1939 to 1944 and from 1946 to 1948.

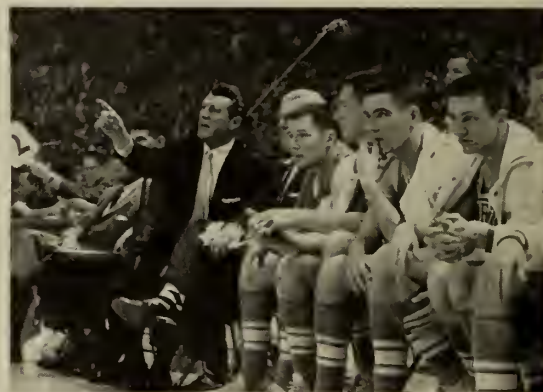

In the space of years from 1944 to 1946, he was a line officer in the U. S. Navy, with principal duty in the Pacific Ocean area.

From 1948 to 1955, Dr. Kuhn was

## 15,000 Roaring Fans Watch Milli

## As Maryland Smothers High - and - Mig

UNIVERSITY OF MARYLAND'S FINEST HOUR in basketball came to the William P. Cole, Jr. Student Activities Building the night of January 11 when our young coach H. A. (Bud) Millikan gained his and the school's biggest win, a 74-61 victory over the defending national champions, arch-rival North Carolina.

It was then that the Terrapins established themselves as solid choices to be voted among the Nation's top ten teams in basketball. With their continued fine play, they have been picked as high as the sixth best team in the country.

The game also marked another milestone in Maryland athletic history. A runaway crowd of 15,100 estimated fans jammed the beautiful Cole Field

House. This was the largest basketball crowd ever to see a single game in the East and South, outside of Madison Square Garden whose 18,000 capacity usually is used for double-headers. Also, the press coverage ranged from New York, New Jersey, Philadelphia, the local area, and through the Carolinas, the largest representation of the fourth-estate at a Maryland basketball game.

It was a "dream come true" for the Administration and the Athletic Department as the big house was bulging with standees. There were many that said as completion was neared that a full house would never be realized for a basketball game. The Carolina game marked the fourth time in three seasons

that over 12,000 turned out for a game. Ten and eleven thousand have been seated on many other occasions, and there is every reason to believe that it will be filled many more times. For those who come into the Field House for the first time, the impression is lasting that it is the most magnificent indoor building on any college campus. The impression cannot be disputed.

It was a sharper and more poised Maryland basketball team that defeated the Tar Heels. Millikan has come up with what he calls his best Maryland team. There is no doubt that the Millikanmen have been helped by their two big sophomores who are starters this season. Al Bunge, 6-8½ and

## Greater University Fund Completes First Month of Operation

FIRST RESPONSE TO INITIAL MAILING pieces and work performed by special committees on behalf of the Greater University of Maryland Fund, has resulted in receipt of an estimated \$40,000 in cash and pledges. The Fund's first month of operation ended February 10.

Appointment of voluntary committee members and fund Regional Managers is virtually complete.

Dr. Albert E. Goldstein, General Chairman, recently announced the appointment of a Special Gifts Committee to include: Dr. J. C. Krantz, Dr. Thurston Adams, Mr. Austin Diggs, Dr. Arthur I. Bell, Mr. J. Gilbert Prendergast, Mr. Jesse J. Krajovic and Mr. Charles S. Archer, Jr.

Dr. Goldstein, commenting on the work of this Committee, said, "It has been particularly gratifying that in addition to the many alumni already contributing, a great many gifts have been made by friends, who are not alumni of the University."

The General Chairman had previously named 91 alumni to serve as Regional Managers in the general campaign. They are:

### Section One, WEST AND MIDWEST

NORMAN D. GARDINER, JR., LAW '36, now residing in Tucson, Arizona, responsible for the States of Arizona, Colorado, Idaho, Montana, New Mexico, Texas, Utah, Wyoming.

L. J. MATTINGLY, ENGINEERING '43, now residing in Chicago, Illinois, re-

sponsible for the States of Arkansas, Illinois, Indiana, Missouri.

J. D. KIEFFER, ARTS & SCIENCES '30, now residing in San Francisco, California, responsible for the States of California, Nevada, Oregon, Washington.

H. JOHN BADENHOOP, JR., BUSINESS AND PUBLIC ADMINISTRATION '40, now residing in St. Paul, Minnesota, responsible for the States of Iowa, Kansas, Michigan, Minnesota, Nebraska, North Dakota, Oklahoma, South Dakota, Wisconsin.

JOHN E. OSTRANDER, ARTS & SCIENCES '55, now residing in Warren, Ohio, responsible for the States of Kentucky, Ohio, Tennessee.

FRANCISCO VERAY, DENTISTRY '16, now residing in Yauco, Puerto Rico, responsible for Puerto Rico.

### Section Two, NEW ENGLAND

GEORGE G. DICENZO, LAW '27, now residing in New Haven Connecticut, responsible for the State of Connecticut.

DR. F. P. GILLEY, DENTISTRY '45, now residing in Bangor, Maine, responsible for the States of Maine, New Hampshire, Vermont.

SIE ARNURIUS, NURSING '20; DR. EDGAR HERMAN; W. HAMILTON WHITEFORD, LAW '30; MISS VIRGINIA CONLEY, MEDICINE '53; ROBERT E. COUGHLAN, JR., LAW '24; DR. HERBERT D. FINN; AMOS I. MYERS, all of Baltimore: all responsible for Baltimore.

### B. J. Borreson Appointed Dean for Student Life

B. J. BORRESON, ASSISTANT DEAN OF Harvard University's Graduate School of Business Administration, has been appointed Executive Dean for Student Life and assumed his office January 15.

Dr. Elkins, in announcing Mr. Borreson's appointment, said:

"As the enrollment of the University increases there is a more pressing need to expand services to the students and to coordinate the offices now dealing with several aspects of student life. The University should give first priority to the needs of the students and in a complex organization it is desirable to have one individual whose primary function is to plan, supervise and coordinate the efforts to meet these needs. This is the purpose of the Office of Executive Dean for Student Life.

"Mr. Borreson will be directly responsible to the President, in a line position, with the following offices responsible to him: Counseling Center, Dean of Women, Dean of Men, Student Welfare, Placement, Foreign Student Advisement, Office of Intermediate Registrations and On Trial Admissions, Student Union, and Student Health. The Executive Dean will participate in the administration of certain aspects of food services, and will work closely with the Office of Scholarships and Grants-in-Aid. He will also have a close relationship with those other University offices which provide the many necessary services and supervision that affect student welfare and morale. He will naturally have a direct interest in the policies established by faculty committees and the work and activities of our many student organizations and enterprises."

Mr. Borreson was born in Duluth, Minnesota, and received his Bachelor of Arts degree from University College, University of Minnesota. Following his graduation, Mr. Borreson served at the University as Director of Student Activities and also as Executive Secretary to the Faculty Committee on Student Affairs. He was also a member of the Faculty Committee on Recreation and

## Twenty-Four Lettermen Return to Spring Football Drills

FIFTY-FIVE VARSITY FOOTBALL CANDIDATES will report to Tommy Mont, Head Football Coach, the morning of March 8 to open spring drills for the 1958 season. Spring practice will close April 12 with the annual Varsity-Alumni game in Byrd Stadium.

Mont plans to work four days a week, weather permitting, and to utilize a Saturday session as an intra-squad scrimmage.

The Terps, 5-5 for the 1957 season, have 24 lettermen returning. Thirteen have graduated from the '57 team. Most notable loss will be at center where Gene Alderton and Wilbur Main provided the Terps with top center play. Also missing will be ends Ed Cooke and Bill Turner; tackles Don Healy and Tom Steff; guards Ron Athey, Paul Tonetti, and Nick DeCicco; quarterback John Fritsch, and halfbacks Fred Hamilton, Howie Dare, and Ralph Hawkins.

Mont believes his 1958 squad, if all return for the fall drills September 1, will be as good as and possibly better than the 1957 team. He believes the change in the substitution rule will help the Terrapins this fall.

The Terrapins have a good nucleus returning at each position along with some outstanding newcomers. Returning at end will be Ben Scotti, Long Branch, New Jersey; Ron Shaffer, Cumberland; Al Beardsley, Pittsburgh, Pennsylvania; Bill Martin, Kittanning, Pennsylvania; and Bill Steppe, Cumberland. Tackles returning are co-captain Fred Cole, Newark, New Jersey; J. Kurt Schwarz, Hackensack, New Jersey; Tom Flor, Elizabeth, New Jersey; and Joc Gardi, Harrison, New Jersey. The guard position appears strong with all-America candidate Rodney Breedlove, Cumberland, leading the returnees. Breedlove received honorable mention all-America last season as a sophomore and was named to the all-Conference teams. At the other guard is Tom Gunderman, Franklin, New Jersey named to the second team all-Conference selections. Other guard lettermen include Ron Laneve, Pittsburgh and Fred Kern, Baltimore. Jim Hatter,

Rome, New York, fullback his sophomore and junior years, has been moved to the guard position for spring drills.

Victor Schwartz, Port Reading, New Jersey, a guard letterman last year as a sophomore, has been moved to the center position as number one pivot man.

The Terps have nine backs returning, led by quarterbacks Dickie Lewis, Martinsburg, West Virginia and co-captain Bob Rusevlyan, Washington. Lewis, number one signal caller last fall, is not expected to participate in any contact work during spring drills because of an illness contracted during the semester vacation.

PHIL PERLO, WASHINGTON, AND JIM JOYCE, Philadelphia, give the Terps two outstanding experienced fullbacks. Five top halfbacks return, led by seniors Bob Layman, Pittsburgh and Ted Kershner, Martinsburg, West Virginia. Backing them up are senior Joe Behrmann, Hackensack, New Jersey, and juniors Gene Varardi, Freeport, Pennsylvania, and John Forbes, Basking Ridge, New Jersey.

The names that should be heard most from last year's B team and freshman team are ends Vincent Scott, Wilmington, Delaware, Tony Scotti, brother of first team end, Ben; tackle Ed Nickla, North Merrick, New York, and an Air Force veteran; guards Ron Binetti, Baltimore, and Pete Boinis, Washington; and centers Leroy Dietrich, Philadelphia, and Lou Ingram, Pittsburgh.

In the backfield, Mont and his staff hold high hopes for quarterback Dick Scarbath, Baltimore. The brother of former Terp all-America Jack Scarbath, the 6-2, 190-pound sophomore has exhibited great all-around potential while leading the B squad last fall. Another top B team quarterback is Dale Betty, Butler, Pennsylvania. Up from the freshman team are two fine prospects, Harry Manelski, Wilmington, and Jim Head, Westminster.

Many new halfbacks lend themselves to the picture with B teamer John Stitt, Pittsburgh, heading the list. From the frosh unit, Mont believes he will

get a great deal of depth in several boys who figure to be pushing the veterans. They include Everett Cloud, Falls Church, Virginia; Dwayne Fletcher, Front Royal, Virginia; Bob Gallagher, Pittsburgh; Ken Houser, Palmyra, Pennsylvania, and Dave Stockman, Baltimore.

MARYLAND CONTINUED TO DOMINATE the Winter Championships in the Atlantic Coast Conference, just as it had done in the fall sports. Last spring, the Red and White took three of the five titles, and hopes are high that the athletic program will continue bringing glad tidings to the University.

Jim Kehoe's indoor track team defended its Conference championship in the title event held at the University of North Carolina. Led by their great distance star Burr Grim, the Terps dominated the indoor games by capturing seven of the 13 titles. Grim set two new marks in the meet. He won the mile in 4:12.5, three seconds better than the old record set in 1955. He took the 2-mile in the fine time of 9:21.9, also three seconds better than the old mark. This capped a great career for Grim wearing the Maryland colors. All his future races will be run as an unattached entry inasmuch as he graduated in February and now is in Graduate School. His collegiate participation eligibility ended with the class of the indoor season.

Other firsts were recorded by Elliott Thompson in the broad jump; Tom Tait, high jump; John Lowndes in the 600-yard run; Don Whittaker, 60-yard dash; and the two-mile relay team of Charles Fleming, David Rams, Jack West, and Leroy Harvey.

The Terps finished well ahead of arch-rival North Carolina, 53 2/5 to 29 1/5.

The wrestlers of Coach Sully Krouse once again dominated the ACC with its fifth consecutive conference team championship. The title was sewed up as they defeated Duke in the final dual meet, 32-0. The Terps haven't lost a dual meet in the five years of competi-

## News from the Clubs

By VICTOR HOLM, *Field Secretary*

*Publicity Chairmen should Address Reports of Meetings and Activities to Mr. Holm, Alumni Association, Administration Building, University of Maryland, College Park, Maryland*

The University of Maryland Alumni Club of Baltimore entertained the Board of Regents of the University at a luncheon on February 14th at the Belvedere Hotel.

Sam L. Silber, President of the Baltimore Club, was the Chairman of the affair which was attended by 150 graduates of the University's various colleges and their friends.

Charles P. McCormick, Chairman of the Board of Regents, introduced the members of the Board.

Dr. Wilson H. Elkins, President of the University, was the main speaker and talked on future plans for the University, both for the professional schools of Baltimore and at College Park. He touched on the accreditation program; the building program; the fund raising program and the budget.

Governor Theodore R. McKeldin was among the distinguished guests and spoke briefly on the budget being considered by the State Legislature.

Mrs. John Paul Troy of the Baltimore Club, was Program Chairman and her supporting committee members were Sam Goldstein, William Huecksohl, Miss Lorraine Neel, Miss Flora Streett, Dr. B. Olive Cole, Donald Peacock, John Lampe and James Proctor.

The next affair of the Baltimore Club will be the annual meeting to be held at the 104th Medical Armory in May and plans are underway for a summer meeting to be held on an Ice Breaker in Chesapeake Bay early in July. The summer meeting will be open to members and their friends.

### ACC CLUB WELCOMES MARYLAND ALUMNI

Under an agreement just concluded between the officers of the Maryland Alumni Association and the Atlantic Coast Conference Club of Washington, D. C., 1349 E St., N. W., all Maryland alumni who have paid their dues will be entitled to the use of the full facilities of the ACC Club. There will be no obligation of any kind. Lunch and dinner are served daily. The Club is open daily from noon until 2 a. m. and from noon until midnight on Saturdays and Sundays. It will provide a pleasant meeting place for Maryland men and women in the downtown Washington area.

For further information, contact Alumni Secretary Dave Brigham or call the Secretary of the ACC Club at STerling 3-9740, Washington, D. C. exchange.

### CUMBERLAND ELECTS

The Allegany-Garrett County Alumni Club has named James Reford Aldridge, '54, of Frostburg its new President. He succeeds D. J. Russell Cook, '23, of Cumberland who concluded several years at the helm as toastmaster for a banquet at the Cumberland Country Club attended by nearly one hundred alumni.

Other officers elected were Dr. Albert Cook, '33, Frostburg, Vice-President; and Miss Mary Murray, '29, Mt. Savage, Secretary-Treasurer.

Dr. Wilson H. Elkins, President of the University, was the guest speaker. He centered his comments upon two forces now at work. The first was described as a greater interest in education than ever before at the so-called higher level. Competition for opportunity is responsible for the increased percentage heading for college. Second, the increase in population indicates that a 75 to 100% increase in enrollment is inevitable.

Dr. Elkins stated the University must be somewhat more selective to meet this potential while at the same time assuring an opportunity to all with the ability to go further. By 1970 the student population will double the 10,500 now on the College Park campus. He said, "The democratic way is to accept those who may be a gamble or marginal, but once they come we must be sure they meet the standards of performance which will assure a reasonable level of accomplishment."

On the subject of the University Faculty, the need for quality was stressed with working conditions that will enable them to do a good job of teaching and research. Physical facilities on a ten year plan are to be expanded more than ever before to meet increased enrollment and to provide area expansion in Baltimore.

The alumni role was summarized as calling for moral and reasonable financial support with the admonition they should be more concerned about the welfare of the University than any other

group. It is the alumni who must interpret the University to the general public. Dr. Elkins said, "We are not going to suffer from any lack of students, but we may suffer from our fair share of the type we deserve. Alumni can work with these students and encourage them to enter Maryland. In some cases, you can provide the financial lift they need or arouse the community to give them assistance and encouragement. These deserving students can best be identified and perhaps best helped at the local level."

His concluding challenge was, "With an active alumni organization we can do a much better job and make you even more proud of your University."

### 24 Lettermen Return

*Continued from page 20*

tion. Junior Nick Biondi led the Terps who were going into the ACC championships in Cole Field House the big favorite.

The swimming team of Coach Bill Campbell finished its second season with an impressive third-place showing. The Terps had a chance to cop second place with a win over Duke in their final meet, but the Blue Devils won in the Cole pool.

In the ACC championships, as usual, North Carolina won. However, newcomer Maryland did have seven of its performers win places as did the 400-yard medley relay team.

COACH BUD MILLIKAN'S TERRAPINS, featured in another section of the issue had the second best regular season mark in ten years of Millikan's coaching with a 17-6 record. They were considered the darkhorse possibility in the tournament. Bob O'Brien's freshman team, 8-7 for the year, had two boys who are definite candidates for Millikan's team next year. Paul Jelus and Bruce Kelleher furnished the baby Terps with outstanding play each game. Jelus, Camden, New Jersey, led the scoring with 311 points for a 20.7 average while Kelleher, Wilmington, Delaware, hit for 232 for a 15.5 average.

TRIBUTES TO JUDGE COLE INSERTED  
IN CONGRESSIONAL RECORD

Judge William P. Cole, beloved and honored member of the Board of Regents, who passed away September 22, 1957, received praise in the House of Representatives for his career as an outstanding servant of the people. The remarks of his friends in the House have been preserved for posterity in the January 15 issue of the *Congressional Record*.

Mr. George H. Fallon, Representative of Maryland's Fourth District, stated, in part, "Judge Cole was a true Marylander. True to his ideals, loyal to his country and fellow man, and dedicated to service, his memory will forever be enshrined in our hearts as one who measured up to the very highest traditions of our State."

Joining his colleague in praise of Judge Cole was Mr. Samuel N. Friedel of Maryland's Seventh District. Concerning Judge Cole's service to the House of Representatives, Mr. Friedel said, "Those of us who have known him and worked with him over the years and have observed his demeanor, whether in proceedings before committees or on the floor of the House of Representatives, have been deeply impressed by his devotion to the public welfare. He was indeed a truly dedicated legislator."

Majority Leader, Mr. John W. McCormack of Massachusetts, joined the Representatives from Maryland in paying respect to the late Judge Cole. About his former colleague, he stated, "Lawyer, legislator, jurist, university regent—his resources seemed limitless. But what we will never forget are those personal qualities that so endeared him to us—his unfailing courtesy and patience, his tolerance of the opinions of others, his kindness and good humor."

Mr. Richard E. Lankford, Fifth District, and Mr. Edward A. Garmatz of the Third District, joined their colleagues in expressing the great loss felt

by all at the passing of Judge William P. Cole, Jr.

DR. WEBER AWARDED  
IRE GRADE OF FELLOW

On the eve of National Engineer's Week, Dr. Joseph Weber, Professor of Electrical Engineering, received the grade of Fellow from the Washington Section of The Institute of Radio Engineers at their annual banquet, February 15.

The grade of Fellow is the highest membership grade offered by the IRE and is bestowed only by invitation to those who have made outstanding contributions to radio engineering or allied fields.

Dr. Weber was cited by the IRE "for his early recognition of concepts leading to the development of the 'Maser' ('Maser' is the designation for 'microwave amplification by stimulated emission of radiation' and is a term applied to a new class of microwave radio devices still in the development stages)."

Ira B. Stanley, of Frederick, and William J. Ulrick, of College Park, both students at the University, were among six students from the Washington area honored by the Washington Section of IRE for their contributions to the three student branches of the Washington Section.

ADULT EDUCATION INSTITUTE

Among the programs being planned by the College of Special and Continua-

tion Studies this summer is the Adult Education Institute for the Maryland Federation of Women's Clubs. Mrs. J. Elmo Brogdon, Chairman of the Institute, states that last summer's Adult Education Institute was most successful and that the Federation is planning to make it an annual affair.

Last summer's Institute, which ran from Wednesday evening June 26 through Friday June 28, covered such topics as effective public speaking, Maryland history, parliamentary procedure, profitable discussion, and planned programs of work. Each topic was made the subject of an address by an outstanding professional in the various fields.

Questionnaires returned at the close of the first session indicated great satisfaction on the part of the 100 persons who attended.

DR. BEAMER ON BOARD

It has been announced by Dr. Walter J. Murphy of Washington, D. C. that five outstanding scientists have been appointed to the advisory board of *Analytical Chemistry*, monthly publication of the American Chemical Society.

Among the new members of the board is Dr. William H. Beamer, M. S. Chemistry '41, Head of the Radiochemistry Laboratory and Assistant Director of the Spectroscopy Laboratory of the Dow Chemical Company, Midland, Michigan.

*(Continued on next page)*

Mrs. Mildred Hugg, of Baltimore, House Director for Harford and Prince Georges Halls, men's dormitories at College Park, was voted "outstanding House Director of 1957" and received the Phi Kappa Tau "Battle-Axe".

Presentation was made by Nicholas Keck, right, fraternity President, as John Koshak looks on.

MR. DODGE ALUMNUS  
OF RUSSIAN RESEARCH CENTER

The Russian Research Center, Harvard University, has published a list of "alumni" who have joined in its pioneering ten-year history since its establishment in 1948. These alumni are now serving in 43 colleges and universities throughout the United States; some are teaching abroad and still others are employed by the Federal government.

The Center's only alumnus at the University of Maryland is Norton T. Dodge, Instructor in Economics. Mr. Dodge was a graduate Fellow at the Center, 1951-52, 1953-56.

NAMED PRESIDENT OF  
HARVARD BUSINESS SCHOOL  
STUDENT ASSOCIATION

Frederick William Giggey, 13 Somerset Road, Levington, Massachusetts, has been named President of the student Association at the Harvard Business School. Captain Giggey is in the Signal Corps, and is a sixteen-year Army veteran. In 1956 he received his B. S. from the University of Maryland. He is the son of Mr. and Mrs. Harold F. Giggey of Watertown, Massachusetts.

The Student Association of the Harvard Business School accepts the pri-

mary responsibility for such questions as parking, athletics, publications, social functions, formulation and enforcement of regulations, and the maintenance of effective channels of communication among students. Faculty and administration. The Executive Board and ten committees carry on the day-to-day work of the more than one-thousand man Association. Membership is voluntary and open to all students.

B. J. Borreson

*Continued from page 19*

the Board of Control of Student Publications. From 1947 until 1954, Mr. Borreson was Advisor to the University Congress. In 1954 he was given the Faculty Recognition Award by the student body.

At Harvard University, Mr. Borreson served in the following administrative positions in the Graduate School of Business Administration: Assistant Dean and member of the Senior Faculty, Secretary to the Faculty, Director of Financial Aid, Associate Director of Admissions, Executive Secretary to the Academic Performance

Committee, Coordinator of Relations with Undergraduate Colleges and Universities.

Mr. Borreson is the author of several publications and is a member of a number of professional organizations concerned with various aspects of personnel administration.

Dr. Kuhn Appointed

*Continued from page 15*

Professor and Head, Agronomy Department. He served as Assistant to the President from July, 1955 until his appointment as Executive Vice President of the University.

His professional activities include being a member of National Seed Stocks Advisory Committee from 1948 to 1952, a member of the National Committee on Climatology Advisory to the U. S. Weather Bureau appointed by the National Science Foundation during 1955 to 1958, President of the Northeastern Weed Control Conference, 1955, and President Northeastern Section, American Society of Agronomy, 1954.

Dr. Kuhn is married and has five children: four sons and one daughter.

## 15,000 Roaring Fans

*Continued from page 16*

Charles McNeil, 6-6, have provided that needed height the Terps have needed since Millikan came to College Park in 1950. Their efforts have been steadied by the veteran play of seniors Nick Davis, John Nacincik, and service returnee Tom Young.

Doc Weingarten, Jerry Bechtle, Perry Moore, Gene Danko, Pete Krukar, Jerry Shanahan, Jim Halleck, and Bill Murphy provide the Terps with the strongest bench they ever have had. It was the work of Weingarten that helped so much in the upset win over Carolina.

The big crowd raised the roof as the Terrapins lead mounted in the second half and at one point, there was a 20-point spread. This was the most a Frank McGuire team had trailed another team in five years.

The game was billed as a defensive battle between the two most defense-conscious teams in the Atlantic Coast Conference, but it was the Maryland man-for-man defense that was the sharpest.

### DISTINGUISHED SERVICE

The year 1957 fired both barrels in honoring Roy W. Lennartson, Deputy Administrator of AMS.

In May, he received the Department's Distinguished Service Award "for his judgment, foresight, and leadership in developing and administering a fully integrated marketing service program covering market news, grading and inspection, regulatory, surplus removal, and food distribution activities."

In October, he was awarded a scholarship by the American Management Association for four weeks of intensive management study in New York City. The scholarship is one of eight given by AMA each year to top-level Federal employees who have shown exceptional administrative ability.

Mr. Lennartson's versatility as an administrator has been well demonstrated in the 21 years since he joined the Department as an employee of the FCA's Dairy and Poultry Section. Whether he is conducting a meeting, appearing at a congressional hearing, making a

speech, or discussing technical marketing problems with a division director, he is efficient and effective and still maintains the friendly manner for which he is well known.

A native of Carlton County, Minn., he attended public schools there and was active in 4-H Club work. After attending the School of Agriculture in Minneapolis, he was assistant county agent of Carlton County in 1930 and 1931. He completed his college training at the University of Maryland where he received a Master of Science degree in Agricultural Economics and Marketing in 1936.

He served as a procurement officer for the Army Quartermaster Corps for three years during World War II and returned to USDA in 1945 to be Assistant Director of the PMA poultry branch. He was appointed Assistant Administrator of PMA in 1951, and when AMS was established in 1953 he was named Deputy Administrator for marketing services.

His family consists of his wife Ethel and 14-year-old daughter Kathy. They live in Silver Spring, Md.

#### NICE JOB

J. Bernard Robb, 1899, is the official liquor taster for the State of Virginia. Bernie likes his job, so there is no reason for other alumni to make an application.

Each month the laboratory of the Alcoholic Beverage Control Board,

which is presided over by Robb, runs tests on over 200 samples of alcoholic beverage drawn from purchases coming into the Board's warehouse. These tests are the State's way of guaranteeing the standards and quality of liquor sold in Virginia.

As Chemical Director of the lab since it was started in 1934, Robb said, "It is the chemists' responsibility to detect adulteration of any violation of specifications established by law."

But chemistry does not provide all the tests an alcoholic beverage must undergo before it meets the lab's approval. Robb must sample wines and whiskies for taste—an important factor in their saleability. Robb is Virginia's official liquor taster.

#### MARVIN L. SPECK HONORED BY N. C.

M. L. Speck, Professor of Dairy Bacteriology, Dairy Manufacturing Section, Animal Industry Department, North Carolina State College, Raleigh, has recently been honored by being appointed to the William Neal Reynolds Distinguished Professorship in Dairy Bacteriology. The Distinguished Professorship is the highest honor bestowed upon professors in the School of Agriculture, North Carolina State College, who have distinguished themselves in research, scholarship and performance.

The Distinguished Professorships are made possible by an endowment contributed by the late William N. Reynolds of the R. J. Reynolds Tobacco Com-

pany. Dr. Speck is a member of the Editorial Board of the *Journal of Dairy Science*.

Members of the Animal Industry Department staff who have previously been named recipients of the William Neal Reynolds Distinguished Professorships are George H. Wise, Head, Animal Nutrition Section, and J. E. Legates, Head, Dairy Husbandry Section.

#### WITH THE ENTOMOLOGISTS

The Board of Regents has appointed William E. Bickley Professor and Head of the Department of Entomology, and George E. Langford State Entomologist.

Dr. Cory, former Head of the Department, returned from British Guiana in June. He and Mrs. Cory are enjoying a leisurely retirement.

Arthur S. Kidwell joined the staff as Entomologist on Mosquito Control.

Mr. A. B. Gahan, M.S. 1907, was elected to honorary membership in the Entomological Society of Washington.

Dr. Sam C. Munson "retired" after eleven years as Lecturer in Insect Physiology. His full-time position at the George Washington University and his work as coach to the District of Columbia Fencer's Club gave him such a heavy schedule that he felt it unwise to continue his teaching here. Dr. Jack Colvard Jones of the National Institutes of Health has accepted the lectureship and will start his course in February. Dr. Jones holds degrees from Alabama

John Sanjean is with Shell Development Company and lives at 121 Fairview Avenue, Modesta, California.

Two more of our entomology students have been claimed by the U. S. Department of Agriculture: Henry A. Highland is at Savannah, Georgia, and Russell G. Dent, The University of Wisconsin, Madison, Wisconsin.

#### MR. JESTER A DIRECTOR

W. Clayton Jester, '21, Biglerville, Pennsylvania is on the Board of Directors of the Baltimore Bank for Cooperatives and participated in the annual meeting of the cooperatives at Baltimore. (Does he remember when he fell from the roof of Calvert Hall in 1920, during a water-bag battle, and lived to tell about it?)

#### BRYANT COUNTY AGENT

Allen B. Bryant, '53, dairy production, has been appointed County Agricultural Agent for Somerset County. Bryant is a native son of Maryland who came up through the ranks of Extension. Born and reared in Montgomery he was an Assistant County Agent in Cecil County for three years, then moved to St. Mary's for several months before moving into his present post on the Eastern Shore at Princess Anne on December 1, 1957.

#### MOOREFIELD DEVELOPS INSECTICIDE

Dr. Herbert H. Moorefield, '51, has recently played an important part in the development of the insecticidal properties of N-methyl-1-naphthyl carbamate which will be known under the trade name of Sevin. Dr. Moore received his Ph.D. at the University of Illinois in 1954 and is employed by the Carbide and Carbon Chemical Company at the Boyce Thompson Institute for Plant Research at Yonkers, New York. Sevin shows great promise against several pests of crops. Dr. C. Graham at the Entomology—Horticulture Field Station at Hancock says that Sevin works like a miracle against the periodical cicada. The new material is less toxic to higher animals than the chlorinated hydrocarbons or organic phosphates. It is expected to be extremely valuable in fighting insects which are resistant to older insecticides.

#### BURNS HONORED

Carroll County Annual Farm Bureau Meeting turned out to be a "This is your Life" program to honor L. C. Burns. The Farm Bureau, Grange, Soil Conservation District Supervisors and several service clubs joined in honoring Mr. Burns in recognition of his 30 years as their beloved county agent.

#### DISTINGUISHED SERVICE

Harry W. Beggs, county agent in Dorchester County for 14 years, received the Distinguished Service Award at the National Association of County Agricultural Agents meeting in Boston.

Mr. Beggs, a veteran of almost 22 years in extension work, was born in Maryland, has spent his entire professional career in the State and except for graduate work at Pennsylvania State University received his education in Maryland institutions. He was born in Westminster, November 28, 1902, and was graduated from the University of Maryland in 1928 with a B.S. degree.

His career in agricultural education started in Accident, soon after his graduation from the University. He taught vocational agriculture there from 1928 to 1935.

Mr. Beggs' first appointment as an extension worker was as assistant county agent in Allegany, Garret and Washington counties in December, 1935. He has served as county agent in Dorchester County since June 16, 1943.

#### BRIEFS

Robert H. Benson, '43, Linwood, is with

the Farmers Home Administration at Frederick.

Robert Jones, '50, has changed from assistant county agent for Dorchester County to associate county agent in Carroll County.

Dr. Claron O. Hesse, Ph.D. '38, has been appointed Head of the Department of Pomology at the University of California at Davis. Dr. Julian C. Crane, Ph.D. '42, also from the University of California, recently visited his Department. Dr. Crane is now at the Long Ashton Experiment Station in England where he is studying growth hormones.

Chester Hitz, Ph.D. '39, in Horticulture, has transferred from the University of Delaware to Pennsylvania State University as Professor of Pomology.

Col. Joseph W. Sisson, '30, was presented a U.S. Army Infantry Center Certificate of Achievement for exceptionally meritorious service at Fort Benning, Georgia. Col. Sisson is now on an assignment in the Republic of Vietnam.

#### MISS HILLIS WILL TEACH

The 1958 Summer Session will bring to the campus one of the outstanding

names in the field of choral music. Margaret Hillis, Director of the American Concert Choir and Orchestra, will be in residence as a Visiting Professor and in addition will direct the Choral Workshop during the week of July 7-11.

#### MR. ULRICH COMPLETES ARTICLES

Homer Ulrich, Head of the Music Department, has just completed a series of biographical articles for the next issue of the *World Book Encyclopedia* to be published in the near future. To help alleviate the shortage of teachers, especially in public school music, Mr. Ulrich will visit a number of Maryland high schools to speak on various career day programs and to work with the vocational counselors in those schools to promote a better understanding of the occupational possibilities in the teaching profession.

#### DR. JORDAN ELECTED

Dr. Bryce Jordan has been elected to the Executive Board of the newly founded Maryland State Teachers Association. He will also supervise the Higher Education Program, First Annual Professional Conference of the Maryland Music Educators Association to be held in Hagerstown, February 21 and 22, 1958.

#### DRAMA GRADUATES MAKE GOOD

Pernell Roberts, drama major in 1948-1949, is now under contract to Warner Brothers Studio in Hollywood. Recently he appeared in major roles on "Gun-smoke" and "Sugar Foot" on television.

Edward P. Call, '53, is Stage Manager for "Pale Horse Pale Rider" at the off-Broadway Jan Hus Theatre in New York.

James W. Armaeost, '56, has received a fellowship from the University of North Carolina where he is working on a Dramatic Art Master's Degree. Before attending the University he was assistant technical director on "The Common Glory" and "The Founders" at Williamsburg, Virginia.

#### NOMINATED FOR CITATION

Colonel Paul B. Watson, M. A. '52, has been nominated for a citation for outstanding contribution toward the advancement of secondary education to be awarded next June in connection with the 100th anniversary of the founding of Shattuck School, Faribault, Minnesota. Persons to receive the citations will be selected by a committee composed of leaders in education, business, and industry.

Colonel Watson, now Associate Director of the Patuxent Institution for Defective Delinquents, Jessup, Maryland, was Director of Education at the Maryland State Penitentiary from 1949 until accepting his present position last May.

While at the penitentiary he organized and directed the academic and vocational education and research programs of the institution. This program enabled inmates to earn high school equivalence certificates through the State Board of Education. Almost 300 students have received high school diplomas as a result. Also, full academic credits for completed freshman lecture courses were offered by the University of Maryland and inmate teacher training was conducted by the State Board of Education.

#### DR. YOUNG PROMOTED

Edmond G. Young, '38, Ph.D. '43, succeeded James W. Libby, Jr., December 1, 1957, as Manager of Development Conferences in the Marketing Research Division of the Development Department, the Du Pont Company. Dr. Young had been Manager of Sales Development in the "Freon" Products Division of the Organic Chemicals Department. He joined the Du Pont Company in 1944 as a research chemist at its Jackson Laboratory.

By Hazel Hatch Goff

It's Spring again in Maryland. Christmas, New Year's Resolutions, The Mardi Gras and the "Big Snow" are almost forgotten and we begin to plan for the summer. But first comes the Metropolitan Opera with all its glamour and gala parties on every hand. This annual event, bringing to us the great renowned artists of today, is a valued contribution to the musical and artistic life of the community, despite the brevity of its stay.

Traditionally Maryland is rich in history, culture and industry with its teeming Baltimore port, and there are so many interesting places to visit and so much pride in the history made here—so many things to see—that spring opens up a vista of pleasure lined avenues for those who are not so fortunate as to be able to go abroad or even to distant parts of our own country.

Sherwood Gardens, for instance, provides the ultimate in beauty as it bursts forth in all its glory with the awakening of the buds and flowers. Internationally known, flower lovers can bask in the beauty of a veritable wonder-

## For Maryland

land during the weeks these gardens are open to the public.

A day spent at the Baltimore and Ohio exhibit, the Walters Art Gallery, the Museum of Art or in the beautiful cathedrals of our city rounds out anyone's day to the fullest extent—if we are "stay-at-homes."

Of music, Peabody Conservatory offers the finest in musical culture and oft produces an outstanding artist who goes on to become world renowned in music.

All this makes "Spring in Maryland" a wondrous and intensely beautiful place to be—certainly one of the most inviting places in all these United States.

A rare treat is in store for you when you visit Washington's newest Chinese Restaurant, the exciting MOON PALACE at 3308 WISCONSIN AVENUE, NORTHWEST, above Georgetown. Here you'll be intrigued by the unusual in Chinese foods.

As you step into the intimate "Moon Gate Lounge", immediately to the left of the entrance you'll be greeted by your host, SAM G. WONG, owner of "The Palace of the Moon" and he'll suggest a "Golden Moon" or a "Singapore Sling" for a cocktail before entering the dining room for dinner.

Mr. Wong came to this country in 1938 from Canton, China, where he had been engaged in the restaurant business. He is well known in restaurant circles in Washington having managed The Ruby Foo Restaurant for

four years before opening "Moon Palace" in April of 1957. He is a genial host and you'll want to return to his establishment often for delectable Chinese and American dishes.

The decor of the handsome restaurant is most attractive. The indirect lighting adds charm to the beautiful Chinese wall hangings and the Chinese red and chartreuse colors give a soft, beautiful effect to a relaxing atmosphere.

The colorful menu has a wide choice of foods which are delightfully different. Prepared by masterful Chinese chefs, the dishes are rare gourmet's delights. The restaurant also provides private banquet rooms and caters to the discriminating public.

There is a "carry out" service and all one need do is call and tell the management when you will stop to pick up your steaming hot dinners or luncheons and they will be ready for you. There is plenty of parking space so there will be a split second timing on your delivery.

Try the MOON PALACE the next time you dine out.

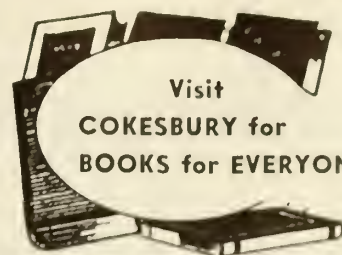

But, "varied are the lures of travel."

We were reminded of that recently when on a weekend in New York, we bade bon voyage to friends who are going to be in Europe for the next few months. While on a business trip to Germany and England, I am sure they will find time for a few side trips as outlined by Mr. J. H. Cowan of the INTERNATIONAL TRAVEL SERVICE of the AMERICAN AUTOMOBILE ASSOCIATION.

The Travel Service offered by this organization is a "must" for those who don't want to be bothered by detail.

Whether you are going to Bermuda, Berlin or Bangkok, the AAA club will gladly make all travel arrangements. Experienced travel counselors will help you plan a more enjoyable trip; will show you how to get the most out of your travel dollar. When you travel the AAA way you travel the carefree way. English speaking AAA representatives in 350 cities in 60 countries stand ready to serve you.

AAA group and independent tours are planned tours are planned for your pleasure by experts with years of experience in world travel. AAA tour conductors are dedicated to make your foreign travel time more memorable by relieving you of tiresome details as well as eliminating frustrating encounters with unfamiliar local conditions. They will also help you choose a tour to fit your travel budget and personal inclination.

They will make all necessary air, steamship, rail and motorcoach reservations; arrange for the most convenient connections from your hometown to anywhere in the world; reserve space for you at hotels selected to meet your individual taste requirements both at home and abroad and arrange for your sightseeing.

Your AAA club can arrange for you to hire or purchase the car of your

choice for delivery abroad from more than 25 popular European makes; have it waiting for you as soon as you arrive overseas, or, if you desire, you can ship your own car overseas, your club handling all the details.

AAA personalized service means that all travel arrangements made by the AAA club are geared to your individual needs and requirements. Personalized service also means that you can enjoy the same kind of courteous consideration for your welfare overseas that you associate with your own local AAA club. Choose your own itinerary . . . whether you travel to Europe, Asia, South America or circle the globe, your club will plan your custom made trip.

Wherever you go you'll want to take along some good books for relaxation and reading and among the books recommended for good reading from COKESBURY BOOK STORE, 516 North Charles Street, are the following:

Dr. Ouchi is on leave from his permanent position as an Associate Professor of Physics at Hiroshima University in Hiroshima, Japan.

He was chosen in a national competition for a Japanese Ministry of Education fellowship, which will support him for the year he spends in research in the United States.

He chose to spend this year at the University of Maryland, where he will be a member of the University's Elementary Particle Theory group.

Other members of this group are: Professor John S. Toll; Visiting Assistant Professor Joseph Sucher; Research Associates Thomas Day, Angelo Minguzzi, and David Wong; National Science Foundation Fellow James M. Knight, and Research Assistants Luc Leplae, Jogesh Pati, Francisco Prats, Jin-chen Su, and Alfred Chi-Tai Wu. The group has been primarily concerned with the scattering of elementary particles and the foundations of quantum field theory and dispersion theory.

This research program is supported by the United States Air Force Office of Scientific Research and the National Science Foundation.

Professor Ouchi's previous research has been devoted to the selection rules derived from a new symmetry principle entitled "Mass Reversal" and an investigation of the charge independence hypothesis. He is the author of numerous research papers published in the Japanese journal, *The Progress of Theoretical Physics*.

#### COMPLETE BASIC COMBAT TRAINING

Two soldiers from Baltimore were scheduled to complete eight weeks of basic training September 28 under the Reserve Forces Act program at Fort Knox, Kentucky.

Pvt. Bertram M. Goldstein, '55, of 5102 Sunset Road, was a member of Tau Epsilon Phi fraternity. Pvt. Charles Yumkas, '56, of 6505 Western Run Drive, is also a member of TEP.

Pfc. Lawrence S. Orenstein of Merri-ck, New York, is receiving basic combat training with the 3d Infantry Division at Fort Benning, Georgia. He is a 1957 graduate.

#### MATHEMATICIAN WITH TIDEWATER OIL COMPANY

Dr. Werner W. Leutert is mathematician in the newly-established Electronic Computer Department, Tidewater Oil Company. Dr. Leutert obtained his doctorate in mathematics from the Swiss Federal Institute of Technology in Zurich. He was Assistant

**F**OR centuries, GLASS has been the preferred container for quality products—from beverages to cosmetics. Glass bottles for milk and other beverages still are preferred by discriminating people because they are assured of freedom from contamination of product, pick-up of foreign taste or odor, and one can SEE both quantity and quality.

Glass bottles require no lining material—they are rigid and stable; they are not absorbent and cannot leak or become saturated and soft.

Professor of Mathematics at the University of Maryland from 1948 to 1951, and then headed computer groups at Aberdeen Proving Ground, Maryland.

Key personnel in the Electronic Computer Department include Dr. John W. Bishop, senior operations analyst; Harold J. Maddock, operations analyst; Justin B. Murrish, electronic data processing analyst; and Dr. Leutert, mathematician.

### KERWIN APPOINTED ACCOUNT SUPERVISOR

Walter J. Kerwin, 42, of 10204 Tyburn Terrace, Bethesda, has been appointed Account Supervisor in the Washington Branch Office of Ketchum, MacLeod & Grove, Inc., national advertising and public relations agency.

Mr. Kerwin will supervise the advertising for the Air Transport Association, a national organization comprising all Scheduled Airlines in the United States.

A native Washingtonian, Mr. Kerwin has been engaged in the advertising business locally for the past 11 years. Prior to joining Ketchum, MacLeod & Grove, he was Creative Director of the Lewis Edwin Ryan agency.

During World War II he served as an officer with the 141st Infantry in the European Theatre.

### Department of AIR SCIENCE

#### NAMED TO GERMANY POST

Colonel Carleton E. Fisher, Military Science '56, has been named chief of the organization and equipment branch of the plans and operations division at the headquarters of the U. S. Army in Europe in Heidelberg, Germany's internationally-known university city.

During his European assignment, Colonel Fisher will serve with the U. S. Army, Europe, which maintains a 24-hour vigil along the 435-mile stretch of the Iron Curtain frontier in West Germany.

Decorated several times, Colonel Fisher has been awarded the Silver Star medal for valor, the Purple Heart Medal for a combat wound, the Bronze Star medal and oak leaf cluster for meritorious service and the Army's coveted Combat Infantryman Badge.

His wife and their daughter accompanied him on his overseas assignment.

### VOGEL AT HARVARD LAW SCHOOL

Eugene Lewis Vogel, '53, has been elected a member of the Harvard Legal Aid Bureau at the Harvard Law School.

The Bureau, composed of 42 members selected on a scholastic basis, provides legal assistance for people who cannot afford to pay for counsel. Each member has regular office hours and is in full charge of cases presented by clients. Work is supervised by a practicing attorney, who is the attorney of record in lawsuits, and who gives advice and approval in the important steps of the case. The Harvard Legal Aid Bureau was founded in 1913 and is a member of the National Legal Aid Association.

### KEEN STUDIES FOREIGN TRADE

George Benson Keen, '52, has enrolled as a member of the June, 1958 class of the American Institute for Foreign Trade, Phoenix, Arizona.

Specializing in Brazil, Keen is taking the school's intensive training course in preparation for a career in American business or government abroad.

While at College Park, Keen was a member of Delta Kappa Epsilon, Gate & Key Society, University Club of Baltimore, and Marketing Club. After receiving his Bachelor of Science degree, Keen furthered his education at the University of Maryland Law School.

### ALUMNI BREAKFAST AT MIAMI

One hundred and forty-eight Alumni, representing 40 classes and coming from 15 states plus Puerto Rico, Panama, and the District of Columbia attended the seventh in the series of annual breakfasts scheduled by the National Alumni Association and held in conjunction with the American Dental Association meetings on November 5. The attendance was the second largest

for the breakfasts and reflected a fine spirit of Alumni loyalty and interest.

President Daniel Shehan introduced the members and guests seated at the head table: Dr. Meyer Eggnatz, Dean Frank J. Houghton, Loyola University, Dean J. Ben Robinson, West Virginia University, General Robert Mills, Miss Katharine Toomey, Dr. Lawrence W. Bimestefer, a Past President of the Association, Dr. Lynn Emmart, member of the Maryland State Board of Dental Examiners, Dr. Edward R. White, Trustee of the Fourth District, Dr. George W. Clendenin, member of the Maryland Board, Dr. Daniel F. Lynch, Past President of the American Dental Association, Dr. Frank Hurst, immediate Past President of the Association, Dr. Edwin C. Gail, President-Elect of the Association, Dr. Ernest B. Nuttall, President of the Maryland State Dental Association, and Dr. Joseph P. Cappuccio, Secretary. Dr. Shehan also introduced Dr. Walter E. Green, '04, the oldest alumnus present. President Shehan called on the Secretary to make a few remarks and announcements. Dr. Cappuccio introduced three other guests of the Association: Mr. Glenn I. Millard, of St. Paul, Minnesota, Mr. Joseph F. Lynch, of New York City, and Dr. Jose F. Polanear, of Havana, Cuba. Others introduced were Mrs. Shehan, Mrs. Eggnatz, Mrs. Hurst, and Mrs. Cappuccio, who assisted at the breakfast.

The principal speaker of the program was Mr. David L. Brigham, Director of Alumni Relations of the University of Maryland. Mr. Brigham gave an exceptionally fine talk. He explained many facets of the University and the University Alumni Association. He commended our alumni on having one of the strongest sections of the University's alumni organization. Dave congratulated the group for its past accomplishments and for the impressive attendance at the breakfast. Dr. Robinson, Dean Emeritus of his alma mater, was greeted with a tremendous ovation. Dean Aisenberg also greeted the alumni and congratulated them for attending at such an early hour.

A most enjoyable Cocktail Party was held by the Association at seven of the same day. Many classmates and old friends renewed acquaintances and joined in the spirit of this festive occasion. Dr. and Mrs. Shehan and Dr. and Mrs. Cappuccio received the guests as they arrived. It was a most enjoyable affair. Many of the comments indicated that our alumni had enjoyed the program arranged by the Association for

BEST WISHES TO THE SCHOOL OF  
DENTISTRY AT WEST VIRGINIA  
UNIVERSITY

The National Alumni Association, representing several thousand graduates of the first dental college in the world, extends its most heartily expressed good wishes to the new School of Dentistry at West Virginia. Our alumni are naturally interested in the addition of another member to the family of dental schools, but they have been especially interested in the establishment of the School at Morgantown because a fellow alumnus, Dr. J. Ben Robinson, '14,

Country dining with "Old  
World Charm" . . .

Luncheon — Cocktails — Dinner

has been the primary figure in its organization. The announcement of the School's opening on September 16 presented information that enlarged our recognition of the contribution that Maryland graduates have made and will make to the progress of formal dental education in West Virginia.

Providing valuable support to the well-proved abilities of Dr. Robinson, who retired as our Dean in 1953, are Dr. Kenneth V. Randolph, '39, former Professor of Operative Dentistry at his alma mater, as Associate Dean and Professor of Operative Dentistry, and Dr. Elias N. Costianes, '53, Instructor in Oral Anatomy and Comparative Dental Anatomy.

### PERSONALS

Dr. Stanley Y. Inouye, '51, announces the opening of his offices for the practice of orthodontics at Eleventh and L Building, Sacramento, Calif., and 3431 Fair Oaks Boulevard, Carmichael, Calif. Dr. Inouye received a certificate in orthodontics from the University of Washington and also received the degree of Master of Science in Dentistry.

Dr. Maxwell S. Golden, '41, announces the removal of his office to 117 Main St., South River, N. J.

Dr. Jules Millman, '55, announces his return from the United States Air Force to the general practice of dentistry at 900 Reisterstown Road, Pikesville 8, Md.

Dr. Robert B. Litton, '54, announces his association with Dr. Hubert Plaster in the general practice of dentistry at the Royster Building, Shelby, N. C.

Dr. James F. Kast, '55, announces the opening of his office at 5601 Fulton Rd., Ext., N. W., Canton, Ohio. Dr. Kast completed his tour of duty in the Army in June.

Dr. Harold L. Silber, '55, announces the opening of his office at 2668 Morris Ave., Union, N. J. Dr. Silber was recently separated from the U. S. Air Force. He is the son of Dr. Samuel E. Silber, '29.

### SCHWARTZ ON PENNSYLVANIA FACULTY

Dr. Harold Schwartz, '42, who has offices in New York City and in Belle Harbor, N. Y., has been a member of the Faculty of the University of Pennsylvania School of Dentistry since 1953, when he became an Instructor in Oral Reconstruction. Dr. Schwartz has presented papers on crown and bridge before many local and state societies. During the World War he served in the Navy, 1943-46, chiefly sea duty in the Pacific.

### STUDENT NATIONAL EDUCATION ASSOCIATION

The Student National Education Association (formerly FTA) has made great advances during the past semester. Membership has been doubled. Plans are now being made for the organization of a Dean's student committee to work with the Dean on student problems within the College. This will be an honorary organization elected from students within the College of Education.

### SENIOR CAREER NIGHT

Participating in Senior Career Night of Queen Anne's County in Centreville on November 20, 1957 were G. Watson Algire, Director of Admissions, and Wesley J. Matson, Assistant Professor in the College of Education. Richard Martin, one of the leaders in the Student National Education Association chapter, also spoke with prospects who are interested in attending the University.

### PAMPHLETS PUBLISHED IN SPANISH

Two pamphlets for parents by Dr. James L. Hymes, Jr., Chairman of the Childhood Education Department, originally published in this country by the Teachers College Bureau of Publications, have recently been translated into Spanish under the titles, *Para Ser Un Buen Padre* and *Disciplina del Nino*. The publisher in Buenos Aires is Editorial Victor Leru, S.R.L.

### STUDY COUNCIL HOLDS MEETING

The Washington Area School Study Council met in the Maryland Room on December 13. This Council is comprised of the school superintendents and assistant school superintendents in the Washington Area, including the school systems of Anne Arundel, Montgomery, and Prince Georges Counties in Maryland; Washington, D. C.; and Alexandria, Arlington County, Fairfax County, and Falls Church in Virginia. The main speaker at the meeting was Dr. Fred Thompson of the Institute for Child Study, University of Maryland. His topic was: "Using Human Development in School Administration." Dr. Clarence A. Newell of the College of Education is Co-Executive Secretary of the Council.

Washington, D. C.

Dr. Glenn Blough, Associate Professor of Education, served as Master of Ceremonies at the annual luncheon meeting of the Book Fair sponsored by the *Washington Post and Times Herald*. This Fair features books for children and attracts thousands of visitors each year. Dr. Blough was also the speaker at the session devoted to rockets, satellites and outer space. Featured at this meeting was a model of the satellite which the Navy proposes to send into orbit. The features of the satellite were explained by Dr. Blough to two large groups of fascinated children and parents.

PARTICIPATE IN PANEL

Dr. Vernon E. Anderson, Dean of the College of Education, participated in a panel at the Maryland Congress of Parents and Teachers conference on November 7 and 8. The question discussed was "Parent Participation in Curriculum Development."

KAUFMAN WINS SCHOLARSHIP

The University of Maryland Alumni Association has again generously made available a scholarship to the College of Education for the academic year 1957-58. This scholarship is awarded by the University Committee on Scholarships and Grants-in-Aid. Last year this scholarship was awarded to Bernard Kaufman and because of his record he has been continued as the recipient of the Alumni award for his sophomore year.

TIERNEY NAMED CHAIRMAN

Dr. William F. Tierney of the Industrial Education Department of the College of Education has been named Chairman of the Graphic Arts Laboratory Planning and Advisory Committee. This is a national committee of the International Graphic Arts Association to assist secondary school and teacher education personnel in the planning of graphic arts laboratories.

Other members of the committee are as follows: Otis Chidester, Tucson Senior High School, Tucson, Arizona; Howard C. Hill, Durfee Intermediate School, Detroit, Michigan; Frederick Kagy, Colorado State College, Greeley, Colorado; G. Wesley Ketcham, State Department of Education, Hartford, Connecticut; Dr. John A. Whitesel, Miami University, Oxford, Ohio; Carl Schramm, Catonsville High School, Catonsville, Maryland; and Ray Schwalm, Western Washington College of Education, Bellingham, Washington.

DR. BEAM HONORED

Dr. Walter R. Beam, B.S.E.E. '47, M.S. '50, Ph.D. '53, has been named one of three recipients of awards in the annual nationwide talent search for Outstanding Young Electrical Engineers conducted by Eta Kappa Nu, national electrical engineering honor society. Dr. Beam, who is Manager Microwave Advanced Development, Electron Tube Division of the Radio Corporation of America, received an Honorable Mention award.

Eligibility for the awards is restricted to men who have been graduated within the preceding ten years from a regular course in electrical engineering from an American college or university, and who are not more than 35 years of age. Selection is made on the basis of the candidate's record of achievement in his work; in his service to community, state or nation; in his cultural or aesthetic development; and for his professional activities.

Dr. Beam, at the age of 29, is an established authority in the field of microwave electron tubes. He has made particularly significant contributions in connection with the reduction of fluctuation noise in traveling wave tubes.

BURGESS PROMOTED

Chester W. Burgess, B.S.M.E. '49, has been promoted to staff engineer in the DPM Special Engineering Department of the IBM Product Development Laboratory at Poughkeepsie, New York. In his new position, Mr. Burgess is a member of an engineering group responsible for estimating and designing special features and machine units for use with electronic computers.

Mr. Burgess joined the company in 1949 as a customer engineer in Washington, D. C. In June, 1956 he was promoted to associate engineer and transferred to the Poughkeepsie Product Development Laboratory for special features design work.

COLONEL TEAL RE-ASSIGNED

Colonel Gilbert E. Teal, B.S.C.E. '37, has been assigned to the 1130th USAF Special Activities Group, Headquarters Command, USAF, Fort Meyer, Virginia. His permanent duty station will be at Lackland Air Force Base, Texas, where he will serve as President of the Air Force Physical Evaluation Board, one of five such boards which evaluate physical disability retirement cases for

United States Air Force military personnel.

Colonel Teal served in the Southwest Pacific during World War II and holds numerous awards and decorations including the Bronze Star medal, Philippine Liberation medal, Philippine Republic Presidential Unit Citation, Asiatic-Pacific Campaign medal, Army Commendation Ribbon, American Defense Service medal, American Campaign medal, Armed Forces Reserve medal, World War II Victory medal, Army of Occupation in Japan medal, Army of Occupation in Germany medal, and the National Defense Service medal.

Colonel Teal was the recent recipient of the New York University Founders Day Award, an honor conferred on students "who have distinguished themselves among their fellow students through consistent evidence of outstanding scholarship."

Besides the Bachelor's degree, Colonel Teal holds the following degrees from New York University: Master of Arts degree in Education, Master of Administrative Engineering, Doctor of Engineering Science, and the Ph.D. degree in Education.

#### MCFALL NAMED VICE PRESIDENT

Russel W. McFall, E.E. '43, was named Vice President of Litton Industries and General Manager of the Maryland Division at College Park in December. He was with General Electric since 1943 and his latest assignment as an executive in missile and ordnance projects has been in nose-cone research and development.

#### MULLEN WITH MADIGAN-HYLAND

W. G. Mullen, M.S.C.E. '51, is resident engineer with Madigan-Hyland, Consulting Engineers, Long Island City, New York in charge of concrete for the Tappan-Zee Bridge. This bridge is three miles long and is the longest bridge across the Hudson River.

Elizabeth Sweeney Herbert, *McCall's* Household Equipment Editor, presented the Award, a bronze plaque and \$200, to Mrs. Coss during the 39th annual convention of the American Gas Association in St. Louis, Missouri, on October 8. Mrs. Coss received the Award for outstanding public service to Hagerstown homemakers.

### CAROLYN JOSEPHSON IN VIRGINIA

Mrs. Stanley D. Josephson, formerly Carolyn Buck, '46, is presently making her home in Norfolk, Virginia, where her husband is serving as a Lieutenant (j.g.) with the Sixth Fleet.

While at the University she helped to organize a chapter of Pi Beta Phi sorority and served as its first president. She got her Master's degree at Teachers' College at Columbia University and subsequently taught at the University of Bridgeport.

Lieutenant Josephson is a member of the New York Bar.

## School of LAW

*Dr. G. Kenneth Reiblich*

### WISE AND REDDEN IN POLITICS

James A. Wise, State's Attorney for Caroline County, recently announced his candidacy for the House of Delegates in the forthcoming Democratic Primary. Mr. Wise, a graduate of the University's School of Law, was admitted to the bar in 1934.

Also in Caroline County politics is another Maryland University graduate, Harry Roe Hughes, who recently announced that he is a candidate for the office of State Senator from that county. He will be competing, in the Democratic Primary, against Layman Redden, whose son Roger, a 1957 graduate of the University's School of Law, was recently admitted to the Bar of Caroline County.

### APPOINTED ASSISTANT JUDGE ADVOCATE

Lieutenant Colonel Samuel H. Wrightson, '34, recently was appointed Assistant Judge Advocate of the Seventh Army Staff Judge Advocate in Germany. Colonel Wrightson entered the Army in 1931 and arrived in Germany on this tour of duty in September, 1955. The colonel was graduated from The Johns Hopkins University in 1931.

## School of MEDICINE

*Dr. John Wagner*

### AUXILIARY BENEFIT APRIL 29

The Women's Auxiliary Board of the University Hospital will stage a gala luncheon and fashion show at the Emerson Hotel in Baltimore on Tuesday, April 29th at 12:30 p. m. under the direction of Mrs. Thurston A. Adams, General Chairman.

This Hospital group sponsors one outstanding event annually for the benefit of the University Hospital.

The Fashion Show this year will be under the direction of the Schleisner Company of Baltimore.

An invitation is extended to all alumni of the University and their friends to attend this worthwhile cause and enjoy a pleasant afternoon.

Mrs. C. F. Krause, 106 Dunbarton Road, Baltimore, is ticket chairman. Please contact her for reservations.

Other chairmen and co-chairmen for the luncheon and fashion show are Mrs. J. Huff Morrison, Mrs. J. E. Weyer, Mrs. William S. Stone, Mrs. James G. Arnold, Jr., Mrs. Edward F. Cotter, Mrs. Marshall Wentz, Mrs. Richard L. Grigg, Mrs. Nelson Carey, Mrs. William Seabold, Mrs. N. G. Pierpont, Mrs. Reginald Burroughs, Mrs. Richard Coblenz, Mrs. Kennedy Waller.

The ladies urge you to support their program. Please call for reservations.

### NAMED CHIEF OF STAFF

Dr. Phillip A. Insley, Salisbury physician and surgeon, was recently elected as Chief of Staff of Peninsula General Hospital. He has been a member of the hospital staff since he established practice in Salisbury in 1936.

### DR. THOMPSON ELECTED

Dr. Raymond K. Thompson was recently elected President of the Congress of Neurological Surgeons. A native of South Dakota, Dr. Thompson was educated at the University and received his specialty training at University Hospital.

### DR. DOERNER OPENS OFFICE

Dr. Wyand Francis Doerner, Jr., '53, recently opened a suite of offices for the practice of medicine at the Algonquin Hotel, Cumberland, Maryland.

While in school, Dr. Doerner was a member of Nu Sigma Nu fraternity. Following a year's internship at University Hospital he spent three years in

residency training at St. Agnes Hospital, Baltimore, and at Veterans Administration Hospitals in Baltimore and Coral Gables, Florida.

#### CITED FOR DISTINGUISHED WORK

Dr. Mason Trupp, '37, well-known brain surgeon of Tampa, Florida, has been awarded a citation for his distinguished work in medicine by the Washington College Alumni Association.

He graduated from Washington College in Chestertown with the B. S. degree in 1933.

In addition to having his own practice in Tampa, Dr. Trupp heads the neurosurgery departments at Tampa General Hospital and at St. Joseph's Hospital in Tampa.

The Citation reads as follows:

"Dr. Trupp has established a far-reaching reputation as a top ranking specialist in neurosurgery, a singular attainment for so young a man. His brilliant career has been marked by his continued application of a scholarly attitude to the practice of medicine.

"He gained prominence during World War II, when his skill was utilized by the Medical Corps of the U. S. Army Air Force. Many were the injured soldiers whose lives he saved.

"It was Baltimore's great loss when Dr. Trupp left his native city to settle in Tampa, Florida, where he is a valued professional member of his community.

"His proficiency in brain surgery has brought new hope to suffering fellow men and their families. His progress and professional standing reflect credit upon his previous academic career. We are proud to call him our own."

#### TUBERCULOSIS ASSOCIATION FELLOWSHIP AWARDED TO DR. SPICER

Dr. William S. Spicer, Medical School Chief of Pulmonary Diseases, is one of 26 physicians named to receive National Tuberculosis Association fellowships for the current year.

In making the announcement, Association Director of Medical Education Julius L. Wilson said that the fellowships are a part of the medical education and research programs of NTA which are supported primarily by Christmas Seal funds.

The University of Maryland School of Medicine fellowship was made up of one grant of \$4,000 by the American Trudeau Society, which is the medical section of the NTA. Additionally, Dr. Spicer has been awarded a \$2,000 fellowship by the Maryland Chapter of NTA.

Operating under the administration

of the Department of Internal Medicine, the Section of Pulmonary Diseases will direct its activities into the fields of teaching, service and research. The diagnostic facilities in chest diseases will be expanded for the ambulatory and hospitalized patient.

In the out-patient department of University Hospital, diagnostic pulmonary function studies are being set up. After a model diagnostic tuberculosis laboratory is developed the personnel of the clinic and patient load will be increased.

Dr. Spicer said that the anti-tuberculous drugs can be rapidly tailored to the individual patient if adequate bacteriological and blood studies can be done. The laboratory will offer the newest methods and will be used both for diagnosis and for the training of personnel from other laboratories. Dr. Spicer's end goal is more adequate and individualized therapy.

The main research endeavor of the section of pulmonary diseases is directed toward the reactions of human beings to the tubercle bacillus. To this end the studies are being conducted in cooperation with the Loch Raven VA Hospital in-patients with chronic, difficult to manage, tuberculosis in an effort to better understand the metabolism of the tubercle bacillus in the human body.

Dr. Spicer also plans further studies with the use of newer vaccines in both the treatment and prevention of the disease. Initially, these studies will be conducted in lower animals.

### BLAKE ON EINSTEIN FACULTY

Dr. Fred S. Blake, '43, (November), was appointed instructor in Oral Surgery at Albert Einstein College of Medicine in 1955. Dr. Blake entered the Army Dental Corps immediately after graduation and served till June, 1946 when he was separated as a Captain. He then began practice in Paterson, N. J. Following postgraduate study at Columbia in Exodontia and Oral Surgery he interned in Oral Surgery at Bellevue Hospital. Since 1948 he has specialized in Oral Surgery. In 1956 he opened a second office in Passaic, N. J. Dr. Blake has contributed several articles to the *Journal of Oral Surgery* and to *Oral Surgery, Oral Medicine, Oral Pathology*. He has presented clinics at Greater New York, ADA, and New Jersey State Dental Association meetings. Dr. Blake is affiliated with four hospitals: Adjunct Oral Surgeon, Barnert Memorial Hospital, Paterson; Assistant Visiting Dental Surgeon, Bronx Municipal Hospital Center; Consultant Oral Surgeon, Chilton Memorial Hos-

#### RESEARCHER IN ANESTHESIOLOGY

Dr. Herbert A. Krasner, '43, (November), entered the Army shortly after graduation and served till his separation in 1946 with the rank of Captain. For the next five years he engaged in general practice in Verona, N. J. Since 1951 he has specialized in Oral Surgery in Bloomfield, N. J. Dr. Krasner has contributed several papers on anesthesia to the *Journal of Oral Surgery* and the *Journal of the New Jersey State Dental Society*. He has also presented clinics on "Intravenous Anesthesia" before the ADA meetings of 1955 and 1956 and the AMA meeting of 1957. Dr. Krasner is now engaged in an investigation of the oral and intramuscular use of combined cortisone and antihistamines for decreasing and/or eliminating postoperative edema and trismus and for eliminating inflammation following endotracheal intubation. Dr. Krasner is a member of Alpha Omega.

HEADS DEPARTMENT AT NEW HOSPITAL Dr. J. Ogle Warfield, Jr., '22, is Chairman of the Department of Surgery at the new Washington Hospital Center, located south of the Soldiers' Home in Washington, D. C. Dr. Warfield did his residency at Women's and University Hospitals, Baltimore. He was Senior Attending at Children's Hospital. He has had four years special training and was for seven years associated with Dr. H. H. Kerr. His hobbies are gardening, growing apples and home movies.

Mary Margaret Brown, '53, (Mrs. Robert E. Needham) is living in California with her family after having spent from June, 1954 to August, 1956 in Anchorage, Alaska, where she was working in the Providence Hospital and later the Greater Anchorage Health District. Son Patrick Earl is now two years, four months, and Christopher Eric, eight months. Peggy's husband is now out of the service.

Lucy Brude, '24, (Mrs. William T. Abercrombie, Jr.) with her husband, has moved from New Jersey to Birmingham, Alabama.

Mrs. Lois Fraley Schildwachter, '48, who visited the University Hospital on November 7th, is residing in New York City with her husband and two children.

Mrs. Nancy Franklin Hartsock, '47, is now residing in Hawaii where her husband, Major W. D. Hartsock is stationed, as Oral Surgeon at dental clinic.

Nancy Gocke, '55, (Mrs. Stephen Barchet) and young daughter Sheila Ann, are living in Portsmouth, Virginia, where Dr. Barchet is serving in the U.S. Naval Hospital.

Mrs. Sandra Lee Jones Davis, '47, is now an instructor in Clinical Obstetrics at Englewood Hospital, New Jersey. Her husband, who received his Ph.D. in Physiology at Syracuse University, is now attending Medical School at the New York Medical College.

Myrtle June Kite, '44, (Mrs. Robert William Ageton) is with the Arlington County (Virginia) Health Department in the capacity of supervisor. Her new husband is a mining engineer in the U.S. Bureau of Mines at the College Park, Maryland, station. Her address is 2504 N. Kenilworth St., Arlington, Virginia.

Louise Dukes Magruder, '42, (Mrs. Thomas A. Clary) returned from Hawaii when her husband was discharged from the Army. They now reside at 120 N. Hoopes Avenue, Auburn, New York, where Dr. Clary is practicing dentistry. Their daughter, Mary Louise, was born at the Tripler Army Hospital in Hawaii where Louise saw Louise Gordner, '43, who is stationed there. Son Thomas Austin, Jr., arrived Oct. 30, in Auburn.

Carolyn Myers, '53, (Mrs. Henry A. Baer) is now living at 996 Pelelin Drive, Tarawa Terrace, North Carolina, where her husband is stationed with the Marines at Camp Lejeune, after completing his internship at the University of Virginia. Eleven month old son, Randy, is going to be a typical "Navy Junior."

Mary Lou Nicol, '44, (Mrs. Robert

MARCH-APRIL, 1958

E. Brown) with her family of husband and six girls, has returned to nature on 164 acres of Mojave Desert, 22 miles from Barstow. Forty acres have been cleared for oats, alfalfa, garden and lawn. Their 9 horses provide pleasures, yet chores, their cow their own supply of milk and butter; in the absence of electricity, Butane gas provides refrigeration and heat and kerosene lamps for light. The Browns are confident that their return to nature has given back ten years to husband Bob who has been in ill health. Their aim within the next two years is to have a camp for boys of 10 to 16. Their address is Box 115, Hinkley, Calif.

Stephanie Rakoezy, '48, (Mrs. Charles Lee Cover, Jr.) has moved from Baltimore to 160 Ethel St., Menlo Park Terrace, Metuchen, New Jersey.

Patricia Schindel, '47, (Mrs. Thomas O. Renn) is living in Babbitt, Nevada (Box 33), where her husband was transferred from Florida. He is Industrial Relations Officer (Civilian) of the Navy Ammunitions Depot at Hawthorne, Nevada. They have a lovely apartment on the base which is actually an oasis in the desert—which boasts a six-hole golf course. Son Tom was six and Joanne four, on September 30th.

Katherine Swint, '54, (Mrs. Herbert K. Speers) in August moved to their new home at 1 Highland Park Drive in Levittown, Pennsylvania, where her husband has opened his office in the practice of obstetrics and gynecology. Daughter Karen Diane arrived December 16, 1956.

Mrs. Kenneth Trostle Walcott, '48, is planning to move to Columbus, Ohio, where her husband will be a Psychologist for the State Penitentiary.

Mrs. Walcott has been nursing in obstetrics and anaesthesia in Tiffin, Ohio.

Alexandra Carol Tanona, '48, has a position in the Memorial Hospital for cancer and allied diseases, and lives at the Barbizon Hotel for Women at Lexington and 63rd Streets in New York.

of the School of Pharmacy, was held in the ballroom of the Emerson Hotel, Baltimore, February 13.

The committees in charge of the affair were fortunate in having a clear but cool evening, in advance of the great snow storm on Saturday. More than 400 persons, including students and their ladies and escorts, faculty members, invited guests, and some 200 members of the Alumni Association enjoyed the evening.

President H. Nelson Warfield welcomed the group in attendance. Samuel Portney, First Vice President, was General Chairman of the committees and presented the following entertainers: "Chiquito and Pedro" who have previously performed on the Ed Sullivan Show; Leverne and John Starr, a dance team known as "The Ducats"; and four students, "The Unknowns", recipients of second prize at the annual Frolic in November, who presented vocal numbers accompanied by the guitar. Music for dancing was furnished by a group known as "Men of Note."

A Souvenir Program represented advertisements from manufacturers, wholesalers, retailers, associated organizations, members of the alumni and friends. This program required many hours of work by the members of the Program Committee and places several thousand dollars in the treasury for carrying on the work of the Association, which will be used mainly for student aid and scholarships. Scholarships are provided by the Association for two first-year students, including tuition, books, etc. for the year. The Alumni Association has also donated \$400.00 annually for many years for student aid to members of the upper classes of the School of Pharmacy, which is matched by a corresponding amount from the American Foundation for Pharmaceutical Education. George J. Stiffman and Solomon Weiner were the able Chairman and Co-Chairman of the Souvenir Program Committee. Samuel I. Raichlen is Chairman of the Scholarship Committee.

James P. Cragg, Jr. was Chairman of the Entertainment Committee; Samuel A. Goldstein was Chairman of Place and Arrangements Committee; Jerome A. Stiffman and Charles Spigelmire were Chairman and Co-Chairman of the Publicity Committee; Solomon Weiner and Irving I. Cohen were Chairman and Co-Chairman of the Ticket Committee and had the cooperation of students and alumni in securing a large and appreciative attendance.

Delicious ice cream from Meadowgold was served following the presentation

of the program. Prizes donated by wholesalers and friends were drawn by the holders of the lucky tickets.

The Alumni Association of the School of Pharmacy is also extremely interested in the work of the Student Recruitment Committee, which was organized in 1957, and which works in conjunction with the Dean and Faculty of the School of Pharmacy. To date the Committee has presented "Pharmacy as a Career" to 32 Maryland High Schools. Committee members are H. Nelson Warfield, Chairman; Victor H. Morgenroth, Jr., Alexander J. Ogrinz, Jr., Gordon A. Mouat, Noel E. Foss, Frank J. Slama and Samuel I. Raichlen.

President Warfield and General Chairman Samuel Portney are proud of the accomplishments of the chairmen and many working members of the different committees.

The highlight affair of the year will be the June banquet honoring the 1958 Graduating Class and a number of Class Reunions, on June 5th, at the Emerson Hotel.

The annual business meeting of the Association is tentatively scheduled for May 15.

#### SERVICE RENDERED THROUGHOUT THE STATE

Various members of the faculty of the College of Physical Education, Recreation, and Health have taught off-campus courses every semester since the College was organized in July of 1949.

Courses were offered both on the undergraduate and graduate levels in Health Education, Physical Education, and Recreation in all sections of the State. Not until the first semester of 1954-55 were accurate records kept of the off-campus courses, showing who taught them, where they were taught, how many persons were enrolled, and how many miles the teachers travelled in meeting these classes.

The charts below show an accurate account of the service rendered by the faculty of this College to the school

#### ENROLLMENTS OVERSEAS

Despite the cut in funds and personnel, the University's Overseas Program continues to flourish. Enrollments in the European Division were slightly less than last year's; nevertheless, a new center in Madrid, Spain was opened with plans for opening other centers in Spain in the making.

In the Far East, where last year saw 1,800 course enrollments in Term I, an additional 1,800 course enrollments were added in this year's Term I.

The Atlantic Division had 457 enrollments as against 369 for Term I of last year, a 50 per cent increase.

The grand total of 12,257 enrollments for Term I reflects an overall increase over Term I, 1956.

### PUBLISHES STORY

A newly-assigned full-time Lecturer in the European Division of the Overseas Program, Dr. Joseph L. Leach, published a short story, "The Yale Bowl-Over," in the November issue of *Seventeen*. An instructor in English, American Literature and Civilization, Dr. Leach is very familiar with the Yale scene, having studied there from 1942 to 1948 while working on his doctorate.

The theme of the story is the exposure of a Yale undergraduate, who pretends to be a "big man on the campus," by his girl friend during a Harvard-Yale weekend.

Dr. Leach is the author of *The Typical Texan* (Southern Methodist University Press, 1952) and a frequent contributor to the *Journal of American Folklore*.

### HOFER APPOINTED

Ernest H. Hofer, in the Overseas Program of the University only three years, has been appointed Associate Director of the European Division. He serves under Brig. Gen. Herman Beukema (U. S. Army, retired), Director. Until his recent elevation, Mr. Hofer was Assistant Director in charge of Publicity and Public Relations.

#### MARRIAGES

Miss Diane Harper Stottler and Mr. Charles Read Madary, Jr., were married on Saturday, February 1 at a 7 p. m. candlelight service in the University Chapel.

The bride was given in marriage by her father, Mr. Richard H. Stottler, who is Assistant Dean of the College of Special and Continuation Studies and Director of Institutes at the University.

The maid of honor was Miss Grace Tunnicliffe of Arlington, Virginia. The bridesmaids were Miss Patricia Nash of Washington, D. C., Miss Barbara Neale of Baltimore, Maryland, Miss Joyce Harrington of Adelphi, Maryland, and Miss Mary Ann Gatz of Wolcott, New York.

The bridegrooms' best man was Mr. Joseph Janssens, Jr., of Union, New Jersey and the ushers were Mr. Richard H. Stottler, Jr., brother of the bride, Mr. Andrew McDonald, Mr. James Travis, Jr., and Mr. Harry J. Lange-luttig, Jr., all of Baltimore, Maryland. The flower girl was the step sister of the bride, Cathalene Bassett. The ring bearer was a nephew of the bride, William Powers of Wilmington, Delaware.

After a brief honeymoon in Virginia the young couple will reside at the University Hills apartments near the University where both are senior students. The bride is a member of Delta Delta Delta sorority, the bridegroom a member of Phi Kappa Sigma fraternity.

**BIRTHS**

TO:

Mr. and Mrs. John E. Bosley (Sally Frances Fritz, Nursing '53), a daughter, Lisa Marlene, on September 28, 1957. Mr. and Mrs. Thomas A. Clary (Louise Dukes Magruder, Nursing '42), a son, Thomas Austin, Jr., on October 30, 1957. Their first, Mary Louise, was born in Hawaii.

Dr. and Mrs. Thomas Edward Davis (Patricia Lee Mullican, Nursing '55), a son, George Edward, on August 10, 1957.

Mr. and Mrs. William J. Donnelly (Jean Warfield, Nursing '48), a daughter, Mary Irene, on October 1, 1957.

Mr. and Mrs. Richard Kline, Jr. (Janet Louise Eyster, Nursing '52), a daughter, on October 28, 1957.

Mr. and Mrs. Charles Stanley Michael (Patricia Ann Wolfe, Nursing '54), a daughter, Kathryn Elizabeth, on August 25, 1957.

Captain and Mrs. Paul A. Moore (Ernestine Johnson, Nursing '44), a son, Thomas Arthur, on June 13, 1957.

Mr. and Mrs. William A. May (Carolyn Miller, Nursing '52), a daughter on August 25, 1957.

Dr. and Mrs. Paul D. McCoy (Joanne A. Wilson, Nursing '51), a son, Timothy Paul, on September 1, 1957. Mr. and Mrs. Barry D. Murphy (Barbara Eileen Burchett, Nursing '54), another daughter, Dawn Ruth, on September 13, 1957.

Mr. and Mrs. Wayne A. Reber, Jr. (Fac L. Renninger, Nursing '53), a son, Thomas Alan, on October 26, 1957.

Mr. and Mrs. Morris L. Renshaw (Nancy Jean Strong, Nursing '52), a

daughter, Leslic Ann, on October 28, 1957.

Mr. and Mrs. Milton Robertson (Shirley V. Pratt, Nursing '43), a daughter, Karen Elizabeth, on November 2, 1957.

Mr. and Mrs. Bert Sharp (Clara Frasco, Nursing '45), a second daughter, on September 6, 1957.

Dr. and Mrs. Herbert K. Speers (Katherine Swint, Nursing '54), a daughter, Karen Diane, on December 16, 1956.

Mr. and Mrs. Thomas W. Valentine (Helen Winks, Nursing '51), a daughter, Nancy Janine, on September 13, 1957. Also, Thomas Ross, on March 7, 1956, which, through an oversight, was not reported in the 1956 Bulletin. Mr. and Mrs. Charles E. Hodgson, Engr. '54, a daughter, Nancy Lee, on November 26, 1957.

Dr. and Mrs. N. Jerome Chapin, D.D.S. '52, a son, David Alan, on October 13, 1957.

Mr. and Mrs. Saul S. Seltzer, Engr. '52, a daughter, Lori-Jill, on October 14, 1957.

Mr. and Mrs. Stanford W. Berman, Engr. '50, a son, Scott Mitchell, on August 2, 1957.

Isadore and Linda Kessler, H. Ec. '55, a daughter Geri Lynn, on June 24, 1957.

**COMPLETED  
CAREERS**

Alumni obituaries should be sent to the attention of the Editor, *Maryland Magazine*, Administration Annex Building, University of Maryland, College Park.

**DR. ARTHUR L. STRENGE**

Dr. Arthur L. Streng, Dent. '13, died January 7, 1958 after a long illness. He had practiced dentistry in Pittsfield, Massachusetts for 45 years.

He graduated from Dental School with the highest honors in the class. He was a member of the Cum Laude Society, the honor society at Maryland. In 1931 he was made an honorary member of the Omicron Kappa Upsilon, the honorary dental fraternity at commencement exercise at the University. The society was organized to recognize meritorious work done by

Cum Laude graduates of the School.

Dr. Strenge was a member of the Berkshire Shrine Club. He was interested in the work of the Shriners Hospital in Springfield, and for many years made regular visits to Springfield to assist the staff in work with the crippled children.

He was a member of the Crescent Lodge of Masons, and belonged to the Melha Temple in Springfield.

Dr. Strenge received state and national recognition for his work in dentistry. He was cited by the Massachusetts Dental Society for his work. He was named Chairman of the Oral Surgery Section for 1932. The Society considered this post an extreme honor. It usually had been headed by professors or instructors in oral surgery.

Dr. Strenge was a life member of the American Dental Society and held offices in the state and Western District Dental Society. He was also a member of the National Alumni Association of the University of Maryland Dental School.

#### DR. WALTER S. LONGO

Dr. Walter S. Longo, D.D.S. '22, suffered a fatal heart attack recently while driving his car.

Dr. Longo was a member of Psi Omega Dental Fraternity and the Harris-Hayden Odontological Society. In addition, he was Vice President of the New England Alumni Association, Connecticut Chapter and a charter member of the New England Club. Dr. Longo was a loyal alumnus of the University throughout his lifetime.

He is survived by his wife; a son, Dr. Frank Longo, Med. '55; a brother; two sisters; and one grandson.

#### DR. KUHNEN

Dr. Herbert Kuhnen, Dentistry '04, of Baden-Baden, Germany, died early in 1957. Dr. Kuhnen, a fine representative of his Alma Mater, was highly regarded in his community not only for his professional contributions to its welfare but also for his warm spirit of interest in the general activities of his fellow citizens.

#### A. A. YASBEC

Funeral services were held in St. Bernard's Catholic Church, Riverdale, for Albert A. Yasbec of Bladensburg, who was killed on December 6 in an automobile accident in Chilleurs Aux-Sios, France. Mr. Yasbee, 28, lived at 4915 Taylor Street, Bladensburg. About a year ago he went to France with the Emerson Radio Corporation on a United States Army project.

E. H. YOUNG

Eldridge Hood Young, Law '07, died of pneumonia December 5, 1957, at the Franklin Square Hospital. He had recently marked his fiftieth anniversary as a practicing attorney.

DR. MCDONNELL

Dr. Henry B. McDonnell, 46 years a member of the faculty of the University, died February 9 at Leland Memorial Hospital, Riverdale, Maryland. He was 94.

Dr. McDonnell came to Maryland Agricultural College as Professor of Chemistry in 1891. He also served as State Chemist, Head of the Department of Chemistry, Professor of Research and Dean of Applied Science. He gained considerable recognition in scientific circles through his experiments concerning the characteristics of ozone.

After his retirement in 1937, Dr. McDonnell was active in a number of organizations, which included the Vansville Farmers' Club, of which he was a long-time President, and the Birmingham Masonic Lodge, where he served for a time as Grand Master. He was also President of the Association of Official Agricultural Chemists, a member of the original Board of Directors of the Citizens Bank of Maryland, and an organizer of the College Park Fire Department.

DR. HARRY W. SMITH

Dr. Harry W. Smith, D.D.S. '22, died recently in Doctors Hospital in Washington, D. C., at the age of 57. He had practiced dentistry in the city since 1923 and was an active member of the

Washington Board of Trade, the Corinthian Yacht Club and the American Dental Society.

MRS. H. T. COOK

Mrs. Harold T. Cook, a statistician in the Animal Husbandry Department at the University, died of a heart attack recently at her home in University Park. She is survived by her husband who is Assistant Chief of the Biological Sciences Branch of the Agriculture Department, two married daughters, and two grandchildren.

DR. ALBERT S. HARDEN

Dr. Albert S. Harden, Med. '01, who practiced medicine in Newark, New Jersey for over 50 years, died recently in St. Michael's Hospital, Newark, of a brief illness. He was a charter member and former President of the Essex County Anatomical and Pathological Society, a charter member and a founder of the Doctors' Chorus, a fellow of the American College of Surgeons, and a member of the Essex County and New Jersey Medical Societies and of the American Medical Association.

BERT L. SHAFFNER

An automobile accident claimed the life of Mr. Bert L. Shaffner on December 19th. Mr. Shaffner was in charge of the Physics Shop at the University of Maryland until his retirement in 1954. He set up most of the equipment of the Physics Department when it was moved to its present building. His skill in the construction of research and teaching equipment was an essential part in many of the physics programs, and many students learned from him the ingenuity, patience, and skill required in making scientific devices.

DR. LEO J. O'HEARN

Dr. Leo J. O'Hearn, D.D.S. '13, died November 22 at the home of his son in Champaign, Illinois. He is survived by his wife, a son Dr. James W. O'Hearn, D.D.S. '45, and a daughter, Mrs. D. William Kay. In addition there are four grandchildren.

BURWELL B. POWELL

Burwell B. Powell, Agriculture '27, passed away October 2, 1957, after a prolonged illness.

Wounded in World War I, he spent several years in the hospital before entering the University of Maryland. He was a charter member of Alpha Gamma Rho and a member of Alpha Zeta. For the past 25 years he was an agricultural economist for the U. S. Department of Agriculture.

Mr. Powell is survived by his wife, Mrs. Hilda M. Powell and two children, both Maryland graduates, Burwell F. Powell, a chemist for Merck Company in New Jersey and Miss Doris M. Powell, a nurse at Mt. Wilson Hospital, Baltimore.

### DR. HICKS

Dr. Harry Wilbur Hicks, Dentistry '09, died in April, 1957. A native of Charlestown, Massachusetts, Dr. Hicks practiced for five years in Malden before removing to Boston, where he practiced till his retirement in 1946.

### DR. GEMSKI

Dr. Henry John Gemski, Dentistry '38, of New Haven, Connecticut, died on October 20. Dr. Gemski specialized in oral surgery and was a member of the New England Society of Oral Surgeons. Born in New Haven on November 20, 1911, he attended Hillhouse High School and the University of Richmond. He was a member of the Parking Commission of the Town of East Haven, Past President of the Polish Business and Professional Men's Association, and Past Commander of the F. J. Stempick Post of the American Legion. Dr. Gemski served in the Navy Dental Corps during World War II. He was a member of Psi Omega. Besides his wife, Mrs. Genevieve Sigsworth Gemski, he is survived by two children, Barbara and Henry John; a brother, Joseph; and five sisters: Mrs. Alex Passick, Mrs. Edward Gross, Mrs. Arthur Pascay, Mrs. Lee Kramarczyk, and Miss Stella Gemski.

### DR. LOFTUS

Dr. John Leo Loftus, Dentistry '05, died on November 3. A native of Boylston, Mass., where he was born on May 27, 1880, Dr. Loftus practiced in Meriden, Connecticut, from 1905 to 1941. In 1929 he began to practice also in Hartford. From 1941 till his retirement in 1949 he practiced only in the latter city. Following postgraduate work at New York University and the University of Toronto, Dr. Loftus began to specialize in Periodontia in 1929. He was the first Hartford dentist to specialize in that field and he was the first from Connecticut to be elected to membership in the American Academy of Periodontology. Dr. Loftus was Past President of the New England Dental Society (1949), Past Exalted Ruler of the Meriden Lodge of Elks, a charter member of the Meriden Rotary Club, and a member of Psi Omega. He is survived by a daughter, Mrs. James Lidgate, of Worcester, Massachusetts,

and two brothers: Walter Loftus, of Worcester, and Henry Loftus, of Little Valley, New York.

#### DR. BELL

Dr. Donald Arthur Bell, Dentistry, '52, of Baltimore, died on July 9. Dr. Bell received his B. A. degree from Johns Hopkins University in 1948. At Hopkins he became a member of Phi Kappa Sigma fraternity. Following his graduation from Maryland, Dr. Bell served for two years in the Navy Dental Corps. He practiced in Baltimore for two years before illness forced him to give up his practice. During the few years of his professional career, Dr. Bell had indicated that he was capable of making an excellent record in dentistry. He was a member of the Gorgas Odontological Society and Psi Omega. He is survived by his parents Vernal and Myrtle Tsehudy Bell, and a sister, Mrs. John H. Howard, Jr.

#### DR. TYLER

Dr. John E. Tyler, Dentistry '17, of Worcester, Massachusetts, died on November 24. A stalwart figure in New England dentistry, Dr. Tyler was a very loyal alumnus who possessed a deep feeling of pride in his alma mater and by his noteworthy contributions to his profession constantly acted as an outstanding alumnus. A Past President of the New England Dental Society and a former Regent of the American College of Dentists, he was an enthusiastic worker in the organization of study clubs in the Worcester District Society and a leader in the establishment of dental clinics in the public schools of Worcester. During World War I Dr. Tyler served overseas in the Army Dental Corps and during World War II he was the Procurement and Assignment Officer for the dentists in his district. For several years he served as chairman of the Worcester Community Health Council, a contribution that earned for him the grateful appreciation of his fellow citizens. Dr. Tyler is survived by his wife, Mrs. Frances Slade Tyler; a daughter, Mrs. Lincoln A. Divoll, of Andover, Massachusetts; and four sons: John E., Jr., a member of the faculty of the University of Massachusetts, Richard J., of Bridgeport, Connecticut, Frank, of Worcester, and Dr. Robert J. Tyler, '54, who was associated in his father's practice.

#### DR. PINES

Dr. Benjamin Pines (Pinsky), Dentistry '26, of Baltimore, died on May 6, 1957. Dr. Pines was a member of Phi Alpha fraternity and the Gorgas Odontological Society.

# The Three-way Benefits of Good Telephone Earnings

**USERS**

**EMPLOYEES**

**INVESTORS**

They benefit the telephone customer by providing the means to expand and improve the service and do it economically.

They benefit employees because they help to provide good jobs.

They benefit the investor by protecting his savings and insuring a good and secure return on his investment.

There is, indeed, no basis for the belief that keeping telephone earnings low is a sure road to keeping rates low.

Such a philosophy, by limiting progress and long-pull economics, will lead almost always to the opposite result . . . poorer service at a higher price than the customer would otherwise have to pay.

In all lines of business, it's the companies whose earnings are good that are able to make the best products, provide the best service, and give the best values.

# THE ALUMNI DIARY

Dear Fellow Alumni:

COMMENCEMENT is here again. As we extend a hearty welcome to some 2,500 new alumni of the Class of 1958 who now join our ranks, we take time with them to enjoy the present, to appreciate the past, and to hope for the future.

This is COMMENCEMENT time when we complete a period in our development and look with great enthusiasm to the days ahead. Many of the older graduates returned this year for class reunions, spring reunions, school and commencement reunions. For the first time in twenty-five to fifty years, paths that ran parallel during a "long-ago" period have again crossed in happy reunion.

In saying "hello" to the new and in glancing back to the past with a parade of new and old friends we can only conclude that COMMENCEMENT is a wonderful time. The University and the Alumni Association gain with the addition of each graduating class. For the new alumni the future is bright. They have not only the heritage of the past, the successes of the many who preceded them, and the challenge of a world which needs leaders as never before, but they have also the advantage of fine instruction from one of the great universities of our country.

The Alumni Association has also taken a second look, and while recognizing the high standards of the past, its leaders are convinced the full potential of service, dedication, and recognition is yet ahead. Those to whom the University means so much have recognized and accepted an obligation. As we stand upon the COMMENCEMENT spring board facing a great new era in education and a renewed alumni interest, it may well be in order to review actions of the Alumni Council which are designed to continue the Alumni Association in a strong, aggressive, and constructive effort. The Association has pledged more than \$6,000 toward the furnishing of an Alumni Room in the new Student Union planned for the Baltimore campus. Special priority is being given the formation of alumni clubs which will, of course, require the backing of many individual alumni. Through the Scholarship Committee a Student Loan Fund is being established and assurance has been given that scholarships initiated by the Alumni Association will be continued and expanded in the days ahead. A great factor in the initial success of the Greater University Fund effort has been the volunteer work and the contributions of many alumni. The "M" Club is particularly congratulated for unusual service related to the Alumni-Varsity Football Game and the basketball game from which proceeds were obtained to greatly assist in the scholarship program.

Many are the efforts which may be credited to the alumni and the Alumni Association but the main purpose of this visit with alumni friends is to let the many who have served so well know how their efforts have been appreciated. While at the same time, we say to those who now become a part of the University of Maryland Alumni Association we have a place for you and we are sure you are going to enjoy your part in helping us help the Alumni Association grow and progress. May the future be all that you want it to be and may you in your own way include both the University and the Alumni Association in that future. Many of us have!

As ever,

DAVID L. BRIGHAM  
*Alumni Secretary*

# *Their Future and Yours Depend on Our Colleges*

As Americans, all of us are proud of our national growth. But it is a sobering thought that the number of young men and women who want and deserve a college education will *double* by 1967.

Right now our colleges and universities are making a valiant effort to take care of the hosts of eager-eyed young people who are *already* clamoring for admittance. They have an enormous job to do, for the necessary expansion is far more than a matter of adding classrooms, laboratories and dormitory space. There must be a corresponding increase in faculty and in faculty caliber. The profession of college teaching must attract more first-rate men and women or it will be in danger of turning out second-rate graduates.

This problem of the capacity of our colleges to meet the challenge that is now upon us is vital not only to students and their parents but also to business—to industry—and to *you*.

It is easy to point to current shortages of engineers and scientists. Less obvious but just as pressing is the need for civic leaders—for teachers—for business administrators—for home-makers. Above all there is a need for people who have learned to think soundly and choose wisely. They are and will continue to be the backbone of our strength as a nation.

Freedom needs educated people. In this country, those who lead are those who *know*. Help the colleges or universities of your choice—now!

If you want to know more about what the college crisis means to you, send for the free booklet "The Closing College Door" to: Box 36, Times Square Station, New York 36, New York.

## CAMPUS NOTES

DR. GEORGE ENTWISLE, ASSISTANT Professor of Medicine and Director of the University's Outpatient Medical Department, has been named to succeed Dr. Maurice Pincoffs as Professor and Head of the Department of Preventive Medicine and Rehabilitation. Dr. Pincoffs retired in June, 1957.

Born in Bolton, England, Dr. Entwisle attended the Brighton High School. He obtained a B.S. degree in 1945 from the University of Massachusetts and an M.D. degree from Boston University in 1948.

Following an internship at the Massachusetts Memorial Hospital, he was appointed a Fellow in the Boston University Department of Physiology. He was promoted to Fellow in Medicine and Lecturer in Physiology in 1950.

Between 1951 and 1955, he served as an Assistant Resident and later, as Resident in Medicine at the Evans Memorial Hospital, Massachusetts, and as an Instructor in medicine at the Boston University School of Medicine.

Dr. Entwisle was in private practice in Massachusetts with medical associates of Massachusetts Memorial Hospital until his appointment at the University of Maryland in 1956.

The new Department head is a member of the American Medical Association, American Association for the Advancement of Science, Massachusetts and Baltimore City Medical Societies, New York Academy of Science and Sigma Xi.

BOURBON LEADER: GROVER CLEVELAND  
AND THE DEMOCRATIC PARTY  
BY HORACE SAMUEL MERRILL

Within the covers of this volume is found the history of a man and the his-

tory of an era. Very often we identify eras with men, but it seems to be particularly appropriate in the case of Grover Cleveland. He was the essence of Bourbon Democracy in his outlook and in his policy-making. Conservative, honest, outspoken, he stood for "good government" in a time when the corruptions in government and politics, notably Tammany, were fresh in the indignant public's mind.

Nevertheless, Cleveland was no great reformer; he did little to improve the "spoils system" within the Civil Service; it was his outspokenness and obvious honesty that won the voters to him. Cleveland was not an expert politician but was fortunate to be aided by those who were. He refused to campaign for the Presidency, claiming it to be unfitting to the dignity of that office. He is the only President ever to serve two terms nonconsecutively.

This book is extremely readable: the style is clear and concise, the facts are presented in the light of historical analysis which points up their significance. Dr. Merrill neither says too little nor too much. Cleveland the man stands out sharply as does Cleveland the public servant. The author is obviously thoroughly acquainted with both the man and his era and is capable therefore of presenting the main issues clearly and with great understanding.

Dr. Merrill is a full Professor in the Department of History, where he teaches American History. Other publications of his include *Bourbon Democracy of the Middle West*, *William Freeman Vilas*, "Ignatius Donnelly, James J. Hill, and Cleveland Administration Patronage" (*Mississippi Valley Historical Review*, 1952), "The Supreme Court and Economic Policy"

(chapter in *Problems in American Democracy*).

DR. BENTZ APPOINTED  
ASSISTANT IN PRESIDENT'S OFFICE

Dr. Frank L. Bentz, Jr., Associate Professor of Agronomy, has been appointed Assistant in the Office of the President.

Dr. Bentz will assist the administration in preparing for orderly growth and development in a period when the University must prepare for a doubled enrollment by 1970.

Dr. Bentz

A native of Hagerstown, Dr. Bentz was graduated with first honors and received a B. S. degree from the University of Maryland in 1942.

He was commissioned a second lieutenant in the U. S. Army and served in campaigns in France, Belgium and Hol-

land between 1942 and 1946. He was discharged with the rank of captain.

Between 1950 and 1955, he was an assistant in the Soil Testing Laboratory. During this period he obtained a Ph. D. degree in Agronomy. In 1955, he was appointed Assistant Professor. He was promoted to Associate Professor in 1956.

Dr. Bentz holds membership in Alpha Zeta and Sigma Xi, honorary agricultural fraternities, and the American Society of Agronomy and the Soil Science Society of America.

Since 1951, Dr. Bentz has published more than 25 articles in the field of agronomy and related subjects.

#### BALTIMORE UNION-DORMITORY SCHEDULED FOR COMPLETION IN 1959

The new Baltimore Union-Dormitory Building, to be located on the southwest corner of Lombard and Greene Streets, will be, when completed in 1959, the realization of years of work and planning.

Although the primary purpose of the structure will be to house, in dormitory apartments, students from all schools receiving instruction on the Baltimore campus, the architect has incorporated into his design facilities for the use of alumni and faculty.

Located in the basement will be game rooms, a book and instrument store, post office, barber shop and various storage facilities. A cafeteria, kitchen, lobby and lounge are planned for the first floor. The second floor will contain a roof garden terrace, lounges, offices and several meeting rooms. The third, fourth and fifth floors will contain 33 double bedroom units each, accommodating a total of 198 students. A second companion structure has also been designed and duplicates the basic design of unit one. If approved for construction, this addition would increase the total student accommodation to 456 students. The Baltimore Union-Dormitory will be a self-liquidating project.

The Greater University of Maryland Fund has as one of its four principal objectives the contribution of furnishings for this vital Baltimore campus facility.

#### DR. SMADEL PRESENTS FIRST LECTURE HONORING DR. MAURICE C. PINCOFFS

The first in a series of lectures in honor of Dr. Maurice C. Pincoffs, retired Professor of Medicine and Preventive Medicine, was presented by Dr. Joseph E. Smadel, December 14, in the Old Medical School Building, Baltimore.

(Continued on page 21)

Dr. J. Edmund Bradley, Professor and Chairman of the Department of Pediatrics, officially accepts a Gordon Armstrong Deluxe Premature Infant Incubator from representatives of the Yorkewood Woman's Club.

From left, Dr. Bradley; Mrs. Dorothy Herber, in-charge of the Department's premature nurseries; Mrs. Richard M. Bozman, welfare committee chairman and Mrs. Charles E. Knell, president, of the Yorkewood Woman's Club.

The new incubator permits the maintenance of a continuous control level of temperature, humidity and oxygen concentration. It is explosion-proof and can be used in the presence of oxygen and other therapeutic gases.

The Yorkewood club, a 55-member organization, participates in many projects each year. A recent campaign resulted in a completely furnished room at the Maryland School For the Blind.

Mexican buyer and Maryland seller pose with two purebred Holstein heifers, about to be loaded for rail shipment to Mexico. On the left is Mrs. Sara C. de Quintanilla, wife of Luis Quintanilla, Mexican Ambassador to the Organization of American States; on the right is J. Homer Remsberg, Agriculture, '18 and Past President of the Alumni Council. Mr. Remsberg is president of the Purebred Dairy Cattle Association of America and the Maryland-Virginia Milk Producers Association and Director of the Maryland Farm Bureau and the Holstein-Friesian Association of America.

Mrs. Quintanilla has purchased 15 bred heifers from eight Maryland breeders for use as foundation stock for the new dairy herd she is establishing at her ranch, "Hacienda de Ortega" near San Luis de la Paz, about 200 miles north of Mexico City.

The cattle are part of continuing shipments being made to Mexico, largest foreign purchaser of purebred U. S. breeding cattle. In 1957, the U. S. exported over 12,000 dairy cattle with Mexico taking more than 7,500 head. The encouraging of agricultural exports, including breeding cattle, is one of the foreign market development activities of the U. S. Department of Agriculture, through its Foreign Agricultural Service.

## New Library Dedicated in Honor of Governor McKeldin

A DISTINGUISHED GATHERING OF 400 PERSONS INCLUDING leading State executive and legislative officers, University officials, members of the Board of Regents, student body representatives, distinguished librarians, and honored guests witnessed the May 3 dedication of the new University library named in honor of The Honorable Theodore R. McKeldin, Governor of the State.

In his statement describing the purpose of the occasion, Dr. Elkins said:

"This magnificent library building designed to serve the individual stands quite properly in the center of the campus. It represents years of planning by the administration and faculty and the staff and particularly the library staff and it has received, as you know, the personal attention of the architect and the builder. As a matter of fact, it has received personal attention on the part of a great many people, all of whom have been quite cooperative, with the exception of the weather man. We pay special tribute to the Governor and the General Assembly who, in their actions I believe have expressed the will of the people to raise the stature of their University. They have caused to be erected a storehouse of knowledge and in the years to come its stacks and shelves will be filled with books and papers and other materials to be used for the enlightenment of undergraduates and as source material for the advancement of knowledge. To the extent that these materials are used to satisfy the needs of mankind and to help him solve the complex problems which beset his progress today, we shall be justified in our accomplishment. The promise of fulfillment, however, makes this a very happy occasion, and it's entirely appropriate that this building which will remain a symbol of the University's devotion to learning should be dedicated to the welfare of all who may feel its influence and be named in honor of a man whose administration, I trust, will be identified with the development of a greater University.

"As we strive to produce a quantity of quality to serve the State and the nation, these contributions will become increasingly significant."

The Honorable Louis L. Goldstein, President of the Maryland Senate, brought greetings from that legislative branch.

"I'll always dedicate myself to two things," Mr. Goldstein

said, "education and health. We want to make considerable progress in these areas in the State. A great man, Oliver Wendell Holmes, once said that the great thing in the world is not so much where one stands as in what direction one is moving. In Maryland we are moving forward and we intend to keep doing so."

Bringing commendations from the Maryland House of Delegates, The Honorable Perry Wilkinson, Speaker Pro Tem, reported, "I know I speak for the General Assembly, especially the 123 members of the House of Delegates: we are always happy when Dr. Elkins comes to Annapolis to present his proposals to us. We will always do everything we can to make our University one of the greatest in the world."

Mr. B. Herbert Brown, Secretary of the Board of Regents, read to the assembly the resolution of the Regents naming the library in honor of Governor McKeldin.

Mr. Charles P. McCormick, Chairman of the Board of Regents, officially dedicated the new facility.

"This library," he said, "is more than a collection of bricks and mortar. It is more than the cold statistics you find in the program. In the last analysis it is enunciation to the academic world and to the nation that the University of Maryland accepts the challenge of leadership and takes her place willingly in the ranks of distinguished institutions.

"This notable achievement was no accident. It expresses the will of the people, acting through their elected representatives in the General Assembly. This we recognize. It reflects the ability and ingenuity of many able University administrators under the able leadership of President Elkins, and this we recognize. But it represents, too, the culminating endeavor and great labors on behalf of higher education by the man whom we honor here today; a man whom I now salute with deep respect, the Honorable Theodore Roosevelt McKeldin, Governor of Maryland."

Mr. McCormick cited the Governor's continuing interest in and support of higher education during his tenure in office, and unveiled a large bronze plaque commemorating the dedication in the Governor's honor.

GOVERNOR MCKELDIN'S RESPONSE TOUCHED ON THE HISTORY and meaning of the university and the library and stressed the importance of programs educating the whole man.

## FACTS AND FIGURES NEW MAIN LIBRARY

*Total cost, including bookstacks and architects fees:*  
\$2,467,227.63.

*Cost of furniture and equipment:* \$200,000.

*Cubic feet of space:* 1,974,569 cu. ft.

*Square feet of floor space:* 190,839 sq. ft.

*Principal materials used:* lower exterior walls of Alabama Rockwood limestone, upper walls of red colonial brick, roof of gray slate, wainscot in main lobbies and halls of Norwegian rose marble, hardware and stair and balcony rails of aluminum.

*Seating capacity:* without seminars and auditorium, 2,000 (seminars will seat about 350, the auditorium 160).

*Architect:* Henry Powell Hopkins of Hopkins and Pfeiffer, Architects, 10 E. Mulberry St., Baltimore, Md.

*Builder:* George Hyman Construction Co., Washington, D. C.

*Interior decorator:* Mrs. June C. Wilbur, Assistant Professor, Textiles and Clothing, College of Home Economics.

"Sir Issac Newton," he said, "was a great man, one of the monumental figures in the history of science, and for a student to graduate from this University ignorant of the very name of Newton would be scandalous. But I remind you that Newton's contemporary, John Milton, was also a great man, one of the monumental figures of the history of literature, and for a student to graduate ignorant of Milton would be equally scandalous.

"To make the student who majors in physics acquainted with Milton, and to make the student who majors in English acquainted with Newton, is a long step toward preventing either from emerging from this place a half-man, tremendously learned in one subject but ignorant of all else."

Governor McKeldin continued.

"I hope that . . . (the library) will always remain hospitable to any book that contains an idea. I include in that not only ideas of which I am ignorant, but also ideas of which I do not approve. I am against any form of censorship, simply because we can acquire no solid appreciation of the strength of truth until we know the force of the errors against which it has prevailed.

"I would not exclude from these shelves the work of any great heretic, in religion, in philosophy, or in government. My reason is that nothing is more important for a young man seeking wisdom than to avoid intellectual arrogance; and when he learns how even powerful minds can be betrayed into fantastic error he will be less likely to assume the perfections of his own reasoning.

"I would not exclude books that the more austere scholars condemn as being mere frivolous entertainment, in the first place because youth needs a reasonable amount of amusement and, in the second place, because what appears at a glance to be arrant nonsense often has a hidden significance of profound importance. We know today that *Alice in Wonderland* is profoundly philosophical, and the tales of *Uncle Remus* are important in anthropology; yet both were originally presented as mere entertainment.

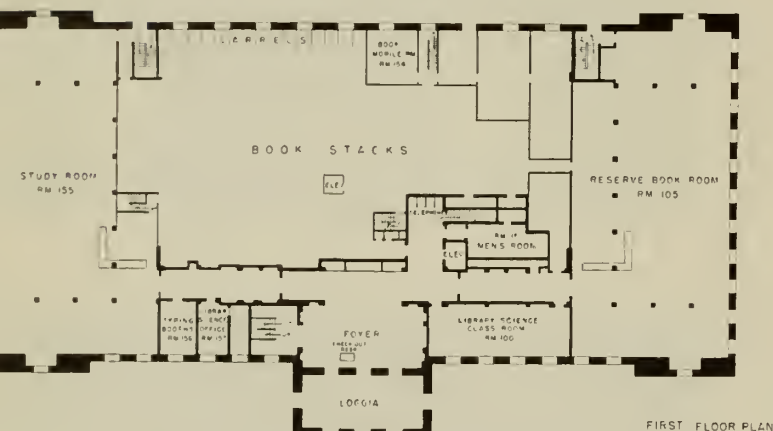

"In short, any idea that has been recorded by the human

mind has its place here, if the record is clear enough to be understood. I admit one reason only for denying a place on these shelves to any book in the world, and that reason is that its pages include no vestige of a thought."

"This library is either a portal to freedom, or it is nothing but a waste of money. Through these doors the student emerges into a wider, and greater and more wonderful world that he had inhabited before."

IN HIS ADDRESS, MR. VERNER W. CLAPP, PRESIDENT, Library Resources, Inc., presented these views:

"Let us not be betrayed, then, in this great building to which has been given such a commanding view of the campus and which in turn is the cynosure of the campus, into thinking that we can get along with just those books which statistically are most read, or which summarize the learning of a subject. Here we must not be afraid to gather much of the less important, even perhaps in subjects which are not now represented in the curriculum, and in languages which no one on the campus now reads. For learning was not created by the big names, and certainly not exclusively in the Western languages; the record is one of continuous debate, of conflicting opinions, of exploded hypotheses, of unsuccessful attempts, and of confusion of tongues, and the future is only too likely to persist in the same way."

"If American librarianship and American university administration have one point of superiority over those of the old world it is in this—that coming fresh to the work, unhampered by the dead hand of centuries-old collections and systems, they were able to give superior means of both physical and bibliographic access to the fewer books which they possessed. The result has been a burgeoning of research in this country which has been unexampled until it has recently been by still another nation which—significantly—deliberately borrowed and built on our methodology in library and bibliographical technique."

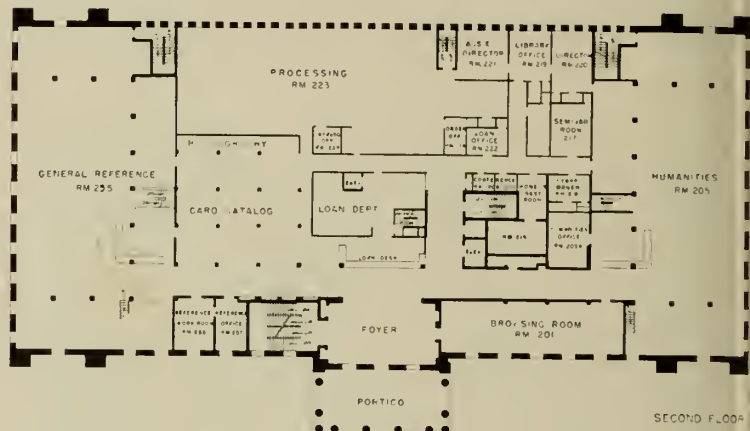

"We meet today on an occasion for profound satisfaction—of satisfaction not only to the administration, the faculty and the students of this university, but to every citizen of the State of Maryland, and to everyone who believes that the best obtainable education and the utmost understanding of man and his universe is hardly enough for the adequate discharge of the responsibilities of a citizen of the present day. This noble building, its splendid location, its excellent arrangement and equipment, its happy employment of decorative materials and schemes without infringement upon its practical mission or incurrence of extravagant expenditure—all these are matters for congratulation. But more—in this building a spirit has been given proud and worthy residence; it is the spirit of free inquiry informed by fullest knowledge—the spirit that is the true bequest to our day of Plato and

Aristotle and Thomas Jefferson and of the large and truly human minds of the past—the essential spirit of the university."

SINCE ITS OPENING FOR STUDENT USE IN JANUARY, THE MAIN Library has become the most popular building on campus. This is due in part to the expanded facilities available and part to the inherent good looks of the building itself. Students relax in study and research areas well-lighted with fluorescent fixtures, studded with attractive chairs and deep upholstered arm chairs and two-seat sofas, and decorated with 14 wall colors, six tile colors and three bookcase colors. Step risers are brown, green and gray terrazzo; pink, beige and off-white marble facing line the main stairways. Responsible for the decorating *tour de force* is Mrs. June C. Wilbur, Assistant Professor, Textiles and Clothing, College of Home Economics.

The excellent interior decoration, of course, is but icing on a well-designed, functional operating cake. The following service descriptions may be located as to area occupied on the floor plans presented on pages 8 and 9.

**TYPING ROOMS.** Rooms 156 and 304 have been set aside for typing rooms for students, graduate students and faculty members. There are eight booths in each of the rooms. All patrons who wish may bring their own typewriters for

use in these rooms. However, coin machines are available.

Reference materials to be copied are signed out to the typing rooms and returned to these rooms when the copying is completed.

Both typing rooms have been acoustically treated.

**RESERVE BOOK ROOM.** The Reserve Book Room, located on the first floor beyond the elevator, is that area in which books are placed for restricted use at the request of the faculty.

The loan term of these books varies according to faculty member's request. Exceptions are made only when a faculty member sends a request for the exception.

About 3,000 books are placed on reserve each semester, and all books are taken off reserve at the end of each school year.

The room is open during regular library hours except for Friday night and Saturday.

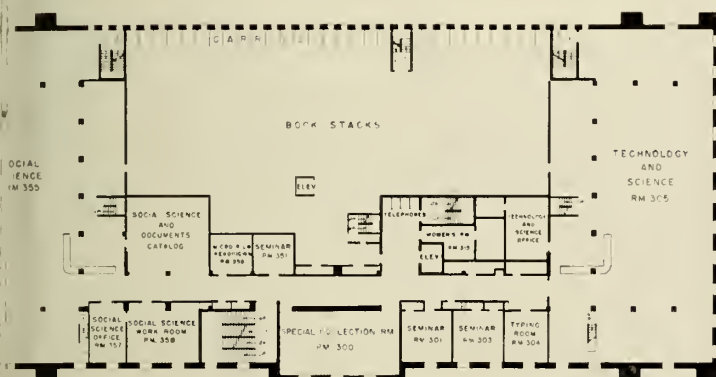

**GENERAL REFERENCE.** Reference Services involve the assisting of students and faculty in locating particular books, in finding answers to specific questions, or in acquainting persons with the library in general. Instead of one central reference desk, there are now six desks—one in each division. Staff members familiar with the entire library and especially with their subject areas are on duty in these divisions.

The General Reference Division contains publications that are not specifically concerned with one or more related sub-

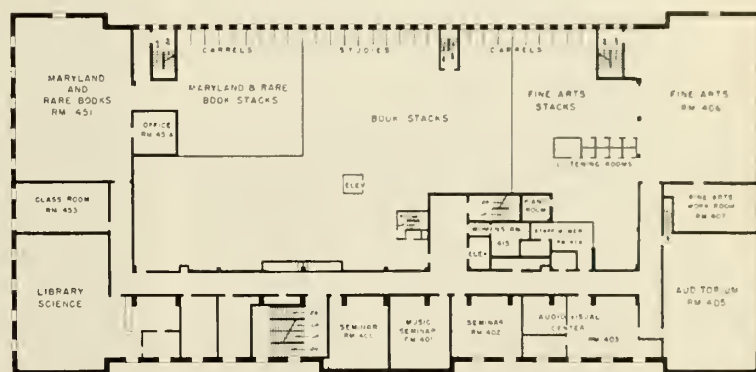

*Central Loan Desk. Electronic flash board at top center; pneumatic tubes and book elevator lower right.*

FOURTH FLOOR PLAN

jects, such as general periodicals, general encyclopedias, and general indexes to books, periodicals, and newspapers. Here also are collections of biographical sketches, atlases, microfilms (and reading machines), college catalogs, telephone directories, and many daily newspapers. The division is also headquarters for interlibrary loan service to faculty and graduate students. The purpose of the division is to aid readers in the use of its collection, as well as in the use of the card catalog and bibliography collection, both of which are adjacent to the room. It also serves as an information point in directing patrons to services and materials in other parts of the building.

**BIBLIOGRAPHY.** The bibliographic materials are now shelved near the card catalog and are on open shelves. The collection is serviced by Technical Services and is available at all hours during which the library is open.

**HUMANITIES.** Humanities collection consists of reference materials, current magazines and circulating books in the adjacent stacks on English and foreign languages and literature, public speaking, philosophy, psychology and religion. The reading room also contains the juvenile book collection, and a small circulating collection will be added to the reading room during the semester.

**MAP ROOM.** The map area is located on the Mezzanine floor near the General Reference Division and is serviced from the Reference Desk.

The collection includes about 10,000 maps, derived mainly from the Army Map Service. Map cases and well-lighted map tables will be available.

**BROWSING ROOM.** The Browsing Room, which is a part of the Humanities Division, contains about 2,000 books selected for timeliness and for their value as recreational reading.

The comfortable furniture makes the room an ideal place for leisure-time reading, but the room is not intended for study.

An assistant is in the room several hours daily to help with book selection; at other times the room is serviced from the Humanities reading room.

**SOCIAL SCIENCE ROOM.** The Social Sciences Division has reference books, pamphlets, and current periodicals on economics, education, history, law, political sciences, sociology, and travel. A librarian will aid in the use of these materials and will also locate related materials in other areas of the library. United States and United Nations documents covering such topics as world trade statistics, collecting postage stamps, education surveys and reports, and Congressional reports are available for use in the Social Sciences Room. Pamphlets on professions, jobs, and occupations are kept in the Occupational File. Rare books and theses are available on microcard and microprint. The staff is continually selecting material to add to the library collection in the social sciences filed. A librarian is on duty Monday through Friday 8 a. m. to 4:45 p. m. and Monday through Thursday 7 p. m. to 10 p. m. The room is open the same hours as the total library.

# Alumni Have a Fine Time at First Annual Spring Reunion

NEARLY TWO HUNDRED ALUMNI RETURNED FOR CLASS REUNIONS and many more for the Alumni-Varsity Football Game on April 12. Holding the honor position and deserving special credit for the highest percentage of class members present was the Golden Anniversary Class of 1908. They were closely followed by the Forty-Fifth Reunion Group of 1913. Clifton E. Fuller, '96 was the oldest alumnus present.

The efforts of E. E. Powell and others brought eleven members of the '13 class back to the campus which they had known as Maryland Agricultural College. C. M. White, President of Republic Steel, flew in from Cleveland, Ohio. Others present were: Townshend of Mitchellville; Todd, of Dundalk; Dearstyne, of Parsonsburg; Henry White, of Dickerson; and Willson, of Bethesda. From out of state came Ames of Arlington, Virginia; Blankeman of Kew Gardens, New York; Robinson of Hartford, Connecticut and Trimble from Pittsburg, Pennsylvania.

W. A. S. Somerville and C. A. Warthen, President and Secretary of the Class of '08, had the good fortune to see six members of the class of '08 on hand. In addition to themselves, classmates present included H. C. Byrd, President Emeritus of the University; Barney Cooper who came from Miami, Florida; Urah Long of Selbyville, Delaware; and Dr. Richard Lee Silvester of Washington, D. C. The class received messages from Charles W. Sylvester of Baltimore and S. M. Lowry of Denton. G. G. Becker telephoned to talk with his classmates and T. B. Mackall, who had expected to attend, found it impossible at the last minute. A summer reunion of this class is now being considered.

President Somerville, "Stubby" to his classmates and friends, challenged any other class to show a similar close-knit, continuing organization for a fifty year period. During their Senior Year these classmates agreed upon and have maintained four objectives. They are presented here as both a goal and an inspiration for younger classes:

- (1) Hold the class organization together with continuing officers.
- (2) Hold a Class Reunion every five years on the University campus.
- (3) Hold a Class Meeting each and every year.
- (4) As long as any class member is alive the class is to be represented

*Three members of the Class of 1933, a 25th reunion group, huddle in the lounge of the Student Union.*

sented on Alumni Day at College Park.

Special focus was placed on the reunion classes of 1908 (fifty years), 1913, 1918, 1923, 1928, 1933 (twenty-five years), 1938 and 1943.

Oldest returning alumnus was Clifton E. (Uncle Tippy) Fuller, Class of '96. Uncle Tippy reminisced freely about the old Maryland Agricultural College. He recounted in near perfect detail, facts about his 89 schoolmates drawn mostly from the nearby communities of Riverdale, Lakeland, Hyattsville and Laurel; the first "official" football game against Episcopal High in Alexandria, Virginia; and his fellow-cadets in Company C.

Asked what were the chief benefits derived from his experience at the College, Uncle Tippy replied "Penmanship and the ability to calculate in a hurry." He retired ten years ago as cashier of the Railway Express Agency in Cumberland. His knack with figures was utilized when he served as a Councilman, 1946-48, for the City of Cumberland.

AFTER REGISTERING THEIR ATTENDANCE,, MEETING OLD FRIENDS and classmates, and touring the new library facility, young and old grads dug into a sizzling feast of charcol-broiled spring chicken with all the fixin's.

Alumni were guests of the University for lacrosse and football contests at Byrd Stadium. They watched two hard-fought games, played on a cold, muddy field. In the lacrosse contest, Maryland excellence was evident throughout and Washington and Lee was dumped with much difficulty. Mont's youngsters overpowered the alumni 24-6 (See Joe Blair's article in the Sports Section).

In addition to those mentioned above, the following alumni registered for the Spring Reunion:

- T. B. Symons, Agriculture '02, College Park
- Dr. A. E. Goldstein, Medicine '12, Baltimore
- H. Burton Shipley, Agriculture '14, Laurel
- A. V. Williams, Engineering '17, Baltimore

# University Marks First Far East Commencement

OCCASION: *Far East Division, University of Maryland, Commencement Exercises and Graduation*

PLACE: *Pershing Heights Auditorium  
Ichigaya, Shinjuku-ku  
Tokyo, Japan*

TIME: *3:30 p. m., Monday, March 24, 1958*

*Single block of ice forms a Japanese Torii.*

*Recessional led by Dr. Lynn B. Bennion, Associate Director of the Far East Division. Immediately following are Gen. Kuter (left) and Dean Ehrensberger. Behind them are Gen. White (left) and Dr. Elkins. Directly behind Gen. White is Dr. Daly, Director of the Far East Division.*

THROUGH THE EYES AND EARS OF OUR CORRESPONDENT, you, the reader, are on the scene of the first full-scale American degree-granting ceremony held in the Far East. The degree-granting institution is the University of Maryland; the recipients of diplomas are twenty men connected with the United States Armed Forces in the Far East. Fourteen of them are members of the Army, three are members of the Air Force, one is a Marine, one is in the Navy, and one is a civilian attached to the Armed Forces. Those on active military duty range from Specialist First Class (Army) to Colonel (Army and Air Force) and Captain (Navy).

The ceremony is a formal "Cap and Gown" graduation and the members of the academic procession enter the hall to the strains of "God of Our Fathers" while the entire audience stands. It is an impressive procession. In the fore are Dr. Wilson H. Elkins, President of the University; Dr. Ray O. Ehrensberger, Dean of the College of Special and Continuation Studies; General Laurence S. Kuter, Commander-in-Chief of the Pacific Air Forces; General I. D. White, Commander-in-Chief, U. S. Army Pacific; Dr. Mason G. Daly, Director of the University's Far East Division; Dr. Lynn Bennion, Associate Director of the Division; and Dr. Leslic Bundgaard, Assistant Director.

How did a University graduation complete with appropriate ceremony come to happen in Tokyo, Japan, 6,900 miles from College Park, Maryland? In August, 1956, the College of Special and Continuation Studies established a Far East Division of its program with headquarters in Tokyo. The division now operates in Japan, Korea, Okinawa, Guam, and Taiwan. The men graduating March 24 have undertaken courses of instruction in Germany, France, Great Britain, Austria, Greenland, Iceland, Okinawa, Korea, and Japan. The University of Maryland has been aptly termed as having a world-wide campus.

Following the Processional, Dr. Elkins presents General Kuter and General White with honorary Doctor of Military Science degrees. Both generals are the principal speakers at today's graduation and both have been important figures in promoting the University of Maryland program for higher learning for servicemen.

Dr. Mason G. Daly, in extending greetings, reveals that he would not be surprised to see an overseas branch of the College on the moon someday. Dr. Ehrensberger, in commenting on the space age branch, says "As soon as they begin a moon branch of the University, they can begin looking for a new Dean. I've traveled far enough."

General White is the first speaker on the program. His words, reaching the farthest corner of the hushed auditorium, are an inspiration to his many listeners:

"A graduation ceremony anywhere at any time is an exciting and meaningful event. The graduation of mature, military men from an institution of such high academic standing as the University of Maryland in a ceremony [many] miles from College Park, Maryland, is most remarkable.

"It is remarkable in the first place because it is possible. Until a few short years ago, in order to receive your degree, it would have been necessary for you to attend classes on campus. For most of you this would have been impossible . . .

". . . Not only is this graduation remarkable because it is possible, but because completing college even under the most favorable conditions is difficult. It is so arduous that only one half of those who begin as freshmen graduate as seniors. When normal difficulties are compounded by military duties, absence from a formal school, and social distractions, it is

appropriate that you who have completed college under these circumstances be called heroes of the academic battle. However, the battle is not over and success in any campaign requires the skillful employment of the weapons you have been trained to use . . .

" . . . Today we are passing into the nuclear age. It is probable that the changes in the next few years may far exceed those of the past decade. To be prepared for these changes, we must develop leaders who have an understanding of the scientific and technological advances taking place in the world but at the same time they must have a broad concept of the great moral, philosophical, and historical truths that govern the advances of civilization . . .

" . . . We will have reached the high plateau of maturity when we are willing to see events in their true perspective and judge them accordingly, when we are satisfied not to rush back and forth between the valley of gloom and the peak of enthusiasm, when we have the will to adopt the wisest course and the fortitude and perseverance to stick with the job until it is done.

"To you who are graduating and receiving your degrees today, my sincere congratulations both personally and in behalf of the U. S. Army Pacific for your fortitude and perseverance in reaching this fine level of educational maturity."

The Waseda University Glee Club.

THEN GENERAL KUTER MOUNTS THE PODIUM AS THE LAST sound of "Toccato for Band," played by the 5th Air Force Concert Band, is fading away. Again the hall is silent as General Kuter begins:

" . . . It is a great privilege to be with you on this important occasion. That is no empty phrase. The occasion is important because it honors those determined members of the Armed Services who here mark the completion of another important step in the lifelong process of learning . . .

" . . . [The] radical transition which has taken place during the course of one military career—this shift of concern from the ability of an illiterate to sign his name to the ability of a university graduate to research, write and defend an academic thesis—this great change accurately reflects the increased intellectual requirements of our present Armed Forces. It also reflects the high evaluation now placed by the military upon knowledge. We recognize our great need to know . . .

" . . . demands for knowledge and for wisdom . . . are today levied on adequate military leaders at all levels by war requirements which do *not* directly involve the use of military hardware. These are the intellectual requirements for survival today and for victory eventually in the Cold War—the bitter, all-encompassing Communist war for the minds and hearts of men . . .

"To survive in the Cold War, judgment, knowledge, and wisdom are urgently needed. To survive, we need to know.

"And today your new academic degrees are reassuring evidence of your own broader knowledge and your increased ability to serve your country."

In the graduation program of the Far East, it is appropriate that there is found a Choral Number sung by an entirely Japanese Glee Club. Following General Kuter's speech, the Waseda University Glee Club, under the directorship of Osamu Aoyagi, becomes the focus of attention.

AND NOW—THE LONG-AWAITED MOMENT. MAJOR ROBERT HENRY ALLEN, JR., walks across the platform to receive his Bachelor of Science degree in Military Science. For Major Allen, this moment has been a long time in coming. He began his studies at Fort Meade, Maryland, in 1950, and continued at education centers in Sculthorpe, England, Baltimore, and in Japan. He completed his degree requirements at Camp Saint Barbara in Korea, where he had the unique distinction, because of distance and road conditions, of being the only student to commute to class in a light army aircraft.

One by one they file across the platform to receive their diplomas and a warm handshake from Dr. Elkins:

MAJOR MICHAEL ANTHONY BARRY, *Bachelor of Science in Military Science*;

CAPTAIN FRANK MOONEY BENNETT, JR., *Bachelor of Science in Military Science*;

MAJOR MICHAEL CHESNOE, *Bachelor of Science in Military Science*;

MAJOR JAMES DOMINIC CLAVIO, *Bachelor of Science in Military Science*;

CAPTAIN GEORGE DEWEY EGGERS, JR., *Bachelor of Science in Military Science (in absentia)*;

MAJOR ELLIS RAY ATEs, *Bachelor of Science in Military Science (in absentia)*;

CAPTAIN FELIX LEE GOODWIN, *Bachelor of Science in Military Science*;

MAJOR WILLIAM FRANKLIN GUSS, *Bachelor of Science in Military Science*;

LIEUTENANT COLONEL WILLIAM DANIEL KENNEDY, *Bachelor of Science in Military Science*;

CAPTAIN ARTHUR GEORGE LANGE, JR., *Bachelor of Science in Military Science (in absentia)*;

CAPTAIN WILLIAM ROBERTSON LIPSCOMB, *Bachelor of Science in Military Science*;

CAPTAIN JOHN EDWARD MCGLOTHLIN, *Bachelor of Science in Military Science*;

COLONEL PAUL MILLMAN MORRILL, *Bachelor of Science in Military Science*;

MAJOR JAMES RUSSELL MOSES, *Bachelor of Science in Military Science*;

MAJOR GRIFFITH ORME, *Bachelor of Science in Military Science*;

MAJOR WILFRED G. PEMBERTON, *Bachelor of Science in Military Science (in absentia)*;

LIEUTENANT COLONEL CLAUDE C. STURGES, JR., *Bachelor of Science in Military Science*;

SPECIALIST FIRST CLASS PHILIP ALFRED WHITE, *Bachelor of Arts in General Studies*;

MR. RAYMOND EDWARD YAGELOWICH, *Bachelor of Arts in General Studies*.

THE UNIVERSITY FAMILY TAKES PRIDE IN THE ACHIEVEMENT of these men who have attained their academic degrees under sometimes trying circumstances; those who have gone before welcome them into the great and growing alumni fellowship.

# Introducing the University Regents

*These brief biographical profiles introduce alumni to four members of the University's Board of Regents. Faithful to the traditions and ideals of our University, these men give themselves unreservedly in the University's welfare. Four additional profiles will be published in the July-August issue; three others will appear in the September-October issue.*

MR. ALVIN L. AUBINOE  
Member  
Board of Regents

THE NEWEST MEMBER OF THE BOARD OF REGENTS is Mr. Alvin L. Aubinoe, native Washingtonian and noted architect and builder. Born in Washington, D. C. on February 12, 1903, Mr. Aubinoe is a 1926 engineering graduate of the University.

Mr. Aubinoe's hobby is following the sports competitions

of the various University athletic teams. He is one of the founders of the *Terrapin Club* and a Past President of that organization. Mr. Aubinoe visited New York recently to watch our Atlantic Coast Conference Basketball Champions defeat Boston College.

Concerning his newly-assumed duties on the Board, Mr. Aubinoe states: "I am a member of the Building Committee of the Board of Regents and, no doubt, will get right into the architecture and building of new structures for the University, which I will certainly be delighted to do."

Mr. Aubinoe is the architect of the National Radio Institute and architect and builder of Home Builders Association of Metropolitan Washington. He is President of Alvin L. Aubinoe, Inc.; Aubinoe Construction Company; Wildwood Investment Corporation; The Allandott, Inc.; the Washington and Lee Apartments, Inc.; Parkside Apartments, Inc.; Dupont Plaza, Inc.; Treasurer of Hardware, Inc. and principal partner in the architectural firm of Aubinoe, Edwards and Berry.

In addition to the time he will be devoting to the Board of Regents, Mr. Aubinoe will continue serving a wide circle of civic activities. He is a member of Beta Kappa Chapter of Kappa Alpha Fraternity; the Court of Honor, Wood Province, Kappa Alpha Order; Treasurer of the Beta Kappa Corporation; President of Fraternity Housing Corporation, Kappa Alpha Order; Past National President of Alpha Delta Sigma Fraternity; Past President of the Home Building Association of Metropolitan Washington; Director of the Federal City

*(Continued on page 22)*

MR. B. HERBERT BROWN  
Secretary  
Board of Regents

THE SECRETARY OF THE BOARD OF REGENTS, MR. B. HERBERT BROWN, has been in educational work for 32 years, 15 of them as Vice President and Athletic Director of the University of Baltimore where he served from 1926 to 1941. In 1941 he resigned from this institution and founded and is now President of the Baltimore Institute which conducts preparatory,

business and adult education courses. The Institute is the official sponsor in Baltimore and Western Maryland, of the Dale Carnegie Course in Effective Speaking and Salesmanship.

A native Baltimorean, Mr. Brown was graduated from Forest Park High School where he was the first president of the newly-organized student government organization. He earned Bachelor of Business Administration and Bachelor of Laws degrees at the University of Baltimore. In May, 1955, the Steed College of Technology, Johnson City, Tennessee, conferred an Honorary Doctor of Laws on Mr. Brown for his success in and contribution to the field of business education.

Mr. Brown is the founder and Past President of the Dale Carnegie Course Sponsors' Association and a former member of the Sponsors Advisory Committee of the Dale Carnegie Publishers, Inc. He is the Associate Director of the Speedwriting Company and has been actively engaged in promulgating the many advantages of Speedwriting ABC shorthand.

The U. S. Army Air Forces awarded a "Certificate of Meritorious Service" to Mr. Brown as a result of his successful work in connection with the Aviation Cadet Procurement Program during World War II. He is a former member of the Board of Directors of the National Association and Council of Business Schools. In June, 1956, the University of Baltimore awarded him a Citation for his achievements in educational work.

Mr. Brown is a member of the Masonic Order, a member of the Baltimore Rotary Club, the Country Club of Maryland,

*(Continued on page 22)*

FROM OFFICE CLERK TO PRESIDENT OF A LARGE COMPANY—in 24 years—that is the record of Edmund Sidney Burke, Assistant Treasurer for the University's Board of Regents.

Mr. Burke started in 1911 in the office of Fisk, and his rapid rise was interrupted only by his service in the U. S. Navy, 1918-1919. In the late 20's he was Assistant to the President of Fisk. Then during a period of reorganization in the early 1930's, he was appointed Agent for the Receivers. Following the receivership, when the plant was taken over by another financial group, Mr. Burke joined the staff of Walter P. Chrysler.

In 1934, The Kelly-Springfield Tire Company of Cumberland, Maryland, found itself in serious difficulties, and Mr. Burke was invited to become Vice President and General Manager to regenerate the company and return it to its place among the profit makers. Because of various dissident stockholder groups, the company was thrown into equity receivership, which resulted in a transfer to Federal Court for reorganization. In 1935, the company was reorganized, and Mr. Burke became President. Kelly-Springfield has long since regained its former established position as one of the important organizations in the tire industry.

Like many other busy executives, Mr. Burke has found time to take an active interest in civic affairs and has been a leader in community welfare activities.

He is Past Potentate of Ali Ghan Shrine; honorary Rotarian; Past President of the YMCA, and headed a fund raising campaign to pay off the YMCA's long standing debt; he served two terms as Cumberland Chamber of Commerce President; he also helped organize and served as President for

MR. EDMUND S. BURKE  
*Assistant Treasurer*  
Board of Regents

Cumberland and Allegany County's first United Fund while he spearheaded its initial more-than-successful campaign in 1957; and has taken an active part in planning and directing numerous fund raising projects for needed community improvements.

(Continued on page 22)

EDWARD F. HOLTER, THE VICE CHAIRMAN OF THE BOARD OF REGENTS, has served on the Board for more than ten years. During those years he has observed many changes as the University has grown and developed. Mr. Holter's association with the University began as a member of the first graduating class (1921) of the newly-named University of Maryland.

The Vice Chairman relates that the most outstanding single event of his student career occurred when he was a senior playing first attack on the Maryland lacrosse team. In those days the lacrosse team considered itself lucky to win a game with one of the Baltimore high schools! Johns Hopkins traditionally beat Maryland's team every year. As Mr. Holter recalls: "It happened in the spring season of 1921. We were able to hold the Hopkins team to four points while Maryland scored a single point. I had the pleasure of seeing my name listed in the *Baltimore Sun* as the player who scored that one point. While we did not win the game it was a moral victory and it stands out as a highlight of my student career."

Born in Jefferson, Maryland, June 6, 1900, Mr. Holter is the owner and former operator of two large dairy farms in Frederick County, Maryland. His home farm at Middletown, Maryland, has been in the family for four generations. Married in 1924, he has one daughter, who is married, and four grandchildren. He has been active in farm and community organizations, having served as an officer in various units of the National Grange since 1917. He was State Grange Secretary for 12 years and served eight years as Master of the Maryland State Grange. Elected Lecturer of National Grange at Columbus, Ohio, in 1947, he has since

MR. EDWARD F. HOLTER  
*Vice-Chairman*  
Board of Regents

been re-elected five times to consecutive two-year terms.

In addition to his work for the Grange and for the Board of Regents of which he is Vice Chairman and Chairman of the sub-committee on Agriculture, Mr. Holter is engaged in a variety of civic activities. He is Past Commander of Ever-

(Continued on page 23)

## New Main Library

(Continued from page 9)

**TECHNOLOGY AND SCIENCE ROOM.** The purpose of the Technology and Science Division is to provide access for faculty, students and staff to materials in the pure and applied sciences. The area is open the same hours as the library: 8 a. m. to 10 p. m. Monday thru Friday, 8 a. m. to 1 p. m. Saturday, 3 p. m. to 10 p. m. Sunday.

Four hundred current issues of periodicals, 100 reference books, pamphlets, and a reference set of agricultural experiment and extension bulletins are in this reading room. Books, bound periodicals and a circulating set of agricultural bulletins are in the adjacent stacks. Pamphlet materials are charged out from the room; books from the stacks are charged out at the loan desk. Reference service is always available; requests for special service may be left for the librarian when she is off duty.

**SEMINAR ROOMS.** Fourteen seminar rooms are located throughout the building. Seating capacities range from ten to thirty-six. Each room has tables around which a class may sit. Priority for the use of these rooms is given to seminar classes in which extensive use is made of library materials. About 350 people can be accommodated at one time in the seminar rooms.

**MICROFILM ROOM.** The library's collection of journals, newspapers and books on microfilms, microcards and microprints is a rapidly growing collection. The *Baltimore Sun*, *New York Times* and *Washington Post*, for example, are no longer bound in large, bulky volumes; instead the library subscribes to the microfilm editions of these newspapers. A special room on the third floor has been designated as the Microfilm Room. Here machines for reading material in any microform are available. Machines are also available in certain other areas of the building, such as in the Reference Division.

**MARYLAND AND RARE BOOKS DIVISION.** The Maryland and Rare Books Division contains all types of materials concerning the State of Maryland and the University. The staff attempts to assemble both historical materials and current books and publications concerning Maryland and by Maryland authors. A file of clippings taken from Maryland newspapers on subjects relating to the State of Maryland is kept in the room.

Materials in this room are for restricted loan to faculty and graduate students and for use in the room by other patrons. These written at the University and a small collection of rare books are kept in locked stacks adjacent to the room. At present, the room is open from 8:30 a. m. to 4:45 p. m. Monday through Friday.

Items of historical interest, in the form of letters, pictures, books, and all other publications are welcomed as gifts for this room.

**FINE ARTS DIVISION.** The Fine Arts Division contains materials in fine art, music, theater and physical education. Special materials include an extensive picture file, more than 500 phonograph recordings and ten listening booths. Loan procedure of the division is the same as that of the Loan Department. Circulation for the collection is carried on by the Fine Arts Division itself and not by the Loan Desk.

Hours are Monday through Friday, 8:45 a. m. to 5 p. m. and Saturday, 9 a. m. to 1 p. m.

**AUDITORIUM.** A small, attractive auditorium seating 160 people is located on the fourth floor between the Fine Arts Division and, what is to be in the future, the Audio-Visual Center. The auditorium has raised stage, projection room and black-out blinds. It is for general University use.

**PROCEDURES FOR SECURING A BOOK IN THE NEW LIBRARY** HAVE been speeded up by the use of pneumatic tubes and a book lift. This system, it is hoped, will limit the time needed to secure a book from three to eight minutes waiting time.

A student may submit his book request at the Loan Desk as formerly on the McBee charge card. This is sent by pneumatic tubes to the proper stack area, where a student assistant is assigned to find books. When the book is located, it is placed on the booklift which carries it to the Loan Desk.

The student reclaims his book by number. This is assigned to him when he requests the book, and he knows when his book has been found by watching a flash board above the Loan Desk for his number.

The five levels of book stacks were opened to all students, graduates and faculty members on February 10.

The building was planned to meet the needs of the present and the future. A fluorescent lighting system is found generally throughout the building, except in the bookstack areas where incandescent lighting is used. There exists no need for desk lamps for the reason that footcandle ratings throughout the building are high.

Various types of study facilities are available—many individual study tables, conference rooms, carrels, lounge-type furniture, faculty studies, and typing booths. The two elevators in the building are for the use and comfort of faculty and students as well as the library staff. Air-conditioning for the total building has not been installed. The processing area and administrative offices, however, are air-conditioned; the two large reading areas on the second floor can be air-conditioned with the installation of cooling equipment.

**ALL ALUMNI ARE WELCOME TO USE LIBRARY MATERIAL WITH-** in the library. For alumni living in College Park loan privileges are available. Alumni working on special research projects may be granted other library privileges. Mail service is not possible at the present time. For specific advice alumni should contact the Director of Libraries, Professor Howard Rovelstad.

Roster of personnel assigned to major positions are:

*Director of Libraries*, PROF. HOWARD ROVELSTAD  
*Head, Technical Services*, PROF. H. DAVID TURNER

*Catalog Department*, MISS ANNA M. CARPER

*Order Department*, PROF. H. DAVID TURNER

*Coordinator of Reference Services*, PROF. ANNA MARY URBAN

*General Reference Division*, PROF. ANNA MARY URBAN

*Social Sciences Division*, MISS VIRGINIA PHILLIPS

*Fine Arts Division*, MR. ROBERT B. ROSS

*Humanities Division*, DR. ROBERT PIERSON

*Technology & Science Division*,

MISS JOSEPHINE WEDEMEYER

*Maryland & Rare Books Division*, MRS. HAROLD HAYES  
*Head, Loan Department*, MISS BETTY B. BAEHR

At present in the Main Library Building, the staff includes 25 professional staff members. All have their Library Science degrees, several have Master's degrees in subject fields, and two have Ph.D. degrees. Two are members of Phi Beta Kappa.

# News from the Clubs

By VICTOR HOLM, *Field Secretary*

*Publicity Chairmen should Address Reports of Meetings and Activities to Mr. Holm, Alumni Association, Administration Building, University of Maryland, College Park, Maryland*

## BALTIMORE CLUB

The University of Maryland Alumni Club of Baltimore will hold its annual meeting and election of officers on Friday evening, May 23, at the 104th Medical Regiment Armory, 505 West Fayette Street.

Mr. Sam L. Silber, president of the Baltimore Club, will preside. Reports by all Committee Chairmen regarding activities of the organization will be heard after which the newly elected officers will be installed.

Following the business session the club and their guests will enjoy a pleasant evening of dancing to the music of Mr. Mel Shear and his Jazz Band. Refreshments will be served.

During the past year Mr. Silber had as his Committee Chairmen: Mrs. Ethel Troy, program; Dr. Eugene L. Passagno, membership; Miss Lorraine Neel, roster; Mr. Sam Goldstein, arrangements; Mr. John Lampe, publicity; Mr. G. Kenneth Reiblich, Legislative; Dr. William H. Triplett, constitution and by-laws; and Dr. Albert E. Goldstein, student union building.

Officers of the year 1957-58 assisting Mr. Silber were Charles F. Ellinger, 1st Vice-President; David W. Bien, 2nd Vice-President; Mrs. Ethel M. Troy, 3rd Vice-President; Dr. B. Olive Cole, Secretary; William J. Hucksoll, Treasurer.

The Club has arranged an outing for members and guests aboard the steamer, The Latrobe, on Saturday, June 14th.

The party will board the ice breaker at Municipal Pier One, at the foot of President Street at 1 P. M. An interesting afternoon is planned by the committee including a complete tour of the Baltimore Harbor, an experience that Baltimoreans in years gone by were able to enjoy frequently, however, this opportunity is no longer available as a public service. A good attendance is anticipated.

Guests will bring their own picnic lunch. There will be music and dancing. This outing will conclude the year's activities under Mr. Silber's term in office.

## GREATER UNIVERSITY FUND

Dr. Albert E. Goldstein, General Chairman of the Greater University of Maryland Fund, recently gave an interim progress report and said that a

total of \$90,000 has been received by the University since the alumni giving program began in January.

He noted that the figure represented gifts from more than 1,800 alumni and friends of the University.

"We are gratified that the Greater University of Maryland Fund has received such enthusiastic support from not only alumni of the University of Maryland, but from University friends who are interested in insuring that our State institution maintains its leadership with other outstanding colleges and universities in this nation," Dr. Goldstein declared.

## DR. ELKINS ADDRESSES ALUMNI

President Elkins has reported on the progress being made by the University in addresses to groups of alumni meeting in Pittsburg, Boston, New York City, and in Maryland at Easton, College Park, Hagerstown and Baltimore.

Dr. Elkins summarized the advances being made in three areas vital to the University's future: students, faculty and facilities.

Upgrading of student performance, he explained, is being accomplished through a new probation plan, designed to assure the steady progress of individual students toward a degree within the normal four- or five-year period. To remain in good standing, a student must not fail more than fifty percent of his courses in any semester and must further attain a cumulative grade point average of "C" or better to attain junior standing.

Dr. Elkins also referred to his recent convocation address in which the faculty was likewise charged to examine its teaching effectiveness, department by department, to make certain that students were receiving the kind of instruction that would permit development of their maximum capabilities.

In the area of facilities expansion, Dr. Elkins outlined the current building programs in Baltimore and College Park. "To accommodate the additional thousands of qualified Maryland youths who will seek admission in the years just ahead, The University must prepare to double its present enrollment by 1975," Dr. Elkins explained. "And facilities expansion to meet this need is inevitable." A master plan for future expansion at College Park is now the sub-

ject of a study being made by the Board of Regents. In Baltimore, future development is coordinated with long-range plans of the Urban Renewal Agency.

Dr. Elkins also pointed out that if a state university plans to rise above the average, it must look to private support for redevelopment such as scholarships which help to develop a quality institution. The University of Maryland, he added, is undertaking a program to develop this kind of support and commended the leadership of alumni in this movement.

Dr. Albert E. Goldstein, '12, General Chairman of the Greater University of Maryland Fund, outlined the progress of the Fund at each meeting. He called for the support of all alumni to back the program of the University.

Dr. Elkins spoke to alumni at Easton, March 3; Hagerstown, March 4; College Park, March 5; Baltimore, March 6.

In April, the President addressed a regional meeting of West Virginia, Pennsylvania and Ohio alumni, April 9, in Pittsburgh. The next day he addressed members of the New York Alumni Club, at the Harvard Club in New York City. On April 11, Dr. Elkins spoke to alumni of the New England area at the University Club, Boston.

Arrangements for the Pittsburgh meeting were made by a committee headed by Dr. Joseph Finegold, Pittsburgh physician, and including Mr. A. B. Fisher, of the Koppers Company; Mr. Gordon Kessler, Pittsburgh attorney; and Mr. Charles Furtney, of the Jones and Laughlin Steel Company.

Accompanying the President and Dr. Goldstein at the New York meeting were Mr. A. E. Cormeny, Assistant to the President responsible for Endowment and Development and Mr. David L. Brigham, Director, Office of Alumni Relations. Arrangements for this meeting were made under the direction of Club President Hal McGay.

Accompanying Dr. Elkins and Dr. Goldstein at the Boston meeting was Dr. Myron S. Aisenberg, Dean, School of Dentistry. Arrangements for this meeting were made by Dr. Alphonse Stranski, Boston dentist; Dr. Norman Wilson, Boston surgeon; and Dr. Joseph Carvalho, Fall River Dentist.

# UNIVERSITY SPORTS

By JOE BLAIR Sports Editor

MARYLAND'S FOOTBALL FORTUNES FOR 1958 WERE GIVEN an encouraging spring preview as Tommy Mont's newest edition seemed unawed at the great grad roster as the youngsters engineered a methodical but thrilling 24-6 victory over the Alumni in the eighth annual Varsity-Alumni football game in Byrd Stadium.

As is the custom, this game brings down the curtain to spring practice for the varsity and offers an early glimpse of what might be expected of the team for the coming season. Too, the proceeds of the game go to the M Club Scholarship fund which assists minor sports.

No college varsity addresses itself to a bigger challenge in playing its alumni. Among the 65 grads who returned to the scene of their college days and football playing era, there were 28 with pro experience and 14 who had made all and many all-America teams. It's a serious undertaking for the alumni, evidenced by the fact that Ron Waller, the great halfback with the Los Angeles Rams, flew in from the West Coast to play in the game. Many others motored from their out-of-state residence to be with their fellow-grads. It is felt in all collegiate football circles, that the University of Maryland Alumni game is the best.

The 24-6 win "clued" the Terp opponents that Mont has a fine team ready for the gridiron wars this fall.

The game, witnessed by 5500 in a wet and cold afternoon, saw the expected stars come through for Mont and a pleasant package emerged from the freshman team. Quarterbacks Bob Rusevlyan and Dickie Lewis excelled and the future signal-callers, sophs this year, Dale Betty and Dick Scarbath showed well. Fullbacks Jim Joyce and Larry Casparro were most impressive and of course, the veteran halfbacks Ted Kershner and Bob Layman continued to pave the way as two of Maryland's finest all-around halfbacks.

Up front, the work of Mont's two lines was most promising. The Terps have two of the games' top guards in Rodney Breedlove and Tom Gunderman. Breedlove came up with many national honors last year as a soph and should be in line for more. He will be pushed for honors at the guards spot by Gunderman, a truly fine player.

Mont also seemed assured that he has four of the finest tackles he has had in co-Captain Fred Cole and Kurt Schwarz on the first unit and Ed Nickla and Tom Flor on the second unit. Many observers singled out Nickla for his play against the big boys. At the pivot spot, upcoming junior Victor Schwartz, moved from last year's guard spot, has been most impressive and is a sure bet to be a most adequate replacement for the graduating Gene Alderton and Wilbur Main. At the flanks, the Terps have some of the best in Ben Scotti, Ron Shaffer, Al Beardsley, and Vincent Scott.

It was Scott who caught the eye of everybody in the stands. The newcomer, up from last year's frosh 11, looks to be the finest place-kicker Maryland has had in the past decade. He gave the fans a kick with his fancy footwork. He booted a field goal from a difficult angle that carried 28 yards; a point after touchdown, and fooled the Alums by taking Rusevlyan's lateral for a two-pointer after the Varsity's last score. He kicked off to the goal line or beyond three times, once completely past the end zone. And to complete a real big day, he caught the only pass thrown him and played a stellar defensive game. He was the brightest of the boys coming up that will help a great deal in '58.

After viewing the films of the game, Mont expressed satisfaction, but said cautiously, "I hope the fine nucleus shown in the game comes through as courageously in the classroom."

And the latest academic report indicates that Mont might have a chance of working with this group intact when early fall practice begins, September 1.

Basketball at the University of Maryland reached its greatest height during the 1957-58 season. Following the second best regular season record in Terp history (17-6) Bud Millikan's exciting five went to the nation's strongest post-season tournament, the Atlantic Coast Conference playoffs, and came through winning the championship with three consecutive great victories over Virginia, Duke, and North Carolina, the latter defending ACC and National Champions. This was the first Maryland had won a Conference Title since 1931, and then it was the Old

Southern Conference. In the title game the Red and White, led by all-tournament selections Nick Davis and Charles McNeil, drubbed Frank McGuire's team, 86-74. Davis and McNeil were the darlings of the tournament. Both received long standing ovations when they left the Championship game near the end.

Maryland, which finished sixth in all three national polls (Associated Press, United Press, and International News Service), then moved on to New York and Madison Square Garden to meet Boston College in the first round of the NCAA Tourney. The fever that hit the Terp fans reached its highest pitch as an estimated 1500 followers traveled to New York to watch the Terps play their first game in the Gardens. The game also marked the first time a Maryland team had been in the NCAA playoffs. It was "Slick Nick" Davis and the great playmaker and hustling guard Tom Young that sparked the Terrapins' rout, 86-63. McNeil and big Al Bunge did an outstanding job on the boards for the Millikanmen.

Then it was on to Charlotte, N. C. and the NCAA Eastern Regionals. The Terps drew the toughest assignment in Temple, the nation's fifth ranked five. The game was as billed, a great thriller between the fifth and sixth ranked teams in the nation. After a fabulous rally in the last five minutes that brought them from 11 points down to a one point deficit with 26 seconds to play, this great Maryland team bowed out, 71-67. The Terps had the ball with these seconds remaining, but couldn't get the shot off as the Owls, led by their great all-America Guy Rogers, retrieved the ball and went on to score a foul and a field goal at the final whistle.

In the consolations for third place, the Terps beat Manhattan, the team that had beat West Virginia in the Gardens.

For their fine work in this tournament, Davis won first team all-tourney honors and McNeil, second team.

To Millikan and Maryland, the year was a great success and a greater tribute to the team and its coach.

As for next year, it is thought that it can be just as exciting and the results will be just as satisfying.

## Campus Notes

*Continued from Page 5*

In June 1957, the faculty of the School of Medicine established a lectureship to honor Dr. Maurice C. Pincoffs in commemoration of his thirty-five years as Professor of Medicine and Preventive Medicine. Funds contributed by faculty members, colleagues, friends and former patients made this lectureship possible. The School was proud to announce this annual lecture as a fitting testimonial of Dr. Pincoff's eminent career as a physician, teacher, investigator, counselor and medical administrator.

### FORTY SCHOLARSHIPS AVAILABLE

**FOR FIRST FAMILY FINANCE WORKSHOP**  
 The University of Maryland will offer 40 scholarships to the first annual Family Finance Workshop to be held at College Park, June 23 to August 1.

The scholarships will be available to high school and college teachers and administrators in Maryland, Delaware, West Virginia, Southern Pennsylvania and the District of Columbia.

A curriculum has been developed to give participants an opportunity to understand important concepts relating to family financial security, to obtain skills needed to improve and expand programs of education in family finance, and to provide materials which may be used in solving their own instructional problems.

The teaching staff will be comprised of faculty members of the Colleges of Education, Business and Public Administration and Home Economics.

One of 15 such programs to be offered by universities during the summer in cooperation with the National Committee for Education in Family Finance, the University of Maryland workshop will offer lectures and discussions in personal income, budgeting, banking, consumer credit and installment buying, renting and buying a home, insurance, social security, savings and investments, personal taxes, and wills and estates. Credit toward a graduate degree will be awarded upon successful completion of the course.

Scholarship applications and detailed information may be obtained by writing Dr. Arthur S. Patrick, Chairman, Local Advisory Committee on Education, Department of Office Management and Business Education, University of Maryland, College Park, Maryland.

*(Continued on next page)*

GOV. MCKELDIN, DR. ELKINS  
APPOINTED TO SREB POSTS

Gov. Theodore R. McKeldin of Maryland has been appointed to the Executive Committee of the Southern Regional Education Board by SREB Chairman Luther H. Hodges, Governor of North Carolina.

Governor Hodges also appointed Dr. Wilson H. Elkins to the new Educational Plans and Policies Advisory Committee of SREB.

The plans and policies group was authorized at the 1957 Board meeting. Its purpose is to advise the SREB Director on major plans and policies in connection with the regional education programs of SREB.

Both Governor McKeldin and President Elkins are members of the SREB. Other members of the Board from Maryland are State Senator Layman J. Redden of Denton, Miss May Russell, President of St. Mary's Seminary Junior College, and Dr. Martin D. Jenkins, President of Morgan State College.

## The University Regents

*Continued from Pages 16 and 17*

### ALVIN L. AUBINOE

Council; Director of National Metropolitan Bank of Washington; member of the Board of Trustees of the United

Community Services of Washington; and Director, Washington Board of Trade. He is a recent Presidential appointee to the Civil War Centennial Commission and a member of the Drafting Committee of D. C. Housing Code.

In addition to civic and business activities, Mr. Aubinoe devotes a considerable part of his time in working for his church. He is a member of Bethesda Presbyterian Church where he serves as Trustee and President of Board of Deacons.

Mr. Aubinoe's operations have extended as far away as Leopoldville, the capital of the Belgian Congo. There he helped construct a luxury apartment building for the Belgian government, intended to attract mining and industrialists to the area. Mr. Aubinoe's firm planned the project and supplied a supervisory construction crew.

The newest member of the Board of Regents began his career as an engineer with the Rust Engineering Company. At REC, he worked on the Dam Filtration and Water Works at Patton, Pennsylvania. He was employed as an engineer in the Ford Assembly Plant in Norfolk, Virginia, and then returned to Washington to take a position as engineer for the Washington Railway and Electric Company. Later he joined the firm of Cafritz Construction Company as Architect and Manager of Construction. He was employed by this firm until 1938 when he established his present business.

### B. HERBERT BROWN

and the Baltimore Association of Commerce.

Because of his experience and interest in education, the Board's Secretary and Athletic Committee Chairman states that he thoroughly enjoys his service as a member of the Board of Regents. He relates the following as his outstanding experience as a member: "I believe that the most startling experience I have had as a member of the Board happened when Dr. H. C. Byrd announced his intention to resign. It seemed to me that Curly and the University of Maryland were synonymous, that his roots were so deep in College Park that nothing would pull him away.

"A most pleasant realization occurred when it became obvious that President Wilson H. Elkins would give the University dependable academic leadership and also favor strong varsity athletic teams."

In regard to his recent contributions as a member of the Board, Mr. Brown explains: "I am glad for the part I played in helping the Golf Course and the Office of Endowment and Development get under way. I know that these two functions will help the students and faculty of the University of Maryland for many years to come."

### EDMUND SIDNEY BURKE

His real hobby is his Connecticut farm where he raises pedigreed cattle

and has developed into a full-fledged dairy farmer—in absentia.

We quote the following as Mr. Burke's most vivid memory of the campus:

"The drama unfolded in Byrd Stadium October 19, 1957 as the bruised, but unbowed Maryland Terrapins spotted the rugged North Carolina Tarheels seven points and then swept back in the second half to a 21-7 victory, stands out more vividly among my experiences as a member of the University of Maryland Board of Regents. Watching protocol shredded as the enthusiastic team presented their deserving coach, Tommy Mont, to Queen Elizabeth and Prince Philip before 43,000 roaring fans only heightened that drama." About his Connecticut farm, Mr. Burke says:

"The brief periods I can spend away from the challenges of today's automobile and truck tire market are usually spent with my wife at our farm near Woodbury, Connecticut. There, over a hundred purebred dairy cattle produce over 250,000 quarts of milk annually. In spite of its modern conveniences, the farm is far from a push button existence. Although the personal hobby of my farm may sound otherwise, I am not, I assure you, like the man who left a farm, then worked hard all of his life for the privilege of returning to a farm."

#### EDWARD F. HOLTER

hart Post No. 51 of the American Legion, and Past President of the Middletown Lions Club. He served two years (until resignation July 1, 1957) as an elected member of the Board of County Commissioners of Frederick County. He has served on several committees, boards and commissions at the state level in Maryland as a representative of agriculture. He is a Director of the Board of CARE; a member of "The United States National Commission for UNESCO"; Vice Chairman of the Farm Conference of the National Safety Council; and President of Farmers and World Affairs, Inc.

Concerning his affiliation with the University's Board of Regents, Mr. Holter states "The opportunity to know and work with the very high caliber individuals who have served on the Board of Regents during this period is, in itself, a wonderful experience.

"I think the most satisfying thing, to me personally, is seeing the scholastic standing of the University raised to higher standards under the very able administration of Dr. Wilson H. Elkins."

## College of AGRICULTURE

A. B. Hamilton

### SPACE FOR AGRICULTURE?

Livestock faculty members, students and producers in the State have dreams of a new animal industry building on the campus. Representative Richard E. Lankford of Maryland has introduced a bill in the Federal Congress to return the 14 acres of Federal owned land to the University of Maryland.

The bill would return the land and also allow the purchase of the buildings now occupying it. The buildings are known as the Bureau of Mines and Bureau of Commercial Fisheries. Legislation has been started in Maryland to appropriate \$1,045,000 to purchase the buildings for use by the College of Agriculture.

### POULTRY SPECIALIST

Dr. Richard D. Creek of Purdue University, Indiana, has been appointed to the staff of our Poultry Department as Assistant Professor in Poultry Nutrition. He succeeds Dr. G. L. Romoser who has joined the Monsebt Chemical Company in St. Louis, Missouri.

### DEAN HUFFMAN

Dr. Roy E. Huffman has been appointed Dean of Agriculture at Montana State University. Huffman received his Master of Science degree from the University of Maryland, Department of Agricultural Economics in 1939. During the past three years he has been Head of the Department of Agricultural Economics at Montana. He takes the place of Dean M. M. Kelso who retired.

### KISSINGER MAKES GOOD

When a dean compliments another school for sending them a good student it is news. A letter from Dean Smith of the University of California School of Public Health complimented our Department of Entomology for sending them Dr. David Kissinger (M.S. '55 and Ph.D. '57). The good Dean said, "We congratulate you on having such an able colleague, and we consider ourselves fortunate in being privileged to have him in our academic family this year."

### FUTURE FOOD NEEDS

Agronomists of the future face a real challenge in developing new crop and

soil practices to meet the demand for more food from about the same number of acres that are being cultivated now, according to Dr. Robert E. Wagner, Head of the Agronomy Department.

He pointed out the important role that agronomy must play in the years ahead as he spoke before the opening session of an agronomy short course held at the University. The three-day course was held for professional agricultural workers such as county agents, fertilizer and seed dealers and salesmen and soil conservationists to bring them up to date on new developments and to give them a review of agronomic principles.

It has been widely predicted, Dr. Wagner noted, that requirements for agricultural products in 1975 will be about one-third higher than current levels of production.

#### TO CORNELL

Some people are like birds; they migrate north. At least two more have gone to Cornell for graduate study: Conrad Liden is majoring in Extension Education under the Ford Foundation program; and Phil Kearney is in agronomy. Both are working on doctorates.

#### EL RANCHO

Donald Colbeck, '47, has purchased a ranch of over 4,000 acres near Rio de Janeiro, Brazil; he and his wife are now developing a herd of 1,500 beef cattle.

#### CANAL ZONE TEACHER

George E. Villalobos, '47, is teaching at the University of Panama, Canal Zone.

#### LONG COUNTY AGENT

Joseph C. Long, '29, has been appointed Agricultural Agent for Island County, Coupeville, Washington.

#### NEW YORK BANKER

Dr. Norman Urquhart, M. S. '37, in Agricultural Economics, has been appointed Associate Economist at the First National City Bank of New York, where he has been for the past six years.

#### SHIGETA FROM HAWAII

James Shigeta, '50, from Hawaii, is doing graduate work at the University of Wisconsin. Following graduation he served as County Agent, and then as Assistant 4-H Club Leader for Hawaii. Recently he has been in charge of the training of Agricultural technicians from the Far East who were on their way to study in the United States.

HARRY JAMES CONTRACTOR

Harry Lee James, Agricultural Education '49, is a field engineer for McLean Contracting Company of Baltimore. He married the former Nancy Righter of Baltimore and lives at Street, Maryland.

WALLACE OHIO AGENT

Marion Wallace, '29, is Agricultural Agent for Montgomery County, Ohio and is located in the Commercial Building, 44 S. Ludlow St., Dayton, Ohio.

SKIN YOU LOVE TO TOUCH

Because there is considerable controversy in the broiler industry over skin color in birds, the Poultry and Agriculture Economics Departments here at the University of Maryland conducted a survey in Baltimore stores to get consumers' reactions.

Birds were artificially colored with a vegetable dye, with colors ranging from white to deep yellow. The pigment used made it impossible to discern whether the birds were artificially or naturally colored. As customers came into the stores they were polled as to their preference in broiler skin color, and they were also asked what factor they associated with skin color. A total of 850 persons were polled.

The white and deep yellow colors both rated higher than the in-between colors. With birds numbered one (white) to four (yellow) on the basis of color, 27.1 percent of the consumers preferred No. 1 birds, 19.4 percent preferred No. 2 birds, 16.7 percent preferred No. 3 birds and 36.8 percent preferred No. 4 birds.

It's doubtful if broiler producers can affect retail sales volume by controlling the skin color of birds, because some consumers prefer white skins while others prefer yellow skins—and normal variations in skin color apparently gives the consumer an opportunity to buy what he prefers.

STALEY FARM AGENT

Joseph L. Staley, '35, Agricultural Economics, has been moved up from Associate County Agent in Wayne County, Pennsylvania to County Agent in Pike County.

Native of Knoxville, Maryland, he prepared for college at Brunswick High School. Following graduation from the University of Maryland he did sales work for the American Agricultural Chemical Company for over five years and then moved into the Extension Service in Pennsylvania.

Staley has been active in all phases of extension work and twice was chair-

man of the Northeast Regional 4-H Dairy Show at Tunkhannock. In announcing his appointment as County Agent, Dr. H. R. Albrecht, Extension Director said, "We wanted a man who could continue the good work done by the Extension Service in Pike County and Staley can do the job".

#### GO WEST

There must be a strong attraction to the West Coast as three of our faculty members are forming a caravan to take their families and technical talents to Oregon State Agricultural College, Corvallis.

Dr. Edgar A. Day will be Associate Professor of Dairying. Dr. Charles W. Griffin is transferring to the Department of Bacteriology, and Andrew A. Duncan will be Extension Vegetable Specialist, at Oregon State.

#### ALLARD JOINS ARS

Howard F. Allard with 17 years experience in overseas agricultural work and most recently with ICA in Tinga Maria, Peru, has joined the ARS Office of International Relations to assist with the development of horticultural and agronomy programs for foreign nations.

#### RETIRES FROM DUPONT

Richard C. Williams, '14, for many years national automotive sales manager of the DuPont Company's Fabrics and Finishes Department, retired January 31 after a career of more than 40 years with the company. His career with DuPont began in 1917 when he joined the company as a chemist at the Experimental Station in Wilmington, Delaware.

He was guest of honor at a dinner given at Wilmington Country Club by his friends and associates in the Fabrics and Finishes Department.

#### HEADS REPUBLIC SUPPLY COMPANY

Mr. W. J. McWilliams, '38, was recently promoted to the position of President of Republic Supply Company. The company is a major supplier to the oil, gas, chemical and mining industries covering a ten-state area in the

mid-continent region of the United States. It operates through 45 store points and 10 sales offices.

Mr. McWilliams was born in Indian Head, Maryland. He entered the service in 1941 as a Second Lieutenant and was discharged in 1946 as a Lieutenant Colonel. After World War II, Mr. McWilliams served a short while as Assistant to the President of the University.

In 1953-54 he attended the National War College, after which he was assigned as Special Assistant to the Assistant Secretary for Economic Affairs in the Department of State.

Mr. McWilliams left government service late in 1954 and accepted an appointment as Corporate Secretary and Assistant to the President of Republic Supply Company. He was elevated to Vice President in charge of Operations and Sales in 1956.

### ACTIVITIES IN THE DEPARTMENT OF MUSIC

The University Opera Workshop, a joint venture of the Music and Speech Departments, presented its first performance in January of this year. Hard work on the part of the group produced a remarkably successful evening of chamber opera. The two works, Telemann's "Il Pimpinone" and Milhaud's "The Poor Sailor," were performed with a great deal of style and understanding. The performers were rewarded with critical acclaim by both local and national critics.

The Department is humming with the usual second semester rush. Numerous concerts, recitals and programs are in preparation involving practically every organization and individual in the Department.

The All Maryland Band, Orchestra and Choral Days, during March and April, will bring thousands of students to the campus from the junior high and high school level. These performances offer the students an opportunity to display the results of their work in the various school activities.

The large number of students who appeared for the tryouts for the Spring Musical was most gratifying and also very encouraging. The show chosen for presentation this year is the ever-popular "Oklahoma!" Only with the continued interest and enthusiasm of the student body can such a production be successful.

On Sunday, February 23, Phi Mu Alpha Sinfonia, the largest professional musicians fraternity in America, initiated a chapter at the University. It is a pleasure to welcome Sinfonia to the

campus, to congratulate the new members and to wish them success in their fraternal future.

The amount of interest shown in the Choral Workshop to be presented at the University this summer by Margaret Hillis indicates that this may be one of the most exciting things to happen in this area for some time.

Hugh Henderson, Director of the University Band, will be an adjudicator of the finals division of the 37th Annual North Carolina State Music Contest in Greensboro, North Carolina April 15 and 18; and Rose Marie Grentzer will be off to the MENC Convention to be held in Los Angeles in March.

#### PARTICIPATE IN SYMPOSIUM

Dr. Michael J. Pelczar, Jr., Professor of Microbiology, participated in a symposium at the 58th General Meeting of the Society of American Bacteriologists held April 27-May 1, 1958 in Chicago, Illinois. The subject of the symposium was "Phenolics as Antimicrobial Agents." Dr. Pelczar and Mr. Charles W. Griffin, Graduate Assistant in the Department of Microbiology, presented a paper at this meeting on "survival of microorganisms when dispersed as aerosols."

Dr. Raymond N. Doetsch, Associate Professor of Microbiology, and Mr. Ronald J. Gibbons, Graduate Assistant in the Department of Microbiology, presented a paper at the Chicago meeting titled "obligately anaerobic urea-hydrolyzing bacteria in the bovine rumen."

#### DR. GORDON REPLACES DR. WARREN

Dr. Francis B. Gordon, Head of the Division of Virology, Naval Medical Research Institute, Bethesda, Maryland, will replace Dr. Joel Warren as Visiting Professor in the Department of Microbiology. Dr. Gordon received his B.S. degree at Illinois Wesleyan, 1927; Ph.D., Chicago, 1936; M.D., 1937. Instructor of Bacteriology, Chicago, 1936-39; Assistant Professor, 1939-43; Associate Professor, 1943-47; Professor, 1947-48. Division chief biolabs., Chemical Corps, Camp Detrick, 1948-54. Head, Division of Virology, Naval Medical Research Center, 1954. Rockefeller Foundation fellow, National Institute of Medical Research, London, 1938-39; lecturer, Maryland, 1951, 1953; special lecturer, George Washington, 1951. Managing editor "Journal of Infectious Diseases," 1941-48; advisory editor, 1948; member Microbiol. panel, Office of Naval Research, 1951;

## Department of AIR SCIENCE

### ASSIGNED AT PENN STATE

Major Oliver V. Robichaud, Military Science '54, has been assigned to duty with the Air Force ROTC detachment at Pennsylvania State University.

Major Robichaud received the degree of Master of Business Administration from George Washington University. Prior to his new assignment, he was Manpower Officer at Naha Air Base on Okinawa.

### MILITARY SCIENCE GRADS SHINE AT HARVARD

Twenty-four of the thirty-four University of Maryland graduates who have attended the Harvard University Graduate School of Business Administration since World War II are holders of degrees from the College of Military Science. This fine record was announced recently by Dr. Les Rollins, Assistant Dean of the Harvard School of Business Administration.

One of the Military Science graduates, according to Colonel James Regan, Jr., (USA Retired), Acting Dean of the Maryland College of Military Science, is Colonel Charles F. Austin, recently a guest professor at Harvard. Colonel Austin earned his degree from the Harvard Graduate School "with distinction" in Business Administration.

## College of BUSINESS AND PUBLIC ADMINISTRATION

*John A. Daiker*

### SENIOR AWARDED ROTARY FELLOWSHIP

John W. Dorsey, Jr., a senior economics major, has been awarded a Rotary Foundation Fellowship for advanced study abroad during the 1958-59 academic year.

The fellowship, which is provided by Rotary International, is one of 113

awarded to outstanding students from 30 countries. Providing transportation, tuition, books, room, board, incidental living expenses and an allowance for travel in Europe, the fellowship leaves the choice of educational institution entirely to the individual. Mr. Dorsey has chosen to attend the London School of Economics at the University of London.

He recently won the Phi Beta Kappa Association Scholarship for his outstanding work at the University. In June he will receive his Bachelor of Science degree in Business and Public Administration.

Currently, Dorsey is President of Phi Eta Sigma, scholastic honorary; Secretary of Omicron Delta Kappa, national leadership honorary; Men's League President and Chairman of the Student Government Association Election Board. He holds a seat on the Student Government Executive Council and on the Faculty Senate Committee on Student Life.

#### DR. AHNERT ACTIVE

Dr. Frank O. Ahnert, Assistant Professor of Geography, has had a paper on the geography of Washington, D. C. published by a German geographic periodical. (*Erdkunde*, 1958, pp. 1-26).

Dr. Ahnert has also been awarded a grant by the University's General Research Board for studies on the morphology of cuesta landscapes in New Mexico, Arizona and Utah, to be undertaken this summer.

#### DR. WRIGHT PARTICIPATES

Dr. Howard W. Wright, Professor of Accounting, has been selected to participate in a nation-wide seminar on New Developments in Business Administration. Sponsored by the Ford Foundation, the seminar will be held at Williams College, Williamstown, Massachusetts during the entire month of August.

#### PLANS FOR CURRICULUM REVISION ANNOUNCED

The revision of the curriculums for the Department of Office Techniques and Management in the College, has been released by Dr. Arthur S. Patrick, Head of the Department.

The revision calls for the name of the Department to be changed to that of Department of Office Management and Techniques. The special curriculums for which the department is responsible in administering are the Management Through Integrated Data Processing and the Executive Secretarial Programs.

## Maryland's Playground Beckons Us

By SALLY LADIN OGDEN

Ocean City, Maryland, for years has been the favorite of Marylanders and now with the many new hotels and motels to choose from, since the era of the Bay Bridge, "our own playground" is more enticing than ever.

In the past few years along the routes to the shore, many new restaurants, hotels and motels have sprung up which are above average. Leaving Baltimore or Washington by way of the Bay Bridge there is a delightful dining spot on U. S. 50 called THE CAPTAIN'S TABLE, operated by Mr. Sol Bloom. Here you can dine in splendor and relax among beautiful surroundings on your way to and from the beaches.

Approaching Ocean City, happy vacationers travel over the new dual highway and are met with a gentle southerly breeze and the salt-scented air which immediately makes one forget the hot city and one's everyday cares.

The beach at Ocean City is considered one of the safest beaches along the entire Eastern seaboard and parents can relax while children play along the gentle sloping strand of white sands.

The water is invigorating and one finds renewed energy and a zest for living at our own playgrounds. Needless to say, appetites soar but here again Ocean City and its fine restaurants and hotels claim some of the finest southern chefs.

THE GEORGE WASHINGTON HOTEL, owned and operated by Mr. and Mrs. Franklin Hastings, is one of the beach's finest hotels. The splendor and plush of yesteryear abound in this gracious resort hotel where the food and service ranks among the best.

HARRISON HALL, the beach's newest hotel, is owned and operated by Mr. and Mrs. G. Hale Harrison. Within the past few months a large convention room and forty bedrooms have been added to this very modern hotel. Every room faces the ocean or the bay and some have views of both. The Harrisons are genial hosts and their food is excellent.

THE LANKFORD HOTEL, owned and operated by Miss Mary B. Quillan, is one of the fine old hotels where the true flavor of southern hospitality prevails. Miss Quillan has operated the Lankford for many years and her guests return year after year.

THE STOWAWAY MOTEL, ultra modern, owned and operated by Mr. William H. Carrier, is located at the far north end of the beach. Here you'll enjoy the impressively beautiful appointments of the motel as well as the quiet of the beach. A swimming pool provides the extra pleasure for those who prefer it. The food is delightful.

THE ROOSEVELT HOTEL is owned and operated by Mr. and Mrs. E. F. Fleming. For years it has been considered one of the outstanding hotels on the beach. It is ideally located to all of the activities and is a pleasant place to relax and enjoy a leisurely vacation.

SEASIDE MOTEL, owned and operated by Mr. and Mrs. Norman Bunting, offers the vacationer peace and tranquility where one can meditate and dream to the strains of the soft ripple of the sea.

MERIDEL MOTEL is owned and operated by Mr. A. Percy Holland. Here the vacationer will find a delightful spot to repose in the calm of the shores' beauty.

A "must" at Ocean City is BOB CHING'S RESTAURANT, operated by Mr. Ching. For many years visitors have been delighted with the deliciously different Chinese and American dishes which he personally prepares. Mr. Ching is an amiable host who also operates Bob Ching's Restaurant at Lake Worth, Florida, during the winter months.

Free Parking for Lunch and Dinners

# For Maryland

By SALLY LADIN OGDEN

WHILE in the Nation's Capital, there are three outstanding dining places which have received national acclaim. They are the RIVE GAUCHE, PLACE VENDOME and THE OCCIDENTAL.

The RIVE GAUCHE, located at 3200 M Street, Northwest, and the PLACE VENDOME, at 722-17th Street, Northwest, are Washington's finest French restaurants, both operated by Blaise Gherardi, a Parisian. The Place Vendome, which has won the Holiday Magazine award for two successive years, was Mr. Gherardi's first venture in the restaurant business in Washington. It's success prompted him, in the spring of 1957, to open the very beautiful Rive Gauche, truly a bit of Paris in old Georgetown.

As you enter this very fine dining establishment, you will be intrigued with the beautiful French paintings and prints. The entire far side of the room is a painting of gay "Paree," and the original site of the Parisian Rive Gauche. Wall to wall carpeting has an impressive all over pattern of a Coat of Arms inscribed "Fluetuat Me Mergitur" meaning "Still Afloat—Will Never Sink."

The menu is printed entirely in French and the food is simply superb. Chefs and dining room personnel are all French.

# Women

There is an attractive private dining room for intimate parties and here, too, are more of Mr. Gherardi's fine French paintings.

THE OCCIDENTAL RESTAURANT located at 1411 Pennsylvania Avenue, Northwest, is internationally known and is listed as one of the top ten restaurants in the United States today. Here you have an interesting old dining house which has celebrated its one hundredth birthday, still carrying on in the grand manner for which it has been famous throughout the years.

The firm now, under the able direction of Herman "Sonny" Price, president, was purchased from the late Gus Buckholtz family in 1953. Miss Fay Price, sister of the president, is his able assistant and manager. Between them they have preserved the fine collection

of photographs and mottoes which were Mr. Buckholtz's "Gallery of Notables" and "Wisdom of the Greats."

The gallery is a priceless collection of signed portraits of some of the most celebrated people of the century.

Known in the beginning as The Thompson-Owens House, this famous old restaurant catered to such dignitaries as Abraham Lincoln, Ulysses S. Grant and other famous people of pre-Civil War days.

There are few people living today who can remember the Old Thompson-Owens House and fewer who can recall the old Pennsylvania Avenue Canal with its mule drawn barges moving slowly down from Georgetown to the southwest part of the city.

Mr. Gus Buckholtz purchased the old Thompson-Owens House in 1912 and changed its name to the Occidental. Mr. Buckholtz was a cordial host and, during the years which he operated the restaurant until his death in 1924, he collected his "Gallery of Greats" including photographs of such notables as Woodrow Wilson, The Duke of Windsor, Admiral Perry, Winston Churchill, Charles Lindbergh, Thomas A. Edison, Buffalo Bill, "Teddy" Roosevelt and many others. Mr. Buckholtz made them members of his "Join the Picture Club". This famous collection which numbers into the thousands, is insured by the Price Management for a million dollars. Mr. Price says that this collection is invaluable as it would be impossible to duplicate or replace it.

401 N. CHARLES at Mulberry

The main dining rooms remain as they have been for years. The first electric stove installed in the Washington area still adorns the north dining room and is used daily to brew international coffee.

William Mueller, the Swiss chef of over 20 years with the Occidental, continues to prepare the very fine foods for which the restaurant's reputation has made it the choice of thousands for many decades.

The mottoes in the dining rooms are wonderful bits of knowledge but one we like best is "Let no one beguile you with dreams of idleness, Life without toil, if possible, would be an intolerable existence. Work is the sublime luxury of life."—Warren G. Harding.

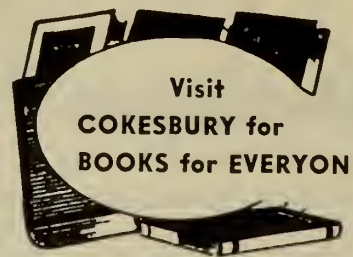

Anytime is the time for reading a good book and recommended by Mr. Alfred C. Choin, manager of the COKESBURY BOOK STORE, as "good reading" for the next few weeks are the following:

Through these programs the Department attempts to extend the ability to students to solve current business and governmental problems through the use of the scientific method by offering courses that will enable the student to develop and participate in the "Science of Management" and a knowledge of the managerial processes.

Highlighting the revisions and additions are the courses in Automation and Management Problems, Management and Office Operations, Data Processing for Internal Control and Electronic Data Processing Systems which have been added to the curriculum. These upper division courses in management and executive training have been kept as free from prerequisites as possible, so that more students may have an opportunity to elect these courses while pursuing an area of special interest.

Freshmen will now be permitted to enroll in courses in the shorthand series. These courses were previously open at the sophomore level. These changes will become effective at the beginning of the 1959-1960 academic year.

#### PUBLISH BOOK

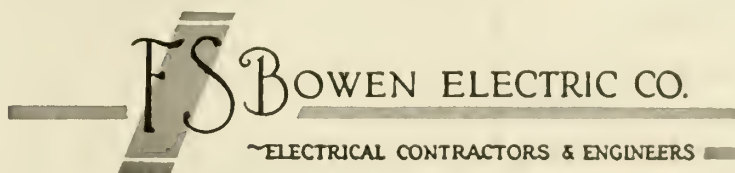

Dr. Dwight L. Gentry, Associate Professor, with Hugh G. Wales of the University of Illinois and Max Wales of the University of Oregon, has recently had a book published, *Advertising Copy, Layout, and Typography*.

#### GRADUATES INVITED TO JOIN ALUMNI PRESS CLUB

University of Maryland graduates now engaged in journalism or public relations work are invited to join the new Maryland Alumni Press Club. President George Cheely has announced. The organization consists not only of those who majored in journalism or public relations, but any alumni who are engaged in any phase of those two fields.

Those who would like to join the Press Club should send their one dollar yearly dues to Jim Coyne, Treasurer, 8209 Meadowbrook Lane, Chevy Chase 15, Md. or to Dr. D. Early Newsum, Executive Secretary. Dr. Newsum is a faculty member of the Department of Journalism and Public Relations.

Objectives of the Club are to render

### REPORT ON THE HARRINGTON FUND

A recent anonymous gift of \$459.50 has brought the total of the Albert A. Harrington Student Loan Fund to \$1336.28. Dr. Osear W. Meyer, '25, of Hasbrouck Heights, N. J., who has been a very generous contributor, has already given \$200 of a pledged \$250. The Fund was created by his fellow New Jersey alumni as a tribute to the memory of Dr. Harrington, '10, who died on August 24, 1953. The Fund has rendered a valuable service to a host of appreciative students of the School who have been given temporary financial aid by the Fund.

#### FOURTH YEAR OF TAYLOR SCHOLARSHIP

The E. Benton Taylor Scholarship, which was presented to the School on September 21, 1954, is in its fourth year and has been awarded to members of each of the four classes now in session. An outstanding award in dental education, the Scholarship was conceived and arranged by Mrs. E. Benton Taylor to perpetuate her husband's faithful interest in the students of the School.

The Scholarship was first awarded at the beginning of the 1954-1955 academic year to George L. Plassnig, of Baltimore, a member of the Class of 1958. Other recipients of the Scholarship are John W. Myers, of Fairplay, Md., Class of 1959; Alvin J. Snyder, of Baltimore, Class of 1960; John G. Goette, Jr. of Reisterstown, Md., and Donald A. M. Brown, of Landover Hills, Class of 1961, who received a joint award.

#### WASHINGTON ALUMNI BREAKFAST

*By Joseph P. Cappuccio*

A very successful Alumni breakfast of the National Alumni Association of the Baltimore College of Dental Surgery, Dental School, University of Maryland was held at the Shoreham Hotel on Tuesday March 11, 1958. This breakfast was held in conjunction with the Post Graduate Clinic of the District of Columbia Dental Society.

Approximately 85 alumni and guests were present from various sections of the east coast. This meeting marked the largest gathering to attend a Washington, D. C. alumni breakfast.

This affair was under the direction of Dr. Ashur G. Chavoor, a graduate of the Class of 1948.

Seated at the head table were Dean Myron S. Aisenberg, Dr. Edwin G. Gail, President-elect of the National Alumni Association, Dr. Frank Hurst, Past-President of the National Alumni Association, Dr. Kyrle W. Preis, Editor of the National Alumni Association, Dr. Melvin H. Colvin, President of the District of Columbia Dental Society, Dr. Ashur G. Chavoor and Dr. Joseph P. Cappuccio, Secretary of the National Alumni Association, Miss Katharine Toomey, administrative secretary to the Dean.

Due to illness, Dr. Daniel E. Shehan, President of the National Alumni Association, was unable to attend. Dr. Cappuccio represented Dr. Shehan on behalf of the National Alumni Association and he brought greetings from the President.

Dr. Chavoor, as Host-chairman, gave

a word of greeting and welcomed the many alumni members present at the meeting. He introduced, Dr. Cappuccio who served as toastmaster. Dr. Colvin was introduced as President of the D. C. Dental Society and as a graduate of the Dental School, University of Maryland. Dean Myron S. Aisenberg was called upon to report on the activities of the dental school. He informed the alumni of the many changes that are occurring at the dental school and that the School will offer its first Post-Graduate course in Endodontics during the summer. Dr. Gail, the President-elect, informed those present of the breakfast meeting to be held in Dallas, Texas during the ADA meeting. He asked that the alumni continue to support its association which seems to be growing in number each year.

The Secretary, Dr. Cappuccio, reported on the activities of June Week to be held on June 4, 5, 6, 7, 1958. He stated that many alumni sections are in the process of organizing. At present there are two official alumni sections, the New Jersey alumni Section and the Rhode Island Alumni Section. It is hoped that there will be new sections organized in West Virginia, North Carolina and Florida.

Among those introduced were Dr. Daniel F. Lynch, a Past-President of the ADA and Dr. James H. Ferguson, Jr., a Past-President of the American College of Dentists. Both of these distinguished gentlemen are graduates of the Dental School, University of Maryland.

Dr. Hurst, a Past-President of the Association, and Dr. Kyrle W. Preis, the Editor of the Association, were given a fine ovation when they were introduced from the head table. The largest ovation was reserved for Miss Katharine Toomey, who is loved and revered by all of our alumni for the many nice things she has done throughout the years. Also introduced as hard working members of the Association, Dr. W. Paul Hoffman, Dr. J. P. Fitzgerald, Dr. George B. Clendenin who were very active on the Constitution and By-laws Committee of the Association. These men contributed greatly to the newly proposed Constitution and By-laws of the National Alumni Association.

Mr. Phil Taylor, the Director of Visual Education, Dental School, University of Maryland, must be congratulated for the excellent job that he accomplished photographing this most memorable breakfast meeting.

This meeting will long be remem-

DEAN AISENBERG HONORED BY  
NEW JERSEY ALUMNI

The New Jersey Alumni Association honored Dean Myron S. Aisenberg at the Association's annual dinner held in Newark on February 8. Among the 125 who attended was a large representation from the Baltimore area. Also present were Dean Maxwell of the Seton Hall, Dental School, Dean Wilson of the Fairleigh Dickinson Dental School, Dr. Frost, President of the New Jersey State Board of Dental Examiners, and Dr. Schweikhardt, Secretary of the Board.

Those attending from Baltimore were G. M. Anderson, A. Bell, R. Palmer, D. Shay, J. H. Ferguson, Jr., W. Kress, Elmer Hoffman, W. Graham, W. Ramsey, D. V. Provenza, E. G. Vanden Bosche, I. Abramson, W. R. Biddington, J. E. Pyott, A. D. Aisenberg, B. Pollack, R. Leonard, C. L. Inman, Sr., D. E. Shehan, J. Cappuccio, K. Preis, C. A. Bock, C. A. Schulthers, L. Emmart, and G. Clendenin.

Dr. Aisenberg was presented with a plaque upon which is engraved this tribute: "Presented to Dr. Myron S. Aisenberg in recognition of his many years of unselfish service to the dental profession and in appreciation of his devoted efforts in behalf of our alumni."

#### GIFT TO SCHOOL FROM N. J. ALUMNI

The New Jersey Alumni Association recently presented to the School a Page-Chayes handpiece. It has been placed in the Department of Crown and Bridge. This gift reflects the fine spirit of loyalty which has been consistently demonstrated by the New Jersey group.

#### MARISTANY AND LOPEZ-SOTO HONORED IN PUERTO RICO

A recent issue of the *Revista Dental*, publication of the College of Dental Surgeons of Puerto Rico, paid a fine tribute to Dr. Carlos F. Maristany, a member of the University of Maryland Class of 1918. A Past President of the College and a Fellow of the American College of Dentists, Dr. Maristany is described as one of the most valuable and substantial dentists of Puerto Rico. Since his graduation Dr. Maristany has been a most loyal alumnus and has brought a reflection of great personal respect and high professional standing to his alma mater.

In another issue the *Revista Dental* cited the outstanding professional status of Dr. Augustin Lopez-Soto, '46—"dynamic defender of the dignity of the profession and enthusiastic participant in the social and civic activities of Arecibo." Dr. Lopez-Soto is a Past President of the Arecibo District Dental Society and Past Commander of his American Legion Post. He has practiced in Arecibo since his discharge from the Army in 1948.

#### College of EDUCATION

M. Marjorie MacMurray

#### DR. DORN TAKES POST

Dr. Wesley N. Dorn, who received his M. Ed. from the University, has been appointed supervisor of instruction in the State Department of Education.

Dr. Dorn received his A. B. degree from Gettysburg College, and his D. Ed. from Teachers College, Columbia University. He has also had a year of

(Continued on next page)

graduate study in Latin at Princeton University.

#### DR. GORE A STAFF MEMBER

Dr. Lillian L. Gore, Ed.D. '54, is a staff member of the Primary Division of the U. S. Office of Education. Dr. Gore is on leave from her position of Elementary Supervisor, Montgomery County Schools, Rockville, Maryland, for the academic year 1957-58.

#### DR. SCARBOROUGH AT TEXAS

Dr. Olive Renfroe Scarborough, Ed.D. '52, is now Assistant Professor of Educational Psychology, University of Texas, Austin, Texas. Formerly Dr. Scarborough was a staff member of the State Department of Education of Georgia, Atlanta, Georgia.

#### EDUCATION PLACEMENT SERVICE

In the spring of 1957, a teacher placement service was instituted in the College of Education for graduates of the session. The service is intended to benefit both University graduates and superintendents of the State in staffing Maryland's schools. All seniors completing professional requirements for a Maryland teaching certificate may make use of this service which supplements that provided by the University Office of Placement. Activities engaged in during the current year include:

Cooperation with the University Placement Service on national teacher placement.

Establishment of files of application

## YOU TOO

Can join in the fight against Childhood Nephrosis, a serious kidney disorder that proves fatal to one-half its young victims.

Money is needed now for research projects, better clinics for the treatment of Childhood Nephrosis, Nephritis and allied kidney disorders, and for direct patient aid.

You can help now by joining your local affiliate of

blanks and information on many school systems.

Maintenance of a bulletin board listing recent job openings, salaries and general teacher placement information.

Arranging on campus placement interviews with school system personnel officers.

Cooperation in planning Annual Education Forum of the all—University Career Week.

Placement counseling for special employment problems.

Maintenance of credentials folders on graduates available to school hiring officers.

Coordination with Maryland school officials in bringing jobs and people together.

Cooperation with college staff in phases of pre-service preparation relating to placement.

University entering the teaching program. More than 450 people have listed their names with the placement service since its beginning.

It is hoped that these services may be extended to former graduates and advanced degree candidates as the program expands and facilities become available.

### DENEMARK TO BECOME DEAN

George W. Denemark, Assistant Dean and Professor of Education in the College of Education, will be leaving the University this summer to assume the duties of Dean of the School of Education at the University of Wisconsin, Milwaukee. The Wisconsin School of Education staff currently numbers fifty-five, thirteen of whom are teachers in the Campus school, a kindergarten through grade eight laboratory school completed four years ago.

During his two-year tenure at the University of Maryland Dr. Denemark served as Director of Undergraduate Teacher Education and coordinated student teaching activities in the College of Education. He came to Maryland from four years service as Executive Secretary of the Association for Supervision and Curriculum Development, a department of the National Education Association.

Dr. Denemark is originally a middle westerner, having been born in Chicago and attended the Universities of Chicago and Illinois.

for Outstanding Achievement in Business Education.

This award is sponsored jointly by the Smcad Manufacturing Company and the United Business Education Association, N.E.A. and is presented with the hope that it will stimulate professional interest and development through active participation by young business educators in professional organizations.

While a student in William Penn High School, York, Pennsylvania and at the University of Maryland, Miss Silar was active in such organizations and activities as: National Honor Society, Latin Society, French Club, Clio Literary Society, Thespian Dramatic Society, Student Government, Yearbook staff, Red Cross, and Youth Fellowship groups in her church.

Beverly plans to accept a position for the fall of 1958, in a public high school, to teach business subjects.

**DR. HYMES ADDRESSES NEW YORK GROUP**  
Dr. James L. Hymes, Jr., Chairman of the Childhood Education Department, was the Luncheon Speaker at the Joint Annual Conference of the New York State Association for Childhood Education and the New York State Association for Nursery Education in Rochester, New York, on March 22. In recent months he also spoke at an in-service meeting of the teachers of Allentown, Pennsylvania and has been a Danforth lecturer at Trenton, New Jersey State Teachers College.

#### MISS GLASS IN NEW ORLEANS

Between semesters Miss Christine Glass attended an interdisciplinary conference, sponsored by the Ross Laboratories and planned by the Medical School of Tulane University in New Orleans, Louisiana, on the "Child at Law." From New Orleans she made a hasty trip to Chichen Itza and Uxmal, Yucatan to visit the famed Maya ruins.

#### DR. ULRY PARTICIPATES

Dr. Orval L. Ulry participated in the Teacher Education section of the Northeastern Ohio Teachers Association annual meeting in Cleveland, October 26 and 27, 1957. As moderator of a panel discussing "Working Together To Provide Better Teacher Education," Dr. Ulry gave a brief introductory presentation identifying pertinent problem areas for the panel members to discuss.

Dr. Ulry represented the College of Education at the recent national meeting of the American Association of Colleges for Teacher Education, held in the Conrad Hilton Hotel, Chicago, February 20-22, 1958. As a contributor

of the thirty-seventh yearbook of the Association for Student Teaching and the National Society of College Teachers of Education, Dr. Ulry was a guest of the Executive Board of the Association at an "Honors Breakfast" on Saturday morning, February 22, 1958.

At the Adelphi Elementary School Parent Teachers Association meeting on April 1, Dr. Ulry spoke on the topic "Science Curriculum for the Elementary School."

On Thursday and Friday, March 13 and 14, Dr. Ulry attended the Second National Conference on Aviation Education and Eighth Annual Conference of National Aviation Education Council. This meeting was held in the Mayflower Hotel, Washington, D. C. The general theme of this conference was "Aviation Education: Its Past, Present and Future." Of particular interest was the Friday morning session reports on aviation education practices in the field. Reports of practices were given from: Brightwood School, Washington, D. C.; Franklin School, Richmond, Virginia; Clover Park School, Takoma, Washington; Burroughs Junior High School, Detroit, Michigan; Forest Hill School, Akron, Ohio; and Kansas State Department of Education.

Dr. Ulry also attended the National Convention of the National Science Teachers Association held in Denver, Colorado, March 26-29, 1958. On Friday, March 28, he participated as a panel member presenting material on the general subject of "How Can We Use the Knowledge of Current Science to Improve Science Teaching in the Junior High School?" On Saturday morning he presented a paper entitled "A New Design in Teacher Education for Prospective Science Teachers," before the College-level section of the "Here's How I Do It" meetings.

### STUDY OF THE HIGH SCHOOL

The University of Maryland through Dr. Orval Ulry is cooperating with the State of Maryland, Department of Education, in a research study designed to determine the four-year pattern or patterns of subjects taken by the 23,000 seniors that plan to graduate in June of 1958. In addition Dr. Ulry is asking students who have taken advanced courses in the areas of science, mathematics and foreign language to indicate on a checklist why they chose these courses. Students who did not take advanced courses in these three areas are asked to indicate on a similar checklist why they did not choose to take such courses. Findings in this study

will be used by the State Department in re-writing the high school standards for the State of Maryland and by the University of Maryland in attempting to improve the undergraduate teacher-education program for prospective science teachers.

Dr. Ulry's participation is being financed in part by a small grant from the Graduate Research Board of the University of Maryland.

#### RECENT GRADUATES TEACHING

Students in the College of Education who completed their work in January and who are now teaching in Prince Georges County include Carolyn McVeary at Hollywood School, Dorothy Bradley at Parkway School, and Marilyn Reber at Greenbelt Center School. Jean Seoltack Skoglund, '58, is now teaching in Seattle, Washington.

#### INDUSTRIAL EDUCATION STAFF MEMBERS PARTICIPATE IN SPRING MEETING OF M.V.P.A.

George R. Merrill, instructor in the Industrial Education Department spoke before the Work Experience section.

Dr. William F. Tierney participated in a meeting of related subject matter teachers dealing with the topic "How Can We Improve Instruction?"

Dr. Donald Maley was Chairman of the Memorial Committee which was in charge of the ceremonies honoring the late Glen D. Brown, formerly Professor and Head of the Industrial Education Department and Dr. John J. Seidel, former Assistant State Superintendent of Schools in charge of vocational education.

The meeting was held at Gaithersburg, Maryland on Saturday, March 22.

Dr. G. Kenneth Reiblich

#### ALUMNI ASSOCIATION BANQUET

The senior class of the School of Law and the Maryland judiciary gathered at the Sheraton Belvedere Hotel March 29 for the Annual Banquet of the School of Law Alumni Association. All the members of the Class of 1958 were there as non-paying guests of the Alumni Association.

Dinner was served following the Processional and the Invocation. A new slate of Association officers was unanimously elected following dinner. The new officers are: Benjamin Rosenstock, '25, President; Hon. Emory H. Niles, '17, First Vice President; Hon. Layman J. Redden, '34, Second Vice-President; Mary Arabian, '44, Third Vice-President; and G. Kenneth Reiblich, '29, Secretary-Treasurer. Also unanimously elected was the Executive Committee which includes: Rignal Baldwin, Esq., '27; Thomas N. Berry, Esq., '40; Clayton C. Carter, Esq., '46; Hamilton P. Fox, Jr., Esq., '47; J. Harold Grady, Esq., '42; David Harkness, Esq., '38; Hon. W. Albert Menchine, '29; J. Hodge Smith, Esq., '39; Marvin H. Smith, Esq., '41; Leonard Weinberg, Esq., '19.

Class 1928

Insurance of all Kinds

UNion 4-1100

4316 GALLATIN STREET  
Hyattsville, Md.

Fifteen guests received awards from Dean Roger Howell. Membership in the Order of the Coif was extended to Robert R. Farnell, III, Martin B. Greenfeld, Joseph M. Roulhac, and Nelson B. Seidman. Judge Hall Hammond of the Maryland Court of Appeals was elected to honorary membership in the Society.

The Elizabeth Maxwell Carroll Chestnut Prize went to Mr. Seidman. The Sam Allen Memorial Prize went to Samuel L. Freeland. The United States Law Week Award went to Richard A. Urbus. Mr. Seidman also received the Lawyers Title Insurance Corporation Prize and Mr. Greenfeld the Nu Beta Epsilon Prize. The Samuel S. Levin Prize went to Richard E. Lovell.

Maryland Law Review certificates were presented to Charles Cahn, II, Samuel L. Freeland, David H. Gilbert, Martin B. Greenfeld, Leroy Handwerker, Robert F. Hochwarth, Charles P. Logan, Jr., Richard E. Lovell, Dene L. Lusby, Saule J. McGrane, Joseph M. Roulhac, Nelson B. Seidman, and Richard A. Urbus.

Entertainment for the Banquet was provided by Tip and Joanie Hubbell. Joanie and her husband, Clayton B. Burton, are members of the day law school Class of 1960, each holding an Alumni Scholarship. Tip, Joanie's brother, is a pre-law senior at College Park. Philip H. Volk, B.P.A. '50, was the soloist, singing the Lord's Prayer accompanied by Mrs. David L. Brigham.

Hamilton O'Dunne, Esq., of the Baltimore Bar and son of Hon. Eugene O'Dunne, retired from the Supreme Bench of Baltimore City, was the main speaker of the evening. His address, "The Perfection of Federal Legislation," was a very humorous and entertaining talk.

At an Executive Committee meeting after the Banquet, preliminary plans for the 1959 banquet were made for Saturday, April 11, to be held at the Sheraton Belvedere Hotel.

**NAMED TO STATE LAW POST**  
Eli Baer, '25, was recently appointed a special assistant assigned to the Department of Motor Vehicles. A great increase in the Department's legal work over the last few years prompted the action.

A native Baltimorean, Mr. Baer has been active in professional, religious and civic organizations.

**NAMED PRESIDENT**  
Gordon Munson Allen, '48, has been named President of the Criminal  
(Continued on next page)

Justice Commission of Baltimore. A member of the Commission for the past six years. Mr. Allen's appointment was unanimous, according to Alvin J. T. Zumbrun, Executive Director of the Commission.

A native of Baltimore, Mr. Allen was graduated from Gilman School in 1939, where he was named to the All-Maryland football and lacrosse teams. He received a Bachelor of Arts degree from Princeton University in 1943.

Mr. Allen has been active in civic affairs, participating in the Red Cross-Community Chest Joint Appeal and the American Cancer Society Fund drive. He is a former member of the Junior Association of Commerce and served for a year as legal adviser to that body.

### CANCER CRUSADE CHAIRMAN

Bill L. Yoho, Prince Georges County attorney, has been appointed Cancer Crusade Chairman for 1958 by William R. Reading, General Chairman of the Prince Georges County chapter of the American Cancer Society.

Mr. Yoho is a member of the College Park law firm of Hoyert and Yoho.

### FEY NAMED PRESIDENT

John T. Fey, '40, clerk of the United States Supreme Court, was recently elected by the Board of Trustees of the University of Vermont and State Agricultural College to succeed Dr. Carl W. Borgmann as President of the University, effective July 1.

Mr. Fey attended high school in Cumberland, Maryland, and completed undergraduate work at Washington and Lee University. He received the LL.B. degree from the University of Maryland, and was awarded the Master of Business Administration degree by Harvard University.

He has served as Clerk of the Supreme Court since July, 1956, when he was appointed to that post by Chief Justice Earl Warren. He is the twelfth clerk to serve the Court since the appointment of the first clerk in February, 1790.

Mr. Fey practiced law in Cumberland, and served from 1946 to 1950 in the Maryland Legislature as a Republican member of the House of Delegates, and was also attorney to the Allegany County Board of Commissioners. He was appointed to the faculty at George Washington University as Associate Professor of Law in 1949.

In 1952 Yale University awarded him the degree of Doctor of Juridical

**F**OR centuries, GLASS has been the preferred container for quality products—from beverages to cosmetics. Glass bottles for milk and other beverages still are preferred by discriminating people because they are assured of freedom from contamination of product, pick-up of foreign taste or odor, and one can SEE both quantity and quality.

Glass bottles require no lining material—they are rigid and stable; they are not absorbent and cannot leak or become saturated and soft.

### RESIDING IN NEW JERSEY

Mrs. Augusta Koffman Neff, '48, is now residing in New Jersey. Her husband, Ray, won a fellowship to Jefferson Hospital in Philadelphia.

### IN JOHNSTOWN

Mrs. Nancy Amadon Thomas, '49, has moved to Johnstown, New York. She substituted in general duty at the local hospitals until her son, Gregory, was born. Gregory is now six weeks old.

### ALUMNI NOTES

Mrs. Freda Fazenbaker Gill, '29, is now Coordinator of Kingsport Practical Nursing School, and finds this work most interesting. She hopes to return for her Class Anniversary in 1959.

Mrs. Nancy Ann Cochran Hubbard, '47, is now living in Kalamazoo, Michigan. Her husband, Dr. Edwin Hubbard, is in partnership with another pathologist there. Nancy says she likes the town very much.

Mrs. Joyce Smith, '47, is now on the staff at the Garfield General Hospital, in Washington, D. C.

Mrs. Anna Rudloff, '52, says that she and her family are now enjoying their new home at 3608 Courtleigh Drive, Randallstown, Maryland.

Dorothy Pollock Toom, '37, is now living in Viet Nam where her husband is stationed. They plan to return to the states early this spring. They will leave by ship from Singapore and spend three weeks touring Europe. They will arrive in New York in late May, on the ship *America*. They are eager to show their one year old son, Bobby, to their friends back home.

Norma Johannes Engleman, '36, wishes to thank the Alumnae Association for its assistance during her four years illness in the sanatorium. The many cards and gifts she received there were a great comfort to her and were deeply appreciated.

For more news from the School of Nursing see the Social Notes Column.

## SPECIAL AND CONTINUATION STUDIES

AIR FORCE CENTERS IN SPAIN JOIN  
UNIVERSITY OF MARYLAND  
OVERSEAS PROGRAM

The University of Maryland Overseas Program has moved into yet another geographical area, the storied land of olive trees, Don Quixote, and bull fights. In cooperation with the U. S. 16th Air Force (SAC), the program has been established on Air Force bases in Madrid, Sevilla, Moron and Zaragoza.

A full-fledged program is now underway, and it will be possible for many security forces personnel to complete degree requirements for the Bachelor of Arts in General Studies and the Bachelor of Science in Military Science during their tours in Spain.

Another important feature of the program includes offering courses in the Spanish language. The foreign language program is part of an armed forces program to encourage military personnel to become proficient in at least one foreign language.

With the opening of the Spain Program, Mr. James V. Compton was assigned to Madrid to teach American Civilization and International Political Relations. Mr. Compton has lectured on his specialties for the past three years in Europe. A graduate of Princeton University, he earned his master's degree at the University of Chicago in 1952.

Also teaching in the Spain Program is Mr. William Gombar, a graduate of Scranton University. Mr. Gombar received his M. A. degree from Northwestern. He has also studied at Laval University, Quebec, and at Harvard. At one time, Mr. Gombar worked with the Turkish Ministry of Education at Istanbul.

### TWO NEW FIRSTS IN OVERSEAS GRADUATION

Military installations on Okinawa, in the Far East, and at Keflavik, in Iceland, recently honored their first graduates in the University of Maryland Overseas Program.

Captain Felix L. Goodwin, a transportation officer in the United States Army Ryukyus Command, completed his Bachelor's degree in Military

Phone MU 5-8400 Baltimore, Md.

Science in November, 1957, after seven years of study. He has been a student in the University of Maryland Overseas Program in Europe, the North Atlantic, and Korea in addition to Okinawa.

Captain Goodwin had this to say in praise of the University's Overseas Program: "I am sure there are thousands of other service personnel who share my feeling that the University of Maryland Program is one of the best things to be obtained in the service."

Having entered the military service at the age of 20, he now has only two more years to put in before becoming eligible to retire. He is not sure whether he will retire or stay on. Captain Goodwin, who in his education career received a "C" average only once, is not satisfied to end his formal education at this point. He is seriously considering graduate study as soon as conditions permit.

Lt. General James E. Moore, Commanding General of the Ryukyus Command, hailed Captain Goodwin's achievement by stating: "You have demonstrated that you possess the character and determination which intensive, prolonged study requires."

Joining in the ceremonies for Captain Goodwin, held at the Officers Club, Fort Buckner, Okinawa, were Dr. John L. Bastian, Education Adviser; Mrs. James E. Moore, wife of the Commanding General; Lieutenant General Moore; Dr. Mason G. Daly, Director of the University's Far East Division; Mrs. Goodwin, and Dr. Stanley J. Drazek, Associate Dean of the College of Special and Continuation Studies.

The first Keflavik graduate was Lieutenant Colonel Carl Bradford, United States Air Force, who received the degree of Bachelor of Science in Military Science in commencement ceremonies at the Base Chapel in January.

Mr. George Dillavou, Assistant to the Dean, CSCS, in charge of the Atlantic Division, presented Colonel Bradford with his diploma. Among those attending the commencement were the Chief, Division of Defense, Icelandic Foreign Ministry and Mrs. Tomas Arnason; Director of Education and Mrs. Helgi Eliasson; Acting COMICEDEFOR, Colonel Klem F. Kalberer; Colonel and Mrs. Leslie B. Shaw. Colonel Shaw, who is Chief of Staff, Iceland Air Defense Force, delivered the welcome address.

## COMPLETED CAREERS

HARRISON P. HAGEMEYER, JR.

Harrison P. Hagemeyer, Jr., '50, whose assignment as a reporter for the *Washington Post and Times Herald* included coverage of University of Maryland Campus affairs from 1952 until 1956, died March 22 at Georgetown Hospital following an emergency brain operation. He was 31.

Mr. Hagemeyer first attended the University of Maryland in 1943, first as a civilian then as an Army Special Training Program student, but was ordered into combat service in 1944 during the crisis brought by the Battle of the Bulge. He served as a bazookaman with the 26th Division on the Western Front until wounded in action.

After the close of hostilities, he attended The Actors School in London. Following his discharge from the Army, he enrolled again at Maryland and took

a position as a copy boy with the *Post*.

With graduation, he was promoted from Head Copy Boy to Reporter and assigned to Metropolitan Police Headquarters. From 1952 to 1956, he covered Prince Georges County, then was assigned to Montgomery County for the 1956 election. He was moved to the Washington office in 1957 as a rewrite man and general assignment reporter early last year.

Mr. Hagemeyer's last major assignment was in Annapolis where he reported the closing days of the Maryland General Assembly's 1958 session.

Born in Meridian, Mississippi, he came to Washington with his parents when he was two years old. He was raised in the Southeast section of the city near Capitol Hill, and was a 1943 graduate of Eastern High School.

In April 1953, he was married to Miss Patience Sheila Foss. They bought a home at 3372 Wintergreen Avenue, North Forestville a year later. Mrs. Hagemeyer and their children Susan Ann, 2, and Richard Harrison, 9-months now live at that address.

Mr. Hagemeyer's devotion to his family and home was reflected in his reportorial answer to an author's diatribe against the suburban way of life.

In the *Washington Post* of Nov. 13, 1956 he wrote: "I get a kick out of driving up to my own driveway at the end of the day, noticing that my own front lawn could stand a going over with my own rotary-mower, kissing my own wife and daughter and firmly closing my own door on the outside world."

The story brought him an award and a testimonial dinner from the Washington Home Builders Association.

Mr. Hagemeyer is also survived by his parents, Mr. and Mrs. Harrison P. Hagemeyer, Sr. and a sister, Margery Lou, of Silver Hill, and a brother, James Roy, of Oxon Hill.

Funeral Services were at the Lee Funeral Home in Washington and interment was at Arlington National Cemetery.

examinations was the first time it had been accomplished.

DR. EARLE GRIFFITH BREEDING

Dr. Earle Breeding, Med. '13, died January 16 at Doctors Hospital, Washington, D. C. Dr. Breeding began his practice in 1919 and retired last June. He was a leading ear, nose and throat specialist for many years.

He enlisted in the Army in 1917 and served as a captain in the Medical Corps in World War I. He was a life member of the Military Order of the World Wars.

Dr. Breeding was a Past President of the Washington Medical and Surgical Society, Past Chairman of the Otolaryngology Section of the Medical Society of the District of Columbia and a former Professor of Otolaryngology at the George Washington University Medical School.

DR. S. LLOYD JOHNSON

Dr. S. Lloyd Johnson, Law '32, died suddenly February 4 of acute leukemia at The Johns Hopkins Hospital.

A native of Masontown, Pennsylvania, Dr. Johnson received his M. D. degree from Johns Hopkins Medical School in 1918. Because he felt that a knowledge of law would be helpful in the many problems brought to him as a physician, he managed to acquire such a knowledge from the University of Maryland School of Law. In recent months he had been taking further courses.

Dr. Johnson was enthusiastic about the general practice of medicine in an era when many physicians leaned toward specialization. He helped organize the general practitioners of the State into the Maryland Academy of General Practice and was the first President of that body which was affiliated with the national organization.

at Fort Sam Houston, Texas, in the 1930's, died recently.

The station hospital later became known as Brooke Army Hospital and became one of the world's leading medical centers. Hart was a military and civilian medical leader in Texas since 1911. After retiring from the Army on January 31, 1945, Hart served as Dean of the Southwestern Medical School in Dallas.

During his Army career, he was noted for research in tropical medicine. United States and seven foreign countries for his medical research.

LIEUTENANT GEORGE REILEY

First Lieutenant George M. Reiley, Military Science '54, was among four crew members killed when an Air Force jet bomber crashed and exploded near Lancaster, Ohio. He was killed when the six-jet RB-47 bomber plunged to earth while beginning its descent for a landing at Lockbourne Air Force Base.

Funeral services were held at the Fort Myer chapel and burial was at Arlington Cemetery.

DR. VICTOR H. GOTTSCHALK

Dr. Victor H. Gottschalk, former Assistant Professor in Chemical Engineering, teaching metallurgy, died in March. He retired from the University a few years ago at the age of 74, later representing the University at the Army Chemical Center in charge of supervising graduate training courses. Dr. Gottschalk was 80 years old.

DR. HERBERT F. GORGAS

Dr. Herbert Ferdinand Gorgas, '91, of Baltimore, died on February 11. Born in Baltimore on November 21, 1870, Dr. Gorgas graduated from the Baltimore Polytechnic Institute in 1887. Dr. Gorgas had practiced for over a half century before his retirement. He was the son of Dr. Ferdinand J. S. Gorgas '55 (B.C.D.S.), who served as Dean of the Baltimore College of Dental Surgery (1865-1882) and of the University of Maryland School of Dentistry (1882-1911). Dr. Gorgas's survivors include his wife, Mrs. Rosalie Hoffmann Gorgas; two daughters: Mrs. Roger U. Ehrlich and Mrs. Louis S. Heim, of Baltimore; and a son, Herbert D. Gorgas, of Albany, N. Y. The death of Dr. Gorgas marks the end of the active alumni affiliation of the Gorgas family that had extended over more than a century.

his graduation Dr. King was awarded the University Gold Medal for Scholarship. In 1898 Dr. King graduated from the University of Maryland Medical School with honorable mention. During his professional career he practiced medicine exclusively. During World War I Dr. King served as Captain of a Service Battalion.

#### DR. CHARLES A. STINE

Dr. Charles A. Stine, '23 (B.C.D.S.), of Baltimore, died on February 17. A native of Gilberton, Pa., Dr. Stine had practiced in Baltimore. He was a member of Xi Psi Phi. He is survived by his wife, Mrs. Gladys Evans Stine, and two sons: Joseph E. and Dr. Charles J. Stine, of the Class of 1950.

#### DR. GEORGE H. McDONALD

Dr. George H. McDonald, '05 (B.C.-D.S.), of Neepawa, Manitoba, Canada, died recently. Dr. McDonald was a member of Xi Psi Phi.

#### DR. CLEMENT A. ZERDESKY

Dr. Clement Anthony Zerdesky, '28, of New Philadelphia, Pa., died on June 3, 1957. Dr. Zerdesky practiced in Tamaqua, Pa., from 1928 to 1942. He served in the Army Dental Corps 1942-1946, with assignments in the European, African and Middle Eastern Theatres. On his separation, with the rank of Major, Dr. Zerdesky began practice in New Philadelphia. He was a member of Psi Omega and the Gorgas Odontological Society. Among his survivors is a brother, Dr. Alfonse W. Zerdy, '37.

#### DR. JOHN J. FITZPATRICK

Dr. John J. Fitzpatrick, '12 (B.C.D.S.), of Boston, Mass., died on December 26. Dr. Fitzpatrick was a member of Psi Omega.

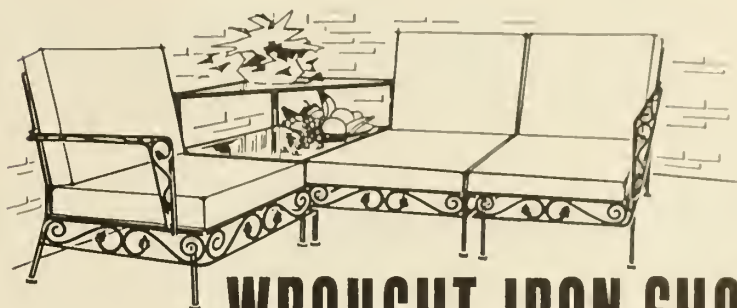

#### DR. CLAY W. LEPS

Dr. Clay Whitehill Leps, '09 (B.C.D.S.), of Charles Town, W. Va., died on January 28. A native of Keyser, W. Va., Dr. Leps had practiced there for a brief period before removing to Charles Town. He was a member of Psi Omega. Surviving are his wife, Mrs. Ethel M. Leps; a daughter, Mrs. Harold Barr; and two sons: Clay W. Jr. and George Edwin III—all of Charles Town.

#### DR. HOWARD C. GREENE

Dr. Howard Crosby Greene, '11 (U. of Md.) died recently. He was a member of Psi Omega. Before his retirement, Dr. Greene had practiced in Hartford, Conn.

SCHOLARSHIPS AT THE UNIVERSITY

NOW OPEN

# UNIVERSITY OF MARYLAND GOLF COURSE and DRIVING RANGE

The University of Maryland proudly announces the opening of a new 18 hole golf course on the College Park campus. Formal dedication will come in early October but play began on the first nine holes on July 1, 1958. The second nine will open about September 1.

Memberships on a family and individual basis are available to Alumni, Faculty and Students. Any active (dues paying) alumnus may make immediate application for Golf Course Membership. Individual membership is \$20.00 for the year July 1, 1958 to June 30, 1959. Family membership

(husband, wife and dependent children) is \$30.00.

Guests of alumni members will be entitled to use the facilities when accompanied by the alumnus.

Complete details and a sketch of the course are available on request. Address your inquiry to P. O. Box 295, College Park, Md.

Plan now to take advantage of this great, new facility. Both the Golf Course and the Driving Range are now open and waiting for you to play. Let this be your center for pleasure and relaxation at any time.

FORMAL DEDICATION IS SCHEDULED FOR EARLY OCTOBER

# THE ALUMNI DIARY

Dear Fellow Alumni:

Several bits of philosophy ring in our ears as we come to the close of one alumni year and set our sights toward another which may well be even more fruitful. First, there was the sage who said, "We cannot do everything at once, but we can do something at once." There is also the statement that strangers are friends who have not yet met. How true this is of the many alumni who meet for the first time on the common ground of alumni interest and University loyalty. The third is the statement of an English school teacher in India who said to a man who stood at the gate of a new year, "Give me a light that I may tread into the darkness ahead."

The 1957-1958 alumni year has been one of great decision, of increased devotion and dedication, and the firm foundation upon which future participation and effort will be centered. Two great strides have been taken by the University in the completion and dedication of a fine library at College Park and in the breaking of ground for the long-sought Student Union in Baltimore. At the same time, the Alumni Association took steps to draft and adopt broad policy measures which now give definite direction to alumni purpose and performance. The theme of service to the University and the recognition of strong interest in the total University as well as in the individual Schools and Colleges runs through the entire blueprint. The President's message, contained in this issue of *Maryland*, presents vividly the important measures achieved in one of the most fruitful of alumni years. More alumni than ever before in the history of the University have given of their time to suggest, to build and to serve in many capacities. Few people know of the terrific effort which has gone into the alumni portion of the Greater University Fund. Hardly anyone could know the behind-the-scenes contribution of Officers and Committees of the eleven School and College alumni organizations, more than fourteen alumni clubs and the individual constructive planning and advice from all segments of our alumni world.

There has been give and take aplenty, but with it all there has been an intense desire to improve, to challenge and to serve. How we would like to record all of the events of the past year. These events embrace literally thousands of ideas and of individuals. The premise upon which we started was that the University of Maryland is good. The goal we set for ourselves was that the University can be made better but only through sincere effort of the alumni in cooperation with those in whose hands direct responsibility has been placed.

Fresh in our minds are the reunions which brought old friends together and which made new acquaintances possible. Gatherings of fifty, fifty-five and sixty year classes saw better participation and keener interest combined with practical wishes to express appreciation for a contribution made by the University to the path of life which each had travelled. Not the least of this fine period was the graduation of more than 2,500 new alumni. Their presence in a body for the last time focused attention on the great size and strength of the University and on the rapidly expanding alumni structure. No longer are we small. We have, however, done our best to hold the warmth of intimate relationship as a cornerstone to alumni progress. As we say good-bye to the Class of 1958 from a student viewpoint we open wide the door of alumni participation and say that their ability may well carry us to heights yet untouched. A man feels humble in appreciation to all who have done so much and in the face of the magnitude and challenge of the future. The assurance of past alumni devotion is the light that will carry us into the darkness ahead and ever forward.

As ever,

DAVID L. BRIGHAM  
*Alumni Secretary*

# Too early?

*Well, perhaps, if you want to be strictly literal.*

And yet, when she reaches college age will she be too *late*? Too late to get the kind of higher education so vital to her future and to the future of her country?

*It all depends.*

There is in the United States today a growing threat to the ability of our colleges to produce thinking, well-informed graduates. That threat is composed of several elements: an inadequate salary scale that is steadily reducing the number of qualified people who choose college teaching as a career; classrooms and laboratories already overcrowded; and a pressure for enrollment that will *double* by 1967.

The effects of these shortcomings can become extremely serious. Never in our history has the need for educated leadership been so acute. The problems of business, government and science grow relentlessly more complex, the body of knowledge more mountainous. The capacity of our colleges—all colleges—to meet these challenges is essential not only to the cultural development of our children but to the intellectual stature of our nation.

In a very real sense, our personal and national progress depends on our colleges. They must have more support in keeping pace with their increasing importance to society.

Help the colleges or universities of your choice. Help them plan for stronger faculties and expansion. The returns will be greater than you think.

If you want to know what the college crisis means to you, write for a free booklet to: HIGHER EDUCATION, Box 36, Times Square Station, New York 36, New York.

*Sponsored as a public service, in cooperation with the Council for Financial Aid to Education*

## CAMPUS NOTES

JOHN FEY, LAW '40, APPOINTED TO  
PRESIDENCY OF UNIVERSITY OF  
VERMONT

John T. Fey, a 1940 graduate of the School of Law, and former Clerk of the United States Supreme Court, was recently elected by the Board of Trustees of the University of Vermont and State Agricultural College to succeed Dr. Carl W. Borgmann as President of the University, effective July 1.

Mr. Fey attended high school in Cumberland, Maryland. He completed undergraduate work at Washington and Lee University. He received the LL.B. degree from the University of Maryland, and was awarded the Master of Business Administration degree by Harvard University.

He has served as Clerk of the Supreme Court since July, 1956, when he was appointed to the post by Chief Justice Earl Warren. He was the twelfth clerk to serve the Court since February, 1790.

Mr. Fey practiced law in Cumberland. He served from 1946 to 1950 in the Maryland Legislature as a Republican member of the House of Delegates, and was also attorney to the Allegany County Board of Commissioners. He was appointed to the faculty at George Washington University as Associate Professor of Law in 1949.

In 1952, Yale University awarded him the degree of Doctor of Juridical Science for his work in the field of taxation.

He was named Acting Dean of the George Washington University Law School in June, 1953, and Dean in October of that year. He currently teaches Federal Income Taxation, Real Property, and Legal Accounting as a Professor of Law on the part-time faculty

*President Elkins was recently initiated into the Pershing Rifles. Here he is shown accepting the certificate which made him an honorary Pershing Rifleman. Dr. Elkins explained that he felt that basic ROTC is one of the finest services offered at the University and that it contributes a great deal to the welfare of the individual.*

of George Washington.

Mr. Fey is a member of the District of Columbia Bar, the Maryland Bar, the Federal Bar Association, and the American Bar Association.

President Borgmann, in commenting on Mr. Fey's appointment, said, "I am very much pleased with [the] decision. I believe John Fey's appointment is an excellent promise for the continued growth and quality of the University."

### NEW EDUCATIONAL INCENTIVE PROGRAM ESTABLISHED BY ALVIN L. AUBINOE

A new educational incentive student aid program, combining both loan and scholarship features, has been estab-

lished at the University by Alvin L. Aubinoe, Engineering '26, and a member of the Board of Regents.

Under the plan, a student will receive \$500, one half of which will be awarded as an outright scholarship and the other half made repayable to the University over a five-year period. The program is aimed at aiding worthy students to prepare for careers in civil engineering, architecture, or light construction.

Students will be eligible beginning in their freshman year. Following initial receipt of the award, a student will continue to receive aid through to graduation, providing, of course, that he remains in good academic standing.

# UNIVERSITY CALENDAR OF ACTIVITIES

## JULY

- 7-August 1 Cosmetology Institute, Skinner Building, College Park.
- 13-16 P.T.A. Summer Workshop for Parents and Teachers to discuss special problems, Student Union, College Park.
- 14-August 1 Special Education Workshop, Student Union, College Park.
- 15-16 Fire Service Hydraulics, Extension Service Building, College Park. Fire Extension Service program for Maryland firemen.
- 21-August 15 Traffic Institute, Student Union, College Park. In-service training program for supervisors of police traffic departments.
- 28-August 2 International Congress on Home Economics, Armory and Classrooms Building, College Park. Program to promote the development of Home Economics Education in all countries.

## AUGUST

- 1 Close of Summer Session.
- 4-9 4-H Club Week, College Park. This program brings 4-H Club members onto the campus for a

youth leadership training program.

- 4-6 Fireman Aerial Ladder, Extension Service Building, College Park. A demonstration and training program practice in aerial ladder performance.
- 12 State Home Demonstration Staff Conference, Symons Hall, College Park.

## SEPTEMBER

- 2-5 Fireman's Short Course, College Park. In-service training program for Fire Department of Maryland.
- 10-12 Water and Sewage Conference, Student Union, College Park.
- 11-12 Poultry Service Men's Conference, Central Auditorium, College Park.
- 15-19 Fall Semester Registration, College Park.
- 20 Football, Wake Forest at Winston-Salem, North Carolina.
- 22 Instruction begins, College Park.
- 27 Football, North Carolina State at Raleigh, North Carolina.

## OCTOBER

- 4 Football, Clemson at College Park.

- 10 State Poultry and Vegetable Judging Contest, College Park.
- 11 Football, Texas A & M at College Park.
- 18 Football, North Carolina at Chapel Hill, North Carolina.
- 25 Football, Auburn at Auburn, Alabama.
- 28-31 Family Economics Workshop, College Park.

## NOVEMBER

- 1 Football, South Carolina at College Park.
- 8 Football, Navy at Baltimore.
- 14 Football, Miami at Miami, Florida.
- 22 Football, Virginia at Charlottesville, Virginia.
- 26 Thanksgiving Recess begins after last class.

## DECEMBER

- 1 Thanksgiving Recess ends.
- 20 Christmas Recess begins after last class.

## JANUARY

- 5 Christmas Recess ends.
- 21 Pre-Examination Study Day.
- 22-28 First Semester examinations.

### MR. PANGBORN RECEIVES

#### HONORARY DEGREE FROM LOYOLA

Mr. Thomas W. Pangborn, of the University's Board of Regents, was one of two persons awarded honorary degrees June 8 from Loyola College. Mr. Pangborn received a Doctor of Science degree.

Mr. Pangborn is one of America's leading Catholic laymen. He was made a Knight of Malta and a Grand Knight of the Holy Sepulchre by Pope Pius XII.

Because of his life-long interest in Catholic higher education, he has received numerous citations including honorary degrees from the Catholic University of America, the University of Notre Dame and Mount St. Mary's.

### NEW HEAD, DEPARTMENT OF CIVIL ENGINEERING, APPOINTED

Dr. Charles T. G. Looney has recently joined the staff in the College of Engineering as Head of the Department of Civil Engineering.

Born in Liverpool, England, and now a United States citizen, Dr. Looney was awarded a B. S. degree by the Carnegie Institute of Technology in 1932, an M. S. in C. E. by the University of Illinois in 1934, and a Ph. D. in Engineering by the latter named institution in 1940. He has taught at the University of North Carolina and the University of Iowa, and from 1946 until his

## Commencement Exercises

THE UNIVERSITY OFFICIALLY CLOSED ACADEMIC YEAR 1957-58 with the presentation of 2,549 degrees on June 7, 1958. Witnessing the Commencement ceremonies, which took place in the Cole Activities Building, were nearly 12,000 parents and friends of the degree candidates. The number graduating was only slightly more than 300 short of the record 1951 graduating class and was close to 400 more than last year.

Present and taking part in the Commencement ceremonies were His Excellency Theodore R. McKeldin, Governor of the State of Maryland, and Dr. Milton S. Eisenhower, President of The Johns Hopkins University.

Following the academic procession, The Reverend Harry S. Cobey of All Saint's Episcopal Church, Hamlet, North Carolina, delivered the Invocation. Mr. Cobey was a member of the graduating class of 1911 and the uncle of W. W. Cobey, Director of Athletics. Another Cobey, Mary Pat, received her degree in this year's exercises.

For those about to go out into the world on their own, the keynote of this year's Commencement, appropriately enough, concerned the world, the graduates' place in it and the conflicts which they must be aware of and be able to face.

Governor Theodore R. McKeldin, who was also present at Commencement ceremonies in Heidelberg, Germany, in extending greetings, stressed the importance of the University's Overseas Program. He stated, "I have recently returned from a fairly extensive tour of Europe and wherever I went I was received with respect and warm good-will as soon as it was known that I am the Governor of the State that sponsors the University of Maryland; for Maryland is a name that the Europeans associate, not with wealth and power, but with love of learning. . .

" . . . for all men know that if we ever achieve a comity of nations on this earth, it will be through the power of thought, not by force of arms. And all men, in every land, who set reason and justice above wealth and power, are fellow-citizens of a community that has no frontier, and no ambition to push forward any boundary except the boundary of human knowledge.

"We are associated with this concept in the minds of Europeans because they know us largely, if not entirely, through the work of the University of Maryland. . .

" . . . the people of Maryland owe an immense debt to the University for their wealth and health and happiness; but I doubt that any of the institution's activities have contributed more to the honor of the State than its work abroad. For that work has had the effect of linking the name of our State with the concepts of reason and justice; and such an association is as honorable as any that a commonwealth can acquire.

"For bringing this gracious gift to the State of Maryland, I am happy to pay tribute to the University today."

Greetings were also brought to the gathering by Mr. Edward F. Holter, Vice Chairman of the Board of Regents.

THE PRINCIPAL ADDRESS FOR THE 1958 COMMENCEMENT WAS delivered by Dr. Milton S. Eisenhower. Dr. Eisenhower is known throughout the world for his work in government and in education. He is a member of the President's Committee on Governmental Organization, special ambassador and the President's personal representative on Latin American Affairs, Director of the Fund for Adult Education, and Chairman of the Committee on Government and Higher Education.

Prior to his appointment at The Johns Hopkins University in 1956 Dr. Eisenhower served as President of Pennsylvania State University.

His address, "Ideas in Conflict: Freedom vs. Communism," described the ideological battle between communism and democracy based on the Judaic-Christian way of life. Dr. Eisenhower emphasized four of the great moral issues which divide the free and the Communist worlds. He spoke first of the status of the individual.

" . . . It is on the conviction that men are children of God that the free nations of the West have built social, economic, and political institutions which protect the dignity of the individual and promote mutuality in human relations.

"Communism holds that men are creatures of *material* forces; that life has only such meaning as is ordained by the party or state; and that man has no God-given 'natural rights.'"

He pointed out as the second of the major issues the opposite views of history held by the communistic and the Judaic-Christian philosophies.

"In our view, ideas determine history. Men, thinking and acting for themselves, are capable of altering the course of history. We see the world, not as the sum of things that are, but as the sum of things as they should be. Our eyes are on the stars, and the limitless reservoirs of our minds are

constantly yielding more challenging ideas, greater standards of perfection and higher ideals. . .

" . . . In contrast, Communist dogma sternly dictates that history is shaped by economic forces; that it is impossible for men to change these forces; and that Communists have been preordained to 'assist' these forces toward their inevitable goal: the 'classless society.' . . .

" . . . Thus, in the Marxist scheme of things, there is nothing beyond the social order."

Dr. Eisenhower continued. "A third area of moral conflict lies in the Communist versus the Judaic-Christian attitude toward means and ends.

It is the Judaic-Christian conviction that the means to any end, even the most laudable, must be in conformity with certain moral standards. The end does *not* justify the means. . .

" . . . Against this gentle doctrine, Communism pits a philosophy based on the idea that the end *does* justify the means and that Communists are therefore duty-bound to use any means to accomplish their objective."

As the fourth major ideological point of conflict, Dr. Eisenhower named our concept of a Supreme Being as opposed to the Communist atheistic doctrine.

Dr. Eisenhower concluded his remarks by saying, "In the modern ideological struggle, each free individual must, by achieving nobility and strength of character within himself, contribute to the spiritual strength of the nation. In the long course of history, this strength will be decisive. And with the strength given to men who bear witness to their faith will come the patience, the stamina, the wisdom, and the courage to build, in partnership with our allies, a world of freedom, and justice, and lasting peace."

DR. EISENHOWER WAS ONE OF FOUR WHO RECEIVED HONORARY degrees from the University. He was presented a Doctor of Laws degree. Honorary Doctor of Laws was also conferred upon Dr. Wilbur A. Malcolm, President of the American Cyanamid Company. Dr. Robert L. Swain, former President of the American Foundation for Pharmaceutical Education and present Editor of *Drug Topics* and *Drug Trade News* received a Doctor of Science degree. A Doctor of Laws degree was presented to the Honorable Morris A. Soper, Judge of the U.S. Court of Appeals for the Fourth Circuit.

Honorary certificates of Merit Award in Agriculture were

(Continued on page 19)

Mr. Deckman

GENERALLY SPEAKING, AN ANNUAL REPORT is a thing to be dreaded by both the writer and those who must endure the detail it contains. In this case, however, it is our feeling that the record of the past year is the result of team effort and is one of which every member can be proud. In accordance with excellent committee preparation and presentation, the Alumni Council approved and adopted policy recommendations which will serve as a guide for future alumni activity and development. Many of these recommendations are already in effect; others are being established rapidly. This policy calls for the establishment of a basic pride in the total University, while at the same time, recognizing individual school attachments and loyalties. The prime purpose of an Alumni Association was established as the enhancement of the University and assurance for its objectives and the promoting of its aims. Both the University administration and the Alumni Council have agreed to establish lines of service and jurisdiction. Alumni will only undertake those programs in which they should have a helpful interest. At the same time, recognition has been recorded this ever-changing nature of the University and the fact that a progressive and flexible

alumni effort must not be fettered by rigid policy directives.

In a review of this kind, it is difficult to give proper credit to the many whose tireless efforts have assured this great degree of success. It is likewise difficult to draw a clear-cut line and say that the University did certain things for the Alumni Association or that the alumni themselves were responsible for certain other achievements. To avoid any mistakes of this kind, we would proudly report accomplishments, being careful to give credit to the University administration, to the membership of the General Alumni Council, to the Officers of the Alumni Association, and to the many who have contributed toward any of the following:

First, a General Alumni Fund has been established and over \$100,000 has been received or pledged for the Student Union in Baltimore, for scholarships, a heritage fund, and for a special historical library program.

Second, approximately \$3,200 was again provided by the Alumni Council in direct scholarship aid to students attending eleven of the Schools and Colleges of the University.

Third, responsibility for editing and financing the alumni publication *The Maryland Magazine*, was turned over to the University. In this connection, a three-year contract was signed between the University and the Advertising Director for this publication. It was further agreed that profits from the publication would be used to provide a Field Secretary for the Alumni Association and to assist in expanding the base of our organization.

I am happy to report that a Field Secretary is now at work and that a number of new geographical clubs are in the organizational stage. Initial efforts are being directed to the District of Columbia, and Montgomery, Washington, Hartford, and the Eastern Shore Counties. As they develop, Council representation will be accorded these clubs and they will join the twelve clubs which are already on an active basis. During the year, new life and

new effort came to the Alleghany-Garrett Club and to New York. The Department of Agriculture and Journalism Alumni Clubs were activated. A Dental Alumni Club was formed in Rhode Island, and a Pharmacy Club is under consideration in New Jersey. Inquiry has been received from Norfolk, Virginia and North Carolina. The Alumni Clubs program may well be the top alumni effort of the coming year.

Subscriptions to the alumni magazine have shown a steady rise and have run a little ahead of previous years. We are still far from satisfactory support in this connection, but have hopes that an intensive subscription campaign held in advance during the first six months of the year will bear real fruit.

For a number of years, alumni have served on committees to encourage and expedite the Baltimore Student Union project. The bids have now been let and this facility will soon be a reality. In behalf of the Alumni Association, the General Alumni Council authorized the sum of \$6,600 for furnishing an alumni area in the Union Building.

FOR THE FIRST TIME, A GENUINE effort was made prior to Commencement to meet with all the members of the graduating class and to provide each

# Alumni President's Annual Report

a copy of the alumni publication, *The Maryland Magazine*. The Alumni-Faculty-Student Relations Committee planned this effort and both they and the active participants who cooperated in this venture are to be commended. Other actions and the committees which brought them to fruition also deserve recognition here. A petition has been presented to the State Legislature from the Alumni Council requesting an amendment to the law which would require that at least fifty per cent of the members of the Board of Regents would be University of Maryland alumni. The Scholarship Committee has established a Loan Fund of \$2,000 for needy and deserving students. Initial plans have been made to recognize all Past Presidents of the University Alumni Association. The Constitution and By-Laws have been amended to grant voting privileges to the three immediate Past Presidents, to permit amendments by a two-thirds vote of members present at any regularly called meeting and to establish a one year term for the Council President. Plans were made to develop an alumni budget on a Fiscal Year and functional basis. This will be designed to maintain an operating reserve of \$20,000. In addition, appropriate settlement was made of *Maryland Magazine* accounts

with the transfer of funds which had been in controversy to both the University and the Alumni Association with clear title.

Special attention has been directed to the dues structure so that credit may be received on a total basis for participation in school associations and in alumni clubs. A leaflet explaining the objectives, activities, and dues policy of all alumni units and organizations will soon be sent each alumnus.

To state that alumni progress in all directions has been as rapid and as complete as we might have dreamed would be carrying our enthusiasm a step too far. On the other hand, we can honestly say this has been a year of which any alumni president could be proud. Conflicts were bound to arise. As they did, however, they were met and to a great degree resolved. Some necessary delays limited the initial effort to establish additional geographical clubs. Limitations in relation to mailing facilities and personnel had to be both recognized and understood. Competition for necessary services has lessened as more effort is made to establish work schedules and to level out peak work periods.

The initial Spring Reunion, combining class reunions, lacrosse, and the Alumni-Varsity Football Game with an

informal luncheon and a post-game reception supper drew praise and should at least be given an additional chance to prove more successful than the June Reunions of previous years.

Another definite highlight was the institution of an annual meeting and conference for Council members, Deans of the Schools and Colleges and Presidents of school associations and clubs throughout the country. All were requested to meet the needs and the problems of alumni effort in a frank and informal manner. Programs, objectives, and aspirations were covered in an extended manner and we feel certain new interest was generated, new cooperation achieved, and a helpful precedent established.

These are the highlights. Much more might be said and special credit laid at the door step of a number of loyal and faithful alumni. I do not take credit for this success, but rather stand in the proud reflection of effort and loyalty which has made another good year for the Alumni Association of the University of Maryland. The honor of serving as your President is one which I shall never forget.

JOSEPH H. DECKMAN  
President  
GENERAL ALUMNI COUNCIL.

## at the

### University of Maryland

THESE DAYS, WHEN HIGHER EDUCATION, by virtue of its increasing cost, threatens once again to become the privilege of a special few, the question of financing a college education is of paramount importance. Dr. Elkins recently indicated the philosophy followed by the University regarding the matter of finances in his speech "The Age of Education" presented at the convocation of students and faculty February 28, 1958. He said, "Today there is general acceptance of the philosophy that higher education should be available to all who have ability, ambition, and initiative, and that this nation will prosper in proportion to a determination to fulfill its educational objective."

One means of support for today's promising student is a scholarship. Some scholarships provide funds in limited amount for a limited time, some pay for an entire education covering a four-year period.

What is the situation at the University? How does your University provide for students with the ability to complete a college education but who have not the means to acquire it? There are 785 students on scholarships of one type or another at the University, some of which are provided for by University funds and some which result from private endowments. The University has four general types of scholarships: Uni-

versity scholarships, University grants, General Assembly grants, and endowed scholarships and grants.

The scholarships, with the exception of the General Assembly Grants, are awarded through the Office of Scholarships in cooperation with the faculty Committee on Scholarships. The high school student seeking a scholarship should first write to the Scholarship Office requesting information and an application for a scholarship. In order to hasten the procedure, the student should at the same time seek an admission to the University by submitting an application for admission to the Admissions Office. Armed with the complete information sent him by the Scholarship Office, the student should then submit his application to the Scholarship Office, requesting aid. In the case of the General Assembly grants, which cover fixed charges, the student should get in touch with the Delegate or Senator from his area requesting a grant. Each Delegate or Senator chooses the students to whom aid shall be given (three grants for each Senator, one for each member of the House of Delegates.) At the time the student is requesting aid from his Delegate or Senator, he should also seek admission to the University. Where a special scholarship or grant is concerned, awards are made in accordance with the donor's terms, provided the

terms fulfill the requirements for eligibility and retention of a scholarship or grant.

OF THE 785 SCHOLARSHIP HOLDERS about one-fourth are freshmen. Each year the Committee awards scholarships to deserving high school students and these may be re-applied for each succeeding year. Need is considered of prime importance, but a high school student must have an outstanding record to be considered for a grant or scholarship. The Director of the Office of Scholarships, Dr. Paul R. Poffenberger, explains that there are many more applicants than scholarships and hence those students with a B average or better in their last two years of high school are most likely to receive the awards. In addition, good character and leadership potential are taken into consideration.

During the spring, the Committee on Scholarships meets weekly to consider applications for scholarships and to make the awards. By the time this article appears, scholarships for the academic year 1958-59 will have been awarded. Applications must be received at the University by mid-February of the year preceding the academic year for which the student wishes to register.

Many holders of scholarships must

Brunhilde Seidel

Carla Harmes

Margie Gates

Carole Bowie

Janet Shipley

also work in order to manage financially while attending the University. Dr. Poffenberger estimates that 50% of the students holding scholarships have part-time jobs either on the campus or off campus. In some cases where the health of a deserving student is impaired by the strain of working and going to school the University attempts to lighten the load by providing more aid in order to eliminate or reduce the hours a student must work. In cases where leadership potential is recognized and the student is unable to develop it because he must devote many hours to working, he may be recommended to the Committee on Scholarships as one deserving of aid.

Almost always students awarded scholarships are a credit to the University and live up to the promise shown in their high school records.

TWO MONTHS AGO, THE EDITORS OF *Maryland* sent questionnaires to seven

scholarship holders who had been certified by the Office of Scholarships and Grants-in-Aid as persons of "exceptional ability." The replies received were surprisingly frank; for example, they ascribed their success at the University to

*a personal relationship with God  
driving ambition  
the desire to do my best in everything  
experience during the War  
prestige*

In all of their replies to a number of questions the respondents had one basic characteristic in common: they stated their views with a mature confidence in a lucid and succinct manner. These people know where they are going.

CAROLE BOWIE, WHO WAS AWARDED the \$500 Baltimore Sunpapers Scholarship this year, is a 1958 graduate in the field of Journalism. She has been active on the *Diamondback*, and this

year spent about 20 hours a week working as managing editor of the Friday edition for which she received a small honorarium. She has, in the past, done part-time secretarial work in order to help defray college expenses. She plans to go into editorial work.

Carole feels that, "Receiving scholarship aid is both a privilege and a responsibility. As a privilege it brings added prestige, the satisfaction of being in a way rewarded for past efforts and accomplishments, and, very importantly, provides extra incentive for future achievement. On the responsibility side of the ledger to receive a scholarship means to feel added duty and desire to be of service to the University and to prove oneself deserving of aid."

This year her scholastic average is 3.8.

The 21-year old blonde is the daughter of Mrs. Vivian Bowie, a Secretary at the Department of Justice. Carole feels that she owes a large measure of

*(Continued on next page)*

her college success to her excellent high school background and to parental guidance.

HEADED FOR GRADUATE SCHOOL NEXT year is Miss Margie Gates, a 1958 graduate in Spanish. She holds three scholarships: Food Fair Foundation Scholarship (\$250), Helen Aletta Linthicum Memorial Scholarship (\$175) and the Panhellenic of Washington, D. C. Scholarship (\$200). Even with this help she has found it necessary to work part time.

Margie, who is very active on the campus, while still maintaining a 3.3 average, states, "I have found that the financial assistance I have been granted has encouraged in me a desire to repay the donors by proving myself worthy of their help. Because all of my awards were given me by the University, although the money came ultimately from other sources, I have tried to make some contribution to campus life in payment."

The daughter of an official in the A & P Tea Company, Margie feels that her attitude in making use of all her abilities, which has been encouraged by her family, friends and teachers, has been an important factor in her college career.

BRUNHILDE SEIDEL has also been awarded several scholarships. This year she holds two: the Goddard Memorial Scholarship (\$500) and a Home Economics Scholarship (\$250). In addition, she works as a receptionist in her dormitory, and is in charge of the Linen Service there also. Last year she worked in the Dining Hall to earn room and board.

Brunhilde majors in Home Economics Education and she feels that her 4-H Club background was an important factor in this choice. Concerning her scholarships she says, "The scholarships have strengthened by desire to achieve good grades as well as to participate in campus functions. I feel that more people are interested in my progress and expect certain things of me." Last year her average was 3.3.

From a farming family, Brunhilde points out that after coming to America she found that 4-H Club activities gave her many opportunities to learn as well as to teach. She says that seeing the importance of a well-rounded education during the War has encouraged her to work hard to achieve her educational objectives.

MISS NANCY HOUSTON IS A 1958 graduate in Home Economics Education. She was the holder of the \$300 Borden Home Economics Scholarship made available by the Borden Company Foundation, Inc., New York City. The scholarship is granted to the student in the College of Home Economics who has had two or more of the regularly listed courses in foods and nutrition, and who, upon entering the senior year of study has achieved the highest grade average of all other similarly eligible students in all preceding college work.

Nancy was a member of Kappa Kappa Gamma social sorority; the Home Economics Club; Omicron Nu, Home Economics honorary; and Aqualiners, synchronized swimming team.

About the award, Nancy says, "The Scholarship which was presented to me by the Borden Company has given me a great feeling of pride and accomplishment." She attributes her success to a sincere interest in her work and to her ability to use self discipline.

As the daughter of an Air Force Colonel, Nancy has spent her life traveling and consequently had to adapt to new situations quite often. She feels that the encouragement given her by her family in these new situations helped to build the self-confidence necessary for a teaching career.

JOHN DORSEY HAS HELD SEVERAL SCHOLARSHIPS at the University. He has had a University Grant for four years which pays fixed charges, a Special Scholarship for two years paying \$300 per year and a \$250 Phi Beta Kappa Scholarship in his senior year for having the highest cumulative average in his class. At the end of his junior year his scholastic average for the year was 4.0.

This year he served as President of Phi Eta Sigma, scholastic honorary; Secretary of Omicron Delta Kappa, national leadership honorary; Men's League President and Chairman of the Student Government Association Election Board. He holds a seat on the SGA Executive Council and on the Faculty Senate Committee on Student Life. He is also a member of Phi Sigma Kappa, the oldest social fraternity at the University.

Honors recently bestowed on Dorsey include membership in Phi Kappa Phi, senior scholastic honorary, and his listing in *Who's Who in American Colleges and Universities*.

John, the son of a farming family in Sharpsburg, Maryland, attributes his success to hard work. He states, "I

have always had the desire to do my best in everything."

Next year he will travel to the University of London with a Rotary Fellowship which covers all expenses, including travel, for one year.

ANOTHER SCHOLARSHIP HOLDER IS Carla Harms, a junior in Physics. Carla has a General Motors College Plan Scholarship and this year received a stipend of \$900. In addition to her scholarship fund, she supports herself by working as a Student Trainee in Physics at the National Bureau of Standards during the summer. The scholarship has enabled her family to send her brother and sister, twins and sophomores, to the University. She has an over-all average of 3.2.

Carla says, "I feel I must work hard to deserve the honor of a scholarship, not only because of the trust placed in me by the University, but because of the advantage it gives my brother and sister. Since I do not have to work during the school year, I have had time to join clubs and to pursue my hobby of music."

According to Carla, parental encouragement has been the main influence in her background which prepared her for success in college. Her father, a high school teacher for many years, is now Director of Personnel at the Naval Research Laboratory.

MISS JANET SHIPLEY, HOLDER OF A Goddard Memorial Scholarship, is a Speech and Drama major. She also holds a workshop as a receptionist in her dormitory which pays for her room. She states that the scholarship, workshop, and summer employment finances 25% of her needs for the school year.

In addition to maintaining a high average (3.3 last semester) Janet has been active in the University Theater.

About her scholarship she says, "Receiving the scholarship has definitely been an incentive to continue to do the best work I can. I certainly want to remain worthy of this assistance."

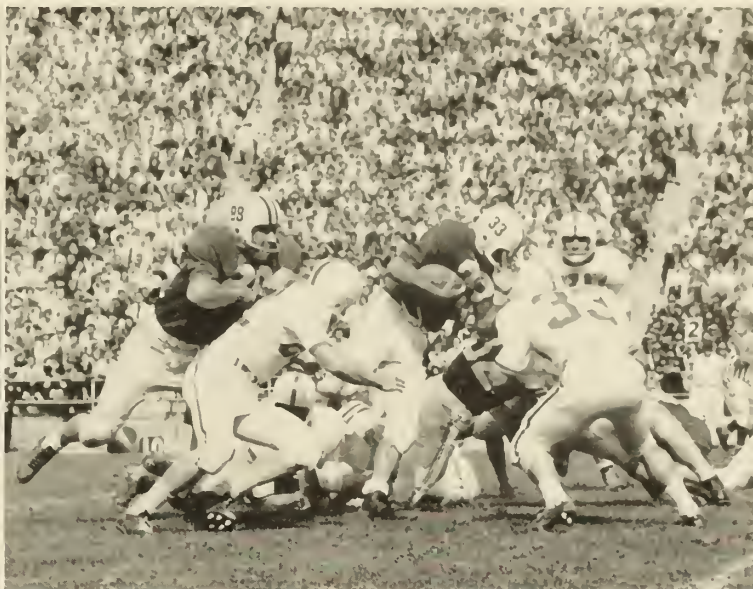

Janet sounds a deeply religious note when she states the reason for her ability and success. She says, "As far as my ability is concerned, I know God is responsible for everything. He is the one who gave me whatever ability I possess and He showed me how to use it constructively through His Son Jesus Christ."

She is the daughter of a food broker in Linthicum Heights Maryland.

# UNIVERSITY SPORTS

By JOE BLAIR Sports Editor

## Football Outlook

by

COACH TOMMY MONT

THIS COMING SEASON, THE MARYLAND football team will be embarking on an extremely rugged schedule, perhaps the most rugged any Maryland teams have ever faced. The Atlantic Coast Conference is now recognized by fellow coaches throughout the country as one of the most balanced conferences in the nation. The "have nots" of four and five years ago have been building their gridiron forces so that this season there should be a great scramble for our Conference championships and upsets should abound quite frequently much as they did last year.

In addition to meeting all of our Conference opponents, exclusive of Duke, we have the National Champions—Auburn, the number three ranked and 'Gator Bowl participants—Texas A & M! Cotton Bowl Champions—Navy, and the perennially strong and highly ranked—Miami.

The question is, where does Maryland fit into this picture? The Coaching Staff is looking forward with optimism toward the '58 season for a number of reasons. We will be considerably stronger this season. It was our feeling that as the 1957 season progressed our team improved by leaps and bounds.

There are two main reasons that give cause for our optimistic viewpoint—that is that last year we played 13 sophomores on our first two units and the experience gained will be invaluable. Number two, there appears to be much greater speed in our backfield now that Gene Verardi is ready to go and speedster Dwayne Fletcher is looking so good in spring practice. Then, the other reasons that go into the picture are that we will have considerably more depth than the past two years, experienced quarterbacks Bob Rusevlyan and Dick Lewis, and a larger in number freshman team along with a younger and more eager "B" squad that will tend to give our Varsity a better picture of our opponent from week to week.

FOR SOME POSITIONS ON OUR TEAM only game experience will give us a complete picture. Both of our second unit ends—Vincent Scott and Anthony Scotti—will be sophomores, along with our second center,—Leroy Dietrich,—and some key men in our second unit backfield, John Forbes, Verardi, and Larry Casparro. Our kick off game and field goals should be above average. Our punting game

should be adequate, although it is going to be extremely hard to find a replacement who can kick the ball as high as Ed Cooke. Bob Layman shows great promise in this department along with Dick Searbath. Vince Scott is the field goal and kick off man.

Our two co-captains, Bob Rusevlyan and Fred Cole have demonstrated excellent leadership to date, both of them being fine young men, good students and gentlemen in every respect. We think that in our Junior guards, Rod Breedlove and Tom Gunderman, we have a pair of the finest guards in football this year. They along with veteran tackles, Cole and Kurt Schwarz, comprise an outstanding middle of the line, and with a pair of ends such as Ben Scotti and Ron Shaffer, the Maryland line looms as one of the most formidable we have had. It surely compares with some of the outstanding lines that have been so famous for the Terps in past years. I might mention that the second unit will be one that can be substituted without a great deal of difference in their performance. I think you will enjoy following some of the boys who have come to College

*(Continued on page 20)*

## News from the Clubs

By VICTOR HOLM, *Field Secretary*

*Publicity Chairmen should Address Reports of Meetings and Activities to Mr. Holm, Alumni Association, Administration Building, University of Maryland, College Park, Maryland*

IT HAS COME TO OUR ATTENTION that many Alumni are interested in active participation in one of our various geographical Alumni Clubs. We are now in the process of organizing new clubs. Perhaps you have received word from us that we want to start a club in your area. If so, and you are interested, please fill out the card you received and return it to the Alumni Office. If you have not received a notice that a Club will be organized in your area, and you are interested in participating in or organizing an Alumni Club, just drop a note to the Alumni Office, University of Maryland, College Park, Md.

It may be that there is already an active group in your area which would welcome your participation. If you are not sure, contact us and we will let you know. We are always happy to hear from you, and we welcome your interest, your suggestions and if you will, your gripes.

### JOURNALISM ALUMNI CLUB

The Journalism Alumni of the University of Maryland have started an Alumni club for graduates in the Department of Journalism and Public Relations. The purpose of the club is to promote the Department of Journalism and Public Relations, and to provide a link between the students, the Department and the graduates. The members of the club are available in an advisory capacity to students in the Department. Another aim of the club is to help the new graduates in jobs according to their training.

The Club is under the direction of the following officers:

*President*—George Chccly, BPA '52

*Vice-President*—Charles Puffenbarger, BPA '51

*Secretary*—Barbara Pridgen Heine, BPA '53

*Treasurer*—James Coyne, BPA '53

*Executive Secretary*—Dr. Earl Newsome, Prof. of Journalism, U. of Md.

Acting as a co-sponsor for the Pi Delta Epsilon Banquet this spring, the Club invited many Journalism Alumni to attend.

Anyone interested in active participation in this new organization please contact: Jim Coyne, 8209 Meadowbrook Lane, Chevy Chase 15, Maryland.

### U. S. DEPARTMENT OF AGRICULTURE ALUMNI CLUB

A newcomer to our list of active Alumni Clubs is one at the United States Department of Agriculture. The members of the Club are Maryland Alumni who work in the Department of Agriculture and the Food and Drug Department. Two organizational meetings were held during the spring to determine the number of interested Alumni in the Department.

On June 5, 1958, above 50 people attended a luncheon at the Department of Agriculture in Washington. At that time a constitution and by-laws were adopted and the following officers elected:

*President*—Myklo Downey, Agriculture, '27

*Vice President*—Paul Smith, Agriculture, '26

*Secretary-treasurer*—Winifred Gahan, H.Ec. '31

*Alumni Council Rep.*—William H. Evans, Agriculture, '26

#### *Directors:*

Curtis Hollister  
Richard Gossom  
Arthur Dunnigan  
Richard White  
Kennard Stephens  
Edward Steinburg  
Richard Welton

The directors represent the various bureaus within the Department of Agriculture.

Dr. Ronald Bamford, Dean of the Graduate School, was the guest speaker at the luncheon. He outlined the accomplishments of the Graduate School and told of the plans for its future. Dr. Bamford also touched on other aspects of the University including the hope that a center for adult education will soon be forthcoming. After his talk Dr. Bamford answered questions

from the members concerning the Graduate School and the University in general.

The next meeting of the Club is scheduled for next fall when more names of Maryland Alumni will be added to the active list at the U. S. Department of Agriculture.

### ALUMNI CLUB OF BALTIMORE

The annual business meeting of the Baltimore Alumni Club was held on May 23, 1958, at the 104th Medical Regiment Club Rooms in Baltimore. President Sam Silber accepted the report of the nominating committee from James W. Stevens and Dr. William H. Triplett. The following officers and Executive Board members were elected for the year 1958-1959:

*President*—Charles F. Ellinger, A&S

*First Vice-President*—David William Bien, Law

*Second Vice-President*—Mrs. Ethel M. Troy, Nursing

*Third Vice-President*—James W. Stevens, Agriculture

*Secretary*—Donald R. Peacock, A&S

*Treasurer*—William J. Hucksoll, Education

#### *Executive Board:*

James M. Swartz, Agriculture  
John Lampe, A&S  
John F. Rabai, BPA  
Dr. W. Buckey Clemson, Dentistry  
James O. Proctor, Education  
Arthur G. Van Reuth, Engineering  
Mrs. Catherine M. Ritter, H. Ec.  
J. Marshall Neel, Law  
Dr. A. A. Sussman, Medicine  
Mrs. Annetta M. Willis, Nursing  
Dr. Hyman Davidov, Pharmacy

About 100 members were on hand to see Dr. William Triplett present a certificate of commendation to Miss B. Olive Cole in recognition of her four years of service as Secretary of the club. Also honored was Miss Katharine Toomey, Administrative Assistant of the School of Dentistry. Dr. Pessagno presented Miss Toomey an honorary membership in appreciation of her years

of work and service, especially her understanding help to students, in the Dental School.

Dr. Albert Goldstein, Chairman of the Greater University of Maryland Fund, reported that the Student Union Building in Baltimore would be started about September 1, 1958, and that Alumni in Baltimore had contributed much to the overall Fund.

After several other committee reports, the business meeting was adjourned, and the members enjoyed a social hour of refreshments and music.

## Campus Notes

*Continued from page 5*

coming to Maryland he was Associate Professor of Civil Engineering at Yale University. In addition to his teaching, Dr. Looney has served in a number of other professional capacities and has published extensively.

He is a full member of the American Society of Civil Engineers, the Yale Engineering Association, and Sigma Xi, among others.

### HONORARY SOCIETY ESTABLISHED

A new honorary organization has become part of campus life at the University. Recently installed was a chapter of Tau Kappa Alpha, the Forensics and Speech Honorary Society. Dr. Albin O. Kuhn accepted the charter for the chapter from Professor Karl Moll of Rutgers University, who is President of the Mid-Eastern region of the society. Also present at installation ceremonies was Mr. Oswald Ryan, founder of Tau Kappa Alpha, who was the principal speaker. Mr. Malton Anapol of the Speech Department, a member of TKA at Rutgers, will act as adviser to the new chapter.

Maryland debaters have recently proved themselves worthy of the honorary society. At the Maryland-Washington Forensic Conference, held at Howard University April 26, the team tied for first place with George Washington and then lost by only one point—354-353. James Johnson was awarded Top Speaker in the tournament. At the Atlantic Coast Conference Debating Match, held at Duke University, May 2-3, the University's team walked away with many of the top honors. Entered in the Novice Division, the team was judged the best affirmative team, the best negative team, and the team with the best over-

all record. Dotty West, a sophomore in Arts and Sciences, was awarded Top Speaker. Top Negative Speaker went to Fred Smith, also an Arts & Sciences sophomore. Sybil Rappoport was third in after dinner speaking. All these students will be returning next year, so the future of forensics at the University looks bright.

### UNIVERSITY COURSE OPEN FOR PLAY

Recently, from the office of W.W. Cobey, Director of Athletics, came the following announcement:

It is a real pleasure to announce that within the next few weeks, and not later than July 1, the first nine holes of the University Golf Course will be open for play. We had hoped that all 18 holes could be opened at one time, but due to weather conditions during the past winter there will be a slight delay in opening the back nine. This should be accomplished sometime during the summer months. In addition to the golf course we have a very fine driving range that is now in operation and is open to faculty and staff members.

The golf course membership will be restricted to students, faculty, staff members and alumni. In order to maintain the golf course it has been necessary to establish a small annual membership charge, along with greens fees.

Membership fees will be paid on a University fiscal year basis, from July 1 to June 30. The daily greens fee for 18 holes will be \$1.00. Daily greens fees for guests of faculty, staff, and alumni members will be \$2.50, and on weekends \$3.50. Membership cards for 1958-59 are on sale at the ticket office in the Student Activities Building.

For those who are not interested in golf, it is our hope to develop certain areas adjacent to the golf course for other types of recreation, including several picnic areas for the use of faculty and staff members and their families. Also, we have a very large lake on the golf course, and are making plans for canoeing and boating.

The Athletic Department is delighted to have been able to construct a golf course at the University of Maryland. This has been accomplished by the University's participation in several Bowl games, and with the approval of the University Administration. It is our hope that the student body, faculty members, staff members, and alumni, will enjoy many pleasant days of recreation on the new golf course.

### DR. GEWEHR TENDERED TESTIMONIAL DINNER

Dr. Wesley M. Gewehr, Head of the Department of History and a member of the faculty since 1940, was honored May 10, at a testimonial banquet given by his students, friends and associates in advance of his retirement on June 30.

Dr. Gewehr was presented with a hi-fi record player and a bound book of congratulatory letters from more than 100 of his former students. The banquet was arranged by the University's chapter of Phi Alpha Theta Fraternity, a national history society, and was held at the Hotel 2400, Washington, D.C.

A native of Chicago, Illinois, Dr. Gewehr is an internationally known historian, scholar, teacher, author and editor.

### GRANT AWARDED INSTITUTE FOR CHILD STUDY

Dr. Wilson H. Elkins has announced that The Grant Foundation has appropriated \$154,000 for continuing support of the University's Institute for Child Study during the coming three years. The Grant Foundation already has supported generously the work of the Institute during the past nine years and the new grant brings the total of this aid to \$548,050.

*(Continued on next page)*

Brigadier General T. Dodson Stamps (U. S. Army Retired) joined the College of Special and Continuation Studies as a special assistant to Dean Ehrensberger in November, 1957. General Stamps' primary duties are to revise and strengthen the present degree in Military Science.

For 18 years Gen. Stamps served as Professor and Head of the Department of Military, Art, and Engineering at the U. S. Military Academy at West Point. He was appointed Dean of the Faculty in 1956 and retired last summer. In 1953 he was a member of the committee of the Middle States Association of colleges and secondary schools that surveyed the University of Maryland.

## Campus Notes

*Continued from preceding page*

### SCHOOL OF NURSING TO BEGIN GRADUATE PROGRAM IN MEDICAL AND SURGICAL NURSING

The University of Maryland School of Nursing will begin a Master's Program in Medical and Surgical Nursing this college year, Fall of 1958. The Program has been approved by the Southern Regional Education Board and will emphasize nursing in heart conditions, especially those conditions which require heart surgery. Cardio-vascular diseases including thoracic surgery are being emphasized throughout the entire world.

Professional nurses who have Master's degrees will be especially well prepared to function with the doctor on the medical care team.

Presently, the School of Nursing, University of Maryland, is preparing nurses on the Master's level to function as teachers, supervisors and clinical specialists in Psychiatric Nursing, and Maternal and Child Health Care. Since September, 1955, 41 students have pursued this work.

*Dr. Albin O. Kuhn, Executive Vice President of the University, receives the charter for Tau Kappa Alpha, forensics and speech honorary, from Prof. Karl Moll, of Rutgers University and Mid-eastern Governor of the organization.*

### GUGGENHEIM FELLOWSHIP AWARDED TO FOUR MEMBERS OF UNIVERSITY FACULTY

Four members of the University faculty have been named recipients of Guggenheim Fellowships awarded annually by the John Simon Guggenheim Memorial Foundation.

Dr. John Irving White, Assistant Professor of Physiology, School of Medicine, received a grant to carry out

studies of certain protein components of skeletal muscle. Dr. Robert Elston Fullerton, Associate Professor of Mathematics, received a grant to study the theory of continuous surfaces. A grant was awarded to Dr. Elliott Waters Montroll, Research Professor of Physics, to conduct studies of the statistical mechanics of systems of interacting particles. Dr. John Sampson Toll, Professor of Physics, and Chairman of the Department, will use his grant to do studies of analytic structure of quantum field theories.

The Guggenheim Fellowships are considered one of the highest scholastic honors available in this country and are awarded to those who have demonstrated outstanding capacity for original scholarly research and artistic creation. The Fellowships are designed to assist the recipients to advance to higher levels of accomplishment in their fields of research and artistic creation.

### COLONEL VANDERGRIFT HAS NEW ASSIGNMENT

Lt. Col. Kennard S. Vandergrift, who is Secretary-Treasurer of the Overseas Alumni Chapter, recently was assigned as Chief of the Purchasing and Contracting Division at the U. S. Army Port of Embarkation in Bremerhaven, Germany. Col. Vandergrift, who entered the Army in 1932, was last assigned as Commander of the Berchtesgaden, Germany Station and Recreation Area.

Among his awards, he holds the Bronze Star Medal. He arrived overseas on this tour of duty in 1956 from an assignment in the Office of the Chief of Transportation, Washington, D. C.

The Colonel, a member of Pi Sigma Alpha and Lambda Epsilon Psi fraternities, was graduated from San Diego Army & Navy Academy at Pacific Beach in 1928, attended the University of Southern California and was graduated from the University of Maryland in 1955.

### L. F. GRAPSKI ASSUMES DIRECTORSHIP OF THE UNIVERSITY HOSPITAL

Ladislav F. Grapski, Associate Director and Assistant Secretary to the Board of Trustees of the Johns Hopkins Hospital, Baltimore, has been appointed Director of the University Hospital, effective July 1. The new Director will succeed Dr. Clifford Blicht who is planning to enter private practice in Florida. Dr. Blicht has been Director of University Hospital since 1954.

Describing the scope of the position, Dr. William S. Stone, Dean of the Medical School, said, "As Director of

University Hospital, Mr. Grapski will not only be responsible for the administration of the hospital, but will also be responsible for supporting the hospital aspects of the educational programs in medicine, nursing and the health ancillary sciences, such as physical therapy and medical technology."

Mr. Grapski is a graduate of the University of Chicago, the University of Denver and the Mills School of Nursing, New York, New York. He has had wide experience and training in hospital administration.

Between 1938 and 1941, the new University Hospital Director has been associated with St. Elizabeth's Hospital, Lincoln, Nebraska; University of Colorado School of Medicine, and St. Joseph's Hospital in Denver, Colorado.

### C. H. HUMELSINE APPOINTED DIRECTOR OF WILLIAMSBURG

Carlisle H. Humelsine, formerly employed by the University as Professor of Journalism and as Director of Public Relations and Alumni Affairs, has been elected President of Colonial Williamsburg. The announcement was made by Winthrop Rockefeller, Chairman of the two Boards which govern the \$62,000,000 restoration project.

Humelsine was born in Hagerstown and was an Education '37 graduate of the University.

YOUR

ALUMNI

ASSOCIATION

presented to four Maryland citizens: to Mrs. J. Homer Remsberg of Middletown for her work in home demonstration both in Maryland and throughout the nation; to Mr. Walter J. Hahn of Frederick for his contribution as a dairy farmer and organization leader; to Mr. W. Algie Cooksey of Spring Hill for his work with the State Farm, Maryland and Charles County Farm Bureaus; and to Mr. James B. Lingle of Queenstown for his leadership in the beef cattle industry, and for his participation in the activities of the American Beef Cattle Improvement Association.

THEN CAME THE AWARDING OF THE 2,549 DEGREES, A CEREMONY as impressive as it was large. Each degree candidate walked across the platform, shook hands with his Dean, was handed his diploma and thus climaxed four years of hard work and study. A proud moment was also reached for advanced AFROTC cadets as they received their commissions in the United States Air Force.

The Benediction was delivered by the Reverend Algernon W. Jackson of the Cherrydale Baptist Church, Arlington, Virginia. Mr. Jackson's son John was a member of the graduating class of 1958.

ANOTHER GRADUATION TOOK PLACE MAY 24 IN HEIDELBERG, Germany. 128 military and civilian personnel of the Overseas Program graduated and received formal degrees.

Mr. David K. E. Bruce, United States ambassador to the Federal Republic of Germany, presented the Commencement address. The exercises were held in the Neue Aula of the University of Heidelberg.

Top commanders of USAFE and USAREUR participated. Chief among those representing the State of Maryland and its University were Governor Theodore R. McKeldin and President Wilson H. Elkins. Diplomas were presented by Dr. Elkins.

The graduation ceremony was one of the highlights this year of German-American Friendship Week.

Ambassador Bruce was scheduled to address last year's graduation class, but was called to Washington for State conferences at the last minute.

Ambassador Bruce was born in Baltimore and attended the University of Maryland School of Law. He is also an historian and author.

Mr. Charles P. McCormick, Chairman of the Board of Regents, Dr. Ray Ehrensberger, Dean of the College of Special and Continuation Studies, and Brigadier General Beukema, USA (Retired), Director of the European Division were present to congratulate the graduates of the European Division.

The class of 1958 included 100 officers, 11 enlisted personnel, and 17 civilians, with military rank ascending from A/2C and Sp 2 to full Colonel. Among the 65 Army and 45 Air Force graduates, the predominant ranks were Captain (51) and Major (20). The sole representative from the Navy was Chief Engineman Roy P. Hipsley, Jr., whose duty assignment is personnel driver to Admiral Robert P. M. Briscoe, Commander-in-Chief, Allied Forces Southern Europe in Naples, Italy.

In contrast to last year's lone distaff representative, seven

*Dr. John C. Krantz, who received the Alumni Honor Award at the 33rd annual banquet and dance of the School of Pharmacy, is here shown receiving the Governor's Certificate of Recognition for service to the State, presented by Governor Theodore R. McKeldin. In the foreground is Mr. Balassone, Chief of the Division of Drug Control, Maryland State Department of Health.*

women received their degrees at the 1958 Commencement.

Although it took some of the students as much as a decade or as little as four years to complete degree requirements by attending classes at night, the average time for the entire class to earn a college diploma was 4.4 years.

Following the Commencement a reception was held in honor of the class of 1958 at the Heidelberg Casino, USAREUR Headquarters.

AS USUAL BEFORE COMMENCEMENT EXERCISES ACTUALLY take place each year, both the Baltimore and College Park campuses were busy with pre-Commencement activities.

At College Park the traditional Baccalaureate Service was held in Memorial Chapel on June 1.

The Right Reverend Noble C. Powell, D. D., Episcopal Bishop of Maryland, was baccalaureate speaker. Bishop Powell was rector of St. Paul's Memorial Church at the University of Virginia from 1920 to 1931, rector of Emmanuel Church in Baltimore from 1931 to 1937, Dean of Washington Cathedral in Washington, D. C. from 1937 to 1941, when he was elected Bishop Coadjutor of Maryland. He became Diocesan in 1943.

In Baltimore, the professional schools welcomed back their alumni.

Dental alumni held business meetings and class reunions on June 5 and 6. June 6, the dentists participated in a golf tournament at the Suburban Country Club and in the evening enjoyed dinner and dancing at the Southern Hotel.

Alumni of the School of Pharmacy gathered around the banquet table June 6 for a gala reunion, and for honoring the senior class. The School honored 11 senior students at its fifth annual Honors Day Convocation June 5. Mr. W. Paul Briggs, Executive Secretary of the American Foundation for Pharmaceutical Education, was the speaker for the occasion.

The Medical School Alumni Day was June 5 and a day of meetings and awards was followed by an evening of dinner and dancing at the Lord Baltimore Hotel.

Park the last couple of years. They will be the names to watch and will give us so much help this year, and of course, be the ones who will form the nucleus of future Maryland teams. Some of these boys, who will be sophomores this year, are Scott, Fletcher, and halfback Bob Gallagher. Quarterbacks Dale Betty and Dick Scarbath. Fullback Everett Cloud, End Tony Scotti, and Tackles George Drakslar and Jim Boff.

Right now, Clemson is being touted as the Class of the Atlantic Coast. They are our first home game on October 4, and it is my sincere hope that all of you will be present on that day. Texas A & M follows at home, and two weeks later, South Carolina comes to College Park, and then Navy at Baltimore. These are four very attractive home games, so get your season tickets now.

#### ALUMNI GIVEN FIRST CHOICE OF FOOTBALL TICKETS UNTIL AUGUST 31

Order forms for tickets for the 1958 football season have been mailed to alumni. Alumni traditionally have been given an opportunity to purchase football tickets before sales are opened to the general public. This period of preference will continue until August 31.

The schedule for the 1958 season is as follows:

<i>Date</i>	<i>Opponent</i>	<i>Place</i>
Sept. 20—Wake Forest		
	at Winston-Salem, N.C.	
Sept. 27—North Carolina State		
	at Raleigh, N. C.	
Oct. 4—Clemson		
	at College Park, Md.	
Oct. 11—Texas A. & M.		
	at College Park, Md.	
Oct. 18—North Carolina		
	at Chapel Hill, N. C.	
Oct. 25—Auburn		
	at Auburn, Ala.	
Nov. 1—South Carolina		
	at College Park, Md.	
Nov. 8—Navy*		
	at Baltimore, Md.	
Nov. 14—Miami, Fla.		
	at Miami, Fla.	
Nov. 22—Virginia		
	at Charlottesville, Va.	

\* MARYLAND HOME GAME

## AGRICULTURE

A. B. Hamilton

#### 40 YEARS IN EXTENSION

An extension career devoted to more than 40 years of service to Somerset County agriculture ended recently with the retirement of Clarence Z. Keller.

Extension Director Dr. Paul Nystrom, in announcing the retirement, noted that Mr. Keller was the oldest county agent in the State in point of service and one of the oldest in the United States.

The first two years of Mr. Keller's professional career were spent in a Dorchester County high school, where he taught agriculture and science. He was appointed agent in Somerset County in May, 1917. This career was interrupted for about a year and a half in 1938 and 1939, when he took a leave of absence to serve as state executive officer to administrate the agricultural adjustment act in Maryland.

Mr. Keller's activities have extended into all phases of Somerset County's agricultural industry and at one time or another have affected nearly every individual farm operation.

One of the first notable achievements by Mr. Keller was also one of the first achievements of its kind in Maryland. In 1917, his first year, he helped to organize one of the first farm loan associations in the State. Other highlights of the 40-year career include leadership and assistance to farmers in organizing drainage projects, a soil conservation district, county committees under PMA and ASC, farm labor programs, vegetable and dairy marketing associations and REA cooperative.

Mr. Keller has also been active in community affairs. He has served on the Boy Scout committee, was Secretary and Treasurer of the county USO during World War II, was Treasurer of the Princess Anne chapter of the Red Cross for five years during the World War II period and is Past President of the Princess Anne Rotary Club.

In 1947, Mr. Keller received the Distinguished Service Award from the National Association of County Agricultural Agents.

#### GREEN THUMBS

Botany has a reputation for conferring a large number of advance degrees; a recent picture of the Department showed 26 graduate students. Recent graduates are in interesting places: Dr.

Ida Bjornsson has gone to New Mexico Highlands University, Dr. Mustapha Abo-El-Dahab has returned to Alexandria University in Egypt, Dr. Ray Lukens is a staff member of Connecticut Agricultural Experiment Station in New Haven.

Dr. Bernie Smale is at the Beltsville Research Center. Bob Schmidt has returned to V. P. I. to work on his Ph.D., Dr. Elmer Worthley is at Edgewood Arsenal and Miss Margaret Heron is teaching biology at Suitland High School.

Royalties from the sale of the General Botany Laboratory Manual go into the Appleman-Norton Award to help neophyte botanists.

Recent changes include Dr. Paul Hochstein to Columbia University as Associate Professor of Biochemistry after a long association with Dr. Mark Woods at National Institutes of Health. Norton Marshall reports that life in Liberia is still smooth. Dr. John Smoot has transferred from Camp Detrick to the U.S.D.A. in Orlando, Florida, and Joe Haun has left Cornell Chemical Company to work at Beltsville in the New Plant group.

#### VO-AG'S YESTERDAY AND TODAY

Last year's graduates in Agricultural Education are teaching as follows: James Pope at Gaithersburg, John Georg at South Hagerstown and Williamsport, John Hutchins at Poolesville and Theodore Mintz at Clarksville.

Reverend Mr. Lee Adkins, '42, is developing a mission church in Greensboro, North Carolina. Roger Burtner, '51, received his B.D. from Gettysburg and is pastor of the Evangelical United Brethren Church, Orrtana, Pennsylvania. Chester Cissell, '36, is County Agent for Queen Annes County, Centreville, Maryland. Russell Henry, '31, has transferred from Meadow Gold Dairy, Washington to the Frederick County Health Department.

Warren Smith, '43, is now Vice Principal of Frederick High School and Maurice Ward, '42, has a similar position at Poolesville. Vernon "Tex" Sultenfuss, '47, has been made Principal of Centreville High School. Donald Cook, '55, is teaching Industrial Arts at Surrattsville High School in Southern Maryland.

Fred Besley, '56, is a graduate student in the Agronomy Department. Robert McKay, '42, is an Agricultural Missionary at Nigeria, Africa. John E. Miller, '53, has been made a Special High School Supervisor in Queen Annes County. James Weamert, '52, has been

appointed County Agricultural Agent for Kent County, and John Kalie is with Miller Chemical Company.

#### CARTER RETIRES

John Carter, '26, has retired recently after 29 years of service as County Agent in Garrett County and was succeeded by James A. McHenry, '51.

Mr. Carter entered the University of Maryland in 1922 after serving in France in World War I. Following graduation he taught agriculture in Friendsville High School in Garrett County and was appointed to the Extension Service in 1929.

The National County Agents' Association recognized Carter for his work in 1953 with a distinguished service award. In 1956 his many friends in the mountain county honored him for his service. On that occasion, he received a portrait of himself. The portrait was hung in the lodge hall at the 4-H center in Pleasant Valley, which is a monument to his leadership.

Assisting maple syrup producers to improve the quality of their product was one of Mr. Carter's many projects. His leadership resulted in the development of the trade name, "Crest O' the Alleghanies" for the top grade Garrett County maple syrup. Other outstanding programs planned by the County Agent included the production of late potatoes, cool weather vegetable crops, rural community development, the agricultural fair and the expansion of the dairy and poultry business.

Mr. McHenry has been Assistant Agent in Garrett County since 1951, in charge of 4-H Club work.

#### "BERT" NEWELL'S LETTER

Sterling R. Newell, '22, has made government figures as popular as those in the Atlantic City Beauty Contest. He has raised a report of government facts from a compilation of cold data to the place of a welcome visitor in thousands of farm homes.

"Bert" Newell's Letter is a page in the U. S. Department of Agriculture's monthly report entitled "Agricultural Situation." As Chairman of the Crop Reporting Board of the U.S.D.A. Newell wrote letters to many of the farmers who reported on the condition of crops and number of livestock. The letters caught on and now farmers wait each month for the next bit of homey philosophy.

In a letter "Bert" said, "Every now and then someone wants to know if the characters I write about are real people or just made up. There's old Jim and

Uncle Pete, the Colonel and Doc and others. They are, or were, real honest-to-goodness people.

"When I was a county agent, there was a man who went through the county buying farm produce. He made money, but I never heard anyone criticize him except perhaps the person who tried to outsmart him in a deal. Most of the farmers used to say 'just trust Doc and you'll come out all right.' That principle paid off for Doc, not only in dollars and cents, but in the respect of his fellow citizens."

To one who remembers the blacksmith shop, the covered bridge, the county store, and other early rural institutions, the "Bert" Newell's Letter is a cross breed between Will Rogers with a rope and Bob Burns with a bazuka.

#### HEADS PENNSYLVANIA FARM BUREAU

Gerald A. Biggs, '31, has served as President of the Pennsylvania Farm Bureau for the past three years. He started his career as a teacher of vocational agriculture at Oldtown in Alleghany County, Maryland. After serving in a similar capacity in Caroline County and at Hagerstown, he went into business for himself. He now operates a large dairy and beef cattle farm near McConnellsburg, Pennsylvania, but finds time to give freely of his time and agricultural knowledge in developing rural organizations.

#### AG. TV TEACHER

Dr. Samuel Slack, '47, is a member of a team of professors from Cornell which is conducting a short course for farmers over TV. Classes are not held in the usual way, but before the farmer's TV in his own home. Each Thursday from 11:30 to noon, a professor broadcasts a lecture from station WCNY-TV.

According to Professor Slack, each student is provided with a 24-page workbook and five bulletins to use as reference. During the 8-week course each farmer has a chance to learn how to keep, summarize and analyze his own farm records.

#### FOLLOWING THE GANG

Earl Spurrier, '49, an Assistant Professor of Crops Extension at the University of Illinois was the author of an excellent article in *Hoard's Dairyman* entitled, "New Grass Killer Looks Promising".

V. H. "Whitey" Miller, '41, is co-owner of the Miller-Fields Buick Agency, Rockville.

Carl Neutzel, '48, is with the Suburban Propane Gas Company, Salisbury.

Dr. Leroy Johnson, '51, is a practicing veterinarian at Snow Hill.

Kenneth Cropper, '57, has stepped up the ladder with Southern States Co-operative and is manager of the store and warehouse at Princess Anne.

Woodward Greenwood, '56, is with the Armed Forces at Verdun, France. He sent a picture showing Holstein bulls being used for farm power.

Dr. Darwin Solomon, rural sociologist is transferring his activities to the University of Saskatchewan, Canada. He will be chief training officer in the Center for Community Studies.

#### DR. HAGLER HEADS DEPARTMENT

Dr. Thomas B. Hagler, Ph.D. '54, for nine years Associate Professor of Horticulture and Associate Horticulturist at Auburn, Alabama has been appointed head of the Clemson College Department of Horticulture.

He succeeds A. M. Musser, who retired in February, and assumes his duties July 1.

Dr. Hagler, a native of Louisville, Alabama, is a 1939 graduate in Agricultural Education at Alabama Polytechnic Institute, Auburn, where he transferred from Berry College. He earned his Master's degree in Agricultural Education at Auburn in 1947 and the Doctorate in horticulture at the University of Maryland in 1954.

#### DR. JONES APPOINTED ASSOCIATE PROFESSOR

Dr. Jack C. Jones, Medical Entomologist for the U. S. Public Health Service, has been appointed Associate Professor of Entomology.

A native of Birmingham, Alabama, Dr. Jones holds B. S. and M. S. degrees from the Alabama Polytechnic Institute and a Ph.D. degree from Iowa State College.

---

## Department of AIR SCIENCE

---

#### SUMMERS GRADUATES

Army 2d Lieutenant Harry G. Summers, Jr., Military Science '57, recently was graduated from the 15-week basic officer course at The Infantry School, Fort Benning, Georgia.

## College of ARTS AND SCIENCES

Lois Eld Ernest

### STUDENT PRODUCES TV SHOW

James Henson, Art Department student, produces those clever puppet skits on TV for the Wilkins Coffee advertisements. He also has a five-minute show on Station WRC-TV Channel 4 following the late news.

### EXHIBIT IN PARIS

Several paintings by Herman Maril, Associate Professor of Art, will be shown in Paris with a selected group of American paintings. The Exhibit will take place in the spring.

"Sentinels", a large oil painting by Professor Maril, was shown in the All Maryland Exhibition of Paintings at the Baltimore Museum of Art.

### SIEGLER TEACHES

Maurice Siegler, Associate Professor of Art, taught an evening adult portrait class held under the auspices of the Bureau of Aeronautics, U. S. Government.

### PHILOSOPHY DEPARTMENT TO OFFER PH.D.

The Graduate Council at a meeting on March 12, 1958, approved the request of the Department of Philosophy to establish a program of work leading to the degree of Doctor of Philosophy. Since the reorganization of the Department in 1949, it has offered only the degree of Master of Arts. Next year the Department staff will number five members and will be prepared to offer graduate work in all of the standard fields of philosophical specialization.

### DR. GARVIN ELECTED

Dr. Lucius Garvin, Head of the Department of Philosophy, has been elected a trustee of the American Society for Aesthetics for a period of three years ending December, 1960. A recent article by Dr. Garvin entitled "Emotivism, Expression, and Symbolic Meaning" appeared in the January 30, 1958, issue of the *Journal of Philosophy*. Dr. Garvin will participate in a symposium on "Good Reasons in

Ethics" at a meeting of the American Philosophical Association in Cincinnati, May 3, 1958.

### ART DEPARTMENT ACTIVITIES

A gift of twelve dry-brush sketches to the Student Union was made by Professor James P. Wharton, Head of the Art Department. Professor Wharton painted the scenes from various historic sites in Maryland. Currently, he is on sabbatical leave until September.

Professor John Lembach, Acting Head of the Art Department, attended the Annual Council Meeting of the National Art Education Association in Louisville, Kentucky on March 28-29. He is serving as Secretary-Treasurer of the Association through 1959. Between April 25-28 Dr. Lembach led a discussion panel on Art Education for the National Committee on Art Education of the Museum of Modern Art in New York City.

Associate Professor George Cuneo, Practical Art Department, Dr. John Lembach, and Assistant Professor Francis S. Grubar, Art Department, acted as judges in an Art Exhibition held at the Bladensburg High School on April 22.

Lithographs by the 19th century French artist, Honoré Daumier, from the collection of Francis S. Grubar, Assistant Professor of Art, were on display in the Fine Arts section of the library March 18-31. Prints from the collection of Herman Maril, Associate Professor of Art, were displayed April 1-15.

Continuing its close cooperation with the Student Union, the Art Department is co-sponsoring a number of exhibitions there during the Spring term. An Exhibition of paintings by Joseph Wrobel was held from March 23-April 4. Mr. Wrobel resides in Chicago and teaches at Notre Dame University. Some of the work displayed was the result of his experiences in skin-diving and with the shrimp fleets.

A group of 23 paintings by Mrs. Elinore M. Behr, student in the Art Department, were displayed last February.

A one-man show of work by Mrs. Merry Ellen Foster, also an Art Department student, was held March 2-21.

Paintings by George Cuneo, Associate Professor of Art, could be seen at the Student Union from April 20-May 4.

An Exhibition of students' work from the art classes of Associate Professor Maurice Siegler and Mrs. Elizabeth Stites were on display April 8-19.

### THE MUSIC DEPARTMENT

The Music Department has brought to a close one of its most active academic years. An increase in student enrollment and expansion of the faculty are only two of the many signs of growth evidence in the department.

Numerous activities both on and off campus have added much to the musical life of the University and the community in general. Projects of the year have included: an extensive concert series featuring faculty recitals, chamber programs presented by the Maryland Band Concert Ensemble, and student recitals; support of the Maryland Music Educators Association by service of committees and attendance at the Hagerstown Convention; tours by faculty members and groups of students for performance at various schools in the State in connection with the "Career Opportunities in Music Education" program; successful operation of the All-Maryland Band, Orchestra, and Chorus Days; a tour by the University Band through Central Maryland; student participation in the University Workshops sponsored by the National Symphony Orchestra. A great amount of energy and effort went into the organization of the Choral Workshops presented by Margaret Hillis.

### NEWS FROM THE CHEMISTRY DEPARTMENT

On April 15, Dr. Nathan L. Drake attended a meeting of educators held at Wilmington, Delaware, in connection with Chemical Progress Week. The educators were guests of the Du Pont Company, the Atlas Powder Company and the Hercules Powder Company.

On April 23, Dr. Drake went to Oak Ridge, Tennessee for a meeting of the Council of the Oak Ridge Institute of Nuclear Studies, of which he is a member.

Dr. G. Forrest Woods was in Dayton, Ohio, May 1-3 for the dedication of the new Air Force Research Laboratory at Wright-Patterson Air Force Base.

Dr. Charles E. White is the author of a review paper on Fluorometric Analysis which was published in the April, 1958 issue of *Analytical Chemistry*.

Dr. White is also the author of the chapter on Fluorometry in the recent book, *Trace Analysis*, published by John Wiley and Sons, New York.

Dr. H. Steffen Peiser of Hadfields Ltd., Sheffield, England, was guest speaker at the Physical-Inorganic-Analytical Chemistry Seminar on Friday, May 9.

# College of BUSINESS AND PUBLIC ADMINISTRATION

*John A. Daiker*

## REPRESENTS THE UNIVERSITY

Dr. Allan J. Fisher, Professor of Accounting and Finance, represented the University of Maryland at the Seventh Annual Forum on Finance, held in New York City June 17-July 3, 1957. Representatives of some 30 colleges and universities participated in the Forum, which was sponsored by the American Securities Business.

## TOUR OF RUSSIA AND EUROPE

Dr. William A. Dymaza, Department of Economics, is leading a collegiate visit to the Soviet Union and other European countries this summer. This is the third annual visit to the Soviet Union organized by the Cultural Travel Council—an organization which has long specialized in cultural tours. Besides the visit to Russia, which includes Moscow, Leningrad, Stalingrad, Kiev, Rostov-on-Don, and a cruise on the Volga-Don Canal, there will be visits to Germany, Denmark, Sweden, Finland, Czechoslovakia, and France. The tour places special emphasis on education, art, music, science, technology, industry, agriculture, economic and political organization, and the every day life of the Russian people and people in other European countries. College students, teachers, businessmen, professional people are participating in this cultural tour.

## DR. JOHN H. DALTON

Dr. John H. Dalton, Assistant Professor of Economics at the University of Maryland, has recently returned from a year's leave of absence spent in tropical Africa and western Europe. Dr. Dalton studied the problems of agricultural development, principally in the Belgian Congo and in Ghana. His research was supported by a grant of \$11,000 from the Ford Foundation. He spent some of his time in the Colonial Office in Brussels and made two trips of about four months each to the Congo and to Ghana. Dr. Dalton is a specialist in the increasingly important subject of African economic development, having previously made an extensive study of the problems of eco-

nomie development of the Gold Coast before it gained independence under the name Ghana.

## CURRICULUM REVISION COMPLETED

The revision of the curriculums for the University's Department of Office Techniques and Management has been completed, it was announced today by Dr. Arthur S. Patrick, Head of the Department.

The revision calls for the name of the Department to be changed to that of Department of Office Management and Techniques. The special curriculums for which the Department is responsible in administering are the management through integrated data processing and the executive secretarial programs.

Through these programs the Department attempts to extend the ability to students to solve current business and governmental problems through the use of the scientific method by offering courses that will enable the student to develop and participate in the "science of management" and a knowledge of the managerial processes.

## INVESTMENT FORUM

On May 5, Dr. Allan J. Fisher, Professor of Accounting and Finance, represented the University at the Georgetown University Forum for Investment Bankers, sponsored by the Investment Bankers' Forum Committee and the Georgetown University School of Business Administration.

## NOMA APPOINTS PATRICK

Dr. Arthur S. Patrick, Professor and Head of the Department of Office Management and Techniques, has been recently elected as Director of Area 3 of the National Office Management Association. Directors are elected for a two-year term and are responsible for all the administrative aspects of NOMA in their area.

NOMA is an international organization whose purpose is to promote the science of better management through the office, by means of gathering, organizing and distributing pertinent information. The area directors, along with the officers made up the Board of Directors.

Dr. Patrick has served on numerous national committees in the past and is at the present time a member of the office equipment exhibits committee, comprised of members of the Board of Directors.

During 1947 and 1948, Dr. Patrick was President of the Washington Chapter of NOMA. In 1952 he was honored

and given special recognition for his outstanding contributions to the organization by being presented the Leflingwell Merit Award Key.

## BROWN SERVES ON COUNCIL

James G. Brown, Instructor in the Department of Office Management and Techniques, is currently serving as the Maryland representative on the Governing Board of the Eastern Regional Council of the United Business Education Association.

## ANDERSON RECEIVES RECOGNITION

Charles Anderson, Instructor in the Department of Office Management and Techniques, was given special recognition by the Beta Epsilon chapter of Phi Delta Kappa. This award is given annually to the outstanding senior student at the University's College of Education.

## FAMILY FINANCE WORKSHOP

The College of Business and Public Administration, College of Home Economics, and the College of Education in cooperation with the National Committee for Education in Family Finance and the Institute of Life Insurance are presenting the first annual University of Maryland Workshop on Education for Family Finance, June 23 to August 1, 1958. The six-week, six-credit summer laboratory course is designed to help educators furnish young people with bases upon which they can build sound habits of dealing with the financial problems of their business life.

Approximately 40 scholarships, covering room and board, were available to teachers interested in this program. Dr. Patrick, Professor and Head of the Department of Office Management and Techniques, is serving as a co-ordinator for the workshop. Mr. Charles Anderson and Miss Violet Carver, Instructors in the Department, are serving as staff assistants.

## ACCOUNTING SCHOLARSHIP GRANT

The Arthur Young and Company Foundation, Inc. has established an accounting student scholarship in the amount of \$750 beginning with the school year 1958-59.

The award will be made to an outstanding senior in accounting on the basis of interest in and aptitude for public accounting, academic standing, leadership and personality and need. The scholarship is known as "The Arthur Young and Company Foundation, Inc. Scholarship in Accounting".

*(Continued on next page)*

#### SEMINAR ON SOVIET ECONOMICS

Norton T. Dodge, Instructor in Economics, is one of five American economists invited to attend an international seminar on Soviet economics to be held in Munich this summer under the sponsorship of the American Council on Germany. The host organization is the Institute for the Study of the USSR. Mr. Dodge was one of the first Americans to visit the Soviet Union since the war, spending a month studying their educational system three years ago.

#### JOB CHANGES

Donald Hudson is leaving Dupont Company to become a public accountant with Touche, Niven, Bailey and Smart.

Clarence Sampson, '53, has left Arthur Young and Company to take a position with Litton Industries in College Park.

Bob Dunn, '57, is working with a statistical studies group for the engineering department of Dupont at Newark, Delaware.

#### MAKE SOLO FLIGHTS

Second Lieutenant Hugh (Tim) Flynn, '57, and Second Lieutenant Lewis W. Whitaker, have just taken the first giant stride toward becoming qualified Marine aviators. They recently flew their first solo flights while undergoing Primary Flight Training at the Naval Auxiliary Air Station, Saufley Field, Pensacola, Florida.

#### PUBLIC RELATIONS RECOGNITION

A University of Maryland senior has been named the "outstanding graduating Public Relations major of 1958" by the Baltimore Chapter of the American Public Relations Association at its Annual Meeting in Baltimore.

The 28-year old winner is John Edward Allen of Quincy, Massachusetts, who lives with Mrs. Allen in the University's Veteran's Housing Facility. He is completing his degree work after serving four years as an information specialist with the U. S. Air Force. The presentation will be made by Chapter President Brooks Nichols.

Mr. Allen has been reporter and Features Editor of the *Diamondback*, campus publication; Editor of the *Terrapin* yearbook and co-Editor of the *Freshman Handbook*; Vice President of Sigma Delta Chi and President of Omicron Delta Kappa, honorary leadership fraternity; President of the campus Mr. and Mrs. Club and a member of the Channing Fellowship.

He also has served as President of the Student Religious Council and a member of the Faculty Religious Life, Student-Faculty, and the SGA Ways

and Means Committee. He is listed in *Who's Who in American Colleges and Universities*.

Mr. Allen's name also will be the first engraved on a large APRA gold plaque to hang permanently in the trophy area of the University's new Journalism building. Names of future winners will be added as citations are awarded.

#### TO PARTICIPATE IN SEMINAR

Dr. Howard W. Wright, Professor of Accounting, has been selected to participate in a nation-wide seminar on new developments in business administration.

Sponsored by the Ford Foundation, the seminar will be held at Williams College, Williamstown, Massachusetts, during the month of August.

#### DEPARTMENT OF GEOGRAPHY

Three papers have been accepted for the national meeting of the American Association of Geography in California. The three faculty members whose papers have been accepted are Dr. John Augelli, Dr. Frank Ahnert and Dr. David Hooson.

A recent article on Japanese colonization in Sao Paulo, Brazil, by Dr. Augelli, was reviewed on the front page of *O Estado de S. Paulo*, Sunday, April 13, 1958.

The annual field trip for students in economic geography to the Bethlehem Steel Plant, Sparrows Point, Maryland was extremely illuminating. Added feature—the largest open hearth furnace in the world was open for the first time to visitors.

A very detailed land use study of Howard County is being undertaken by the students in the geography seminar class. Sponsored by the Howard County Planning Board, the Howard County Board of Trade, and the Howard County Commissioners, the class is studying the 6th voting district and subsequent classes will do more of the county. They are preparing a detailed map of existing land use and the work will be the basis for setting new master plan in the county by the Howard County Planners.

Kyrle W. Preis

#### GOULD WITH VA

Dr. Charles K. Gould, '28, who has been associated with the VA since 1946,

has been assigned to Washington, D. C., since 1951. Following his graduation Dr. Gould practiced in Pacolet Mills, S. C. (1928-30), Spartanburg, S. C. (1930-33), and Columbia, S. C. (1933-36). During 1936-38 he was on active duty with the Army, stationed at Fort Oglethorpe and Fort Bragg. He returned to private practice, 1938-39, in Landrum, S. C. He spent the next year as a civilian dentist with the CCC at Fort Bragg. He served his second Army tour in 1940 to 1946, with these assignments: Division Dental Surgeon, Fort Jackson (1940-42); Chief of Dental Clinic, Fort Bragg (1942-44); Medical Technical Instructor, Fort Lewis (1944-45); and Assistant Post Dental Surgeon and Chief of Dental Clinic, Fort Campbell (1945-46). Dr. Gould holds a Colonel's commission in the U.S.A.R. (1953). In 1946 he began his affiliation with the VA.

#### PAQUETTE HAS VARIED CAREER

When Dr. Normand J. Paquette graduated in 1933, his classmates gave him two citations: "hardest working man in the class" and "most valuable man in the student body." The validity of these judgments seems to have been well certified by Dr. Paquette's professional career. He began practice in Unity, Me., in 1933. He removed to Rumford in 1934, and from 1940 to 1943 practiced in Lewiston. During the World War he served in the Navy. In 1945 he opened an office in the college town of Waterville, where he has continued to practice. Dr. Paquette has contributed several articles to various journals and has presented clinics and papers before many meetings, including those of the state societies of Maine, Rhode Island, and Massachusetts. He is the founder and a Past President (1937) of the Maine Society of Dentistry for Children.

#### SPECIALIZING IN PERIODONTIA

Dr. James C. Page, Jr., of Tampa, Fla., Gold Medal man of the Class of 1948, has specialized in Periodontia since 1953, following his separation from the Air Force. He had engaged in general practice, 1948-51. Dr. Page has presented clinics and papers before the Hillsborough County Society, West Coast District Society, Polk County Society, Sarasota Society, and the Florida State Society. He is a Past President of the Tampa Dental Study Club (1955). Dr. Page is a member of Psi Omega, Gorgas Odontological Society, and Omicron Kappa Upsilon.

#### SERVES IN BOTH WORLD WARS

Dr. George A. Cloutier, Jr., B.C.D.S., '14, served in the Army Dental Corps from June, 1917 to October, 1920. Dr. Cloutier was at Camp Devens with the 76th Division, in France and Germany with the 1st Division, at Ft. McHenry with General Hospital No. 2, and at Fort Ethan Allen. He was separated with the rank of Captain. In World War II he was called to active duty in December, 1941 as a Lieutenant Colonel. His assignments included service with the 6th Corps in North Carolina, Scott Field, and the Sixth Service Command in Chicago. After his discharge he returned to Portland, Me., to continue his practice of the specialty of Prosthodontia. Dr. Cloutier received the B.A. degree from the University of Sherbrooke (Canada) in 1911. He is a member of Xi Psi Phi.

#### JOHNSON ON UNIVERSITY OF WASHINGTON FACULTY

Dr. Ernest A. Johnson, Jr., '54, has been appointed an Instructor in Operative Dentistry of the School of Dentistry, University of Washington in Seattle. Dr. Johnson was discharged from the Army in December, 1956 with the rank of Captain. While stationed at Fort Richardson in Alaska, he became enthusiastic over the Northwest and resolved to return to that area after his separation from the service.

#### PERSONALS

Dr. Elmer N. Hoffman, '36, of Baltimore, announces the removal of his office to the Medical Arts Building for the practice of Periodontia.

Dr. John L. Lavelle, Jr., '52, of Wilmington, Delaware, announces the limiting of his practice to Dentistry for children. Dr. Lavelle received his post-graduate training at the University of North Carolina.

Dr. Edward T. Ryan, '57, announces the opening of his office at 11 Whitman St., Willimansett, Massachusetts.

Dr. R. Kent Tongue, '43 (November) announces the removal of his office to 111 West Alleghany Ave., Towson 4, Md. Dr. Tongue's practice is limited to Orthodontics.

Dr. Jesse J. Greenberg, '37, announces the removal of his office to 91 East Front St., Red Bank, N. J.

Dr. Paul L. Roxin, '56, announces the opening of his office in the Pikesville Medical Center, 1401 Reisterstown Rd., Pikesville 8, Md. Dr. Roxin recently was separated from the Navy.

Dr. Edward V. Comulada, '55, an-

nounces the opening of his office for the practice of general dentistry at 407 Boston Avenue, Takoma Park 12, Md.

Dr. Robert L. Wiener, '55, announces the opening of his office at 2436 Washington Boulevard, Baltimore.

Dr. R. James Vassar, '52, announces the opening of his office for the practice of Orthodontics at 36 North Duke St., York, Pa. Following his discharge from the Army in 1956 Dr. Vassar entered the Graduate School of Northwestern University. He had practiced in Weston, W. Va., 1952-1954.

#### MERRIAM CAPTAIN IN NAVY

Dr. Kenmore E. Merriam, '25, practiced in Baltimore, Md., 1925-41. He then entered the Navy Dental Corps, assigned to Norfolk, Va. He was stationed at U.S.N. Hospital in Yokusaka, Japan, 1951-53, and is now at the Naval Shipyard in San Francisco, Cal. Captain Merriam has specialized in Prosthetics since 1946.

#### SABATINO ON NEW JERSEY BOARD

Dr. C. Frank Sabatino, '34, of Plain-

## YOU CAN JUDGE FOR YOURSELF

If you are considering a trust for the future benefit of your family, why not place some of your assets in a Living Trust with the First National Bank—while you are here to watch our performance?

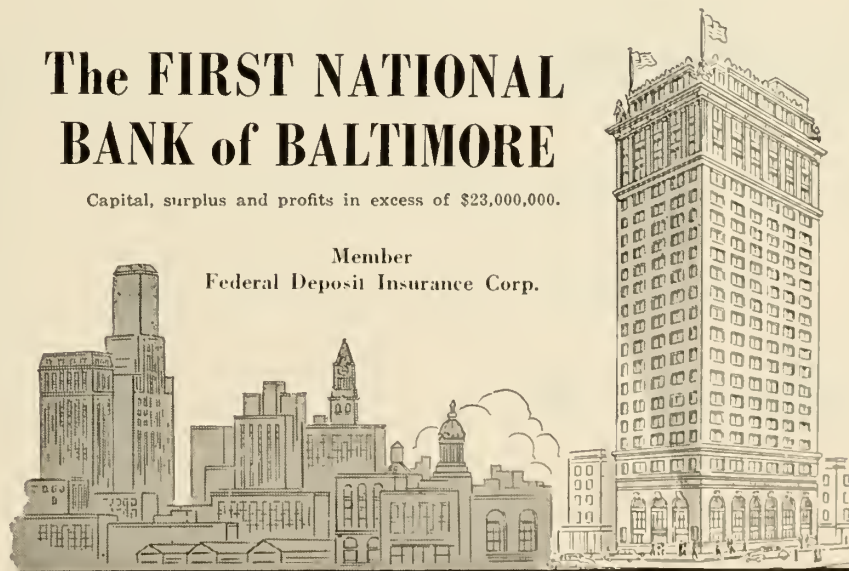

The income may be paid to you or to anyone you name. You can change or end the agreement at any time. Meanwhile, it will give you an excellent opportunity to observe and judge for yourself how satisfactory such an arrangement can be.

Ask your lawyer to explain the legal requirements. One of our Trust Officers will gladly talk with you about the financial and business aspects of such a trust. We believe you will find it well worth investigating.

## The FIRST NATIONAL BANK of BALTIMORE

Capital, surplus and profits in excess of \$23,000,000.

Federal Deposit Insurance Corp.

**F**OR centuries, GLASS has been the preferred container for quality products—from beverages to cosmetics. Glass bottles for milk and other beverages still are preferred by discriminating people because they are assured of freedom from contamination of product, pick-up of foreign taste or odor, and one can SEE both quantity and quality.

Glass bottles require no lining material—they are rigid and stable; they are not absorbent and cannot leak or become saturated and soft.

field, has been appointed a member of the New Jersey Board of Dental Examiners. Dr. Sabatino is a veteran of World War II, having served in the Navy Dental Corps for 34 months. He was separated with the rank of Lieutenant Commander. He is a Past President of the New Jersey Alumni Association (1952) and the Plainfield Dental Society (1952). In 1953 he was elected Chairman of the Plainfield City Committee of the Democratic Party. Dr. Sabatino is a member of Psi Omega.

#### WHITCOMB OF HARTFORD

Dr. Robert W. Whitcomb, '26, has specialized in Oral Surgery since 1928. He is a Past President of the Connecticut Society of Oral Surgeons (1950) and of the New England Society of Oral Surgeons (1952). In 1940 he became a Fellow of the International College of Anesthetists. Dr. Whitcomb has presented papers and clinics before the Hartford Dental Society and the New England Dental Society. Dr. Whitcomb is a Past Master of his Masonic lodge and has held several high offices in the Shriners.

#### RESEARCHER IN ANESTHESIOLOGY

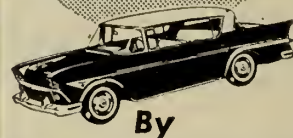

Following his graduation Dr. Marshall I. Kader, '39, interned at the Episcopal Hospital in Washington, D. C. He spent the next year at Episcopal as a resident in Oral Surgery. From 1942 to 1945 he served in the Army, his major assignment being that of Chief of Oral Surgery at the 114th General Hospital (E.T.O.). In 1946 he joined the faculty of the Baylor University College of Dentistry as Associate Professor of Exodontia and Oral Surgery. In 1948 he returned to Baltimore to continue the practice of the specialty of Exodontia and Oral Surgery that he had begun in 1941-42. As an Instructor in Oral Surgery, Dr. Kader served on the faculty of his alma mater from 1948 to 1951. He has contributed to the literature and has presented many papers and clinics on subjects related to the dental uses of anesthesia. At present he is doing continuing research in anesthesiology and pharmacology as they relate to the care of the post-extraction socket and the treatment of the painful temporomandibular articulation. Dr. Kader is on the staffs of Sinai Hospital and Lutheran Hospital and he is Chief Consultant in Oral Surgery at Provident Hospital.

#### LANKFORD MARYLAND PAST PRESIDENT

land State Dental Association, 1922-23. He is a Past Grand Master and a charter member of the Oriole Alumni Chapter of Psi Omega. A Fellow of the American College of Dentists, Dr. Lankford served in World War I, 1917-19, as a Major in the Army Dental Corps.

#### PRESIDENT-ELECT OF STATE ASSOCIATION

Dr. George Clendenin, '29, was recently named President-elect of the Maryland State Dental Association. The Association recently held its 75th anniversary convention at Baltimore.

Dr. Clendenin is Past President of the Bethesda-Chevy Chase Rotary Club and of the District of Columbia Dental Society, and a past Master of the Masonic Lodge of Bethesda.

## College of EDUCATION

M. Marjorie MacMurray

#### A TRIBUTE TO EDNA B. MCNAUGHTON

The Faculty of the College of Education in commemoration of the long and distinguished service of Prof. Edna B. McNaughton has presented her a plaque bearing the following inscription:

A TRIBUTE TO  
EDNA B. MCNAUGHTON  
COLLEGE OF EDUCATION  
UNIVERSITY OF MARYLAND  
1919-1956

*Her vision of education and community needs created and organized Childhood Education in the College of Education.*

*Presented at the University this thirtieth day of June, 1956, by her colleagues and a grateful student body.*

This plaque will be placed in the College of Education.

Miss McNaughton, who was Professor and Head of the Childhood Education Department until her retirement in 1956, was one of the three women faculty members who came to the University of Maryland—then the Maryland State College—the year after the school became coeducational, serving as Director of Home Economics Education and Child Psychology and also as the State Supervisor of Vocational

Home Economics. Of the eleven women students that year, eight were in Home Economics.

Miss McNaughton had received the degree of Bachelor of Science from Michigan State College and the degree of Master of Arts from Teachers' College, Columbia University.

In 1927 two important events decided the course of Miss McNaughton's career. Her dual responsibility to the State and to the University became so heavy that the work was divided and Miss McNaughton chose to continue with Home Economics and the Child Development program at the University. The second event was the winning of the Laura Spelman Rockefeller fellowship in Child Development and Parent Education for advanced study at Columbia University, at the Merrill-Palmer School, and at the University of Minnesota. This experience so increased her interest in Child Development that this eventually became the field of her greatest achievement.

Her first step in introducing Childhood Education on the campus was the establishment of a play group at one of the sorority houses. After her return from her advanced graduate study, the program was enlarged.

In 1943 the second big step was taken when Miss McNaughton introduced a curriculum in Nursery School Education. In three years this curriculum became a separate program with thirty majors and a campus Nursery School under Miss McNaughton's fulltime direction. In 1949 classes in Kindergarten Methods had been organized, and a Kindergarten had been added to the campus Nursery School. These schools, housed originally in three temporary quarters, were given better housing in 1955 when Building AA was assigned to Childhood Education. The building was refurnished and new furniture, observation booths including one-way vision mirrors and sound equipment, and a well-equipped playground were provided. The observation booths were used not only by students in Childhood Education, but by those in Human Development, Home Economics, and Nursing. A research project was carried on in the Nursery School by the Psychology Department. When Miss McNaughton retired in 1956, the enrollment in Childhood Education had increased from 30 to 175 majors and her staff from one to seven members.

Because of her widespread associations, Miss McNaughton secured for a number of students scholarships at the National Child Research Center

and at the Vassar Summer Institute. She organized on the campus a Childhood Education Club which held monthly meetings featuring outstanding speakers. One of the high spots in the Childhood Education program was the lecture on Child Care given in 1949 by Dr. Benjamin Spock in the Coliseum before 4500 people.

Miss McNaughton's activities extended beyond the limits of the campus. As early as 1944 she started extension classes for teachers in cooperative nursery schools in Maryland, Virginia, and in Washington, D. C. Since then classes have been held continuously in Child Development, Parent Education, Cooperative Nursery School Methods, Group Leadership, Music, and Children's Activities. There are now over 60 cooperative nursery schools and kindergartens in these areas.

Miss McNaughton also gave lectures in Child Development in the Pediatrics Division of the Schools of Nursing of the Catholic University and of the University of Maryland. Childhood Education students spent a week in the summer working in the Pediatrics Wards.

Another field of activity in which Miss McNaughton gave distinguished service was her work in the Maryland Congress of Parents and Teachers. From 1932 to 1949 she served as Chairman of Parent Education and Preschool Education in that organization. She organized a Parent Teacher Association group for the Nursery and Kindergarten School of the University of Maryland and in appreciation of her work, this group gave her a life membership in the Maryland Congress of Parents and Teachers.

Another state-wide organization in which Miss McNaughton achieved distinction was the Maryland State Home Economics Association which she helped to establish. Twice she served as State President, and in 1955 the University of Maryland Home Economics Association gave her a special citation for her services.

As a charter member of the College Park branch of the American Association of University Women, and also as a member of the Washington branch, Miss McNaughton acted on a number of committees and served as the Chairman of the Art Appreciation group.

Miss McNaughton was a valued member of the University of Maryland Chapter of the Phi Kappa Phi National Honor Society.

She has been active also in several

alumni associations as President of the Laura Spelman Rockefeller Fellows, as President of the Columbia University Alumnae of Washington, and in offices of the Michigan State College Alumni Association.

When Miss McNaughton retired, even though she had accomplished so much in establishing and developing the Childhood Education program, she still had unfulfilled dreams of its greatness, not only as a teacher-training center, but as a center for research, serving the needs of parents and children everywhere.

The plaque in her honor is designed to commemorate her inestimable contributions to the University and to pledge continued efforts to realize her dreams.

### INDUSTRIAL EDUCATION DEPARTMENT HOST TO HUMANITIES CLASSES

The Industrial Education Department was the scene of a demonstration and lecture by Dr. Donald Maley to two classes from the College of Arts and Sciences.

The Humanities classes annually visit the Department to hear Dr. Maley describe the art of lost wax casting as well as other foundry and casting processes. The lecture is illustrated throughout with the actual operations being performed as they are discussed. This year the group saw green sand molding, gravity casting, investment or lost wax molding, and centrifugal casting.

The Industrial Education Department recently on two occasions was host to groups of teachers, parents, and pupils from the Campus Nursery School. This visit has proven to be of considerable enjoyment and interest for the youngsters.

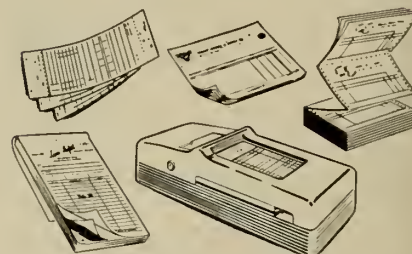

On February 19, the Industrial Education Department was host to the Turkish Educational legation currently on campus.

### MRS. STANT SPEAKS

Mrs. Margaret A. Stant, Assistant Professor of Childhood Education, spoke recently at the High Point High School Career Day on the "Profession of Teaching." She also spoke at a combined PTA meeting of Temple Hills Kindergarten and Naylor Gardens Nursery School on the "Role of Kindergartens in Education" on April 17. On April 30 she participated in a panel on "What is Kindergarten Teaching" at the Glenbrook Nursery School in Bethesda, Maryland.

Dr. Donald Maley, Professor and Head of the Industrial Education Department is kept busy fulfilling the responsibilities of his office in the Department as well as participating in a number of outside meetings and conferences. The following is a background glance of some of the many events he has participated in:

December 9—Lectured to the Takoma Park Junior High School faculty on "The Improvement of Instruction."

January 13—Spoke to the Boonsboro Senior High School Future Teachers of America Chapter and presented the Department's teacher recruitment film "Career—Decision."

January 22—Served as a panel member at a joint meeting of public school officials and industrial personnel. The meeting was held in Baltimore.

January 29—Spoke to the Baltimore Police Academy on "The More Effective Utilization of Instructional Aids." The meeting was held in the Training Aids laboratory in the Industrial Education Department.

January 30—Spoke to the combined faculties of the Barrett School for Girls and the Cheltenham School for Boys on the topic of "More Effective Instructional Procedures." The meeting was held at the Boys Village, Cheltenham, Maryland.

February 5—Participated in a panel discussion sponsored by the Clarksville Junior High School Parent Teachers Association at Clarksville, Maryland.

February 8—Consultant to the Mid-Winter Workshop of the Fairfax County Industrial Education teachers.

February 12—Consultant at the annual Teachers Workshop of Calvert County. The meetings were held at Prince Frederick, Maryland.

February 24—Speaker at an in-service professional meeting of the faculty of the North Bethesda Junior High School. Dr. Maley spoke on the topic "Sensory Education."

February 25—Participated in two meetings of a regional conference for directors and supervisors of apprenticeship programs under the United States Department of Labor. Dr. Maley participated in a panel discussion in the morning, and was the principal speaker at the afternoon meeting.

January 26—Participated in a con-

ference of supervisors of vocational education from the Maryland State Department of Education, Baltimore City, and several of the counties.

January 28—Participated in a meeting of vocational and practical arts teachers and supervisors at Gaithersburg, Maryland.

#### SCHRAMM JOINS INDUSTRIAL EDUCATION STAFF

Carl S. Schramm joined the staff of the Industrial Education Department as a full-time instructor this past February. Carl is currently handling the wood-working laboratory and beginning drawing courses as well as a class in Industrial Arts for elementary school teachers.

Mr. Schramm is a graduate of the University of Maryland and the Maryland Art Institute. Prior to coming to his present position Carl was an Industrial Arts instructor in the Catonsville Senior High School, Catonsville, Maryland.

#### INDUSTRIAL EDUCATION STAFF MEMBERS PARTICIPATE IN PRESIDENT'S

CONFERENCE ON OCCUPATIONAL SAFETY Doctors Donald Maley, Paul E. Harrison and William F. Tierney were among a number of educators participating in the President's Conference on Occupational Safety.

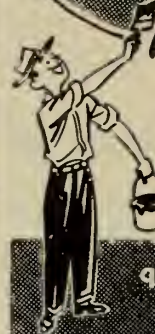

The meetings were held in Washington, D. C. on March 25, 26, and 27. The President's Conference on Occupational Safety provides a national forum for the exploration and advancement of methods to achieve constant improvement in the safety of the nation's workplaces and wage-earners.

#### FUTURE BUSINESS LEADERS MEET

Approximately 100 students, representing school chapters of the Future Business Leaders of America, from all over the state, met for their first annual convention on the University of Maryland, College Park campus. The two-day convention was held in the Student Union Building, April 25 and 26. Dr. Arthur S. Patrick, Professor of Business Education and State Chairman of the Maryland State Chapter of F.B.L.A. was assisted by the faculty of the Department of Office Management and Techniques in coordinating the program of the convention, and served as host for the visiting high school groups.

The convention program included guest speaker, Miss Mary Sahara, of the South-Western Publishing Co., who spoke on the topic, "Our Future Business Leaders Go To School Today". A panel consisting of high school gradu-

ates, college students, and college graduates conducted a discussion on "Our Future Business Leaders Go To Work Today." The program also included such activities as a contest in spelling and the selection of a state Mr. and Miss F.B.L.

Miss Delores Berry of Milford Mill High School, Baltimore County, was elected State President of the Maryland F.B.L.A. for 1958-59. She succeeds Judy Hone of Northern High School, Garrett County. Other officers elected were Donna Eyler of Tanneytown High School and Patricia Kamasinska of Seton High School to the offices of secretary and reporter. Catherine Lancaster of Pomonkey High School was victorious in the race for treasurer. Presidents of the local chapter from Northern Garrett County High School, Franklin, Cambridge, Bladensburg and Fairmount Heights High Schools, Prince Georges County, were elected to serve as directors for the coming year.

Miss Lillian Kalabus, treasurer of the Pennsylvania State F. B. L. A. along with students from Franklin High School, Reisterstown, conducted the installation ceremony for the new state officers, following the awards luncheon on Saturday.

#### AWARDS

On Thursday, May 22, an assembly of all seniors in the College of Education was held for the presentation of awards.

The officers of the Alumni Association presented the Outstanding Man and Woman Student awards to Charles Ballew and Pearl Gold. Awarded by Dr. Robert G. Risinger, Associate Professor of Education, was the Phi Delta Kappa award to Ernest Wall. This award includes a year's membership in the organization. Dr. Arthur S. Patrick, Professor of Business Education, presented to Beverly Silar the United Business Education Smead Award.

These persons have been active not only in the College of Education, but also in all University affairs.

#### DR. BLOUGH RECEIVES OUTSTANDING FACULTY MEMBER AWARD

On May 3, 1958 Dr. Glenn O. Blough, Associate Professor of Education, was presented the Outstanding Faculty Member Award, given by Diamond each year to the member of the faculty they consider most deserving. Dr. Blough was selected because of his outstanding work in campus organizations, student-faculty organizations, civic activities.

tivities and in his own professional field.

Dr. Blough has written 30 educational scientific books for children. These books have been translated into French, Spanish, Portuguese and Japanese. He has just published a new book entitled *Young Peoples Book of Science*.

Other positions held by Dr. Blough are: member of the Editorial Board of "My Weekly Reader," Past President of the National Council of Elementary Science, and President of the National Science Teachers Association.

Nominations for the award were submitted by the fraternities and sororities and the final selection was made by the members of Diamond.

### UMMAP TO HOLD SUMMER INSTITUTE

The University of Maryland Mathematics Project (Junior High School), headed by Dr. John R. Mayor, has announced that it will hold an institute July 7, through August 1 this summer.

Participants, selected partly from Maryland and Washington area schools and partly from schools at greater distances from College Park will hear lectures on mathematics and the psychology of learning. They will observe a demonstration class of 7th grade students, and will study the experimental junior high school mathematics course being developed by UMMaP.

Mathematics lectures will be given by Dr. M. L. Keedy, Associate Director of UMMaP and Dr. Richard Good, of the University of Maryland Department of Mathematics. Members of the Psychology Department will give the lectures on the psychology of learning. The institute activity carries four hours credit. Some of the participants may teach some of the experimental materials in their own school in 1958-59.

### DR. PRESCOTT LECTURES

Dr. Daniel A. Prescott, Professor of Education and Director of the Institute for Child Study, College of Education, spoke on the topic "Factors Which Influence Learning" at the annual Horace Mann Lecture at the School of Education, University of Pittsburgh on May 17.

### MISS HILL TO TEACH IN COLORADO

### WEBER WINS AWARD

Awards for outstanding 1957 service in four categories were made at the 60th annual meeting of the members of The Washington Academy of Sciences, held at the Kennedy-Warren Hotel in Washington, D. C.

Professor Joseph Weber, researcher in electrical engineering at the University, was chosen for his research in the field of electrical fluctuations, and for his pioneering in microwave amplification by the stimulated emission of radiation now foreshortened to its initials, MASER.

### EISEMAN RETIRES

Mr. John H. Eiseman, '21, retired from the Section on Molecular Structure and Properties of Gases at the National Bureau of Standards on December 31, 1957. His service extended over a period of nearly 40 years.

Mr. Eiseman, who is well known for his work and writings on the utilization of fuel gases, played a leading role in the Bureau's cooperative program with the American Gas Association. On two occasions, his achievements were specifically recognized by industry. In 1956, he was awarded the American Gas Association's Award of Merit, and the following year he was presented with the Gas Appliance Manufacturers Association's Distinguished Service Award. In 1952, he was honored by the Department of Commerce with its Meritorious Service Award.

Born in Cincinnati, Ohio, in 1897, Mr. Eiseman joined the staff of the Bureau in 1916, but left the following year to enter the University of Maryland. During his school years, he was employed as a summer worker at the Bureau. Upon his graduation, in 1921, he was appointed to serve as a gas-engineer to the Gas Section of the Chemistry Division. He received an M.E. degree from the University of Maryland in 1924, and an M.S. degree in physics in 1935.

national Congress on Home Economics to be held July 28 to August 2, 1958, on the campus of Maryland University.

More than 1,000 delegates to the Congress, representing some 33 countries, will hear Mr. Romulo speak at the opening plenary session of the Congress. As former leader of the Philippine delegation to the United Nations, Mr. Romulo is well qualified to deal with his subject "The Social and Economic Problems of the World Today."

During the week of meetings, home economists from more than a dozen different countries will speak on subjects related to the Congress theme, "Education in Home Economics Relative to the Social and Economic Conditions of Individual Countries." On Tuesday, July 29, Gudrun Akre of Norway will speak on "Social, Scientific, and Technical Information Required for Effective Education in Home Economics," and Hazel K. Stiebeling of the United States will discuss "The Role of Research in Obtaining Fundamental Data" at the Second Plenary Session. A symposium, "Application of Home Economics Knowledge" will be held during the Third Plenary Session. Helen Benitez of the Philippines will be chairman of the symposium and the members, speaking on phases of the symposium theme will be Patricia Coleman of New Zealand, "In Education for Professional Leadership," Chiyono Matsushima of Japan "In Education of Youth," Pergrouhi Najarian of Lebanon, "In Education Programs for Adults," and Dorothy Batcheller of Canada, "In Education through Mass Media." At the Fourth Plenary Session, Mlle. J. deLuget of France will discuss "The Contribution of Home Economics to the Position of Women in the World Today." Maria Socorro Lacot of Puerto Rico will talk on "The Contribution of Home Economics to the Social and Economic Life of the Family," and Mrs. B. Tara Bai of India on "The Contribution of Home Economics to the Social and Economic Progress through Expanding Careers."

Both the Canadian and American Home Economics Associations will be hostesses for the Congress which is sponsored by the International Federation of Home Economics. Federation headquarters is in Paris.

A pre-Congress tour in the United States and post-Congress tour in Canada have been planned to show visitors from outside North America how and where home economists work in the two countries. Since this is the first time in the 50-year history of the Federation that the Congress is being

held in North America, delegates from abroad will be eager to see the role home economies plays in the United States and Canada.

Miss Mildred Horton, executive secretary of the American Home Economics Association, has been named Congress Director.

## School of LAW

*Dr. G. Kenneth Reiblich*

### CARLYLE BARTON RETIRES

Carlyle Barton, '08, retired January 13 after 17 years as President of the Board of Trustees of The Johns Hopkins University. He had been a Hopkins trustee for 32 years and had been active in University affairs since receiving his bachelor's degree in 1906.

Mr. Barton has practiced law in Baltimore since taking his degree at the School of Law.

The Board of Trustees expressed their "respect, affection and profound appreciation to Carlyle Barton" in a resolution passed January 13.

### FRANCE MARKS ANNIVERSARY

Annual report of the Equitable Trust Co. reveals that Jacob Francee has served since January 17, 1913 as a Director of the bank and as Chairman of the Board since May 17, 1929.

A University of Maryland graduate and a member of the Maryland Bar since 1903, Mr. Francee founded and now serves as senior partner of the law firm of Francee, Rouser, Mundy and Harris.

### NAMED CHIEF OF REVENUE UNIT

William B. McKinney, C. E. '51, has been named to run the operations of Montgomery County's newly organized Revenue Bureau.

The authority plans to open temporary offices February 1 in the old Liquor Dispensary Building at 8500 Colesville Road. The Revenue Authority, authorized by the Maryland Legislature and appointed by the County Council last fall, is a public corporation set up to operate on a self-supporting and self-liquidating basis. Its purpose is to acquire, construct, maintain and operate such projects as airports, housing projects, golf courses.

parking facilities, public transportation systems and the like.

Mr. McKinney leaves the job of clerk to the county council and administrative assistant to County Manager Melvin L. Reese to assume his new duties.

### NAMED TO STATE LAW POST

Eli Baer, '25, was recently appointed a special assistant assigned to the Department of Motor Vehicles. A great increase in the Department's legal work over the last few years prompted the action.

A native Baltimorean, Mr. Baer has been active in professional, religious and civic organizations.

### STUDENT MOOT COURT

The Student Moot Court competition, directed by Richard E. Lovell, Class of 1958, under faculty supervision of Professor John M. Brumbaugh, expanded its activities with the establishment of a model trial in December, to present at trial level a case to be urged in competition later in the year, and also to give students information and experience in the preparation and examination of witnesses. Frederick J. Green, Jr., Stanley L. Seligman, and Leonard A. Orman of the Baltimore Bar served as judge, plaintiff's counsel, and defense counsel respectively, in this year's trial, which concerned a right of privacy problem. Final argument was presented before a court consisting of: Hon. John E. Raine, Jr., Circuit Court for Baltimore County, Attorney General Ferdinand C. Sybert, and Assistant Dean Bridgewater M. Arnold by student finalist teams: J. Yancey Brattan and Robert E. Powell versus Howard J. Needle and Michael J. Schwarz. The Brattan-Powell team won the competition; and Mr. Needle was chosen as having presented the most lawyerlike argument.

### BULL AND BEAR CLUB

The Bull and Bear Club was organized this year under leadership of Richard E. Lovell to acquaint the law student through a series of lectures and a mock investment competition, with a rudimentary understanding of the stock market and the investment business. Under guidance of a faculty advisor, Professor Laurence M. Jones, the Club has sponsored two lectures by Mr. C. Herbert Sadtler of Mead, Miller and

Co., with plans for additional lectures, and has contributed subscriptions of the *Wall Street Journal* to the School library. This year's officers are Richard E. Lovell, president; J. Paul Rogers, vice-president; Peggy Whettle, Secretary-Treasurer; and Michael Schwarz, Investment Competition Chairman. This year's investment competition was won by LeRoy R. Compton, a first year day student.

### STUDENT BAR ASSOCIATION AWARDS

On Friday, May 9, 1958 the Student Bar Association of the University of Maryland, School of Law, held its annual awards assembly. Following a short address by Dean Roger Howell, the following awards were presented: The SBA Key, for outstanding accomplishment, to Howard Needle, Michael Schwarz, Robert Powell, and Joseph Brattan for their participation in the final arguments of the Freshman Moot Court competition. (Messrs. Powell and Brattan received Book Awards as the winners of this competition, and the Moot Court Certificate was presented to the following, for their participation as student judges in the Moot Court competition: Joseph E. Davis, Robert E. Farnell III, Samuel L. Freeland, Martin B. Greenfeld, Wilbur R. Hockersmith, Robert F. Hochwarth, Richard E. Lovell, and Nelson B. Seidman, and to Richard E. Lovell, E. Paul Maschmeyer and Saul J. McGrane in recognition of their outstanding service to the Student Bar; plaques to E. Paul Maschmeyer and William W. Lewis for their services as Vice President and Secretary-Treasurer, respectively, of the SBA for the past year; certificates to Committee Chairmen, Stanley A. Gladstone, Social Events, Wilbur R. Hockersmith, Library, Richard E. Lovell, Moot Court, and Joseph P. Semasek, Book Exchange; SBA certificates of Student Council Membership to John D. Alexander, Jr., Jerome F. Cohn, Robert E. Dunahm, Benjamin N. Dorman, Thomas N. Evans, Jr., Edward F. Fisher III, David F. Gilbert, Thomas E. Kelly, Jr., William W. Lewis, Charles P. Logan, Jr., Dene L. Lusby, E. Paul Maschmeyer, Saul J. McGrane, Burton R. Pollack, G. Joseph Sills, Jr., Edward F. Smatt, and Richard S. Zelina.

Professor William P. Cunningham was presented an engraved desk pen in appreciation of his services as faculty advisor to the Student Council for the past several years.

Retiring SBA President, Thomas N. Evan, Jr., was presented an engraved

Gavel in recognition for his office for the past year.

#### MEDICAL INSTITUTE FOR LAWYERS

On Friday, April 18, 1958, the School of Law, through Professor L. Whiting Farinholt, and the Postgraduate Committee of the School of Medicine offered to members of the Bar of Maryland a fundamental and concentrated course on The Heart and Cardiovascular System. Basic physiology and pathology of the heart, cardiac symptoms, stress, trauma and strokes were demonstrated and discussed by specialists from the School of Medicine.

This first of a contemplated series of Medical Institutes for Lawyers was presented by members of the Staff of the University of Maryland School of Medicine. Dr. Robert T. Singleton, Fellow in Cardiology, Dr. Edward G. Leach, Assistant Professor of Medicine, Dr. Leonard Scherlis, Head of Division of Cardiology, Dr. Sidney Scherlis, Assistant Professor of Medicine, Dr. Ephraim T. Linsansky, Associate Professor of Medicine, Dr. Charles Van Buskirk, Head of Division of Neurology.

#### WORKMEN'S COMPENSATION LECTURE

Raymond Callegary, Esq. delivered a series of lectures on the operation and procedures of the Workmen's Compensation Law of Maryland on May 5 and 6 in connection with Professor Farinholt's course in Torts.

#### LECTURES ON PRACTICAL LEGAL EDUCATION

During the school year, the Student Bar Association, in cooperation with the Junior Bar Association of Baltimore City, and under the faculty supervision of William P. Cunningham, Associate Professor of Law, sponsored a series of lectures and films. The speakers and their subjects were: Ambrose T. Hartman, Esq., "Brief Writing and Oral Argument"; Hon. Dulaney Foster, "The Orphan's Court and Probate Proceedings"; Edwin H. Burgess, Esq., "Corporate House Counsel—His Works and Opportunities"; Walter R. Tabler, Jr., Esq., "Choice of Court in Baltimore City"; Paul R. Schlitz, Esq., "The Baltimore Legal Aid Clinic"; Herbert Myerberg, Esq., "Divorce Practice and Procedures"; Francis X. Gallagher, Esq., and Wilbur D. Preston, Jr., Esq., "The Tort Lawyer".

# For Maryland

By SALLY LADIN OGDEN

THE GOOD old Summertime is upon us—as Americana takes to the road—the resort areas are enjoying peak business and all too soon this wonderful vacation period will be past history.

Ocean City, Maryland, is bubbling with activities.

The PAUL MUMFORD COMPANY, operating at 204 St. Louis Avenue, near the boat docks, have instructors for Skin Diving and Water Skiing. These sports have become more and more popular among the younger visitors and this season finds even more enthusiasm in that direction. Mr. Mumford also operates the MUMFORD MARINE SERVICE at 54th Street and Beach Highway for Deep Sea Fishing parties.

Here, at the end of the day, fishermen will bring in their catch of the Blue Marlin and Bonito, the most sought after game fish of all sportsmen.

Ocean Cities' building program during the past year includes a number of new apartment houses and motels, along with a few new Supper Clubs for dining and dancing.

Some of the better Ocean City dining places include ENGEL'S SMORGASBORD. It is an outstanding place to dine. Here you'll find Norwegian food served in the grand manner. They advertise "all you can eat." The foods are not only beautifully arranged but they are deliciously good. Mrs. Martha N. Engels, a charming lady, is the owner. She has used some very attractive ideas in decorating her beach eating house—a collection of sea shells arranged in unusual design, attracts a lot of attention.

PHILLIPS' CRAB HOUSE is a "must" at Ocean City. It is operated by Mr. and Mrs. Brice Phillips of Hooper's Island, Maryland, where for more than two decades the Phillips family have operated the Phillips Sea Food Packing business. The Phillips' were the first in Maryland to package crab meat for shipping.

There is no restaurant on the beach

that can boast of finer crab dishes. The Crab Imperial, crab cakes and soft crabs are superb. Mrs. Phillips, who has a flare for painting, has decorated this small, but charming restaurant in excellent taste.

THE TIDES INN, located on Baltimore Avenue at 1st Street, is new this year. Mr. and Mrs. Fred Savage are the owners. Maryland fried chicken is their specialty—and it is excellent.

THE REGAL RESTAURANT at Baltimore and Caroline Streets is an old Ocean City landmark. Mr. and Mrs. Walter A. Jarman are the operators. Ocean City visitors have enjoyed their foods for many years.

In Baltimore, too, there is one of Maryland's most outstanding Restaurants. On February 13, past, in making

way for progress of the Jones Falls Expressway. THE HOLLANDER RESTAURANT moved from Oliver and Charles Streets, where they had operated for many long years, to their new, plush location at 14 East 25th Street.

Mr. Saul Hollander, founder and owner of this very fine establishment, has entertained many celebrities of the sports world as well as most of the theatrical people who have appeared in Baltimore over the past 20 years. Included among these people are Bob Lemon, of the Cleveland Indians; Phil Rizutto, retired, of the New York Yankees; Ted Williams of the Boston Red Sox; Chico and Harpo Marx of the Marx Brothers; Rosemary Clooney and many others as well as famous horsemen and jockeys.

Mr. Hollander, a Sportsman himself, has used famous pictures of Maryland sports events as decorations for the new restaurant—Pimlico Race Track, Mount Pleasant Golf Course; the Magothy River Boat Races, harness racing at Laurel Raceway—the Colts football team and the Orioles in action, to mention but a few.

The restaurant, which serves superb food, has an atmosphere of grace and charm. Grand Southern hospitality is the key note of this outstanding restaurant.

A popular establishment in Washington for the ladies, who are taking their vacations at home, is THE SHADE SHOP, located at 2214 M Street, Northwest.

James T. Gardella is the head of the firm which manufactures a number of excellent products for the home. Among them are window shades, Venetian blinds, folding doors, inside shutters, verticle blinds, porch shades, draperies and rods,—all fine products to make living more easy and comfortable.

The firm offers advice on remodeling. Mr. Gardella says, "We come to you, show samples, measure and estimate." Their suggestions help to develop a drab, unattractive room or home into a place of modern beauty.

The Gardellas reside in Silver Spring, Maryland, and son, Paul Michael, is a third year student in the School of Engineering at the University of Maryland.

However you plan to take your vacation, a "must" is the time for relaxation with a good book from COKESBURY BOOK STORE, 516 North Charles Street, Baltimore. Selected for good reading this summer are the following:

#### Fiction

*The Image Makers*; a novel by Bernard V. Dryer

*The Northern Light*; by A. J. Cronin Little, Brown

*Ice Palace*; by Edna Ferber, Doubleday  
*Pharaoh*; by Eloise Jarvis McGraw, Coward McCann

*The Winthrop Woman*; by Enya Seaton, Houghton Mifflin

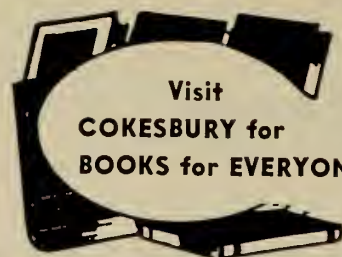

#### Non-Fiction

*Masters of Deceit*; by J. Edgar Hoover, Henry Holt

*History of English Speaking Peoples*; vol of *The Great Democracies* by Winston S. Churchill, Dodd, Mead  
*Please Don't Eat The Daisies* by Jean Kerr, Doubleday

*Madison Avenue U.S.A.* by Martin Mayer, Harper

*Inside Russia Today*; by John Gunther, Harper

ANNUAL HONOR CASE

The Honor Case of the Practice Court was argued on Monday, April 27, in the Law School Auditorium before a panel of judges consisting of Hon. William L. Henderson of the Court of Appeals, as Chief Judge; and, as Associate Judges, Hon. Roszel C. Thomsen, Chief Judge, United States District Court for the District of Maryland and Hon. John T. Tucker, of the Supreme Bench of Baltimore City. Students selected from all seniors participating in Practice Court to argue the case were Robert Lazzaro and Joseph M. Roulhac for the appellants, and Robert E. Farnell, III, and Charles Allan Herndon for the appellees on the issue of whether a trial court of Baltimore City had erred in allowing counsel fees, alimony *pendente lite*, and permanent alimony as incident to a divorce granted to a woman on her petition that her marriage was bigamous because of her husband's misrepresentation that he had secured a divorce from a previous spouse. The appellants won, 2-1, on the law, and the W. Galvin Chesnut Advocacy Award for the best oral presentation (established in honor of Judge Chesnut by his former law clerks) was unanimously awarded to Mr. Roulhac, who is also Assistant Casenote Editor of the *Review*.

Dr. Krantz' talk was on the "inquisitive aspects of science" and discussed ways in which curiosity helps scientists work for the general public.

As the use of drugs, and special care constitute the major service to victims of nephrosis, the comments of a prominent pharmacologist were of particular interest to parents and friends of children suffering from nephrosis.

Thomas J. Finucan is President of the Baltimore Chapter, National Nephrosis Foundation. The group was organized about three years ago to help parents and relatives of children suffering from the mysterious kidney disease to exchange experiences and work toward securing special services to care for nephrotic children. Chapter headquarters are located at 331 North Charles Street, phone PLaza 2-3718.

#### DR. MCWILLIAMS ELECTED

at 8 p.m. in the Kelly Memorial Building, Lombard Street Baltimore, Maryland.

President H. Nelson Warfield welcomed the officers, chairmen of committees and members in attendance.

Dr. Frank J. Slama read letters received from absent members, and also gave the report of the work of the Secretary for the year.

President Warfield reviewed the work of the Association and praised the officers and members for their fidelity and cooperation.

Dean Noel E. Foss reported on the progress of the School of Pharmacy, especially mentioning the use of the new Pharmacy building recently constructed on Lombard Street, and also the prospect of a larger number of entering students for 1958-59.

Mrs. Frank M. Budacz read the Treasurer's report, which carried a sizeable balance, although less than the balance in May, 1957. The Auditing Committee, John F. Wannewetsch, Chairman, confirmed the report, with appreciation for its comprehensive conciseness.

The reports of the chairmen of the general committees were given. These included the following:

*Executive Committee*—Norman J. Levin

*General Chairman*—Samuel Portney

*Program*—George Stiffman

*Tickets*—Solomon Wiener

*Entertainment*—James P. Cragg, Jr.

*Place and Arrangement*—Samuel A. Goldstein

*Publications*—B. Olive Cole

*Deceased Members*—Joseph Cohen

*Student Recruiting*—H. Nelson Warfield

*Student Aid and Scholarship*—Samuel I. Raichlen

*Membership*—Samuel Portney

*Kelly Memorial Committee*—Frank L. Black

New business of the Association included the revision of the Constitution and By-Laws of the Association, Gordon A. Mouat, Chairman of Committee.

The report of the Nominating Committee was given, and the following officers were elected for 1958-59:

This group represents persons who are interested in some phase of pharmacy, but are not graduates of the School of Pharmacy of the University of Maryland.

The members of the senior class of the School of Pharmacy were also presented and elected to membership.

Dr. John C. Krantz, Jr. was selected to receive the Alumni Award on June 5, 1958 by a committee composed of Past Presidents of the Association.

An enjoyable buffet collation was served by the Place and Arrangements Committee, Sam A. Goldstein, Chairman, following the meeting.

#### HONORS AND AWARDS

Below are the names of those students in the School of Pharmacy which have appeared on the Honor Roll for the 1957-58 school year:

Class of 1958: both semesters—Harry Bass, Pearl Chan, Gerald Cohen, Conrad Dorn, Melvin Friedman, Colen Heinritz, Marvin Jaslow, Allan Lisse, James Mallonee, Herbert Oster, Thomas Palmer, George Reier, John Ruppertsberger, Alan Sherman, Miles St. John, and Walter Sultan; one semester—Clarence Anstine, Mitchell Berman, Paul Elliott, Edward Etzler, and William Foley.

Class of 1959: both semesters—Carl Caplan, Melvin Chaict, Larry Pozanek, Marvin Saiontz, and Murray

Spear; one semester—Stanley Becker, Paul Friedlander, William Gray, Murray Greenberg, Earl Klioze, Herbert Sachs, Sorell Schwartz, and Alfred Schwartzman.

Class of 1960: both semesters—Joseph Handelman, Morton Richman, Peter Scali, Martin Shargel, and John Warthen; one semester—Henry Glick, Ronald Goldner, Martin Grebow, John Jordan, Toon Lee, Joseph Lerner, Anthony Palmere, and Kenneth Stank.

Class of 1961: both semesters—Lawrence Block, June Eng, Lois Lee, Harvey Reisenweber, Sheila Smink, Vito Tinelli, and Douglas Walkling; one semester—Robert Stickman and George Weaver.

Awards for extra-curricular activities went to:

Class of 1958: Clarence Anstine, Harry Bass, Jay Brinsfield, William T. Clinger, Gerald Cohen, Melvin Friedman, Michael Rodell, Alan Sherman, Miles St. John, Chris Tountas.

Class of 1959: Stanley Becker, Carl Caplan, Melvin Chaiet, Earl Klioze, Eugenia Marshall, Sorell Schwartz.

Class of 1960: Ronald Goldner, Samuel Lichter, David Richman, Martin Shargel.

Class of 1961: Lawrence Block, Lois Lee, Leon Rosen.

in Munich. Her private show in the Haus der Begegnung featured 24 of her paintings, ranging in theme from "Florida Washday" to an interior of the stained glass windows of Strasbourg Cathedral. In the introduction to the exhibit catalog, Egon Hanfstaengel pronounced the paintings striking and distinctive. Another German art critic, Dr. Fritz Nemitz, asserted that Miss Bohannon's canvases demonstrated her "disciplined closeness to nature."

The artist-teacher obtained her Bachelor's degree in English from Principia College, Illinois, and her Master's degree in the same subject from Columbia University. In this same period, Miss Bohannon undertook art studies with such well-known professionals as Yasuo Kuniyoshi, Dong Kingman, James Penney and William Palmer.

**DR. DALY DELIVERS ADDRESS**

Dr. Mason G. Daly, Director of the Far East Division, delivered the keynote address for the February Commencement exercises of the Sophia University International Division in Tokyo.

Dr. Daly in his address deplored the "mad rush" to educate technicians in the contemporary world. He said he hopes the importance of studying the social sciences and the humanities will be given the emphasis it deserves notwithstanding the need of technical and scientific studies in the space age.

**SOCIAL NOTES**

**ENGAGED**

Mr. and Mrs. Michael M. Markow of Hyattsville, Maryland, announce the engagement of their daughter, Tatiana Maria Markow, to Ensign Alexander Wagner Turnbull, B.P.A. '56. Ensign Turnbull is presently stationed aboard the U.S.S. *Bearss* with the Sixth Fleet. Miss Joan Frances Monfort, Arts & Sciences '55, is engaged to Mr. Harry E. Williamson. Mr. Williamson attended the University of Maryland and is presently at New York University.

**MARRIAGES**

Anne Virginia Lethbridge, A. & S. '57, to Herbert Kurt Dubin on March

8, 1958 in Ashton, Maryland. Anne is currently working at Johns Hopkins in Silver Spring, Maryland. The couple will make their home in Ashton.

Rosemary Anne Menikheim, H. Ec. '56, to Donald Lee Olmert on September 28, 1957. Rosemary is currently working in the Law Department, Patent Section, of Swift & Co. in Washington, D. C.

#### BIRTHS

Dr. and Mrs. Joseph S. Mitchell, Jr., '53, announce the birth of their third son, Peter, on December 17. Grandfather Mitchell graduated from Maryland in 1914.

Dr. and Mrs. Alan A. Gale, '50, of Irvington, N. J., announce the birth of a son, Adam Roy, on February 21. The paternal grandfather is Dr. Saul M. Gale, '22.

Dr. and Mrs. William E. Wolfel, Jr., '53, of Catonsville, Md., announce the birth of a son, David Allen, on January 3.

Dr. Edgar and Mrs. Edgar M. La Bar, Jr., '52, announce the birth of a daughter, Leslie Gracc, on December 24, 1957. Dr. Edgar M. La Bar, '19, is the paternal grandfather.

Mr. and Mrs. Earl J. Thomson, Jr., announce the birth of a daughter, Jane Locke Thomson on January 22, 1958. She joins two other children, Ellen 6 and Earl III 4 in the Thomson home at 6081 Crestview Avenue, Littleton, Colorado.

Tommy, a 1951 graduate of the University, is a life underwriter with the Acacia Mutual Life Insurance Company Denver Branch. As a hobby he is assistant track coach at the U.S. Air Force Academy.

## COMPLETED CAREERS

#### JUAN RAMON JIMENEZ

Juan Ramón Jimenez, renowned poet of the Spanish-speaking world, died May 29, of pneumonia and heart failure in a Puerto Rico hospital. He was 76.

Mr. Jimenez spent three years in Riverdale, Maryland; part of that time he was teaching at the University. His

wife, Zenobia, also taught at the University. Both are remembered with affection and esteem by the members of the Department of Foreign Languages and Literature who worked with them. It was Dr. Graciela Nemes and Dr. Adolf E. Zucker of the Department who proposed the name of Juan Ramón Jimenez for the Nobel Prize which he won in 1956. Jimenez was unable to be in Stockholm to receive the Prize, owing to the death of his wife at that time.

Although Mr. Jimenez preferred solitude and a quiet life, he took a great deal of interest in the students. But he and his wife shared the problems of the students, who were frequent visitors in their home.

Very little of Juan Romón Jimenez' poetry has appeared in English because of the difficulty of translation. He often worked for years on a poem in order that he might express perfectly what he wanted to say. The translation from Spanish to English would, in many cases, destroy the mood of the poem, which is the essence of his work.

His best known work is "Platero y Yo," a children's book about a little burro which is his only book that has gained world-wide translation. In the book, the poet walks along the Spanish roads, commenting on life to his faithful little donkey. The book has sold over a million copies since its first printing in 1914.

DR. WILLIAM F. DEEKENS

Dr. William Felton Deekens, '92 (U. of Md.), of Wytheville, Va., died on January 11, 1956.

DR. WILLIAM L. QUITT

Dr. William L. Quitt, '08 (U. of Md), of Baltimore, died on January 25. A native of Russia Dr. Quitt came to this country as a young man. He had conducted a full-time practice up to the day of his death. Among his survivors are his wife, Mrs. Minnie E. Quitt, and a brother, Dr. Solomon L. Quitt, '14, of Greenwich, Conn.

OTHER COMPLETED CAREERS

Dr. Israel Danker, '09 (B.M.C.), of Baltimore, died on January 6. Dr. Danker is survived by his wife, Mrs. Martha Nathanson Danker; a daughter, Mrs. George Steiner; and a son, Bertram Danker.

interned at the Bellevue Hospital in New York before beginning practice in Pittsfield. In World War I he served as a First Lieutenant in the Army Dental Corps. He had been associated in practice since 1919 with his brother Dr. William J. O'Hearn, of the B.C.D.S. Class of 1916. A Fellow of the American College of Dentists, Dr. O'Hearn was on the staffs of St. Luke's and Hillcrest Hospital. He is survived by his wife, Mrs. Isabel Kelly O'Hearn; his brother; and his son, Dr. James W. O'Hearn '45, who has practiced the specialty of Oral Surgery in Champaign, Ill., since 1953. Recently young Dr. O'Hearn removed to the Doctors Building near the University of Illinois campus. He had previously been associated with the Christie Clinic for several years.

Dr. Ella Cox Brazill, '17 (U. of Md.), of New York, N. Y., died on June 22. She entered Maryland from Bodin, N. C., after securing her pre dental training at Trinity College. Several years after graduation from Maryland she married a classmate, Dr. George K. Brazill, who survives her. Dr. Brazill was a member of the Gorgas Odontological Society and an honorary member of the North Carolina Dental Society.

CAPTAIN JAMES W. FOREIT

T/SGT. DONALD R. BRISTER

Captain James William Foreit, instructor pilot with the 2nd Com Group at Ramstein AB, Germany, and T/Sgt. Donald Ray Brister of 807th Tacon Squadron, a passenger, were among those killed when an Air Force C-47 crashed into Mount Vesuvius in a flight from Naples, Italy to Athens, Greece.

Captain Foreit matriculated in the Overseas Program in April, 1956, at Ramstein, where he took a course in the Principles of Economics.

T/Sgt. Brister joined the Overseas Program at Udine, Italy, with a course in Algebra in September, 1956, and continued his studies with Elementary German on Landstuhl/ Ramstein during the second term of the current academic year.

H. L. ERWIN

Dr. H. L. Erwin died October 16, 1957 at the age of 81. Dr. Erwin was a native Georgian and went to practice in Dalton, Georgia in 1904, shortly after his graduation from the Medical School at the University of Maryland.

Dr. Erwin was among the founders and original incorporators of Hamilton

Memorial Hospital in Dalton. He was chairman of the Whitfield County Board of Health, charter member of the Dalton Civitan Club, and had been a member of the Board of Stewards of the Dalton First Methodist Church for more than 20 years.

MRS. EDWARD A. CHRISTMAS

Mrs. Edward A. Christmas, '28, active many years in University affairs as student and staff member, died yesterday at Johns Hopkins Hospital, Baltimore.

She was an honor graduate of the University, and held memberships in Kappa Kappa Gamma sorority, Theta Gamma honors fraternity, and the Women's Senior Honor Society. She was dietitian at the University for 10 years.

DR. WILFRED A. TURNER

Dr. Wilfred A. Turner, D.D.S. '13, died recently at his home after a long illness.

Dr. Turner was a member of the Psi Omega Fraternity and a life member of the American Dental Association, the Montaup Country Club and the Massachusetts Dental Society.

DR. GEORGE W. YOUNG

Dr. George W. Young, D.D.S. '23, died February 24, 1958, at the Harrisburg Hospital. He had practiced dentistry in Harrisburg, Pennsylvania for 35 years.

Dr. Young was a graduate of Millersville State Teachers College and attended George Washington University. He was a member of Sigma Alpha Epsilon, social fraternity, Xi Psi Phi, dental fraternity, and Gorgas Odontological Society.

Dr. Young served as a 2nd Lieutenant in the Infantry during World War I. He was a member of Euclid Lodge 698 F & AM; Harrisburg Consistory; Zembo Shrine Temple; Harrisburg Forest 43, Tall Cedars of Lebanon; and American Legion Post 27. He was a member of the Pennsylvania Dental Society and the American Dental Association. He served as Past President of the Dauphin County Dental Society. He also was a member of the Board of Directors of the Wileox Manufacturing Company.

Dr. Young is survived by his wife, Mrs. Kathryn A. Young a daughter, Miss Kathryn M. Young, a graduate of the University of Maryland, a son, Dr. George M. Young, a graduate of Temple Medical School and three grandchildren.

# FOOTBALL TICKETS

## NOW AVAILABLE

---

*By tradition, University Alumni are given first choice of tickets for each season's football games. Your application for individual game or season tickets will be processed speedily. Preference to Alumni applications ends August 31. Applications will be processed in order of their receipt.*

*Price of individual home games is \$4.00 . . . all seats reserved. Season's tickets for four home games are \$16.00 . . . all seats reserved.*

---

### 1958 Schedule

HOME		AWAY	
Clemson (Band Day)	Oct. 4	Wake Forest (at Winston-Salem)	Sept. 20
Texas A & M (Parents' Day)	Oct. 11	North Carolina State (at Raleigh)	Sept. 27
South Carolina (Homecoming)	Nov. 1	North Carolina (at Chapel Hill)	Oct. 18
Navy (at Baltimore)	Nov. 8	Auburn (at Auburn)	Oct. 25
		Miami (at Miami, Fla.)	Nov. 11
		Virginia (at Charlottesville)	Nov. 22

A Baltimore Landmark*

*A Hearty Welcome  
awaits you here*

*A COZY CORNER*

WORLD'S  
LARGEST  
Spice and Extract  
House

MARYLAND HOSPITALITY

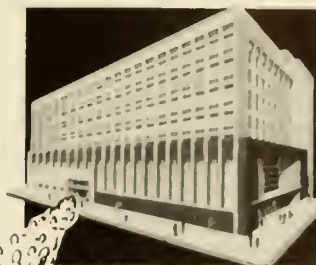

When playing hosts to guests from out of town, Baltimoreans are now frequently including a visit to McCormick's Friendship Court in their tour of picturesque and historic sites. Few places afford a more sweeping view of the Baltimore harbor as it stretches toward storied Fort McHenry.

McCormick & Company's hostesses, all well versed in the historical and romantic lore of the spice and tea trade, are ever ready in Friendship Court to assist you in providing a friendly welcome to Baltimore. Also, as part of McCormick hospitality, a refreshing cup of tea or coffee awaits guests in Ye Olde Tea House.

**more people  
save more money  
at Perpetual**  
*than at any other financial institution  
in the District of Columbia, Maryland or Virginia*

Here are some of the advantages of a  
Perpetual savings account . . .

**you** get Insured Safety on all accounts up to \$10,000. In addition a reserve fund of \$19,000,000 stands behind your investment.

**your** account is credited with regular dividends *FOUR* times a year . . . on the 1st of January, April, July and October.

**you** have the satisfaction of knowing the money you save is ready to buy the things you want when you want them.

**you** are doing business with one of the strongest savings associations in the world.

**you** can keep your savings at any of five convenient offices. Savings can be accepted at the one you happen to be nearest at the time.

**you** can save by mail. Perpetual provides postage free envelopes to facilitate mail transactions.

**you** can always be sure your account is welcome and your visits warmly appreciated. Perpetual is not too big for the smallest account.

# Those Two Important Words on Your Telephone

---

Western Electric is the manufacturing and supply unit of the Bell System. Its specialized abilities in these fields and the efficiencies and economies of centralized operation have proved of great value over many years.

There's a distinct advantage for telephone users in the fact that Western Electric works for the most part only for the Bell System, and for the U. S. Government when called upon.

Because defense and telephone service are so vital, Western Electric must manufacture for the utmost in dependability and long life without compromise anywhere along the line.

The repeater units in the new underseas cables are one example of how Western Electric must build for long, trouble-free service.

A further advantage is the way research and manufacturing are tied

**WESTERN ELECTRIC** means efficiency, quality and long life in telephone equipment. All are reflected in the speed, clarity and dependability of your telephone service.

together. Being a part of the Bell System, Western Electric can work closely with the Bell Telephone Laboratories and the local telephone companies.

Western Electric must be ready at all times to produce 200,000 kinds of apparatus and component parts for telephone equipment. It also purchases for the Bell System, distributes supplies, and installs central office equipment.

Western Electric maintains thirty-two warehouses strategically located throughout the country. You have seen dramatic evidence of the benefits of this arrangement in fire, flood, hurricane and other emergencies. They are important also in plans for national defense.

There are great values in the Western Electric setup. No other way would work out half so well for telephone users and the nation.

**BELL TELEPHONE SYSTEM**

COVER:

Our cover photograph shows part of a Van de Graaff Accelerator as it was being installed in the Physics Building. This machine will accelerate singly charged nuclear particles to energies up to 3,000,000 volts, and these projectiles will then be used to produce nuclear reactions and probe the structure of the nucleus. The accelerator has been made available through a grant from the Atomic Energy Commission.

## THE ALUMNI DIARY

### DEAR FELLOW ALUMNI:

We come again to another bend in the road. Almost before we knew it the summer was gone and students had rolled back to the campus to start another exploration for knowledge. Not so many years ago each of us had the wide-eyed experience of first planting foot on the College grounds. There was momentary lonesome feeling when the task ahead looked almost too great. Then came others like ourselves and upper classmen who were reassuring exhibits of successful college achievement. With many others around us who had walked the trail or who would be walking with us, we knew we could succeed, and we did.

All of which reminds us of the little girl running down a pathway to her home as the darkness of night settled in. She had overstayed her time at grandmother's and was paying the penalty with childhood fright of the unknown. Suddenly an old colored neighbor with a lantern stepped onto the path in front of her and calling her by name said: "Honey, don't you be afraid! Jest follow dis light and remember dat no matter what path you take dere has been some other feet on it before you to sorta show you de way home."

So it is with those of us who have had the light of a University education provided by many who have walked the pathway before us only to leave landmarks and milestones by which we could find our way to higher learning and success. To some life has been more than good, while others, through the struggle, have not yet reached the heights toward which they strive. Each of us must know, however, that without the help and knowledge borrowed from others, we might well be on the wrong pathway without a lantern.

Somehow, we wanted to pay recognition to those who, having lost themselves in service to others, have made life so much better for each of us. Perhaps it was a faculty member, a dean, parents, fellow students or a friend. In any event, some one or several walked the pathway and held a lantern for each of us. Each of us will remember different ones in different ways but we will remember.

So, as school commences again, we take a long look in the direction of those who took fear away from us and gave us confidence, incentive and experience. Then, we face to the front again and search for those who need a hand from us. We now know that we cannot travel the pathway alone and that life is richer when we have helped another. This is the core of alumni participation and service. Perhaps we have contributed something toward the morale, the education or the direction of a youngster. Maybe an alumnus will some day single you out as the factor which turned the tide of his life. Possibly the talk you had with a young college prospect sent him to Maryland and gave him the opportunity he might not have had.

All in all, the bend in the road is a time to take that careful look and ask whether there is more we as alumni can do. We pay our dues, subscribe to the alumni magazine, contribute to the alumni fund, take an interest in the progress of the University, participate in a University of Maryland Alumni Club or pledge ourselves to help establish one, plan to return to the campus to say thanks to those who saw us through, and find that young person who will be a credit to himself and to Maryland.

The foundation broadens, the Alumni Association grows, the University develops, and we as individual alumni pledge ourselves to stronger participation and to encourage others to become an active part of the total alumni effort. The secret of the strength of a tree lies in its roots. Our roots go deep.

As ever,

DAVID L. BRIGHAM  
Alumni Secretary

# CAMPUS NOTES

## UNIVERSITY CALENDAR OF ACTIVITIES

### SEPTEMBER

- 15-19 Fall Semester Registration, College Park.
- 20 Football, Wake Forest at Winston-Salem, North Carolina.
- 22 Instruction begins, College Park.
- 27 Football, North Carolina State at Raleigh, North Carolina.

### OCTOBER

- 4 Football, Clemson at College Park.

- 10 State Poultry and Vegetable Judging Contest, College Park.
- 11 Football, Texas A & M at College Park.
- 18 Football, North Carolina at Chapel Hill, North Carolina.
- 25 Football, Auburn at Auburn, Alabama.
- 28-31 Family Economics Workshop, College Park.

### NOVEMBER

- 1 Football, South Carolina at College Park.
- 8 Football, Navy at Baltimore.

- 14 Football, Miami at Miami, Florida.
- 22 Football, Virginia at Charlottesville, Virginia.
- 26 Thanksgiving Recess begins after last class.

### DECEMBER

- 1 Thanksgiving Recess ends.
- 20 Christmas Recess begins after last class.

### JANUARY

- 5 Christmas Recess ends.
- 21 Pre-Examination Study Day.
- 22-28 First Semester examinations.

### DR. LIPPEATT IS NEW DEAN OF HOME ECONOMICS

The Board of Regents has approved the appointment of Dr. Selma F. Lippeatt, formerly Assistant Director of the Home Economics Branch of the U. S. Department of Health, Education and Welfare, as Dean of the University's College of Home Economics. The appointment became effective August 1.

Dr. Lippeatt succeeds the late M. Marie Mount who was Dean of the College from 1925 until her death in January, 1957.

The new Dean is a native of Fort Smith, Arkansas. She obtained a B.S. degree from Arkansas State Teachers College in 1938 an M.S. degree from the University of Tennessee in 1945 and a Ph.D. degree from Pennsylvania State University in 1953.

Between 1938 and 1944 she was a vocational homemaking instructor in

*Dr. Lippeatt*

the Stamps, Arkansas, Public Schools. Dr. Lippeatt was Assistant State Supervisor of Home Economics Education and area supervisor of the school lunch program for the Arkansas State Board of Education from 1944 until 1956. She was appointed Assistant Director of the Department of Health, Education and Welfare Home Economics Education Branch in 1956.

### NEW SCHOLARSHIP PLAN ESTABLISHED

The William R. Bishop Education Fund, believed to be the first scholarship plan in the nation under which students are selected by a government agency to receive four-year university scholarships in science and engineering, has been established at the University.

The U. S. Naval Ordnance Laboratory at Silver Spring has been designated by Mr. Bishop, a resident of Washington, D. C., as the agency that  
(Continued on page 15)

## Synthesizing Hormones for the Chemotherapy of Cancer

THE PORTION OF THE GRADUATE RESEARCH PROGRAM IN PHARMACEUTICAL CHEMISTRY which is directed by Dr. Norman J. Doorenbos is seeking new drugs which might be useful in treating cancer. Dr. Doorenbos is assisted in this program by eight graduate students and one post doctoral fellow. The National Cancer Institute has given \$38,000 to support the program for the next three years and The Sterling-Winthrop Research Institute is purchasing steroid intermediates, supervising chemical and biological analyses, in addition to giving \$3,600 per year to the school.

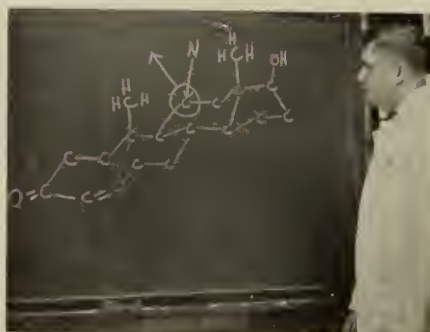

Naturally occurring *steroid hormones* are believed to be the leading factor that influences the growth of tumors and the most common cancers, e.g., breast, and prostate. Patients with these types of cancer usually improve when a source of stimulating hormones is removed through either surgical removal of sex glands or adrenalectomy. Removal of sex glands presents psychological problems and the removal of the adrenal glands means that the patient must be supplied certain hormones regularly in order to remain alive. Furthermore, surgery on a very ill patient is often not advisable and once the glands are removed they cannot be replaced.

AN OBJECTIVE OF THE RESEARCH program in the School of Pharmacy is to accomplish the same objective, namely to prevent the natural hormones from stimulating the growth of cancer cells, without the use of surgery. In order for the hormone molecule to exert its effect it must be transported by the blood to the site of action and the hormone molecule must then attach itself to the prerequisite cellular protein structure called a biological receptor. The three dimensional shape of the steroid hormone is very important and it fits itself to the biological receptor something like a key in a lock.

The steroid hormone molecules are very complex and contain as part of their structure four rings of carbon atoms fused together. Dr. Doorenbos and his students are attempting to synthesize steroid molecules where one or more of these carbon atoms have been replaced by nitrogen without disturbing the shape of the molecule and without removing the essential atomic groupings which are attached to the fused ring system. The nitrogen can give these molecules a much stronger affinity for protein than the natural hormones. As a consequence, these molecules will not only attach to the appropriate protein biological receptor after administration but they will replace the natural hormone, from sites already occupied. The presence of the nitrogen in the synthetic hormone alters the physical and chemical properties of the molecule and therefore, it is hoped that it will not produce a hormonal response when attached to the biological receptor. If it does not, the synthetic hormone would prevent the natural hormone from stimulating the growth of cancer cells.

The synthesis of the desired nitrogen containing steroids presents some very difficult chemical problems. The pharmaceutical industry has used teams of as many as 40 chemists to synthesize some of the new steroids which are related to cortisone, hydrocortisone, the female sex hormones, and the male sex hormones. Each of these new drugs contains a fused ring system of only carbon atoms and is prepared by the chemist from naturally occurring steroids which contain this ring system. But unfortunately, nature does not supply these steroids with a nitrogen at any site in the ring system, and the School of Pharmacy research team must devise methods for pulling out a carbon atom and replacing it with nitrogen. In spite of these difficulties they have prepared over a dozen such compounds which are being biologically

## The Faces of Research

tested by the Sterling-Winthrop Research Institute and under the supervision of the Cancer Chemotherapy National Service Center.

DR. NORMAN J. DOORENBOS, ASSOCIATE Professor of Pharmaceutical Chemistry, has been on the staff of the School of Pharmacy for two years. Prior to that he was employed for 3½ years by Ansco as a research chemist. He received his B.S. in Chemistry in 1950, M.S. in Pharmaceutical Chemistry in 1951, and Ph.D. in Pharmaceutical Chemistry in 1953 at the University of Michigan. He has been elected to four honorary societies and was a Michigan Chemical Research Fellow while in graduate school. Dr. Doorenbos is married to the former Fumiko Ikemori of Kahului, Maui, Hawaii, who received a B.S. in Pharmacy in 1951 at the University of Michigan. They have four daughters.

Dr. Doorenbos is assisted in this program by Dr. Chien L. Huang, B.S. Pharmacy, Tokoku Pharmaceutical College, Sendai, Japan, M.D., National Taiwan University, Formosa, M.S. Pharmaceutical Chemistry, Butler University; Charles Kumkumian, B.S. Pharmacy, M.S. Pharmaceutical Chemistry, Temple University; Richard Tamorria, B.S. Chemistry, M.S. Biochemistry, Georgetown University; Robert Havranek, B.S. Pharmacy, Columbia University, M.S. Pharmaceutical Chemistry, University of Maryland; Melvin Friedman, B.S. Pharmacy, University of Maryland; Arvind Shroff, B.S. Pharmacy, Baroda University, India, M.S. Pharmaceutical Chemistry, Duquesne University; Mu Tsu Wu, B.S. Chemistry, Taiwan University; Venkatraya Shenoy, B.S., Khalsa College, India, B.S. Pharmacy, University of Chemical Technology, India. In addition Professor Harkishan Singh, Dept. of Pharmacy, University of Sangaar, India who has a B.S. Pharmacy, M.S. Pharmaceutical Chemistry, Ph.D. Pharmaceutical Chemistry is joining the group for a year as a post doctoral fellow. He is on sabbatical leave from the University of Sangaar.

Most of the students have some accomplishments of note. All have excellent academic records and four came to the University of Maryland with perfect records (4.0). Dr. Huang has taught pharmacology in Taiwan University Medical School for seven years and received wide recognition for the discovery of an effective drug for amoebic dysentery.

## Two Historic Ground-Breakings . . .

The photograph to the left shows the ceremonial ground-breaking for the Medical Sciences Library, July 8; the photograph to the right records a similar event for the Union-Dormitory Building.

Pictured in the first are (left to right): Dr. William S. Stone, Dean, School of Medicine; Mr. Charles P. McCormick, Chairman, Board of Regents; Dr. Elkins; Dr. Roger Howell, Dean, School of Law; Gov. McKeldin; and Mr. Victor Frenkil, President, Baltimore Contractors.

Pictured in the second are (left to right): Dr. Stone; Dr. Noel E. Foss, Dean, School of Pharmacy; Florence M. Gipe, Dean, School of Nursing; Dr. Albin O. Kuhn, Executive Vice President of the University; Dr. Howell; and Dr. Myron S. Aisenberg, Dean, School of Dentistry.

The Library will house 200,000

volumes. It is being built to serve the Schools of Medicine, Nursing, Dentistry and Pharmacy and will replace Davidge Hall, the oldest medical college library in the United States.

The building will be constructed of brick with stone trim. It will have a built-up type roof which will be enclosed with parapet walls. Four stories high, its physical facilities will include an auditorium with a seating capacity of 400, ten group study rooms, 18 individual study rooms, a historical book room, an archives room and an audio-visual room.

John Carroll Dunn, Baltimore architect, designed the new library building. Construction is being carried out by Baltimore Contractors, Inc.

Although the primary purpose of the Union-Dormitory will be to house students from all schools receiving instruction on the Baltimore campus, the

architect has incorporated into his design facilities for the use of alumni and faculty.

Located in the basement will be game rooms, a book and instrument store, post office, barber shop and various storage facilities. A cafeteria, kitchen, lobby and lounge are planned for the first floor. The second floor will contain a roof garden terrace, lounges, offices and several meeting rooms. The third, fourth and fifth floors will contain 33 double bedroom units each, accommodating a total of 198 students. A second companion structure has also been designed and duplicates the basic design of unit one. If approved for construction, this addition would increase the total student accommodation to 456 students. The Baltimore Union-Dormitory will be a self-liquidating project.

## . . . and the opening of the New Golf Facility

The photograph to the left shows the pleasurable opening of the first nine holes of the University's new golf course. The final nine opened for play September 1. A fine driving range has been open for some time and the first level of the clubhouse is nearing completion.

Secretary of the Board of Regents, Mr. B. Herbert Brown, addresses the ball, on the University's new course. Watchers, left to right, are Dr. Elkins, Thomas Carr, Secretary to Governor McKeldin; Dr. T. B. Symons, member of the Board of Regents; Frank Cronin, Golf Coach; and William Cobey, Director of Athletics.

Golf facilities are available to alumni, students and faculty. Alumni club memberships may be obtained by dues-paying alumni at a cost of \$20.00 per year. Family memberships, including husband, wife and dependent children are \$30.00 per year. Greens fees for members are \$1.50 on weekdays and \$2.50 on weekends. Fees for guests of members are \$2.50 on weekdays and \$3.50 on weekends and holidays. Only alumni who hold current active membership in the Alumni Association are admitted as club members. Alumni not currently holding Association membership should enclose with their golf club membership fee, a check for \$3. dues.

# Introducing the University Regents

*This is the second in a series of brief biographical profiles introducing alumni to four members of the University's Board of Regents. Faithful to the traditions and ideals of our University, these men give themselves unreservedly in the University's welfare. Three additional profiles will be published in the November-December issue.*

DR. LOUIS L. KAPLAN  
Assistant Secretary  
Board of Regents

AS A DISTINGUISHED SCHOLAR, TEACHER AND ADMINISTRATOR in the profession of education, Dr. Louis L. Kaplan brings to his service with the Board of Regents valuable experience.

Dr. Kaplan is the Executive Director, Board of Jewish Education of Baltimore, and is Dean of the Baltimore Hebrew College and Teachers' Training School. He also serves as a

member of the Board of Governors of The Dropsie College, Philadelphia, and is a member of the Publication Editorial Board of the Jewish Publication Society of America. He is a member of the Citizen's Welfare Committee on Public Welfare, Maryland State Conference.

In the area of teaching, Dr. Kaplan is a Visiting Lecturer to the Departments of Religion at Goucher College and the State Teachers College. He is also a Lecturer on Jewish Education at The Dropsie College and at the Jewish Theological Seminary, New York.

As a scholar, Dr. Kaplan is the editor of Hebrew texts and readers; sections from Rashi on Genesis, Shmos (Exodus). He is the author of *A New Approach to the Teaching of the Torah*, commentary and interpretation of the Five Books of Moses, religious plays and pageants.

In August, 1946, Dr. Kaplan was awarded the King Christian X Liberation Medal by King Christian X of Denmark. The medal was presented in recognition of his leadership in raising a fund for the relief of Danish Jews who had escaped to Sweden.

Born in 1902, Dr. Kaplan married Etta Jenkins in 1927 and is the father of two children Deborah Joan and Daniel Lee.

In 1922, Dr. Kaplan received the Bachelor of Arts degree from Columbia University, and from 1922 to 1924 was a Fellow in the Department of Rabbinics, The Dropsie College for Hebrew and Cognate Learning, Philadelphia. During 1924-25, Dr. Kaplan attended the American School of Oriental Studies in Jerusalem.

*(Continued on page 14)*

MR. CHARLES P. MCCORMICK  
Chairman  
Board of Regents

AUTHOR, BUSINESS EXECUTIVE, CIVIC LEADER AND EXPERT in management and human relations is Charles P. McCormick, Chairman of the University's Board of Regents.

The list of Mr. McCormick's past and present activities in business and civic affairs reads like a Baedeker to the top

echelons of the board rooms and management councils of commerce in Maryland and across the nation. His many memberships and chairmanships seem to point up the truth of the statement that the busiest men—the greatest achievers—are those upon whose shoulders society places additional burdens for accomplishment.

Many of Mr. McCormick's books have become classics in business management. *Multiple Management*, a book on human relations in industry, has gone through its seventh printing at Harper Brothers, N. Y. Editions have been printed in Spanish and French. His highly popular *The Power of People*, Harper Brothers, 1949, has gone through nine editions. It has been reprinted by Bantam Books, and has also been issued in a Japanese edition. An earlier book *McCormick System of Management*, was published in London in 1946. It has also been published in *Efficiency Magazine*.

Mr. McCormick's philosophy of management is, to a great extent, summed up by the sign which greets visitors to his company building in Baltimore. As you enter the door you are greeted by the following:

TO ALL WHO ENTER HERE  
WE PLEDGE FAITH, NOT FEAR

Charles P. McCormick received his education at Baltimore City College and at the Johns Hopkins University where his career was interrupted by service with the U.S. Navy during World War I. He holds the honorable LL.D. degree from Presbyterian College.

*(Continued on page 14)*

HARRY H. NUTTLE, OF DENTON IS A PROGRESSIVE FARMER, timberman, canner and banker; his interests and activities are manifold.

Born in Caroline County in 1885, Mr. Nuttle received a Ph.B. degree from Dickinson College in 1906. He has been a farmer and canner since 1910.

In 1957, Mr. Nuttle was named Man-of-the-Year in Service to Maryland Agriculture by the *Progressive Farmer Magazine*. The award was made in recognition of his valuable and notable service rendered agriculture in the State. The magazine's citation recognized Mr. Nuttle's service as a leader and officer of farm organizations. He has served as Secretary, Director and Treasurer of the Choptank Electric Cooperative; President of the Southern States Cooperative; President of the Maryland Farm Bureau; and President of the Tri-State Packers Association.

"Regardless of what has been his greatest field of service," the *Progressive Farmer's* citation reads, "one fact about Harry Nuttle is beyond dispute. He has an intense interest in people. He is in his third nine-year term on the Board of Regents of the University of Maryland and has helped many youngsters get a college education. Church work is one of his greatest delights and he is superintendent of the Sunday School and teacher of the Men's Bible Class at historic Concord Methodist Church in the community in which he was born."

Mr. Nuttle has been President of the Peoples Bank of Denton since 1945. He served as a member of the Maryland

MR. HARRY H. NUTTLE  
*Treasurer*  
Board of Regents

House of Delegates, 1914-1915 and as a Member of the Maryland Senate, 1918-21.

Through the years, Mr. Nuttle has been an active Rotarian and served previously as President of the Denton club. He is a member of Phi Beta Kappa.

THOMAS W. PANGBORN, HAGERSTOWN BANKER AND INDUSTRIALIST is the founder and President of the Pangborn Corporation, Hagerstown.

Long active in church and community affairs in addition to his industrial capacities, Mr. Pangborn has been honored by Pope Pius XII by being named a Knight of Malta, Knight Grand Cross of Holy Sepulchre.

He has been selected as one of the sixteen outstanding industrialists of the nation in *Iron Age Magazine*.

He served for three terms as President of the National Founders Association and was appointed one of a group of ten from principal trade associations to counsel some 10,000 member companies when the National Recovery Act was in effect.

Mr. Pangborn has served as a member of the State Board of Public Welfare, Trustee of St. Mary's Industrial School and as a Director with the National Association of Manufacturers.

During World War II, Mr. Pangborn was Chairman of the Western Maryland Selective Service Appeal Board.

He is Chairman of the Board of the Nicodemus National Bank of Hagerstown; a Director of the Equitable Trust Company of Baltimore; Maryland Director of Liberty Mutual Insurance Company and a Trustee of the Catholic University of America.

In addition, he is a member of the Advisory Council on Science and Engineering of the University of Notre Dame and of the Advisory Board of Mount St. Mary's College.

He is also trustee of the Good Samaritan Hospital; mem-

ber of the Advisory Board at Mercy Hospital and Trustee of the Washington County Museum of Fine Arts.

Mr. Pangborn holds honorary Doctor of Laws degrees from the University of Notre Dame and Mount Saint Mary's College and the Doctor of Science degree awarded to him by the Catholic University of America.

## News from the Clubs

By VICTOR HOLM, *Field Secretary*

*Publicity Chairmen should Address Reports of Meetings and Activities to Mr. Holm, Alumni Association, Administration Building, University of Maryland, College Park, Maryland*

### HOMECOMING

Keep Saturday, November 1, clear on your busy calendar. This year's Homecoming events at College Park promise more good times and the traditional alumni fellowship. Although a detailed notice of activities will be sent to you directly on or about October 1, here is a tentative listing of events:

11 a.m.—Chapel Service, Memorial Chapel.

12 Noon — 12:45 p.m.—Luncheon, Dining Hall.

2 p.m.—Football game between South Carolina and the Terrapins, Byrd Stadium. (Alumni Reception immediately following the game in the Student Union).

9 p.m.—Homecoming Dance, the Armory.

*Enjoying the Prince Georges Alumni Club picnic, August 2, are (left to right): Col. O. H. Saunders, '10, Past President of the Alumni Council; Egbert F. Tingley '27; and Frank Block, current President of the Alumni Council. More than 150 attended the affair held on the grounds of the Dave Brigham residence.*

## Greater University of Maryland Fund Forms Keystone of New Development Program

AFTER AN EXTENSIVE SURVEY OF PRACTICES in other major state universities, the Board of Regents in 1956 launched the development program for the University of Maryland. It is patterned on the strongest programs of its kind such as those in operation at the University of Michigan, the University of Minnesota, Penn State and others. All but three of the state universities are reported to have reasonably comparable programs.

The Office of Endowment and Development was established at that time to administer this program. The Office of University Relations and the Alumni Office are coordinated with the Office of Endowment and Development to assure the most effective and economical operations in this area.

One of the first projects undertaken by the new Endowment Office was the launching of the Greater University of Maryland Fund, an annual alumni fund. During the past school year this Fund has conducted its Founders Program which has been one of the most successful initial year operations experienced by any state university alum-

ni fund. Up to September 1 almost \$120,000 had been received and the Fund continues to grow. During the year over 1,000 outstanding alumni from every school and college in the University participated in the General Canvass and were instrumental in the Fund's success.

Not only has the new program been a financial success, it received an Honorable Mention in the 1958 Time-Life Direct-Mail contest sponsored by the American Alumni Council.

Within the 1958 Founders Program were structured a Heritage Fund, a Library Fund, a Scholarship Fund and underwriting the cost of furnishings for the new Union-Dormitory now under construction, on the Baltimore campus.

During the next year the Fund will undertake further projects directly related to the University's leadership role in higher education. Dr. Albert E. Goldstein '12 is General Chairman of the Fund. The Vice Chairman is Dr. John Krantz.

The General Canvass of the Fund is conducted on a regional basis, the same as that used in comparable annual

alumni funds. In addition, Special Gifts Committees are active in their extremely important function. Prominent alumni and friends of the University have made substantial contributions to the Fund and their leadership has given the Fund much of its impetus.

In May a preliminary Honor Roll was published. In the interval ending with the publication in September of the final Honor Roll, several hundred alumni transmitted approximately \$30,000 in additional gifts.

Not only is the Endowment Office looking forward to another banner year for the Fund in '59, it is now stepping up its activities in the three other areas comprising the development program:

foundation grants for the support of research and other special projects;

the Bequests Program to acquaint trust officers and attorneys with opportunities for sound educational philanthropy at the University;

and special gifts projects, mostly

# UNIVERSITY SPORTS

By JOE BLAIR Sports Editor

## Mr. Blair Takes a Hard Look at the Season Ahead

Coach Tommy Mont sets sail this month on his third year at the helm of Terrapin grid fortunes. This is the last year of his original three-year contract—signed after Jim Tatum left College Park for his alma mater at Chapel Hill, North Carolina.

The native Marylander from Cumberland and University alum of the class of '47, embarks on this third campaign better equipped than at the start of the previous two seasons. The Red and White has received adequate advance billing by the pre-season experts and have been awarded a pre-season all-America choice by these same experts in guard Rodney Breedlove, a native of Cumberland and just a junior.

The Terps are expected to hand Mont a fine season, one that will qualify them as spoilers and uphold the choice of these same experts who are picking them as the dark-horse team in the Atlantic Coast Conference. It is a team that must be highly regarded and present Terp fans with the possibility that they are now ready to return to the national picture after two real hard luck seasons, although they finished strong last fall, winning five of their last seven.

Mont has 23 lettermen returning. Of these, eight are starters from the eleven that were on the first unit last fall. This is a big factor in the feeling that the Terps will come through with some big victories.

But Mont and the team have a really wicked schedule for this fall. The inter-sectional schedule calls for games with '57 National Champion Auburn; Cotton Bowl winner Navy; Miami, who could have made a bowl had it not been on probation; and Texas A & M, a 2-0 loser to Tennessee in the 'Gator Bowl. This is quite a formidable foursome. Auburn, Navy, and Miami have been picked in the elite top ten echelon by pre-season ratings. Texas A & M has a new coach and switching over to the single-wing offense, so their strength is an unknown as the curtain rises on the '58 football season. The other six games

are with the always strong Conference teams, excepting Duke.

What are the reasons for the high hopes as the season starts? Let's take a candid glance at some of the reasons and the boys you might want to watch during the season.

The eight returning starters are end Ben Scotti, tackles Kurt Schwarz and co-Captain Fred Cole; guards Breedlove and Gundersman; halfbacks Teddy Kershner and Bob Layman; and quarterback co-Captain Bob Rusevlyan. Filling in at the other three spots will be Ronald Shaffer at left end; Victor Schwartz at center; and the powerful Jim Joyce at fullback. This trio were on the second unit in '57 with Joyce getting several starting calls.

Mont is of the opinion that he will have two real good teams with some real good help coming from boys on the third unit. He and his staff have been tremendously impressed with the line play of his two units. They have excelled defensively and showed more and more effectiveness blocking, especially downfield activity.

Another reason for some tone of optimism is that the Terps kept looking better as the 1957 season progressed while using the majority of the returning lettermen on the two units last fall.

The positions that cause most concern to Mont are center and fullback. The Terps lost two great centers in Gene Alderton and Wilbur Main and have moved Schwartz from guard to give only one letterman at the pivot spot and of course he won the monogram as a sophomore playing guard. That leaves center with no varsity experience. All other center candidates are upcoming sophomores.

The fullback spot has Joyce and Jim Hatter returning. Joyce was a most pleasant surprise as a sophomore and is expected to have a great junior year. Hatter, first string as a soph, was used sparingly last fall because of an injury. Upcoming sophs must help take up some of the slack for depth.

A glance indicates all other positions will have most adequate personnel with

experience which will lend valuable depth to the Terp squad. The line positions seem to be especially talented two-deep. The backfield should be geared by the experienced quarterbacking of Rusevlyan and Dickie Lewis, the '57 duo that came through so well, plus the appearance on the scene of another promising all-around signal-caller by the name of Searbath. This time it is sophomore Dick Searbath, younger brother of the Terps' all-American of '52, Jack. Mont believes that after Dick gets the needed experience from varsity competition he will give Maryland great performances in the future. He already excels as a passer and punter and play caller. Still another quarterback who deserves reckoning is soph Dale Betty. He too has all the potential of making a fine all-around quarterback.

Veteran halfbacks Bob Layman and Ted Kershner give Mont an outstanding ball-carrying nucleus. Layman is one of the finest two-way backs the Terps have had. He is a slick, high-stepping hard runner and is tops defensively.

To go along with these expected strong points and to help bolster the weak ones, Maryland has come up with another top-notch group of freshmen who will move up to the varsity and some definitely figure in the plans for this fall.

Up front, the outstanding newcomer should be end Vincent Scotti, Wilmington, Delaware. His terrific all-around end play impressed the coaches. His value is not only in his end play, but as a place-kicker. He kicks off to and into the end zone and can hit field goals from as far out as 40 yards. He will see a lot of duty this fall. Another is end Tony Scotti, Newark, New Jersey, younger brother of regular right end Ben Scotti. He was a standout for the frosh and came up with a real good impression in spring drills. Tackle Ed Niekla, Long Island, is another of the new stars. Niekla came to College Park following a hitch in the Air Force at

*(Continued on page 14)*

Bolling Field. He has two years to play for the Terps and the big 6-3, 225-pounder does a great job at his tackle spot. He is one of the most highly regarded to come along in a long time.

In the backfield, besides Scarbath and Betty, a name to put in your little black notebook is that of halfback Dwayne Fletcher, a fleet-footed little guy from Front Royal, Virginia, just 40 miles down the road from campus. He has warmed the hearts of the Maryland coaches and could be the answer, along with returning halfback Gene Verardi, to that back who can take advantage of a block or two and go all the way with speed and finesse. He is being compared to a couple of the Terps' all-time great runners, Chet "the jet" Hanulak and Ronnie Waller. Fullback Everett Cloud of nearby Falls Church, Virginia, and halfback Bob Gallagher, Pittsburgh, are another pair of fine looking prospects who should help carry the mail for the Terps.

It is no secret around the grid fraternity that Maryland has two of the greatest guards in the game with Breedlove and Gunderman. This pair of juniors are certain to come up with top efforts each game. The same can be said of the tackles with Cole and Schwarz. Their equal will be hard to find. With the exciting Scotti at one end and the hard working Shaffer on the other side, the flanks are well manned.

This is the story for '58. What the win and loss record will be, we don't know, and we don't want to go out on a limb. As everybody else says, good luck Tommy.

## GO YOU TERPS!

in the field of student aid.

IN ALL OF THESE AREAS IMPORTANT progress has been made. More than 125 new scholarship programs were established in the past two years, for example. Also, new bequests to the University are coming to its attention every month, and it is conservatively estimated that bequests actually known to the University exceed \$750,000 in value at this time. Naturally, a large portion of outstanding bequests to the University are never made known to it during the donor's lifetime.

As in all other new ventures, it is necessary to achieve a widespread understanding of the underlying purposes of the development program. Since all of higher education is made possible by the distribution of tax monies—in the case of the private institutions, by tax deductions—the function of the growing development field is to help crystallize the institution's objectives and channel educational philanthropy intelligently and effectively for their support.

In the public institutions this generally means selective sponsorship of student aid programs, faculty development projects, special scholarly activities and projects like the Union-Dormitory which help create a suitable educational environment.

In these areas the supporter of the work of the University obtains a substantial philanthropic "leverage".

As the University moves towards outstanding educational leadership—with better faculty pay standards, stronger student performance standards, effective faculty organization, the new libraries, the reorganized student personnel services, and greatly increased research—the new development program will help provide the financial ways and means to maintain this leadership position. The program is not a high-pressure fund-raising "campaign," but a long-range continuous program similar to the marketing concept in industry. As its momentum increases, its contribution to the University will become more and more significant.

Loyal and responsible alumni can find in this program the means to join the team that is assuring our University that it will continue to grow as an outstanding school that turns out outstanding graduates.

### DR. KAPLAN

tal Research and the Institute of Jewish Studies of the Hebrew University, both in Jerusalem, Palestine. In 1927 he received the Ph.D. degree from The Dropsie College.

### MR. McCORMICK

His past chairmanship and presidencies include the following: Chairman of the Board of Baltimore Branch, Federal Reserve Bank, 1939; Federal Reserve Bank, Richmond, 1949-1953; A. Schilling & Company, San Francisco, California; McCormick Overseas Trading Corporation; Maryland Standard Salary Board; also, Baltimore Professional Football Club (COLTS); National Chairman, American Heart Fund (1958).

He has been president of the International Organization of Employers; of the Quartermaster Association, of the Baltimore Better Business Bureau, the Baltimore Convention Bureau, and also, the Baltimore Export Club.

His directorships include: Eutaw Savings Bank; Baltimore Steam Packet Company (Old Bay Line); Grocery Manufacturers Association; also U. S. Chamber of Commerce (eight years). In addition to serving on the Board of Regents for the University of Maryland, McCormick has been a member of the Board of Trustees for American University, and also has served on the Salary Stabilization Board, Washington, D. C.

At present, in addition to acting as Chairman of the Board of McCormick and Company, Inc., he is a graduate member of the Business Advisory Council, U. S. Department of Commerce. He is Chairman of the Civic Center Commission of Baltimore.

Currently Mr. McCormick is Director of Massachusetts Mutual Life Insurance Company; Equitable Trust Company; the Boys' Clubs of America; and the Baltimore Association of Commerce.

He is a life member of the Royal Society of Arts, London, England; of the Maryland Historical Society and of the Academy of Political Science. He is an honorary life member of the U. S. Junior Chamber of Commerce, and a Senator, Junior Chamber International.

A 33rd degree Mason, K. T. Shriner, and Jester, Mr. McCormick also holds fraternal membership in Phi Gamma Delta, Omicron Delta Kappa (Honorary); Delta Sigma Pi (Honorary); and Beta Gamma Sigma (Honorary). Among his awards are Citation and Medal (Human Relations, 1946), Society of Advancement of Management. It is typical of Mr. McCormick, that his dossier lists more awards given than received. He is donor of "Unsung Hero" Football and Lacrosse awards to Maryland Interscholastic Football Conference and Maryland State College; the "Eisenhower Award", the U. S. Military Academy; and the "Forrestal Award" to the U. S. Naval Academy. All the above awards are donated annually.

Few institutions have been as fortunate as the University of Maryland in obtaining the services of a business leader of national rank and prestige, of high level wisdom and guidance to its fortunes and destiny. The University of Maryland looks forward to many years of future advancement under the guidance of Charles P. McCormick as Chairman of the Board of Regents.

**CORRECTION PLEASE:** *One of the photographs on page 9 of the July-August issue was mislabeled. The picture at the far left on that page is of Major General Norman T. Kirk, not Dr. Thomas B. Turner as the caption states. Major General Kirk is this year's recipient of the Honor Award of the Medical Alumni.*

The scholarship program will become fully operational after Mr. Bishop's death. At that time, the residue of his estate will be given to the University's general endowment fund and administered as a part of that fund. When the program is in full operation, it is expected that several students will be attending the University all the time on Bishop scholarships. Each four-year scholarship will pay for tuition, books and fees, and is valued at about \$1,200. Students from the Greater Washington area will be given preference in the selections, although others may be named.

Arrangements for the Bishop Education Fund were worked out by Mr. Alvin E. Cormeny, Assistant to the President for Endowment and Development; Dr. Paul R. Poffenberger, Director of the Office of Scholarships and Grants-in-Aid; and Mr. Dewey E. Starnes, Chief of the Training Division of the Naval Ordnance Laboratory.

Mr. Bishop conceived the idea of the technical scholarship last year. "I wanted to make some contribution to my country and to its youthful citizens," he says, "and I thought that I could combine these two objectives by helping some deserving young people to become scientists and engineers, which our nation needs so badly.

"I selected the Naval Ordnance Laboratory and the University of Maryland because of my great respect for these two institutions. I feel that they will work closely together and turn out trained young scientists and engineers who will be a credit to their country and will contribute to its progress and security."

Mr. Bishop is a musician by profession, although he has also spent part of his life in administrative and clerical jobs in both government and private industry.

#### AEC AWARDS GRANT TO THE DEPARTMENT OF PHYSICS

A grant of \$99,801 has been awarded to the Department of Physics by the Atomic Energy Commission for operation of the new combined experimental and theoretical research program in nuclear physics.

Construction necessary for the installation of the program's basic research tool, a three million volt "atom smasher", has been completed and delivery was expected August 1.

The Van de Graaff accelerator has been installed in the Physics Building in a specially constructed shielded vault in order to eliminate the radiation health hazard. The vault occupies a 1,000

square foot area with a height of three floors. Renovations and purchase of the accelerator were financed by a one-quarter-of-a-million-dollar grant to the University by the AEC last year.

According to Dr. John S. Toll, Professor and Head of the Department of Physics, the Department intends to give its major support to the development of the nuclear physics program which is expected to become a central part of the University's research and graduate training program in physics. Describing the aim of investigations which will be carried out under the program, Dr. William R. Hornyak, Associate Professor of Physics and director of the research program said, "Our purpose will be to understand the collective forces that come into play when many fundamental particles (the smallest subdivision of matter) are forced to interact within the extremely small confinement of the atomic nucleus. We hope to make significant contributions in the problem of group behavior of particles within nuclei."

In addition to Dr. Hornyak, the experimental research group will include Assistant Professor Jerry B. Marion and Research Associate Rene Levesque.

The theoretical investigation will be headed by Associate Professor Richard A. Ferrell and Assistant Professor William W. MacDonald, and Research Associates Stavros Fallieros and Manoj K. Pal.

The groups will be supplemented with eight graduate assistants.

#### DIRECTOR OF PHARMACEUTICAL SERVICES APPOINTED

Robert E. Lawson, Associate Pharmacist at Springfield City Hospital, Springfield, Ohio, has been appointed Director of Pharmaceutical Services at University Hospital. Lawson will supervise the hospital's expanding program in hospital pharmacy.

He holds a B.S. degree from the University of Colorado and a Master's degree in pharmacy from the University of Maryland. He served his pharmacy residency at Johns Hopkins Hospital prior to his appointment at Springfield City Hospital.

The new Pharmaceutical Services Director is a member of the American Pharmaceutical Association, the American Society of Hospital Pharmacists, the Federation Internationale Pharmaceutique, the American Hospital Association, the Colorado Pharmacal Association and Rho Chi, honorary pharmacy society.

will select the students. Such selections, of course, are subject to the approval of the University.

The first student named by the Laboratory is 18 year old Robert Brown who graduated in June near the top of his class from High Point High School in Beltsville. Robert received his scholarship award at a ceremony in the office of Dr. Wilson H. Elkins. Also present were Mr. Bishop and the technical director of the Naval Ordnance Laboratory, Dr. Gregory K. Hartmann.

### GUGGENHEIM FELLOWSHIP TO FACULTY MEMBERS

Guggenheim Fellowships, awarded to 33 recipients in the District of Columbia, Maryland, New Jersey and Pennsylvania, and to a total of 322 recip-

ients, to whom grants totalling \$1,412,000 were made, were recently announced. This is the 34th annual series of Fellowship awards made by the John Simon Guggenheim Memorial Foundation to citizens and permanent residents of the United States. Its Fellowships also are awarded to citizens of the other American Republics and of the Republic of the Philippines, and of Canada and the British Caribbean area.

The Guggenheim Fellowships are

granted to men and women—without distinction on account of race, color or creed—who have demonstrated the highest capacity for original scholarly research and artistic creation. Research in all fields of knowledge and creative activities in all the arts are assisted by the Foundation. The Fellowships are designed to assist the recipients to advance to higher levels of accomplishment in their fields of research and artistic creation through carrying on the studies for which the Fellowships are awarded.

Four members of the University of Maryland faculty received grants. They are:

Dr. Robert Elston Fullerton, Associate Professor of Mathematics, who will do further study in the theory of continuous surfaces;

Dr. Elliott Waters Montroll, Research Professor of Physics, who will conduct studies of the statistical mechanics of systems of interacting particles;

Dr. John Sampson Toll, Professor of Physics, and Chairman of the Department, who will do studies of analytic structure of quantum field theories; and

Dr. John Irving White, Assistant Professor of Physiology, School of Medicine, to carry out studies of certain protein components of skeletal muscle.

### PHI DELTA GAMMA CONVENTION

Phi Delta Gamma, the national honorary fraternity for graduate women, held its annual convention June 25-29 in Washington, D. C. Sigma Chapter of the University of Maryland was host to this group at a tea held in the home of President and Mrs. Elkins on the closing day of the convention. Mrs. Elkins is an honorary member of this group whose goal is to advance the cultural aspects of its members, and to further the relationships and education of graduate women.

### TRIBUTE TO DR. SINGER

At their Fifth Annual Conference for Engineers and Architects on May 2, 1958, the faculty of the College of Engineering at the Ohio State University paid high tribute to five graduates of the College who have attained records of outstanding eminence in engineering research and related industrial and professional activities. Dr. S. Fred Singer, Associate Professor of Physics at the University, was designated as a 1958 "Distinguished Alumnus."

The citation to Dr. Singer reads:

In acknowledgment of his widely recognized and extremely varied research contributions in the fields of cosmic rays, upper atmosphere, and space flight, and of the recognition he has brought to university and government research organizations through his outstanding and prolific work, the faculty of the College of Engineering pays high tribute to S. Fred Singer in conferring upon him the title of "Distinguished Alumnus."

#### DR. HATHORN AUTHORS NEW TEXT

A new book by Harold Zink, Howard R. Penniman, and Guy B. Hathorn has recently been published by D. Van Nostrand Co., Inc. Dr. Hathorn is an Assistant Professor in the University's Department of Government and Politics. The book, entitled *American Government and Politics*, is the latest in the Van Nostrand Political Science Series which is under the general editorship of Dr. Franklin L. Burdette, Director of the University of Maryland's Bureau of Governmental Research.

Described as being a clear and timely study of American national, state, and local government, the book begins with a brief history of American constitu-

tional development and takes up such basic problems as federalism, citizenship, and the rights and obligations of Americans. There are several chapters summarizing the actual practice of party politics and elections, a survey in detail of the organs of the national government, live chapters on state government, and a section of Supreme Court decisions regarding civil liberties, school integration, anti-trust, and the opening of FBI files in criminal cases.

Dr. Hathorn received his A.B. and his M.S. from the University of Mississippi and his Ph.D. from Duke University. He taught at Davidson College before accepting his present position at the University. All of the authors have a background of extensive teaching experience and governmental service.

#### JOURNALISM SCHOLARSHIPS AWARDED

Four journalism scholarships totaling \$1,450 have been awarded at the University of Maryland. The Baltimore *Sunpapers'* scholarship of \$500 has been assigned for the next school year to Harold G. Taylor of Baltimore. During the past year he has served as copy editor for the *Diamondback*, student newspaper.

One of the two \$375 scholarships

financed by the Baltimore *News-Post* was awarded to John E. Young of Chevy Chase. He has worked in the editorial department of the *Prince Georges Post* and served as circulation manager. The other *News-Post* scholarship goes to Thomas D. Hanlon, formerly of Philadelphia, who has reporting experience on student newspapers.

The annual \$200 journalism scholarship provided by the Montgomery County Press Association is assigned to John R. Powell, of Takoma Park.

Recipients of the journalism scholarships are chosen by the faculty of the Department of Journalism and Public Relations from majors of high scholastic performance and interest in journalism careers.

### DEPARTMENT OF HISTORY HAS NEW HEAD

Dr. Aubrey C. Land, a former Professor at the University of Nebraska, has been appointed Head of the Department of History by the Board of Regents and President Elkins. The appointment became effective September 1.

Dr. Land received his B.Ed. degree in history and English literature from Southern Illinois University. He holds an M.A. degree and Ph.D. degree from the State University of Iowa.

A member of the American Historical Association, American Association of University Professors, the American Political Science Academy, and the Institute of Historical Research, the new Department Head has taught at Princeton University, Carnegie Institute of Technology, Vanderbilt University, and the University of Nebraska. He was formerly an intelligence officer for the U.S. Army and a statistical consultant for the Commonwealth Edison Company, Chicago.

The author of several books and over 150 reviews, Dr. Land is considered an authority on Maryland history. Among his books are *The Dulanys of Maryland*, *The Old Line State*, and *Virginia Heritage*. Dr. Land has recently completed research on Maryland in the British Museum under a Fulbright Grant at the University of London.

#### LECTURES ON EDUCATION PROBLEMS

A summer lecture series on "Problems and Trends in Contemporary Education" was held at the University on Monday and Wednesday afternoons.

The first lecture on the teaching of reading was presented by Dr. Gerald A. Yoakam, Emeritus Professor and Director of Elementary Education at the University of Pittsburgh. He pointed out that teachers in the secondary schools should become better acquainted with the psychology and pedagogy of reading, and elementary school teachers should realize that they must teach children to "read material of widely different content, organization and difficulty."

Dr. Glenn O. Blough, Associate Professor of Education at the University of Maryland, was the second speaker in the series. In his talk, "Science Teaching Today," Dr. Blough pointed out the needs and improvements in the organization of and the approach to science teaching in the elementary, junior high, and senior high school.

"Promising and Forward-Looking High School Curriculum Practices" was the subject of the third lecture, presented by Dr. Robert S. Gilchrist, Superintendent of Schools, University City, Missouri. Maintaining that education is the "intellectual development of a person for citizenship," Dr. Gilchrist believes that the best learning will occur when the teacher develops objectives that most nearly meet the student's needs, when the most beneficial teaching methods are employed, and when the teacher revises his subject content so that it satisfies the student's needs.

The fourth lecture, "Helping Every Student Realize his Scholastic Potentialities," was delivered by Dr. Robert H. Fischer, Superintendent of Public Instruction, Baltimore. Dr. Fischer stated that the American system of education has only come part of the way in extending opportunities of secondary education to all students. While 90% of the total high school age population attend secondary schools, only 60% graduate. He stated, "We have not faced realistically the problem imposed on secondary education by the full range of abilities, backgrounds, and interests represented by the cross section of the whole population."

at the University of Chicago, Dr. Jacob W. Getzels, presented the fifth lecture "The Acquisition of Values." Dr. Getzels stated that in our secular values, our work-success ideal is being replaced by sociability. Success and money are no longer our primary goals. We strive for moderate incomes, friendships, and group conformity.

### PSYCHIATRIC INSTITUTE FACULTY EDITS JOURNAL

Dr. Jacob E. Finesinger, Editor-in-Chief of *The Journal of Nervous and Mental Disease*, and Director of the Psychiatric Institute, recently announced the appointment of the *Journal's* editorial board.

The board will be comprised of Dr. Robert A. Claghorn, Director of the laboratory for experimental therapeutics at the Allan Institute, Montreal; Dr. Jerome D. Frank, Associate Professor of Psychiatry at Johns Hopkins Hospital; Dr. Robert R. Holt, Associate Professor of Psychology and Director of the research center for mental health at New York University; and Dr. James L. O'Leary, Professor of Neurology of Washington University in St. Louis. Other nervous and mental disease experts who will serve on the board are Dr. Talcott Parsons, Professor of Sociology and chairman of social relations at Harvard University; and Dr. Thomas S. Szasz, Professor of Psychiatry at the

State University of New York.

From the time of its first appearance as the *Chicago Journal of Nervous and Mental Disease* in 1874, the editorial policy has been sensitive to the new and promising, according to Dr. Finesinger. "The *Journal of Nervous and Mental Disease* will continue in this tradition to practitioners of neurology and psychiatry, and to investigators in the fields of biology and medicine, scientifically sound and clinically useful material," he said.

The *Journal* will be edited by the faculty of the Psychiatric Institute. The Managing Editor is Dr. H. A. Robinson and Dr. Robert G. Grenell is the Associate Editor.

### KURZWEG TO PRINCETON

Ulrich H. Kurzweg, a 1958 graduate in physics, has accepted a Woodrow Wilson fellowship and will continue his studies at Princeton University. Mr. Kurzweg, an outstanding student, chose this fellowship from among several he was offered.

### FINNISH STUDENT TO LIVE WITH MULLINIX FAMILY

time. Mr. and Mrs. Mullinix have three girls: Barbara, a Hermitage graduate completing her freshman year at the University; Patty, a freshman at Hermitage; and Polly, who is in the sixth grade at Dumbarton Elementary School. Mr. Mullinix, a 1936 graduate of the University, represents the Richmond area alumni club on the Alumni Council.

#### TELEVISION PROGRAM PARTICIPANTS

On March 16, 1958, Dr. Jacob E. Finesinger, Professor of Psychiatry and Director of the Psychiatric Institute; Dr. Ephraim T. Lisansky, Associate Professor of Medicine and Assistant Professor of Psychiatry; Dr. Enoch Callaway, Assistant Professor of Psychiatry; and Dr. Harvey A. Robinson, Research Associate in Psychiatry took part in a television program entitled "Psychiatry and the Student Doctor." In this program, it was pointed out that student doctors must receive training in psychiatry if they are to help their patients. In addition to knowing about anatomy, chemistry, physiology, and disease they must be aware of proper methods in dealing with patients who are unwilling or unable to follow a prescribed treatment related to their physical disability.

#### PROFESSOR RUSSELL B. ALLEN NAMED ASSISTANT DEAN

Professor Russell B. Allen, former Professor and acting Head of the Department of Civil Engineering, was named

Assistant Dean of the College of Engineering by the Board of Regents and President Elkins. A native of New Haven, Connecticut, he received his B.S. and C.E. degrees from Yale University. He was a graduate fellow at Yale. He is a member of the American Society for Engineering Education, the American Concrete Institute, and the National Society for Professional Engineers, is the author of many publications in the fields of structures and construction. He is active in Sigma Xi, Tau Beta Pi, Phi Eta Sigma, and Phi Kappa Phi honor societies.

#### LIBRARY NEWS

##### Receives Fortuny Panel

A Fortuny panel has been hung on the wall of the first landing of the pink marble stairway of the McKeldin Library. Fortuny panels are hand-printed in Venice, on the Isle of Giudeco, which is devoted to this work. The panel was presented to the library by Henry Powell Hopkins of Baltimore, architect of the building. The basic colors in the panel are mauve and plum, printed on the best grade of off-white cotton fabric made in India. The result is to create the effect of aged material.

#### GOV. MCKELDIN PRESENTS BOOKS

On June 26, Governor Theodore R. McKeldin presented 50 books to the new library. These books were presented to the Governor in May by a Uni-

versity of Maryland student on behalf of German exchange students who have visited America as guests of the government. The presentation at that time was made by Hans Berg of Hyattsville, a Fulbright student. In presenting the gift, Mr. Berg said it was a "symbol of gratitude of our countrymen and women who have experienced the American people's generosity and friendship."

The books were presented to the library in the Maryland and Rare Books Department. Dr. Elkins accepted them on behalf of the University. After the presentation, a luncheon was served the Governor, University officials and guests in the Faculty Room in the library.

The books include anthologies, biographical directories, works on history, architecture, art, music, and well-illustrated books on German cities and areas.

In presenting the books, Governor McKeldin said, "To advance the unity of scholarship is to move in the direction of the unity of mankind. That is the larger purpose of the exchange of ideas across national boundaries. But there is also the small purpose that applies to the individual, and which I commend to students in this University. To come to understand a great mind is of the essence of education; and the wider the variety of great minds with which you are in contact, the richer your education."

Part of the collection is on display in one of the exhibit cases in the library lobby.

Among those attending the presentation were Mr. Harvey C. Bickel, The Reverend Fritz O. Evers, Mr. Herbert F. Kuenne, Mr. C. William Schneidereith, Mr. Charles F. Stein, Jr., Mr. Theodore Val Peter, Mr. J. G. Johannesen, Mr. Lewis Kurtz, and Mr. Horst Pelckmann, all members of the German Society of Maryland. The Cultural Attache from Germany, Mrs. Helen Schoettle and Mr. B. Herbert Brown of the University's Board of Regents were also present.

Cairns, Dean of Agriculture; Dr. Paul Poffenberger, Assistant Dean, Teaching; T. H. Bissell, President, Agricultural Alumni Association; and A. B. Hamilton, Past-President, Agricultural Alumni Association greeted the seniors and expressed the desire that they would keep in touch with the Alumni Association.

The seniors stated gave the varied types of work in which they expect to be next year. These included James Freeny and Sam Merideth to Southern States Cooperative, Steer Westerberg will teach in Cecil County, Louis Malthus to Bay Manor Farms in Delaware, Harold Norton to Foreign Agriculture, Bertram King and others to the Air Corps, Fernando Monge will be with Point Four Program in Keto, Ecuador, James Hannan to graduate work at Cornell, Ronald Ricketts to Vet school in Georgia, Tony Khalil of Lebanon will stay here for graduate work, and the others are entering similar fields of private business and branches of the Federal Government.

#### AWARD OF HONOR TO SANDERS

Dr. Paul D. Sanders, Editor of *The Southern Planter*, farm magazine of Richmond, Virginia, received the "Award of Honor" for "Distinguished Service to Health" from Dr. R. Blackwell Smith, President of Medical College of Virginia, at a testimonial dinner by the Virginia Council of Health. Dr. Sanders received the recognition for his long crusade to bring better health and medical care to the rural people of Virginia.

Dr. Sanders was formerly a staff member of the University of Maryland, Department of Entomology. Thus, his leadership in the magazine which he edits has been built up to one of the most widely read in five states from Maryland to South Carolina.

Sanders has served for many years as President of the Virginia Council on Health and Medical Care. This group is made up of over 800 organizations interested in better health. Other rural improvement activities include Vice-Chairman, National 4-H Club Builders' Council, National Grange Monthly Board of Directors, North Carolina Farm Foundation Director, and a member of the Agricultural Committee of the Virginia Chamber of Commerce.

The University of Maryland in 1947 awarded him a Doctor of Science degree "in recognition of work he has done for the general improvement of rural life in the South".

#### TYDINGS HEADS COMPTROLLERS

Warren E. Tydings, '35, in Agricultural Economics and now Associate Director, Operations and Control for Hecht Company, has been installed as Chairman of the National Capital Group of Comptrollers.

Tydings has been with the Hecht Company for over 20 years, is a member of the Washington Board of Trade, The Silver Spring Board of Trade, a Director of the Retail Credit Bureau, and Vice Chairman of the Democratic Precinct for the 1st District of Montgomery County.

#### SERVICE MANAGER

William E. Davidson, '46, is a Service Manager for International Harvester Company. Bill is keeping their line of equipment rolling on the Eastern Shore.

#### SYMONS HEADS LAND WEEK

Dr. T. B., known for his distinguished career in agriculture here in his home state, is Chairman of the Ninth Annual Maryland Land Week, October 5-11.

Symons, Dean of Agriculture, until 1950, was called out of retirement in 1954 to become Acting President of the University of Maryland. He is a member of the University Board of Regents and State Board of Agriculture and is Public Relations Director for the Suburban Trust Company which operates twelve banks in the Maryland suburban area of Washington.

Dr. Symons is heading up the Land Week Program that is sponsored by agricultural, conservation, business, civic and educational organizations throughout the state.

He challenges the citizens of the state: "Observance of Maryland Land Week in October is an opportunity for all public-spirited citizens to help in promoting a movement of greatest significance to all of us who love our state and recognize our dependence on each other for protecting our great soil and water resources for ourselves and future generations."

#### WEITZELL HONORED

Everett C. Weitzell, '34, received the Superior Service Honor Award by the U. S. Department of Agriculture for his leadership and service in extending the rural telephone program.

#### PENDLETON HEADS SCHOOL UNIT

Lewis S. Pendleton, Jr., '48, is now practicing law in Richmond. He was elected Chairman of the Co-ordinating Committee to Maintain Efficient Education in Virginia.

## "ROSY" POLLOCK HOME FROM VIET-NAM

Mr. George "Rosy" Pollock, '23, of Baltimore, Maryland has returned to the United States from Saigon for home leave and reassignment to another post, after serving with International Co-operation Administration's Mission to Viet-Nam for six years as Public Health Administration Advisor. He was accompanied by his wife and son.

Mr. Pollock went to Viet-Nam in 1952, two years prior to the Geneva Convention which left the country divided at the 17th parallel. Since then, South Viet-Nam has made considerable progress in developing efficient methods of administering and organizing medical care and training programs throughout the country. With the assistance of the U. S. Operations Missions, the Health Department is furnished with drugs, jeeps and other vehicles needed to further the health project goal of establishing at least one rural health team for dispensaries in each district of Viet-Nam.

Emphasis was placed on the prevention of disease and developing health teams throughout the rural areas. The Rural Health Program was an important project which strived to ensure the health of millions of Vietnamese living in the rural areas.

## CERTIFICATES IN AGRICULTURE

Four Maryland citizens were honored at the University Commencement with Certificates of Merit Awards in Agriculture. They were: Mrs. J. Homer Rensberg of Middletown for her work in home demonstration in both Maryland and throughout the nation; Walter J. Hahn of Frederick for his contributions as a dairy farmer and organization leader; W. Algie Cooksey of Spring Hill, for his work with the State and County Farm Bureaus; and James B. Lingle of Queenstown for his leadership in the beef cattle industry and for his participation in the activities of the American Beef Cattle Improvement Association.

## GRANT TO STUDY NEMATODES

Two grants totaling \$15,000 have been awarded to the University of Maryland, Department of Botany, to continue a study which has already brought about a major breakthrough in the fight against the nematode, a plant parasite. Grants include \$10,000 from the Rockefeller Foundation and \$5,000 from the Shell Development Company.

Begun in 1956 as a thesis project of Dr. Richard A. Rohde, a research assistant in the department's division of

*Lois Eld Ernest*

FROM THE DEPARTMENT OF CHEMISTRY

Dr. Nathan L. Drake, Professor and Head of the Department of Chemistry, attended a "get-acquainted" program for professors held by the Chemstrand Corporation July 7-10, at their plants in Decatur, Alabama and Pensacola, Florida.

Dr. Ellis R. Lippincott, Professor of Chemistry, taught courses in Infrared Spectroscopy at the Summer Session at M. I. T. August 4-11.

### NEWS ITEMS FROM THE DEPARTMENT OF PHILOSOPHY

For the academic year 1958-59 Dr. Thelma Z. Lavine, Associate Professor of Philosophy, will serve as Acting Head of the Department of Philosophy during the absence of Dr. Garvin. Dr. Garvin will be on sabbatical leave during the first semester. In the spring semester he will be a guest Professor at Hamline University and Macalester College, St. Paul, Minnesota. He will be giving at each of these institutions a course on "Great Issues of our Times."

The following three new appointments in the Department of Philosophy have been made to begin September 1, 1958; Dr. Charles W. Leslie, as Assistant Professor of Philosophy; Dr. Peter Diamadopoulos as Instructor in Philosophy; and Dr. Donald F. Henze as Instructor in Philosophy.

Dr. Leslie has been teaching at the University of Toronto since he received his Doctorate from Harvard University; Dr. Diamadopoulos, who also received his Ph.D. from Harvard, has been teaching at Bates College, and Dr. Henze, whose Ph.D. is from the University of Wisconsin, comes to Maryland from Trinity College Hartford.

## FROM THE DEPARTMENT OF MICROBIOLOGY

Dr. P. Arne Hansen, Professor of Microbiology, attended the 23rd Symposium on Quantitative Biology on the subject "Exchange of Genetic Material," Long Island Biological Association, Cold Spring Harbor, Long Island, New York, June 3-11, 1958. Dr. Ronald J. Gibbons, who received his Ph.D. degree in microbiology this summer, has accepted an appointment as Research Fellow at Harvard University in the Forsyth Dental Infirmary for Children.

Dr. Michael J. Pelczar, Jr., Professor of Microbiology, spoke before the first regional conference on the nitrofurans in veterinary medicine held at Wilmington, Delaware, June 5, 1958. His subject was "Practical Bacterial Sensitivity Testing for Veterinarians." This conference was held under the auspices of the New Castle Veterinarian Medical Association and the Eaton Laboratories, Norwich, New York.

Dr. Raymond N. Doetsch, Associate Professor of Microbiology, and Mr. Ronald J. Gibbons, Mr. Philip J. Provost, and Mr. Phletus P. Williams, Jr., Graduate Assistants in the Department of Microbiology, attended a conference of the American Dairy Science Association in Raleigh, North Carolina, June 17-18, 1958. Dr. Charles W. Griffin, who received his Ph.D. in microbiology this summer, has joined the staff of the Biology Laboratory, Oak Ridge National Laboratory, Oak Ridge, Tennessee.

## THE DRAMA WING

The University's problem play, "Tomorrow is a Day," sponsored by the Department of Speech and Dramatic Art, and presented to P-TA groups throughout the state, in its first season had 36 performances before 4,000 people. The Drama Wing is ready to swing into action again this year with another play entitled "... And You Never Know." This play was premiered at the Maryland Congress of Parents and Teachers Workshop on the campus July 15. Both shows will tour during the 1958-59 season.

Mr. E. Thomas Starcher, director of the plays, leads the groups in discussion following the performance. He has taken his cast over 2,000 miles throughout the state, giving on the average of two performances a week. The student cast maintains a B average or better in their academic work.

The University's Drama Wing is the only one in the country that presents

#### INSTALLED AS ASSISTANT PASTOR

The Rev. J. Paul Seltzer, '54, was recently installed as Assistant Pastor of the Lutheran Church of the Reformation, Washington, D. C. Mr. Seltzer was graduated from Gettysburg Seminary on May 29 and was ordained by the Convention of the Maryland Synod of the United Lutheran Church in America May 28. He is married to the former Leoma Naughton.

#### HAS LEAD ROLE IN MOVIE

Miss Virginia Christian, '50, was "star" of a promotional movie being shown to industrial editors all over the nation in an effort to get good attendance at the 1958 gathering of the International Conference of Industrial Editors in Washington, D. C. this June. Miss Christian is assistant editor of the *Davidson Digest*, monthly magazine of the Davidson Transfer Company of Baltimore.

She was a teacher for a time in an Eastern Shore high school. Prior to that she attended the University of Vermont to obtain an M. A. degree in Education.

#### RECEIVE ADVANCED DEGREES

Graduates of the College of Arts & Sciences who received higher degrees in June commencement ceremonies include:

Donald Streiman Jewell, A. B. '54, received a Ph.D. degree from the University of Denver;

Harry B. Miles, Jr., A. B. '55, Bachelor of Divinity, cum laude, from Drew University;

Edmund Thibault Gerardi, B. S. '52, a D. D. S. from the Georgetown University School of Dentistry;

Carol Marjorie Zies, B. A., a Master of Social Work from Washington University, St. Louis;

William Dunbar Mather, B. S., a Master of Arts degree in History from the University of Wichita.

#### CHORAL WORKSHOP OUTSTANDING SUCCESS

The Choral Workshop, directed by visiting lecturer Margaret Hillis, as an integral part of the Summer Session, was outstandingly successful from every viewpoint. Sixty-one students from all parts of the state came to the Campus in July to form a chorus of unusually high caliber. They worked hard through five and six hours of rehearsal every day to prepare in one week's time a beautiful

By SALLY LADIN OGDEN

Homecoming at the University greets us with a splash of color not only in the brilliance of Fall itself, but beautiful brilliant colors of fabrics, gold, red, green, and blue in many exciting designs from the tailored chemise look to the trapeze tunic. Christian Dior studios bring the hemline for Fall fashions to mid-calf while American designers have

hem lines at just below the knee.

Selecting a wardrobe for 1958-59 is thrilling and perplexing to say the least, and there should be no reason for sameness.

Campus attire will include coats designed of "Fake" Raccoon material to look almost as good as those worn in the late 20's. The girls will wear long, long pullover bulky sweaters over kilts. (The kilts come with shorts.) Even the old Norfolk jacket will be seen again, but this time it appears with long tapered slacks or plaid Bermuda shorts.

The "swing in the belt look" bedecked with beads, beads, beads, for our fair lady, is matched only by the new design of the "man's world" in fashion.

We called on Ralph M. Arnold of **ARNOLD'S VILLAGE SHOP**, 6033 Baltimore Boulevard, Riverdale, Maryland, one of the few fine men's wear stores in the College Park area, to ask what the men in our lives would be wearing this fall and he related a few of the highlights.

For the new advanced look in suits, the chalk stripe is back in soft, unfinished worsted material. The jacket will be slightly shorter, the hairline stripe, too, will be popular and trousers will have single reverse pleats, tapered to a slender look and cuffless.

Sport jackets are gayer than gay in their array of many colors and sweaters are magnificent from the bulky pure

white look to the bold stripe, crew neck in pull on or cardigan of lambswool; bell sleeve cardigan to orlon; cable knit raglan sleeve and shell crew neck; and the sweater vest in striking stripes or plain, done in handsome cashmere orlon or banlon knit.

The Arnold firm is a member of the Fashion Guild of Greater Washington and here one will find many famous brand names.

Mr. Arnold opened his shop in 1946 after 20 years of experience with the Lewis & Saltz firm of 1341 F Street, N. W., Washington, D. C. where he was the original salesman of the organization. He was also associated with the Raleigh Haberdashery of 1310 F. Street, N. W.—two of the Nation's Capitol's finest men's wear firms.

Active in civic affairs, he was elected the first councilman of University Park when it was incorporated and together, with his wife, Helen Arnold, have endeared themselves to hundreds of College Park campus students and faculty members through their genial manner and friendliness.

1777 COLUMBIA ROAD, N.W.  
Columbia 5-0332 Washington, D. C.

Blackie (Ulysses) Auger, a young energetic and aggressive businessman, owner of the establishment, was the first in Washington to feature an "all beef" menu. His success was so great that many competitors followed suit in a smaller scale, but none have had the success of "Blackie's."

On entering the restaurant, guests see the large carving room which is glass enclosed and here a Chef carves the huge prime ribs of Angus beef.

The dining rooms, which sport a decor of Western charm, have a seating capacity of 300 and they are filled to capacity for luncheons, dinners and private parties daily. Celebrities, when visiting in the nation's capitol, frequent this nationally known restaurant and are intrigued by the gracious hospitality which prevails.

The glowing candlelight adds charm as the waiters serve a tasty blue cheese cut from a huge round, made exclusively for Blackie's House of Beef—then comes a generous portion of beef, baked Idaho potatoes and a tossed salad, coffee and perhaps an after dinner cordial.

★ ★ ★

When plans are made for an evening out and the children are to be left at home, or, if Grandparents come to visit and one hesitates about leaving them alone, or if social obligations must be met, Elizabeth Cooney of 1511 Pentridge Road, Baltimore, has a ready answer.

Miss Cooney operates the ENI BETH COONEY PERSONNEL AGENCY and she personally has screened and listed a group of dependable women for every service even to practical nurses for convalescent, chronic and maternity care. Her helpers are under close supervision at all times by her licensed and bonded agency.

Miss Cooney will provide help for a few hours, a day, a week or an indefinite period. Each will be utterly reliable and her fee is nominal.

# For Maryland Women

The SALISBURY RUG COMPANY, established in 1949 by Gilbert Thornton, is one of Maryland's finest. Originally the firm did nothing but Rug Cleaning. However, over the years they added to their services until today one can purchase fine Oriental Rugs or moderately priced rugs and carpeting and yet rug care and cleaning remains a vital part of the firm's activities.

The Company added the sale of Rugs and Carpeting to their business in 1955 and their manner of service gained such favor that in 1957 it was necessary to move to larger quarters and today the Salisbury Rug Company located at 700 North Salisbury Boulevard in Salisbury, Maryland is completely stocked with merchandise offering an unlimited choice to customers.

The firm's carpet mechanics are mill trained so that the workmanship of carpet and rug installation is unsurpassed.

program which was presented as a public concert in the University Chapel.

Miss Hillis displayed a wonderful capacity for understanding and inspiring this high school group. She helped them to see some of the deeper aspects of a serious art and led them to realize that the preparation and perfection of this art can be a pleasurable and exciting experience. It is to be hoped that many more students may have the pleasure of working with Miss Hillis.

Well over one hundred persons attended the Workshop and were amazed and deeply gratified by the serious attitude with which the students approached their work, by the diligence, and by the manner of their conduct during their stay on Campus. Everyone associated with the Workshop expressed the hope that it would become an annual affair.

early schooling. He was graduated cum laude from the Baltimore College of Dental Surgery.

Dr. Gail, a veteran of World War I, was a member of Dental Company No. 1 at Camp Greenleaf, Georgia. He held commissions in the Organized Dental Reserve Corps until his resignation in 1936. After his return from active service he became commissioned dental officer with the One Hundred and Fourth Medical Regiment, State of Maryland. He served as Dental Examiner in the U.S. Veteran Bureau (Baltimore Clinic) during the years 1923 and 1924.

Returning from military duty Dr. Gail served as an Instructor for his Alma Mater until the merger of the Baltimore College of Dental Surgery with the Dental School, University of Maryland, continuing his teaching efforts in prosthetic technics through 1927. He was a charter member of the late Dr. Alexander H. Paterson's "Wadsworth Prosthetic Clinic Club," and made a number of clinical contributions to his profession.

He served on the Executive Councils of the Baltimore City Dental Society and the Alumni Association, and for the past two years was Chairman of the Advisory Committee for Selective Service of the State of Maryland.

He holds membership in the Baltimore City, the Maryland State and the American Dental Associations, the Alumni Association, also the University of Maryland Alumni Club of Baltimore. Dr. Gail is a charter member of Oriole Chapter, Psi Omega Dental Fraternity, a member of Omicron Kappa Upsilon an honorary dental society, and a Fellow of the International College of Dentists.

In June 1918 Dr. Gail married Miss Gladys Mary Heiner of Baltimore; they have one daughter, Mrs. Mada Jane Gail Murphy of Pelham Manor, New York, and three grandchildren.

Other newly elected officers of the Alumni Association of the Baltimore College of Dental Surgery, Dental School, University of Maryland, include:

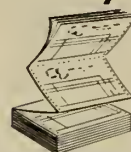

Harry W. F. Dressel, '45, President-elect, Baltimore.

Saul M. Galc, '22, Vice-President, Newark, New Jersey.

Joseph P. Cappuccio, '46, Secretary, Baltimore.

Howard Van Natta, '14, Treasurer, Baltimore.

ALUMNI BANQUET

On June 6th the Alumni Association of the Baltimore College of Dental Surgery, Dental School, University of Maryland held their annual Dinner-Dance at the Southern Hotel in Baltimore honoring the graduating class of 1958 and four "distinguished" alumni who were presently serving as deans of Dental Schools. This was a very fine affair attended by over 400 members and guests; its success was due in no small measure to the efforts of Dr. Eugene D. Lyons, Chairman of the Banquet Committee. Preceding the dinner a cocktail party was held on the terrace, the weather being excellent for

such an occasion. Dr. Thomas B. Symons, member of the Board of Regents, was our guest as was Mr. David L. Brigham, Director of Alumni Relations, who commented that the Dental Alumni group was the most active of any; the turnout was indicative of enthusiastic support.

Dr. Harry Dressel, Chairman of the Alumni June week Committee, who worked so successfully with Dr. Calvin Gaver, Faculty Chairman, introduced to President Daniel E. Shehan two graduates of the class of 1908—Dr. James E. Funderburk of Cheraw, North Carolina, and Dr. Raymond S. Nieman of York, Pennsylvania. They received a certificate in recognition of 50 years of service in dentistry. The five remaining members of that class were unable to attend.

Dr. Samuel H. Bryant received from Dean Myron Aisenberg an award for 25 years of service at Maryland.

The recipients of the Distinguished Alumni Award were:

Dr. Frank J. Houghton, Dean of the Dental School, Loyola University of New Orleans—Presented by Dr. Gerard A. Devlin;

Dr. Harry B. McCarthy, Dean of the Dental School, Baylor University—Presented by Dr. Paul A. Deems;

Dr. Myron S. Aisenberg, Dean of the Baltimore College of Dental Surgery, Dental School, University of Maryland—Presented by Dr. Harry Levin;

Dr. J. Ben Robinson, Dean of the Dental School, University of West Virginia—Presented by Dr. Ernest B. Nuttall (Award received in absentia by Dr. Katharine Toomey, Administrative Assistant).

Each received a replica of a bronze plaque located in Dean's Hall of the Dental School. It is inscribed as follows: "In recognition of constant devotion and outstanding contributions to the art and science of dentistry."

Dr. Howard S. Spurrier of Utah, who incidentally was President of the senior class, received the University Gold Medal for highest scholastic attainment. Numerous other honors were conferred upon members of the graduating class.

The formal ceremonies were concluded with the installation of officers. Dancing followed.

excellence and professional idealism, in a sense it epitomizes those values which we all hold dear.

This year the honor was conferred upon Dr. Lawrence W. Bimestefer, '34, of Dundalk, Maryland.

Dr. Bimestefer has contributed to scientific publications and has been active in local and state dental organizations and is presently the Editor of the Maryland State Dental Association Journal.

Dr. Bimestefer is a charter member of the Lion's Club of Dundalk, served on its Board of Directors and later became President. He also is past Chairman of the Dundalk Young Men's Christian Association, and served as co-Chairman of the fund drive for their new building.

He is past Grand Master of the Oriole Chapter, Psi Omega Dental Fraternity, and is a Past President of the National Alumni Association.

#### A TRIBUTE

TO DR. HAMMOND L. JOHNSTON, '38  
*In recognition of the many hours during which he has assisted the Dental Department in the care of members of the Brigade of Midshipmen; for the thought and care that he has injected into their treatment during the past three years; for the inconveniences which he has cheerfully suffered to aid the Naval Academy's dental program; for his experience and worldly goods of which he has given so freely when needed; and above all, for the health and happiness which he, through assistance and supervision, has brought to scores of Midshipmen by making possible a program of preventive dentistry related to the field of orthodontia at the U. S. Naval Academy; in recognition of these and many other acts which do in fact distinguish him as a true friend of the Navy, I do therefore, with great personal pride and pleasure, present him with the Severn River Naval Command "Good Neighbor Award."*

Dr. Randolph completed his pre-dental training at the West Virginia University, then attended the Baltimore College of Dental Surgery, Dental School, University of Maryland, graduating with honors in 1939. He remained as a teacher of Operative Dentistry and within a few years was appointed Professor of that Department.

In 1957 he left Maryland to return to his native state of West Virginia and served as Professor of Operative Dentistry and Associate Dean of the Dental School there.

The Alumni Association congratulates Dr. Randolph upon his appointment as Dean.

A LETTER FROM DR. HENRY S. ZAYTOUN,  
'46, OF ROCKY MOUNT, N. C.

During the annual meeting of the North Carolina Dental Society held at Pinehurst, North Carolina, from May 4th to 7th, the Alumni of our School joined in a breakfast meeting. The meeting was under the general arrangements of Dr. Robert Baker, Kings Mountain, North Carolina, and he, in his remarks to the group, invited all the Alumni to make this an annual affair. The next meeting will be under the general chairmanship of Dr. Robert R. Morrison, Raleigh, North Carolina.

I took this occasion to enlighten the group on the Greater University of Maryland Fund and what it means to the future students and faculty in our school. I also advised the group of the recent honoring of Miss Katharine Toomey by Mt. Saint Mary's College with an Honorary Doctor of Laws degree. The group rejoiced in this great honor to Miss Toomey and extended their good wishes.

Those in attendance were as follows:

Dr. C. A. Thomas, Wilmington,  
North Carolina.  
Dr. C. B. Ledbetter, Raleigh,  
North Carolina.  
Dr. L. G. Coble, Greensboro,  
North Carolina  
Dr. L. G. Page, Yanceyville, North  
Carolina  
Dr. Riley Spoon, Winston-Salem,  
North Carolina.  
Dr. W. A. Presley, Greensboro,  
North Carolina.  
Dr. H. S. Zaytoun, Rocky Mount,  
North Carolina.  
Dr. S. W. Shaffer, Greensboro,  
North Carolina.  
Dr. R. R. Morrison, Raleigh,  
North Carolina.  
Dr. M. P. Nicholson, Raleigh,  
North Carolina.

## College of EDUCATION

Betty Coleman

### BURKERT BECOMES PRINCIPAL

Claude A. Burkert, M. Ed. '50, was re-  
cently appointed Principal of Baltimore  
Polytechnic Institute, succeeding Dr.  
Wilmer A. Dehuff. Mr. Burkert, himself  
a graduate of Polytechnic, took over his  
new duties September 1. He previously  
served as Vice Principal of the high  
school. He first joined the faculty in  
1943 as a teacher and later became a  
department head. He has also been  
coach of the soccer team.

### SUMMER SESSION ENROLLMENT UP

Early data from the Registrar's Office  
(as of the end of the first week of  
classes) reveals an 18% increase in  
graduate enrollment over last summer  
(1957) and a 13.5% increase in under-  
graduate enrollment over last summer.

The College of Education again tops  
the undergraduate enrollment with 791  
students. The College of Arts and  
Sciences boasts the second largest un-  
dergraduate enrollment with 392 stu-  
dents.

Total on campus enrollment is ex-  
pected to near 3,200 since registration  
for several short-term workshops and  
conventions have not been held at this  
date. Nearly 1,100 of these students  
are enrolled in the Graduate School.

### UNIVERSITY OF MARYLAND SERIES OF LECTURES

For the second summer the University  
of Maryland brought its campus out-  
standing educators in a series of after-  
noon lectures on contemporary prob-  
lems in education. Such outstanding  
persons as Robert Gilchrist, Superin-  
tendent of University City, Missouri

Schools, discussing the secondary school, Helen Mackintosh, from the U. S. Office of Education describing schools as she saw them on her recent trip to the Soviet Union, Bernard Lonsdale, of the California State Department of Education lecturing on good classroom procedure, Jacob Getzels, of the University of Chicago, presenting his views on values in the school, Dr. John Fischer, Superintendent of Schools, Baltimore describing the school's responsibility for helping each learner to achieve his potentialities and Kimball Wiles, University of Florida, presenting a challenging description of the role of supervision in today's school. Dean Vernon Anderson in describing the series says, "It is an attempt to bring to our summer school staff, faculty and friends an opportunity to hear leaders in the field to the end that all of us may more fully realize our own potentialities."

### NEW PUBLICATIONS

Dr. Jean Grambs, College of Education, has recently had published a revised edition of the book *Modern Methods in Secondary Education* written in co-operation with two other authors and published by the Dryden Press.

Dr. James Hymes, Jr., has recently published a book entitled *Before the Child Reads* published by Monroe Peterson and Company.

A revised edition of *Elementary School Science and How to Teach It* written by Dr. Glenn O. Blough in co-operation with two other authors has just been published by the Dryden Press.

### NEW STAFF MEMBERS

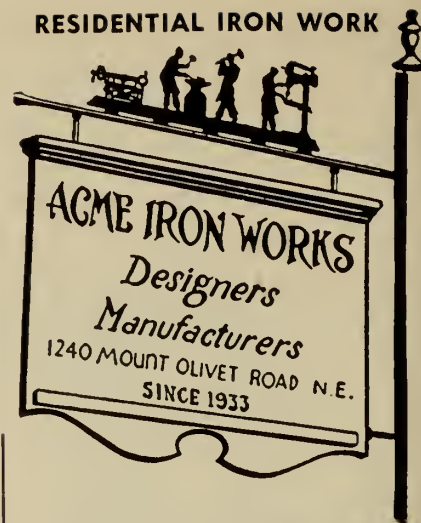

At the beginning of the 1958 Summer Session, Mr. Herbert H. Henke joined the faculty of the University as Assistant Professor of Music and Music Education. Mr. Henke holds two bachelor's degrees and a master's degree from Oberlin College, and was most recently supervisor of vocal music in the Oberlin Public Schools. He has sung professionally for many years in the churches of Cleveland and elsewhere.

Mr. Henke is advisor for undergraduate music-education majors in the College of Education and is in charge of vocal practice teaching. In addition, he teaches courses in vocal methods and materials, supervision, and class voice.

Also joining the staff of the University of Maryland, College of Education is Dr. Murray C. Johnson as Associate Professor.

Dr. Johnson is a native of Stillwater,

Minnesota. He holds a bachelor's degree in natural science, a master's degree in educational psychology and a doctor's degree in educational statistics from the University of Minnesota. He has been a high school science teacher in Granite Falls, Minnesota, a member of the faculty of the University of Minnesota, served as an associate in research at the Princeton Research Division of the Educational Testing Service. Dr. Johnson comes to the University of Maryland from the U. S. Department of Education where he held the position of educational statistician and will teach a course in research, tests and measurements.

Dr. Norris G. Haring has been appointed full-time coordinator of special education programs and Associate Professor in the College of Education.

Dr. Haring received his bachelor's and master's degrees in educational psychology from the Nebraska State Teachers College, and an Ed.D. degree in administration in special education from Syracuse University.

Dr. Haring has been associated with the Department of Special Education, Omaha Public Schools and was an instructor in special education at Syracuse University. He comes to the University of Maryland from the position of Coordinator of Special Education, Arlington County, Virginia.

The Institute for Child Study announces the appointment to its staff of Miss Betty Eleanor Orr with the rank of Assistant Professor.

Born in Denver, Colorado, Miss Orr took much of her public school education in Illinois, received her A.B. degree from Beloit College with a major in Psychology and her M.A. from the University of Chicago in 1945 with majors in Psychology and Human Development. Her Ph.D., awarded in August, 1958 by the University of Chicago, also is in the field of Human Development. The title of her doctorate thesis is: "A Study of Adult Role Performance and Adult Needs with Implications for Adult Education."

Dr. Orr's background of experience includes serving as Psychometrist and interviewer for the Western Electric Company for somewhat over one year and as Director of Guidance and Instructor in Psychology at William Woods College in Missouri for three years. Then Miss Orr served for four years as Placement Counsellor for Women at the University of Chicago and supervised the work of several other counsellors. Following this she was research assistant and then research

associate with the Center for the Study of Liberal Education for Adults and with the Committee on Human Development, both at the University of Chicago. In both these positions she worked on the designs of research projects and participated in gathering and analyzing research data.

During the past three years Miss Orr has been on the faculty of the University of Kansas City. There she has taught courses on Guidance, Educational Measurement and Evaluation, the Development of the Elementary School Child Mental Hygiene, and Elementary School Guidance Problems and Community Services for Children. She also has carried on a Counselling Practicum and a Work Workshop on Human Relations for public school teachers in the area.

Dr. Orr's graduate study included work in Human Genetics and Physiology, in Sociology and in Statistics as well as a full training in psychology, including measurement and group processes. This rich background of study coupled with her years of practical experience in counselling, university teaching and work with teachers in service fits her unusually well for the work she will do at the Institute for Child Study.

### DOWNING RETIRES

Thomas V. Downing, '20, recently retired as Assistant State Supervisor of Vocational Agriculture for the State Department of Education, Virginia. Mr. Downing has been a leader in forestry education in Virginia for a number of years. In addition, he is one of the founders of Ruritan National and at the time of his retirement he was Executive Secretary of the Young Farmers of America.

In 1952 he was named Man of the Year in Service to the Progressive Farmer; in 1953 he received one of the five national awards given that year by the American Forestry Association; in 1949, Downing was the recipient of the first Virginia Man of the Year in Forestry Award given by Virginia Forests, Inc.

### ITEMS

Dr. William J. McKinnon, '40, of Wadesboro, North Carolina, has recently been elected Fellow of the International College of Surgeons. Several years ago Dr. McKinnon was elected Fellow of the American College of Surgeons.

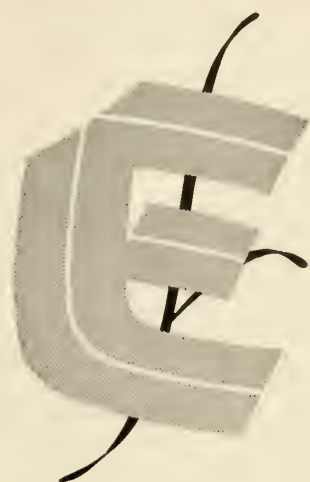

Dr. William Francis Martin, '20, was recently honored by Belmont Abbey College, Belmont, North Carolina, where he received an honorary degree of Doctor of Laws. Dr. Martin, a Diplomate of the American Board of Surgery, practices general surgery with offices at the Hawthorne Medical Center in Charlotte, North Carolina.

Dr. Morris B. Levin, '14, is the author of two papers, one entitled "The Common Cold in the Local Immune Barrier Factor" published in the *American Practitioner and Digest of Treatment* (Aug. 1957; Vol. 8, no. 8) and a paper entitled "The Simple Visual Test for Gastric Digestion" published in the *American Practitioner and Digest of Treatment* (Vol. 7, no. 12).

Dr. Samuel Jackson, '37, has recently been elected President of the Nassau County, New York, Chapter of the American Academy of General Practice. The Nassau County Chapter is the second largest Chapter of the Academy in the United States, having an enrollment of better than 230 general practitioners. Dr. Jackson's work on the Educational Committee of the Nassau County Medical Society has been of outstanding merit and has set a pattern for similar activity by many neighboring County Medical Societies.

Dr. James B. Dalton, Jr., '48, has recently been certified by the American Board of Orthopedic Surgery and in January, 1958, was inducted into the American Academy of Orthopedic Surgery. Dr. Dalton is currently an instructor in orthopedic surgery at the

### DR. WISSEMAN APPOINTED TO NATIONAL BOARD

Dr. Charles L. Wisseman, Jr., has been appointed Chairman of the Bacteriology Test Committee of the National Board of Medical Examiners to serve in this capacity for the next two years. He has also been appointed Deputy Director of the Commission on Rickettsial Diseases of the Armed Forces Epidemiological Board.

### UHLENHUTH COMMITTEE ORGANIZED TO HONOR NOTED TEACHER, ANATOMIST AND AUTHOR

Early in 1958 a Committee of the Faculty of the School of Medicine founded the Uhlenhuth Committee.

A statement issued by Dr. Frank H. J. Figge, Chairman, said in part: "All of you will remember Dr. Eduard Uhlenhuth even though you may have forgotten some of the anatomy you once knew. He retired from the Chair of Anatomy in 1955 at the age of 70. At this time he was appointed Bressler Research Professor of Anatomy to work on the second edition of his book, *The Anatomy of the Pelvis*. Dr. Uhlenhuth experienced a slight heart attack in 1957 and withstood the sad loss of his beloved wife last fall. However, he is now back at work and is as active and enthusiastic as ever. Many of us feel that he had such a profound influence on the faculty and alumni of the University of Maryland

## The "Handy" Line

Baltimore, Md.

School of Medicine that it would be appropriate for us to honor him. The purpose of this letter is to invite you to participate in creating a fund to have Dr. Uhlenhuth's portrait painted and presented to the University. We anticipate, and hope, that so many will wish to contribute to the fund that this will be oversubscribed. If so, a part of the money will be used for other worthy causes that will contribute to his pleasure and continued activity here in the Medical School.

"As many of you know, Dr. Uhlenhuth has a great love for old and rare anatomic books and has devoted much of his time and energy to building up a very creditable collection. This is now in the possession of the Anatomy Department and we are becoming increasingly proud of it. Many of the books in this collection were obtained only because of generous contributions from some of you. Money contributed in excess of that needed for a portrait will be used to establish a fund for Dr. Uhlenhuth to draw on to continue the collection of anatomic books of historic value. This will be called 'The Uhlenhuth Collection of Medical Anatomical Classics' and will belong to the library of the Anatomy Department of the School of Medicine.

"A part of the money will also be used to support Dr. Uhlenhuth's research program."

Continuing, Dr. Figge, in a letter mailed to alumni, said in part: "Because we have many multiple objectives, we are not making any suggestions regarding the amount of your contribution. It should be entirely voluntary and an indication of your true feelings and ability to contribute to such a fund."

In conclusion, Dr. Figge invited alumni and friends of Dr. Uhlenhuth to send him letters of testimony which will be bound and presented to him in June of this year. Dr. Figge also announced that a picture of Dr. Uhlenhuth has been prepared. A photographic enlargement, 8x10 size, is available to any interested alumni and may be obtained by writing directly to the Uhlenhuth Committee, c/o Dr. Frank H. J. Figge, Chairman.

The Committee consists of the following:

Glenn H. Algire, M.D. (deceased)  
 Otto C. Bratingan, M.D.  
 Monte Edwards, M.R.C.S. and  
 L.R.C.P.  
 Albert E. Goldstein, M.D.  
 Vernon E. Krah, Ph.D.  
 John C. Krantz, Jr., Ph.D.

### DEPARTMENT OF PEDIATRICS

Dr. Grange Coffin, Instructor in Pediatrics, has begun a project to study the mechanism and the therapeutic management of enuresis. Dr. Ruth Baldwin has started work involving medical problems of mental retardation.

### DEPARTMENT OF PSYCHIATRY CO- SPONSORS COURSE ON PSYCHIATRY AND PSYCHOSOMATIC MEDICINE

Under the joint auspices of the Psychoanalytic Society of Baltimore, the Department of Psychiatry of the University and the National Institute of Mental Health, a symposium entitled "Fundamentals of Psychiatry and Psychosomatic Medicine—Principles of Diagnosis and Treatment" was held June 9-12, 1958.

Dr. Leo H. Bartemeier, Medical Director of Seton Institute, was Chairman of the Committee in charge of organization. The faculty included Dr. Manfred S. Guttmacher, Dr. Wendell Muncie, Dr. Eugene Meyer, Dr. Eugene B. Brody, Dr. Isador Tuerk, Dr. Gene Gordon, Dr. Reginald S. Lourie, and Mr. L. Whiting Farinholt, Professor of Law at the University's School of Law and Professor of Law in Psychiatry at the School of Medicine.

### DIVISION OF DERMATOLOGY ACTIVE IN NATIONAL SOCIETIES

Dr. Harry M. Robinson, Jr., has recently been elected to the Board of Directors of the American Academy of Dermatology. Dr. Robinson will read a paper at the December meeting of the American Academy of Dermatology entitled, "The Ocular Mucous Membrane Syndrome."

Dr. Harry M. Robinson, Jr., Dr. Joan Raskin and Dr. R. C. V. Robinson will present an exhibit on "Antibiotic Therapy of Staphylococcal Infections" at the meeting of the Southern Medical Association in New Orleans, Louisiana in November, 1958. This exhibit will also be presented at the annual meeting of the American Academy of Dermatology in December.

The Division of Dermatology announces the opening of a new subdivision of dermal pathology in collaboration with the Department of Pathology of the School of Medicine. Through the use of restricted funds the division

The department's technician, Miss Alice Conlan, is being trained in dermal pathology and the techniques of histopathology prior to the opening of the new division. In collaboration with the department of pathology, this division will present a course to graduate students on dermal pathology beginning in the fall of 1958.

#### FACULTY ORGANIZES HENRY F. ULLRICH EDUCATIONAL FUND

In memory of the late Dr. Henry F. Ullrich, Associate Professor of Orthopedic Surgery, members of the Faculty have organized an Educational Fund which will be used for the support of guest lectureships in surgery and for the general support of medical education in the University of Maryland.

The committee is composed of the following: Dr. William S. Stone, Dean, Dr. Robert W. Buxton, Professor of Surgery, Dr. Allen F. Voshell, Professor of Orthopedic Surgery, Dr. George O. Eaton, Dr. James P. Miller, Assistant Professor of Orthopedic Surgery, Dr. John E. Carroll, Jr., Dr. George H. Yeager, Professor of Clinical Surgery, and Dr. Harry C. Hull, Professor of Clinical Surgery, Treasurer.

Contributions to the Fund should be made payable to the Henry F. Ullrich Educational Fund, University Hospital, Room 820, Baltimore 1, Maryland, and should be forwarded to Dr. Harry C. Hull, Treasurer.

#### DEPARTMENT OF MICROBIOLOGY

Dr. Charles L. Wisseman, Jr., Chairman of the Department, has announced the appointment of Dr. William F. Myers as Instructor in Microbiology. Dr. Myers comes to the School of Medicine from the University of Kansas where he has been engaged in a study of rickettsial metabolism.

#### RECEIVES M.S. DEGREE

Dr. Harrison M. Langrall, Jr., '53, received the degree of Master of Science in Medicine from the University of Minnesota on June 14, 1958. Dr. Langrall has completed a fellowship in medicine at the Mayo Foundation, Rochester, Minnesota, a part of the Graduate School of the University of Minnesota.

#### DR. KEMPTER RETIRES

Dr. Julius Elmond Kempter, '94, has recently retired. Dr. Kempter, who is

# ALUMNAE NEWS

Mrs. Betty Arthur Moore, '52, has been working quite hard at St. Andrews, in Warwick, Virginia. She and her husband are building a new parish house and church. Mrs. Moore has three small children, and is very active in the Junior Womans Club. This club has taken mental health as its project and has worked hard to establish the first out-patient clinic on the peninsula.

Mrs. Miriam Heck Dorey, '52, has moved to Waterlick Road, Route #34, Lynchburg, Virginia. She expects to reside there for at least two years, or until her husband is transferred to another area with General Electric Company.

Mrs. Norma E. Long, '49, has been elected as the new President of our Nurses' Alumnae Association.

Mrs. Lola Mihm has just recently started her new job as assistant to the director in the operating room in the recovery room, and in the central supply room.

Miss Martha Hoffman has returned to act as a co-ordinator on the semi-private and private floors, in the evenings.

Mrs. Viola McKamey has accepted a head nurses' position on the fourth floor of the hospital.

Captain Eleanor L. Gordner, ANC, '53, has been transferred from Tripler Army Hospital, to U.S. Army Hospital, Fort Leonard Wood, Missouri.

Captain and Mrs. Victor Metta are now stationed at MAAG, Japan, APO, 500, San Francisco, California. Mrs. Metta was the former Ruth Jordan, '56.

Captain and Mrs. J. Vernon Taylor, now at Camp Drake Dental Clinic, c/o T.U.S.A.H. APO, 500 San Francisco, California, are busily getting established in their location. Mrs. Taylor was the former Nesta E. Hinc, '54.

tific Section of the American College of Sports Medicine. As Chairman-elect of the Research Section of the Physical Education Division of the AAHPER, Dr. Johnson arranged for 28 papers to be read at four sub-sections scheduled throughout the convention. The papers read were primarily concerned with the physiological, mechanical and psychological aspects of physical education, health education, recreation and sports. In addition, Dr. Johnson served as a panel member in the Elementary School Health Education Section.

Dr. Benjamin H. Massey, FACSM, Coordinator of the Graduate Studies of our College attended the Administrative Board Meeting of the American College of Sports Medicine as Vice-President for Physical Education and Chairman of Awards and Tributes Committee. Dr. Massey presided at the Scientific Section of the ACSM and the Research Section of the American Association for Health, Physical Education and Recreation. In addition, Dr. Massey read a paper entitled, "The Validity of the 'Infraton' Pulse Oscillograph For Recording Sphygmograms" at the Research Council open meeting.

Dr. James Humphrey, Coordinator for the Elementary School Course Offerings for our College read a paper at the Research Section entitled, "Some Observations of Reading Interest and Motivation of 6-8 Year Old Children When The Reading Content is Oriented to Active Game Participation." Dr. Humphrey was responsible for the preparation of the program for the Elementary School Health Education Section. As chairman of the nominating committee, he conducted the election of officers for the Elementary School Physical Education Section.

Drs. Dorothy Deach and Burris Husman served as panel members in the College of Physical Education Section. A paper was presented jointly at this section entitled "Attacks on Service Programs, Causes and Prevention." Dr. Deach also attended the Bi-annual meeting of the National Association for Physical Education of College Women at Excelsior Springs, Missouri in the spring.

Drs. Marvin H. Eyler and Dorothy Mohr attended the Research and the Measurement Sections as well as other important meetings of the Convention. Dr. Mohr, member of the Research Council, participated in the closed sessions of this organization; at which time, the annual business meeting and election of officers was held.

## SPECIAL AND CONTINUATION STUDIES

### MARYLAND GRADUATE EXCELS AT HARVARD

Captain Frederick W. Giggey, US-Army, a 1956 military science graduate of the University of Maryland, recently received the degree of Master of Business Administration "with distinction" from the Harvard University Graduate School of Business Administration.

At the Business School he was a member of the Student Association Executive Board. In his last year, he was elected President of the Student Association, becoming the second Army officer to hold that position. Last winter, Captain Giggey was also elected a George F. Baker scholar by the faculty of the Business School, an honor awarded to the top five per cent of the graduating class.

### FOUNDATION LENDS HELPING HAND

A new source of assistance for students in off-campus classes was demonstrated recently when the Alice Ferguson Foundation provided tuition assistance to teachers enrolled in courses in the History of Maryland at Accokeek, Maryland.

As a philanthropic foundation which has supported many health and education projects in the past few years, the Foundation's purpose in sponsoring these classes was to stimulate greater appreciation and understanding for Maryland History.

According to Mrs. Elizabeth F. Kenah, Executive Secretary of the Foundation, the project was deemed highly successful.

The courses were taught by Dr. Verne E. Chatelain, University of Maryland Professor of History, who is a recognized authority in the field of Maryland History.

### UNIVERSITY OFF-CAMPUS MILITARY PROGRAM REORGANIZED

University officials announced that the College of Military Science was merged with the College of Special and Continuation Studies effective July 1, 1958. The purpose was to consolidate the administration of the off-campus and overseas programs which include extensive educational services in cooperation with the armed forces.

(Between H and I)  
Washington, D. C.

The administrative organization of the College of Special and Continuation Studies was revised to provide for an Assistant Dean in charge of the Military Studies (formerly Military Science) program. Appointed to fill this position is Brigadier General T. Dodson Stamps, USArmy (Retired). Colonel James Regan, USArmy (Retired), will continue to serve as Assistant to Dean Stamps.

Also announced simultaneously was a revision and renaming of the Military Science curriculum which will in the future be known as the Military Studies curriculum leading to the Bachelor of Science degree in Military Studies.

The Bachelor of Science degree in Military Studies will include two new courses in Military History. In the fall of 1959, a new course in Military Law, as well as an added required course in Government and Politics, will complete the curriculum change.

The course, Management of the Military Establishment, will be deleted from the curriculum effective September 1958, as will two courses in Military Speech and Command. The course, Staff Reports, Briefings and Visual Aids, will no longer be required but will be offered on an elective basis.

The new Military Studies curriculum is the result of a full year of study by General Stamps, an expert in the field and former Dean of the Faculty of the United States Military Academy. The revision had the concurrence of the Overseas Divisions and the University Senate Committee.

The curriculum changes will not be retroactive. Personnel previously enrolled in the Military Science curriculum have the option of completing the curriculum requirements existing at the time of matriculation.

### MCKELDIN ADDRESS IN CONGRESSIONAL RECORD

Governor Theodore R. McKeldin's 1958 Commencement Day Address to the graduates of the University of Maryland at College Park was introduced into the Congressional Record by the Honorable J. Glenn Beall, United States Senator from Maryland.

In his final commencement address to be given as Governor of Maryland, Mr. McKeldin paid tribute to the contribution of the Overseas Program to the stature and dignity of the University and of the State.

"Maryland," the Governor stated, "is a name that the Europeans associate not with wealth and power, but with love of learning. . .

"... the people of Maryland owe an immense debt to the University for their wealth and health and happiness; but I doubt that any of the institution's activities have contributed more to the honor of the State than its work abroad. For that work has had the effect of linking the name of our State with the concepts of reason and justice; and such an association is as honorable as any that a commonwealth can acquire."

Just a few days prior to the College Park Commencement Ceremonies, Governor McKeldin had returned from Europe where he attended and addressed the 1958 Heidelberg graduating class of the University's Overseas Program.

## SOCIAL NOTES

### BIRTHS

On June 30, 1958 a son, William Cornelius Cronin, was born to Adeline Mosberg Cronin, Nursing '46 and A. & S. '47, and R. C. Cronin, Engineering '47. Mr. Cronin is with J. E. Greiner Company, Baltimore.

Born to Mr. and Mrs. Arthur H. Fogelman (Juanita J. Block, A. & S. '51), a daughter, Sandra Lyn Fogelman, June 14.

Announcement is made of the birth of a daughter, Susan Lynn, to Mr. and Mrs. D. E. Magness (Shirley Lusby, '57) on May 27, 1958.

Dr. and Mrs. Clayton S. McCarl, '52, announce the birth of a son, James Howard, June 30, 1958. He joins his brother, Clayton, Jr., and a sister, Sarah Jane. Mrs. McCarl is the former Jane D. Mooney.

## COMPLETED CAREERS

### FORMER MARYLAND LECTURER SUCCUMBS

Dr. Lester Raines, who had been closely affiliated with the University of Maryland for eight of its nine years overseas, died of a heart attack in a London Hospital last spring. Dr. Raines, a former lecturer in speech in the University's Overseas Program, had been serving as a USAF Education Advisor at Molesworth, England, since 1955. His vigorous efforts and untiring enthusiasm for Maryland made Molesworth one of the outstanding centers in the Overseas Program.

A Dr. Lester Raines Memorial Scholarship Fund has been established by Dr. Raines' admirers.

### DR. SOTHORON KEY

Dr. Sothoron Key, Ag. '94, died recently in his home in Washington, D. C. A graduate of the Columbia Medical School (now George Washington University Medical School), Dr. Key had practiced in the District for 58 years. He was active in the District Medical Society and was also a member of the American Medical Society.

### DR. HENRY F. ULLRICH

Dr. Henry Franz Ullrich was born in Baltimore, November 17, 1903. He died of malignancy on March 24, 1958, at the age of 54. After graduating from the "A" Course at the Baltimore Polytechnic Institute, he entered the Johns Hopkins University where he obtained his pre-medical education. He received the degree of Doctor of Medicine in 1929 from the School of Medicine of the University of Maryland. From 1929 to 1931 he was an intern and an assistant resident in surgery at the University Hospital. The New York Orthopaedic Hospital was Doctor Ullrich's choice for continued preparation, and he was intern, resident and fellow in orthopaedic surgery there from 1931 to 1936 when he was awarded the degree of Doctor of Science in Medicine by Columbia University, College of Physicians and Surgeons. After seven years of training, he opened his office in Baltimore for the practice of orthopaedic surgery. In 1940 he became a diplomate of the American Board of Orthopaedic Surgery.

In 1942 Dr. Ullrich went to Australia with the 42nd General Hospital, first as Chief of the Orthopaedic Section, and subsequently as Chief of Surgery. He later served in the Philippines. Upon his return to this country he was a colonel in the Medical Corps of the Army of the United States, and was Chief of the Orthopaedic Section at the Woodrow Wilson General Hospital, Staunton, Virginia. After the war he became a member of the Society of Medical Consultants to the Armed Forces.

Among the many societies of which Doctor Ullrich was a member were: The American Orthopaedic Association; The American Academy of Orthopaedic Surgeons; The Interurban Orthopaedic Society; The Association of

Bone and Joint Surgeons; and he was a charter member of the Beta of Maryland Chapter of Alpha Omega Alpha, honor medical society.

Dr. Ullrich was a governor of the American College of Surgeons; and, since 1954, he had been President of the Board of Trustees of the Maryland Medical Service, Inc., the "Blue Shield" of Maryland. He was a member of the staff of twelve Baltimore Hospitals, and clinical professor of orthopaedic surgery

## SEMLER-McFADDIN COMPANY

25 N. POTOMAC ST.

Hagerstown

Eddie Semler, Maryland 1922

in the School of Medicine of the University of Maryland. He was also a Trustee of the Endowment Fund of the school from which he graduated.

Doctor Ullrich was a member of St. David's Episcopal Church; and was a Thirty-second Degree Mason. He also was a member of the Gibson Island and University Clubs.

His immediate family was the joy of his life. His wife, Mrs. Elizabeth Sisk Ullrich, and two daughters, Elizabeth and Hazel, survive.

Mathematics and physics greatly interested Dr. Ullrich, and he often used the basic principles of these subjects together with simple line drawings to explain to patients their particular lesions. His intimacy with the physical sciences was one factor in his decision to choose orthopaedics as a specialty. One of his abiding concerns was the correction of spinal curvature in young people; in fact, his thesis for the D.Sc. degree was a monograph on this subject. In this highly specialized field, he best expressed his great compassion for his patients, and in it demonstrated some of his most enduring qualities: dedication, patience, optimism, humility, gentleness, and high regard for his fellow beings. He had the greatest respect for each patient as an individual; and each patient benefited by his skill and warm friendliness. He had that rare quality known as "the common touch," so that people of all ages, all faiths, and in all walks of life were his friends. His colleagues prized his friendship, and held him in great esteem for his honesty, his judgment and skill, and the kindness he displayed to all whom his life touched. His students and house officers profited by his lucid teaching and the notable degree of his technical proficiency. They were also profoundly influenced in their formative years by his exemplary personal and professional ethics which encouraged emulation. For example, house officers soon learned his passion for promptness.

We who were so fortunate as to know Doctor Ullrich intimately are the better for his warm friendship, and especially for the example of inspiring courage he left us as a legacy. Eight centuries before Christ, the prophet Micah wrote what might well have been the credo of this beloved physician, "He hath shewed thee O man, what is good; and what doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?"

### DR. LOUIS DROSIN

Dr. Louis Drosin, Med., '05, and Chief of the Out-patient Department of the Beth David Hospital in New York City, died of a heart attack on April 19, 1958, at his home, 302 West Eighty-sixth Street. He was 76 years of age.

Dr. Drosin was an outstanding New York gynecologist and obstetrician and had served on the staff of Beth David Hospital for 34 years. He retired two years ago.

He was a fellow of the American College of Obstetricians and Gynecologists and the American Geriatric Society. He was also a member of the American Medical Editors and Authors Association. He was the author of some 42 medical articles and had published some poems. At the time of his death Dr. Drosin was preparing two volumes of poetry for publication.

In a letter addressed to Mrs. Drosin, Dr. Stone, Dean of the School of Medicine, stated: "Our kindest thoughts are with you during this difficult time, but we feel that you can take great satisfaction in knowing the high esteem that Dr. Drosin's contemporaries held for him."

### DR. GLENN H. ALGIRE

Dr. Glenn H. Algire, Med. '40, eminent research biologist died on April 29, 1958.

A native of Baltimore, Dr. Algire held the rank of senior surgeon in the United States Public Health Service and had been an active researcher at the National Cancer Institute since his graduation from the School of Medicine.

He was graduated from Columbia University in the class of 1930 and following his graduation from the School of Medicine served his rotating internship at the University Hospital. From 1937 to 1938 he was a Weaver Fellow in the Department of Anatomy at the School of Medicine where he performed creditable research under the direction of Dr. Eduard Uhlenhuth. From 1941 to 1943 he was Guest Worker and Research Fellow at the National Cancer Institute.

### DR. LYNN H. BRUMBACK

Dr. Lynn H. Brumback, Med., '20, and Chief of Surgery at the Washington County Hospital in Hagerstown, Maryland, died suddenly on May 7, 1958, while making rounds in the hospital. Dr. Brumback was 62. Death was due to a heart attack.

He was a graduate of the University of Virginia and after his graduation from the School of Medicine Dr. Brum-

DR. ALBERT B. KUMP

Dr. Albert B. Kump, Med. '38, and President of the Medical Society of the State of New Jersey, died April 18, 1958, as his home in Bridgeton, New Jersey. Dr. Kump had been ill for some months.

A graduate of the Bridgeton High School and Blair Academy, he received his Bachelor of Arts degree from the Johns Hopkins University. Following his graduation from the University of Maryland he interned at Cooper Hospital in Camden, New Jersey, and in 1939 established his practice in Bridgeton, New Jersey. He was Chief of the Department of Obstetrics at the Bridgeton Hospital and since 1946 was active on the Surgical Staff. Dr. Kump was a past President of the Cumberland County Medical Society and at the time of his death was President of the Medical Society of the State of New Jersey. He was a member of the American Medical Association and held Fellowships in the New Jersey Obstetrical and Gynecological Society, the Industrial Medical Association, the Philadelphia Medical Association, the Philadelphia Industrial Medical Association and the New Jersey Academy of Medicine. He was a Fellow of the International College of Surgeons. In commenting on his death, the Board of Directors of the Bridgeton Hospital said, "The death of Albert B. Kump comes as a great loss to our medical staff, to the Bridgeton Hospital, its Board of Directors, its employees, the community and many persons throughout the State of New Jersey.

"In the course of his rise to the highest medical office in the State of New Jersey, Dr. Kump had won the respect and regard of medical men all over the State."

DR. JOHN J. ERWIN

Dr. John J. Erwin, Med. '20, and Chief of Obstetrics at the Mercy Hospital of Baltimore, died on March 14, 1958. He was 66.

Dr. Erwin had practiced in Baltimore since his graduation from the School of Medicine. He was also active on the staffs of the Hospital for the Women of Maryland and the Bon Secour Hospital.

A native of Fairmont, West Virginia, he received his residency training both at the Mercy Hospital in Baltimore and at the New York Lying-In Hospital, New York City.

DR. LEO H. SALVATI

Dr. Leo H. Salvati, Med. '24, died at Muhlenberg Hospital, Westfield, New Jersey, on February 13, 1958. Death was due to a heart attack.

Dr. Salvati, who practiced at 1250 Prospect Street in Westfield, was a graduate of the University of West Virginia and the School of Medicine of the University of Maryland. He served his internship in the Muhlenberg Hospital and was later appointed senior attending surgeon there in 1937, ultimately becoming Chief of the hospital's Department of Surgery.

A Navy veteran of World War I, he also served as Medical Examiner for the Westfield Draft Board in World War II and was a member of the Confederate Veterans Camp of New York. He was a member of the Rotary Club, and the Union County, Plainfield and Westfield Medical Societies and was a Fellow of the American College of Surgeons and of the International College of Surgeons. Last November he was elected Treasurer of the State Society of Surgeons in Trenton.

WM E MILLER  
FURNITURE

Here's how

CENTRAL LOCATION

BETTERS YOUR FURNITURE BUY

Within an eighteen mile radius of the spacious William E. Miller Furniture galleries live 94.9% of Greater Washington's population. For this reason, Miller's is one of the two exclusively-furniture stores sustaining the largest sales volume in the Greater Washington area. We are able to buy in greater quantities at greater savings which are passed directly on to you.

Yet, being well out of the congested in-town area, Wm. E. Miller offers an unhurried shopping atmosphere and convenient parking right at our curb or just across the street.

Shop Miller's soon to discover the true meaning—the real **advantages** of Metropolitan Washington's **most centrally-located furniture store.**

Pennsylvania at 8th Street, Southeast

BUDGET TERMS AVAILABLE • EASY PARKING

Weekdays—9:30 a.m. - 9 p.m.

Saturdays—9:30 a.m. - 5 p.m.
